#### MAIL NOTICE.

*General Post Office,  
Perth, 8th March, 1870.*

**I**T is hereby notified for general information that the present scale of

progression in the Rates of Postage on all Letters forwarded out of the Colony will for the future be abolished, and a new scale having half-an-ounce as a unit throughout will be substituted.

Hitherto letters weighing more than one ounce have been charged with two rates of postage for each ounce or fraction thereof after the first ounce, but, in future they will be charged a single rate of postage for each half-ounce or fraction of the same. Thus, for example, a letter for England weighing more than one ounce but less than one ounce and a half will be charged *One shilling and six pence* instead of *two shillings* as at present:—that is to say the postage will increase *Six-pence for every half ounce throughout the scale*, instead of one shilling for every ounce after the first.

This alteration will not apply to Inland Letters.

A. HELMICH,  
Postmaster-General.
