[No. 175.]

AUSTRALIA.—EAST COAST.

(1) REPORTED REEF IN TRINITY BAY.

The Queensland Government has published the following information, relative to a reef in Trinity bay:—

This reef is reported by the master of the steam-vessel *Wentworth*, to consist of coral, to be of small extent just awash at very low spring tides, with a depth of 8 fathoms close-to; and to lie with the following bearings, viz:—

Low island lighthouse...	...	North, Ely.
Island point	W. by N. $\frac{1}{4}$ N.

NEW ZEALAND.

NORTH ISLAND—SOUTH-WEST COAST.

(2) WANGANUI RIVER, ALTERATIONS IN LOCAL SIGNALS.

The Government of New Zealand has given Notice, that on 1st October, 1879, the following alterations would be made in the local signals authorised to be used at Wanganui river entrance:—

Two moveable beacons (inner the higher) have been erected on North head, from which are shown, when the tide serves and the bar is safe, red flags by day and red lights at night—these now serve for crossing the bar, instead of the beacon and signal mast as heretofore.

Crossing the bar during the day, these two beacons should be kept in line; particular attention also being paid to the semaphore arm, on account of the curves in the channel within the bar.

Crossing the bar at night, the two red lights of the beacons should be kept in line; particular attention being paid to the green light, which will be used like the semaphore arm, for guiding vessels inside the bar. This green light travels on a yard on the outer beacon, and vessels must be steered in the direction in which the light is moved.

NOTE.—Vessels arriving off Wanganui bar at night, should burn flash or blue lights to make their positions known to the look-out at the pilot station, who will answer the signal with a torch or flare light.

Sailing vessels should not attempt to cross the bar at night, as then the wind generally dies away or draws off the land.

(The bearings are *Magnetic*. Variation 6 $\frac{1}{2}$ ° Easterly in 1879.)

By Command of their Lordships,
FREDK. J. EVANS,
Hydrographer.
