Crown Lands' Office,
Perth, 17th June, 1878.

THE Government of Western Australia having established a Sericultural Farm and Mulberry Plantation at Claisebrook, in the City of Perth, and brought it into good working order, desires now to let it on lease, for a term of fourteen years. The contents are about sixteen acres, well and securely fenced, planted with over four thousand mulberry trees, of which one-half are in bearing and should yield during the ensuing season over a ton weight of leaves, and this yield can soon be increased ten-fold by careful culture.

The following varieties will be found in the plantation:—*Morus Alba*, *M. Roseleaf*, *M. Multicaulis*, *M. Japonica*, *M. Tartarica*, *M. Chinese*, and some twelve others.

The buildings consist of a two-roomed cottage, and a magnanerie or worm house, 30ft. by 15ft., well built of concreted material and fitted with trays and other appliances designed and adapted for educating about fifty thousand worms at once.

The value of the silk already produced is too well known to need comment.

Offers will be received up to the 20th August next, conveyed by either letter or telegram, addressed to the Commissioner of Crown Lands.

Immediate occupation can be given, but on the receipt of letter or telegram noting acceptance of offer the agreed rental must be at once paid for the first year, before entry is given, and afterwards for each succeeding year in advance.

The tenant will not be allowed to sub-let any part of the land, and a right of immediate re-entry will be reserved to the Government if it is seen at any time that the tenant is injuring or failing to keep in proper repair and order all the above-mentioned buildings, fences, and plantation.

Further information can be obtained on application to the Commissioner of Crown Lands, Perth, Western Australia.

By Command,
MALCOLM FRASER,
Commissioner of Crown Lands.
