If any owner of land which has been alienated subject to any minerals therein being reserved to the Crown shall desire to dig, mine for, win, or remove any such minerals, he shall make application to the Commissioner for Crown Lands in the Form A. hereto appended, for a permit to do so; and if after inquiry the Commissioner for Crown Lands shall recommend that such application be granted, either as made or in a modified form, the Governor may grant a permit, in Form B. hereto appended, subject to the following conditions, and to such other conditions as shall according to the circumstances of each case appear to the Governor proper:—

- (1.) The owner shall keep a book in which shall be forthwith entered the quantity and value of the minerals raised from his land; and such book shall at all times during each working day be open to the inspection of the Commissioner of Crown Lands or any other officer authorised by him in writing, and the owner shall render to such Commissioner or officer every assistance in making such inspection.
- (2.) Within the first seven days of the months of January, April, July, and October of each year, the owner or his agent or manager shall forward to the Commissioner of Crown Lands a return setting out the quantity and value of the minerals raised during the preceding quarter, together with a statutory declaration verifying such return, and declaring that the quantity and value of all the minerals raised from the land during the preceding quarter have been correctly entered in the said book, under the proper dates, and have been included in such return.

- (3.) With each such return the owner shall pay or cause to be paid royalty upon the minerals raised, computed at the following rates:—For coal, sixpence per ton; for gold, two shillings per ounce; for other minerals not less than two pounds ten shillings per centum of the market value thereof at the pit's mouth, and such value may be ascertained and determined as the Governor shall in each case direct.
- (4.) All surface and underground works shall at all times during each working day be open to inspection, survey, or measurement by the Commissioner of Crown Lands or any other officer authorised by him in writing, and such Commissioner or officer may use all apparatus or appliances ordinarily used at the mine for the purpose of descending or ascending any pit or other excavation; and the owner shall render such Commissioner or officer all necessary assistance to enable him to make a complete inspection, survey, or measurement of such mine.
- (5.) The Commissioner of Crown Lands may cause to be made at any time an inspection of the book aforesaid, or an inspection, survey, or measurement of the mine, for the purpose of checking any such statement as aforesaid or any entry in the book or for any other purpose.
- (6.) If the owner shall make a false return of the mineral or minerals raised from the land, or shall fail, neglect, or refuse to pay royalty upon the mineral raised, according to the foregoing scale, or shall obstruct or refuse to assist the Commissioner of Crown Lands or other officer in making an inspection of the book or of the mine, the Governor may suspend for a time or absolutely cancel the permit granted to such owner, and the right of such owner to remove mineral from such land shall cease during such suspension, or after such cancellation, as the case may be.
