Thence it will take a south-westerly direction about 130 chains to a bridge at Wokolup on the Wellesley, and will continue a mile further to the north end of Ommanney Road in Wellington location 1. Passing 9 $\frac{1}{4}$ miles in a S by W $\frac{1}{4}$ W direction along Ommanney Road it will then diverge a quarter of a mile in a southerly direction to a bridge over the Brunswick 120 yards east of that road, and thence take a south-westerly direction for 4 $\frac{1}{2}$ miles to a part of Waterloo Townsite a little within its N E corner. Descending the Collie about 2 miles from that spot in a westerly direction, nearly parallel to its course, and through Waterloo Townsite and locations 4 and 2, the road will cross that river at a bridge a little within the west boundary of the Townsite; it will then extend 4 miles west-south-westerly through locations 49, 19, 6 and 26, to the declared road near Vittoria Bay in Leschenault Inlet, following that declared line one mile south-westerly to the bridge over the Preston River, and terminating at the Townsite of Bunbury, 1 $\frac{1}{2}$ miles further westward.

The above road will pass as near as may be found convenient along the tracks at present in use; and parties are warned against fencing across or otherwise obstructing those tracks until the permanent lines may be finally laid out and declared.
