*Colonial Secretary's Office,
Perth, 25th February, 1880.*

THE following extracts from the minutes of an Executive Council held on the 24th February, 1880, are published for general information:

MELBOURNE EXHIBITION.

1. His Excellency the Governor stated that he desired to bring under the notice of the Executive Council the steps that had been taken to give effect to the resolution of the Legislative Council with respect to the representation of the Colony at the forthcoming Melbourne Exhibition, and to ask their advice as to the course the Government should now pursue in the matter.

On the 11th August, a notice was issued by the Colonial Secretary, requesting intending exhibitors to forward by the 30th September, on forms enclosed, a list of the articles they proposed to exhibit, with particulars of space required, etc. In reply to this, six applications only were received; and as it was manifestly hopeless to attempt to carry out the wishes of the Legislature under these circumstances, on

the 18th November a fresh notice was issued by the Colonial Secretary, addressed to seventy-nine of the principal colonists, in which their attention was specially directed to the important object in view; lists of the various products which it was considered might be sent from the Colony for exhibition were also forwarded for their consideration, and they were informed that the Government was prepared to receive any goods, etc., that they might desire to exhibit, and to undertake at the public expense all charges connected with their transport to Melbourne.

This letter was acknowledged but by nine of the seventy-nine gentlemen applied to, and of these but one, Mr. Geo. Throssell of Northam, expressed his readiness to exhibit. The number of intending exhibitors was thus raised to seven, but the prospects of such an exhibition as the Legislature desired were as far removed as ever, and the Governor then decided on referring the matter to a committee, composed of some of the leading inhabitants, to whom the following letter was addressed:—

WESTERN AUSTRALIA.

Colonial Secretary's Office,
Perth, 8th January, 1880.

SIR,—You are aware that the Legislative Council at its last Session voted a sum of £1,000 towards securing a proper representation of the products of this Colony at the forthcoming Exhibition, to be held this year in Melbourne.

Appeals made by the Government to the public to assist in the objects, by forwarding articles and products for which the Government undertook to secure proper exhibition, have met with no response.

Under these circumstances it becomes an important question, what further steps the Government should take to carry out the wishes of the Council.

It is now clear that any exhibition from the Colony must be undertaken and carried out by the Government alone.

The articles and products which the Government could collect are apparently very limited, and would be almost confined to timber, ores, grain, wool, with perhaps a few specimens of manufactures. With such meagre materials it is evident that a very large expenditure must be entailed to ensure an exhibition which will be creditable to the Colony.

Such at least are the Governor's views, but His Excellency is desirous that they should be submitted for the consideration of gentlemen well acquainted with the resources and capabilities of the Colony, and I am to ask if you will form one of a Committee, to consider and advise His Excellency whether the Colony can be properly represented at the Melbourne Exhibition with the means placed at the disposal of the Government, and if so, what steps should be taken to effect this object.

I append the names of the gentlemen who have been asked to form the Committee:—

The Honorable R. T. Goldsworthy, C.M.G.,
The Honorable M. Fraser,
The Honorable J. H. Thomas, M.I.C.E.,
J. G. Lee Steere, Esquire, J.P.,
Sir L. S. Leake, Knt.,
Sir T. C. Campbell, Bart.,
C. Crowther, Esquire, J.P.,
W. E. Marmion, Esquire, J.P.,
Geo. Shenton, Esquire, J.P.,
E. R. Brockman, Esquire, J.P.,
S. E. Burges, Esquire, J.P.,
E. T. Hooley, Esquire.

I have, &c.,

ROGER TUCKER. GOLDSWORTHY,
Colonial Secretary.

The Committee accordingly met on the 24th January with the following result:—

MINUTES of Proceedings at a Meeting, held on the 24th January, 1880, at Perth, of the Committee appointed by His Excellency Sir Harry St. George Ord, R.E., K.C.M.G., C.B., by *Gazette* Notice of the

24th January, 1880, to consider and advise His Excellency as to the representation of the Colony at the Melbourne Exhibition.

