THE following instructions are issued by direction of His Excellency the Governor for the information and guidance of all Officers of the Public Service of the Colony.

By Command,
MALCOLM FRASER,
Colonial Secretary.

All Government Officers are strictly prohibited from doing any private work whatever in office hours, or with Government materials, or in the Public Offices at any time, or from using an official railway pass on any journey connected with any private work.

Except in the few special cases in which the practice may already have been allowed, all Officers are debarred from private work, for remuneration, in the profession, trade, or calling in respect of which they receive an official salary.

In default of special reasons and express stipulation beforehand to the contrary, future appointments, increases of salary, and promotions in the Civil Service of the Colony will carry the like prohibition.

No Officer who has been allowed to accept professional work in his private time is permitted to undertake such work at rates of charges lower than those recognised in the profession concerned.

HIS Excellency the Governor directs the publication of the Finding of the Court, held under the provisions of the 28th Vict., No. 2, and the 51st Vict., No. 6, on the 28th ultimo, for the purpose of inquiring into the circumstances attending a fire on board the s.s. "Dolphin" on the night of Saturday, the 24th November.

By Command,
MALCOLM FRASER,
Colonial Secretary.

FINDING.

Read in open Court.

After careful consideration we are of opinion that there is no evidence before us showing how this casualty originated, and as no blame can be attached to the certificated master, mate, and 1st engineer for the same, by virtue of the powers vested in us under 2nd section, 51st Vict., No. 6, sub-section (c.), all proceedings in this matter shall cease and determine; at the same time we consider that H. J. Theakston, master of the said s.s. "Dolphin," is highly to blame for leaving his vessel without an anchor watch or not seeing that the men returned to the vessel at the time ordered, viz., 9 p.m. We also consider that W. J. Stokes, 1st engineer, is also deserving of censure for leaving any firewood within three feet of the embers, especially as the firewood in use was of an inflammable description.

(Sd.) L. WORSLEY CLIFTON,
Collector of Customs.

(Sd.) R. FAIRBAIRN,
Justice of the Peace.

I entirely concur in the above finding,

(Sd.) WM. OWSTON,
Nautical Assessor.

HIS Excellency the Governor directs the publication of the following Notice, for general information.

By Command,
MALCOLM FRASER,
Colonial Secretary.

PEARL SHELL FISHERY.

Instructions for the guidance of the Inspector of Pearl Shell Fisheries, and all other Officers concerned.

a. The executive operations of the Inspector of Pearl Shell Fisheries and of the Revenue Schooner are to be strictly limited to Colonial waters, that is, to waters within three miles of the coast of the Colony, or of the coast of any island being a dependency of the Colony. In the case of bays, gulfs, and estuaries, Colonial waters are bounded by a line drawn between headlands in sight of each other. Sharks Bay, Exmouth Gulf, King Sound, and Cambridge Gulf, are, however, to be treated as entirely Colonial waters.

b. There is nothing to prevent the Inspector of Pearl Shell Fisheries from visiting and boarding pearling vessels outside Colonial waters, provided this be done with the consent of the master of the pearling vessel; but, if any magisterial or other executive action be required, it can only be taken inside Colonial waters, and the vessel must enter Colonial waters before the Inspector can act.

c. Vessels fishing wholly beyond Colonial waters are not to be charged with export duty on pearl shells raised beyond such waters. Such pearl shells are to be allowed, when required, to pass through the Western Australian Customs, for export, in bond without payment of duty.

d. Vessels fishing wholly beyond Colonial waters are not to be charged duty on unlanded stores, &c., brought by them from beyond the Colony. Such stores may pass the Western Australian Customs in bond, when required for sea consumption, without payment of duty.

e. The Pearl Shell Fishery Acts and Regulations are to continue to be fully applied, as at present, to all pearling vessels fishing wholly or partly within Colonial waters, but not to vessels which, while fishing wholly beyond such waters, enter the ports of the Colony or otherwise come within Colonial waters, for shelter, supplies, or for any purpose other than fishing.

f. The Pearl Shell Fishery Acts and Regulations are to be applied to any vessel in respect of which a license has been issued and is current under "The Pearl Shell Fishery Act, 1886," provided that executive action in respect of any such vessel shall not be taken outside Colonial waters. Masters of vessels holding a license, but desiring to cease fishing within Colonial waters, may return the license to any issuing officer.

g. No aboriginal native of this Colony is to be permitted to be engaged for service under the Pearl Shell Fishery Regulation Acts of 1873 and 1875, on board any pearling vessel not licensed as such under "The Pearl Shell Fishery Act, 1886."

h. Unlicensed vessels should be warned that the full penalties provided by law will be enforced against them, if at any time they raise pearl shells within Colonial waters.

By Command,
MALCOLM FRASER,
Colonial Secretary.
