No. 1002.—C.S.O.

Colonial Secretary's Office,
Perth, 14th November, 1881.

THE Secretary of State having recently had occasion to direct His Excellency the Governor to call attention to that portion of the Colonial Regulations which requires that communications to the Secretary of State from gentlemen in the Colonies should be made through the Governor of the Colony in which they may happen to reside, His Excellency deems it advisable that the following extract from the Regulations should be published for general information:—

“217. Persons in a Colony, whether Public Functionaries or private individuals, who have any representations of a public or private nature to make to Government, should address them to the Governor of the Colony; or, if the Colony be a dependency of a Governor-in-chief, then to the Officer in the immediate administration of its Government.

“218. The duty of the Governor or Administrator of the Colony is to receive and act upon each such representation as public expediency or justice to the individual may appear to require, with the assistance in certain cases of his Executive Council; and if he doubts what steps to take thereupon, or if public advantage may appear to require it, to consult or report to the Secretary of State. Every individual has, however, the right to address the Secretary of State, if he thinks proper. But in this case he must transmit such communication, unsealed, and in triplicate, to the Governor or Administrator, applying to him to forward it in due course to the Secretary of State.

“219. Every letter, memorial, or other document which may be received by the Secretary of State from a Colony, otherwise than through the Governor, will, unless a very pressing urgency justifies a departure from the rule, be referred back to the Governor for his report.

“220. This rule, requiring transmission of correspondence with the Secretary of State through the Governor, is based on the strongest grounds of public convenience, in order that all communications may be duly verified, as well as reported on, before they reach the Secretary of State. It extends, therefore, to communications relating to public affairs as well as the concerns of the writer; to those of all Public Functionaries of whatever rank, and to those from public bodies.”

GIFFORD,
Colonial Secretary.
