**T**HE Secretary of State having recently had occasion to direct His Excellency the Governor to call attention to that portion of the Colonial Regulations which requires that communications to the Secretary of State from gentlemen in the Colonies should be made through the Governor of the Colony in which they may happen to reside, His Excellency deems it advisable that the following extract from the Regulations should be published for general information :—

"217. Persons in a Colony, whether Public Functionaries or private individuals, who have any representations of a public or private nature to make to Government, should address them to the Governor of the Colony; or, if the Colony be a dependency of a Governor-in-chief, then to the Officer in the immediate administration of its Government.

"218. The duty of the Governor or Administrator of the Colony is to receive and act upon each such representation as public expediency or justice to the individual may appear to require, with the assistance in certain cases of his Executive Council; and if he doubts what steps to take thereupon, to consult or report to the Secretary of State. Every

"individual has, however, the right to address the Secretary of State, if he thinks proper. But in this case he must transmit such communication, unsealed, and in triplicate, to the Governor or Administrator, applying to him to forward it in due course to the Secretary of State.

"219. Every letter, memorial, or other document which may be received by the Secretary of State from a Colony, otherwise than through the Governor, will, unless a very pressing urgency justifies a departure from the rule, be referred back to the Governor for his report.

"220. This rule, requiring transmission of correspondence with the Secretary of State through the Governor, is based on the strongest grounds of public convenience, in order that all communications may be duly verified, as well as reported on, before they reach the Secretary of State. It extends, therefore, to communications relating to public affairs as well as the concerns of the writer; to those of all Public Functionaries of whatever rank, and to those from public bodies."

GIFFORD,  
Colonial Secretary.

HIS Excellency the Governor directs the publication of the following letter from the Government Resident at Roebourne, with reference to a line of Road recently travelled by Sergeant Houlahan on his journey to Lagrange Bay.

By His Excellency's Command,  
GIFFORD,  
Colonial Secretary.

*Resident's Office, Roebourne,  
15th October, 1881.*

MY LORD,—With reference to Sergeant Houlahan's report of his journey to Lagrange Bay, I have the honor to call especial attention to the satisfactory experiences of the party as regards water and pasture. This line of road\* must become of considerable importance as connecting this district with the Kimberley, and it appears that at least as far as Lagrange Bay there will be no difficulty in securing permanent wells at short intervals. The accompanying sketch of the route taken, with certain positions fixed by Captain Walcott, indicate the watering places lately used, and so far as we can judge from the weather at the DeGrey, it has been an unusually dry season. I would submit for the consideration of His Excellency the Governor whether it might not be well to open up this road by sinking a few wells at public expense. There are parties in the District, I believe, who would do the work for a reasonable equivalent in the form of free pastoral leases; or the Government cruiser might be utilized after the pearling season in conveying the necessary timber and a couple of laborers to sink wells at the spots selected. Such a course would, I think, expedite the settlement of a considerable tract of country.

I have, &c.,  
E. H. LAURENCE,  
Government Resident.

Suggestions approved,  
W. C. F. R.  
2-11-81.
