TENDERS (in duplicate endorsed "Tenders for [as the case may be] Mail,") will be received at this Office, until noon of Monday, the 31st October, 1881, for the conveyance of the under-mentioned Mails, for one, two, or three years, viz.:—

1. From Guildford to York, and *vice versa*, as at present, in a four-wheeled spring vehicle, twice a week.
2. From Guildford to Newcastle, and *vice versa*, as at present, in a four-wheeled spring vehicle, twice a week.
3. From Perth to Vasse, and *vice versa*, *via* the intermediate places, as at present, in a four-wheeled spring vehicle, twice a week.

Persons tendering will have the option of purchasing the horses and vehicles now employed in the conveyance of the above Mails at a fair valuation, preference being given to such tenders.

Accommodation must be provided in the conveyances for at least six passengers on the Eastern and seven on the Southern Line.

The time of arrival and departure of the Post Office Mails at and from the several Post Offices shall be on such days and at such hours as the Postmaster General shall from time to time appoint.

In the case of any failure on the part of the Contractor in carrying out the terms of his Contract, and observing the time appointed by the Postmaster General, it shall be competent for the Postmaster General to hire the necessary means of conveyance for such Mails, and to deduct from moneys due or accruing to the Contractor the cost of such service.

The Postmaster General shall determine the roads or routes by which such Mails shall be conveyed, and shall have the power to order any deviation that may appear to him desirable; compensation for increased distance, consequent upon any such deviation, shall be paid to the Contractor, at the Contract rate per mile.

The Contractor shall convey and deliver all Mails which may be intrusted to him under the authority of the Postmaster General or any of the Postmasters, and shall provide secure and watertight lockers for such Mails.

Men, vehicles, horses, and every person or thing employed in the conveyance of such Mails, shall be subject to the approval of the Postmaster General.

The Postmaster General shall be previously informed by the Contractor of the name of every driver or other person entrusted with the custody of such Mails.

In case any servant of the Contractor employed in connection with such Mail Service shall be dismissed for misconduct or neglect, the name of such servant shall be forthwith reported to the Postmaster General, and the servant so dismissed shall not be eligible for re-employment in such service without the sanction of the Postmaster General.

The Contractor shall not assign the benefit of any portion of his contract without the sanction of the Postmaster General.

The Contractor shall be liable for the following penalty, which shall be deducted, on the authority of the Postmaster General, from any amount falling due to him on account of his

contract:—For conveyance by his servants or passengers, or other person, of any correspondence or matter liable to postage charge, without the permission or direction of the Postmaster General (unless under instructions as to roadside correspondence and loose bags), any sum not exceeding £3 for such offence.

All journeys which ought to commence on a day previous to the conclusion of the Contract, as well as all other Mail services ensuing on the route, must be accomplished by the Contractor.

The Contractor must understand that no excuse for delay will be entertained unless supported by certificates from persons of known respectability as to the cause of delay, and that it is not attributable to the absence of ample provision for efficiently carrying out the terms of the Contract.

The Mails must be conveyed at the rate of at least seven miles an hour, inclusive of stoppages.

The Contractor is required to convey loose letters given to him by any Postmaster for delivery on the road; and, unless specially exempted, shall, when applied to by any person on the road, receive letters for conveyance to the nearest Post Office.

No tenders will be entertained unless they bear the signatures of the Sureties.

If the Contractor shall fail in the performance of any one or more of the above conditions, the Postmaster General, in his discretion, may require the Sureties to complete, and they shall accordingly complete, the contract at their own expense and risk in all things.

Where Mails are conveyed in wheeled vehicles, the Contractor will be required to provide an Officer of the Post or Telegraph Department with a free passage, if called upon to do so by the Postmaster General.

The Government will reserve to themselves the right to terminate the contract at any time, by giving three months notice.

Two approved Sureties will be required to join the Contractor in a guarantee for the due fulfilment of the duties required to be performed.

The Government do not bind themselves to accept the lowest or any tender.

Special Forms of Tender with conditions attached may be obtained on application to the various Resident Magistrates and Postmasters, and at the General Post Office, Perth; and no tender will be entertained unless rendered on the prescribed form.

Further information may be obtained on application to the Postmaster General.
