WHEREAS the Legislative Council now stands prorogued until Tuesday, the 12th day of August, AND WHEREAS it is expedient further to prorogue the same; NOW THEREFORE I, the said Administrator, in exercise of the powers in me vested, do by this my Proclamation further prorogue the said Legislative Council from Tuesday, the 12th day of August, to Tuesday, the 14th day of October next ensuing, unless sooner convened for the despatch of business.

WESTERN AUSTRALIA, }
No. 69. }

Downing Street,
31st July, 1890.

SIR,—With reference to my telegram of this day's date, I have the honour to transmit to you, for your information, a copy of a letter from Sir W. Robinson, on which that telegram was founded, respecting his departure, and the preparation for the new elections, with a copy of the reply.

The Imperial Bill has received the Royal Assent, but it will now be necessary to pass an Order in Council for Her Majesty's assent to the Scheduled Bill, and at the same Council to submit an amendment of the Letters Patent and Royal Instructions; and as no date is yet fixed for the next meeting of the Privy Council, the documents will not be ready much before the date at which Sir W. Robinson proposes to leave.

I have, &c.,
KNUTSFORD.

The Officer Administrating the Government
of Western Australia.

Sir W. C. F. Robinson to Colonial Office.

St. Ermin's Mansions,
Caxton St., Westminster, S.W.,

SIR,
July 21st, 1890.

Referring to Mr. Bramston's letter of the 9th of June, I have the honour to inform you that I am preparing to leave for Australia early in September,

and I venture to hope that the Secretary of State will have no objection to postpone sending out the new Constitution Act, together with the amended Royal Instructions, the Aborigines Act, and any other documents which may require to be sent in connection with the Constitution Act, until the date of my departure. It would obviously be of advantage to me to be the bearer of a measure so earnestly desired by the Colony, and as I have ascertained, after consultation with Sir Frederick Broome, that the dates which I am about to propose will leave sufficient time for the completion of all necessary formalities before the end of the year, I trust that Lord Knutsford may feel justified in holding back the Bill for the short time proposed, inasmuch as no public inconvenience will result from the delay. Of course it is necessary, or at all events desirable, that the new Ministers should obtain supply before the end of the year, and the following are the approximate dates which I would suggest in order to accomplish this purpose:—

Act to be proclaimed and writs for general election issued on or about the 20th October. Last writ to be returnable so as to reach the Governor about the 25th November. The Upper House to be then appointed and the first Ministry selected for which I allow say a week. The new Ministers would require about a fortnight in which to prepare for the meeting of parliament. Parliament to meet about 15th December, leaving ample time to procure temporary supply before the end of the year.

Should Lord Knutsford be pleased to approve of my proposals, I beg to suggest that a telegram be sent to the Administrator, informing him of the date of my intended departure from this country with the Bill, and instructing him to make, in advance, such preparations as will enable the elections to be held as soon as possible after my arrival, with a view to the assembling of the Legislature before the end of the year. The Constitution Act would not, of course, be proclaimed until I arrive; but as the new Electoral Bill has ere this, I presume, been assented to, and as the new districts are defined by the Constitution Act, of which the Administrator has of course a copy, there need be no difficulty in having everything ready for the immediate holding of the elections as soon as the Constitution Bill is proclaimed.

I have, &c.,

(Sgd.) W. C. F. ROBINSON.

The education is exclusively secular, and, in order to meet modern requirements, and to fit boys for Colonial life or for mercantile pursuits, it has been decided to make the study of dead languages optional. Parents of boys may however feel not less sure than heretofore of finding thorough classical instruction for their sons. The University Exhibitions, open for competition throughout the Colony, have in each case been awarded to a High School boy.

Fees.

The present scale of fees is as follows:—

For each boy over 12 years of age on the first day of the term, £3 6s. 8d. per term.

For each boy under 12 years of age on the first day of the term, £2 13s. 4d. per term.

In the case of two or more brothers attending the school, a reduction of 10 per cent. will be allowed in the fees for tuition.

The fees for each resident boarder are at the rate of £60 per annum for a boy over 12 years of age, and £50 per annum under 12 years, inclusive of the tuition fee.

Boys are received from the age of eight years and upwards.

Scholarships.

There are two High School Scholarships of the annual value of £50, open to competition by boys from any of the Elementary Schools.

Terms and Vacations.

The year is divided into 3 terms, with vacations of 6 weeks at Christmas; 1 week at Easter, during which it is optional for boarders to remain at the School without additional charge; and 5 weeks at Midwinter.

The School reassembles for the September term this day.
