No. 87.—C.S.O.

*Colonial Secretary's Office,  
Perth, 9th May, 1878.***GUANO.****Lacepede Islands—Western Australia.**

**T**HE Government of Western Australia invites tenders from persons desirous of obtaining the sole right to remove guano from the Lacepede Islands group, which is situated in about 17° South Latitude, and 122° East Longitude from Greenwich, and on which it is calculated that there are now at least 40,000 tons of guano. Such tenders must be sent in to the Colonial Secretary, Perth, Western Australia, on or before the ~~15th~~ *15th* ~~October~~ *October* ~~15th~~ *15th* ~~January~~ *January* next, but the Government does not bind itself to accept the highest or any tender.

All tenders will have to state the price or royalty offered per ton for the guano (1) if shipped in the natural state; (2) if artificially prepared, dried, or sifted before shipment.

The person whose tender may be accepted (hereinafter spoken of as "the contractor") will have to bind himself to the following conditions:—

1. To remove the whole of the guano that there may be on the Islands.
2. To take it away at the minimum rate of twenty thousand tons a year.
3. To remove the guano in such a manner and from such places as may be from time to time pointed out by the Government Officer stationed on the Islands; and the contract will contain a clause providing that in case of the breach or neglect of these conditions, the contract shall be void, and the

contractor shall forfeit all buildings, erections, and plant that he may have set up on any of the Islands, and also the sum of two thousand pounds hereinafter mentioned.

The contractor will be required, within seven days after receiving a notification by Telegraph or otherwise that his tender is accepted, and before the issue of any license, to deposit in the hands of the Western Australian Government, or of such person as they may name as their agent in this behalf, the sum of Two thousand pounds, as security for the due performance of the contract, and this sum will be retained by the Government until the termination of the contract, and will be liable to forfeiture as hereinbefore mentioned. He will also be required at the same time to pay a like sum of Two thousand pounds, by way of royalty, in advance. The contractor will at no time be at liberty to remove any guano unless the royalty agreed upon has been paid, and no less sum than Two thousand pounds will be accepted at any time in payment of royalty until such time as there is left on the Islands a quantity of guano the agreed royalty on which shall be less than two thousand pounds.

The only instructions that will be given to the Government Officer stationed on the Islands, and which he will be required to insist upon with regard to the manner in which and the places from which the guano shall be removed, will be to divide the Islands into convenient sections, to point out the section or sections from which guano may be removed, and to require that the whole of any one section be cleared before any new ground is entered on.

The quantity of guano taken by each ship on which royalty has to be paid shall be ascertained by adding 25 per cent. to the registered tonnage of timber-built ships, and 40 per cent. to the registered tonnage of iron-built ships, provided that, if the captain or agent of any ship, or the Government Officer, shall in any instance be dissatisfied with the foregoing arrangement, he shall be at liberty to cause the ship to be exactly measured according to Lloyd's rules, and the number of cubical feet so ascertained divided by 40 shall be taken to be the tonnage capacity of the ship.

No tonnage, light, or harbor dues will be charged in any port of the Colony on ships solely engaged in the guano trade, and no customs duties will be levied on goods and stores that may be landed on the islands for persons solely employed in the preparation and shipment of guano.

The contractor will be at liberty to erect on any or all of the islands any buildings, jetties, tramways, &c., and, subject to the conditions before expressed as to forfeiture, to remove the same at any time within six months of the termination of the contract.

No license for the shipment of guano under the regulations now in force will be granted after the ~~15th~~ *15th* ~~August~~ *August* ~~31st~~ *31st* ~~October~~ *October* next, and every such license granted after the date hereof, will provide for the compulsory removal of the guano for the shipment of which it is the permit, before the ~~15th~~ *15th* ~~October~~ *October* ~~31st~~ *31st* ~~December~~ *December* next.

It will at all times be optional with the licensee to ship the guano in its natural state, or artificially prepared, dried, or sifted.

The contract to be entered into in pursuance of this notice shall be deemed to commence on ~~January 1st,~~ *April 1st, 1879.*

Each tender, unless otherwise expressed, shall be deemed to be open to acceptance by the Government for the space of one calendar month from the ~~15th October,~~ *15th January, 1879,* and the Government shall be at liberty to accept any tender by notifying to the person making it, by telegraph, that his tender is accepted. Any person who shall tender, and, on his tender being accepted, shall fail to pay the two several sums of Two thousand pounds as hereinbefore set forth, shall be deemed to have broken his contract, and the Government shall thereupon be at liberty to accept any other tender, and to hold such person responsible for all loss consequent on his breach of contract.

By His Excellency's Command,  
MALCOLM FRASER,  
Surveyor General,  
in the absence of the Colonial Secretary.