PRESENT:

The Honorable R. T. Goldsworthy, C.M.G.,
Chairman,
The Honorable M. Fraser,
The Honorable J. H. Thomas, M.I.C.E.,
J. G. Lee Steere, Esquire, J.P.,
Sir L. S. Leake, Kt.,
Sir T. C. Campbell, Bart.,
W. E. Marmion, Esquire, J.P.,
George Shenton, Esquire, J.P.,
S. E. Burges, Esq., J.P.,
E. T. Hooley, Esq.

The following members were unavoidably absent:—

C. Crowther, Esq., J.P.,
E. R. Brockman, Esq., J.P.

The correspondence relating to the Melbourne International Exhibition having been read by the Chairman for the information of the Committee, and he having communicated the steps taken by the Government to facilitate the proper representation of this Colony at the forthcoming Exhibition, together with the results of the appeals made by the Government to the colonists to aid in such representation, by the exhibition of colonial produce, manufactures, &c., *vide* Papers marked A., B., C., and D., which were submitted to the members present, after full discussion it was proposed by Mr. Steere, and seconded by Mr. Shenton, that the following resolution be adopted:—

“The Committee appointed by His Excellency the Governor to consider the advisability of Western Australia being represented at the International Exhibition about to be held in Melbourne, are of opinion that in view of the apathy and indifference exhibited by the general public who have been requested to assist in forwarding goods for exhibition, and also looking to the fact that the amount voted by the Legislature would be insufficient alone to secure a creditable exhibit of our goods, that it is not expedient that this Colony should be represented at the Melbourne Exhibition if it is to be undertaken solely by the Government.”

Against.....2 { Messrs. S. Burges and W. E.
Marmion.

The resolution was therefore carried, and the Chairman was requested to communicate to His Excellency the conclusions arrived at.

The Governor now asks the advice of Council as to the course the Government should pursue in the matter.

The Council is unanimously of opinion that His Excellency should act on the resolution of the Committee above referred to, and that the steps taken by the Government in the matter should be made public.

CHINESE IMMIGRATION.

2. The Council, by His Excellency's desire, takes into consideration the question of the further introduction of Chinese Immigrants.

It appears that a notice was issued on the 1st December, 1879, inviting applications from persons desirous of employing Chinese Immigrants. Applicants were requested to state the number and description of immigrants they required, the wages they proposed to give, and the period of engagement; and it was the intention of the Government, on receipt of a sufficient number of applications to warrant their doing so, to send an agent to the East to select and bring back the requisite number.

By a later notice the time for making such applications was extended to the 14th February.

Up to the present time twenty-eight applications have been received for the services of Chinese Immigrants, amounting in all to seventy-four; but one of these being for twenty

laborers for a timber company is considered inadmissible; the remainder are almost exclusively for servants, in or out of doors, but some of these applications are accompanied by stipulations with which it would be impossible to comply, and if these be insisted on the demand will be limited to thirty-five.

The cost of the introduction of the fifty immigrants brought over in March 1879 was £550, without counting the cost of the return passage to which they are entitled, and which some of them will no doubt claim.

To secure the services of properly qualified immigrants in future, it would be necessary that the Government should send an Agent to select them. This will be attended with some additional expense, and the cost of introducing thirty-five immigrants, irrespective of their return passages, which, if employment were guaranteed them, might possibly be avoided, could hardly be reckoned at less than £460, or about £13 per head. If one hundred coolies had been required, the cost would have been considerably reduced. Under these circumstances the Council is of opinion that in voting £2,000 for European and Native Immigration, the Legislative Council could not have contemplated the expenditure of so large a sum for the introduction of a comparatively small number of servants, and the Council advises His Excellency that unless the public demand for the services of these people is considerably increased, it is not expedient to continue their introduction at the large cost it involves.
