SIR,—I beg respectfully to report having on the 11th inst. visited and inspected the Swan Protestant Orphanage for Boys. No. of Government immates, 33; maintained by private funds, 3; total number, 36. The boys were clean, healthy looking, and neatly clothed. The health of the children continues good, and their conduct during the past quarter has been satisfactory. The dormitories were clean and well ventilated. The provisions supplied were good in quality, and the children are allowed sufficient for their wants. They attend school, which is conducted on the premises, and are making good progress with their studies. In addition, such boys as are old enough to work are employed in various industrial pursuits, suited to their strength, and which would be of use to them on their leaving the Orphanage. The temporary printing press, which I referred to in my report of the 10th May, has been replaced by a new Albion Press, and is now in full work. Two of the Orphanage boys are employed in the Printing Office, under the Master Printer, Mr. Kenworthy, who evidently has taken considerable pains in teaching them, they are making considerable progress, and are well spoken of by the Manager, the Ven. Archdeacon Brown, as showing remarkable quickness in mastering the various details of the work. The Manager informed me that the expenses connected with the Printing Office are not borne by the Orphanage Fund, but the profits, if any, will be given to them.

Γ1879.

The same day I visited and inspected the Perth Protestant Orphanage for Girls. No. of Government inmates, 24; supported by private funds, 5; total number, 29. They were clean, healthy looking, and neatly clothed. There has been no sickness amongst the children during the past quarter, and their conduct has been good. The food supplied is good in quality, and they are allowed sufficient for their wants. The children attend school, which is conducted on the premises, under the supervision of the matron, Miss Duffield. They also assist in the routine work of the Institution, such as washing, cooking, needlework, etc. The dormitories were clean and well ventilated.

There has been no sickness amongst the children during the past quarter. The food supplied is good in quality, and they are allowed sufficient for their wants. The children attend school, which is conducted on the premises by the matron, Mrs. Ford. Several girls trained in the Orphanage have lately left to private service, and are stated to have given their employers great satisfaction. The dormitories were clean and well ventilated.

The same day I visited and inspected the Roman Catholic Orphanage for Boys, at Subiaco. Number

of Government inmates, 42; supported by private funds, 16; total number, 58. They were clean, neatly clothed, and healthy looking. There has been no sickness amongst the children during the past quarter, and their conduct continues good. The food supplied them is good in quality, and they are not stinted. The dormitories were clean and well ventilated. The boys attend school, which is conducted on the premises under the supervision of the Sisters, and are getting on very well with their studies.
