3. Tenders must state the mode in which the Mails will be carried, whether in vehicle or on horseback, the description of vehicle, and the number of horses by which it is to be drawn, and must give the prices separately for each service.
4. The Contractors will have the right to purchase the Government mail horses and equipments at a valuation.
5. Every Tender must bear the *bonâ fide* signatures duly witnessed of the Tenderer and of two responsible persons willing to become bound for the due fulfilment of the Contract in a sum not exceeding the gross amount of the Contract calculated for the whole period over which it extends.
6. Every Tender must be accompanied by the written consent, duly witnessed, of the persons proposed as bondsmen as hereinbefore provided to execute the bonds as aforesaid for the due performance of the Contract in the event of such Tender being accepted.

8. The Postmaster General will reserve the power during the continuance of any Contract of varying the days and hours for despatching the Mails, so long as the rate of travelling is not altered. The Postmaster General will also have the power of ordering any deviation in the route that may appear desirable, but compensation for increased distance, if over one mile, consequent on such deviation will be paid to the contractor at contract rate per mile; or in the event of the distance being lessened a similar proportionate deduction will be made, a corresponding increased or decreased time for transit of Mails being allowed. The time table will in all cases be framed in accordance with the rate of speed.

10. The Postmaster General reserves the right of terminating the Contract at any time after the first year, upon giving the Contractor three months' notice of such his intention.

11.
