MAIL NOTICE.

General Post Office,
Perth, 8th March, 1870.

IT is hereby notified for general in-
formation that the present scale of
progression in the Rates of Postage on all
Letters forwarded out of the Colony will
for the future be abolished, and a new scale
having half-an-ounce as a unit throughout
will be substituted.

Hitherto letters weighing more than one
ounce have been charged with two rates of
postage for each ounce or fraction thereof
after the first ounce, but, in future they
will be charged a single rate of postage for
each half-ounce or fraction of the same.
Thus, for example, a letter for England
weighing more than one ounce but less
than one ounce and a half will be charged
One shilling and six pence instead of *two*
shillings as at present:—that is to say the
postage will increase *Six-pence for every*
half ounce throughout the scale, instead of
one shilling for every ounce after the first.

This alteration will not apply to Inland
Letters.
