HIS EXCELLENCY the GOVERNOR has been pleased to direct the publication of the following notice for general information.

By His Excellency's command,
FRED. P. BARLEE,
Colonial Secretary.

Notice to Mariners.

CORSAIR ROCK,

PORT PHILLIP HEADS

IN reference to the paragraph headed "Corsair Rock" in the Sailing Directions for Port Phillip, issued from this Office in May, 1854: Notice is hereby given that during the course of the Survey of this Port now in progress, under Commander Ross, R. N., Marine Surveyor, several small pinnacle rocks have been found to exist between the western end of Nepean Reef and the Corsair Rock; also a small detached rock situated about one hundred and fifty (150) feet N. N. E. from the Corsair Rock, having from ten (10) to twelve (12) feet water over them.

These dangers, it will be observed, close up the narrow passage hitherto supposed to exist (and referred to in the Sailing Directions) between the western end of Nepean Reef and the Corsair Rock, but do not affect the fairway used by vessels passing in and out between the Heads.

These newly discovered dangers being inside of the Corsair Rock, the marks and instructions given in the Sailing Directions to clear the latter remain unaltered, namely:—Shortland's Bluff Flagstaff kept half a cable's length open to the westward of the low lighthouse clear the Corsair and adjacent rocks.

Masters of vessels in possession of the befromentioned Sailing Directions can obtain, on application at any of the Harbour Officers, a slip with the above information, printed in corresponding type and size, for insertion as an addendum to them.

CHARLES FERGUSON,
Chief Harbor Master.

*Colonial Secretary's Office, Perth,
