Treasury,

Perth, 23rd June, 1891.

HIS Excellency the Governor in Executive Council has been pleased to cancel the Regulations for Private Bonded Warehouses under the provisions of "The Private Bonded Warehouses Act, 1883," which were published in the *Government Gazette* of 21st February, 1884, and to approve of the following in lieu thereof.

JOHN FORREST,
Colonial Treasurer.

Regulations made by His Excellency the Governor in Executive Council under the provisions of "The Private Bonded Warehouses Act, 1883."

1. Licenses approved by the Governor, with the advice of the Executive Council, for Private Bonded Warehouses shall be of two descriptions, namely, (1) Licenses for the warehousing of any or all dutiable goods belonging to or the property of the owner or occupier of the warehouse, except dangerous goods; and (2) Licenses for the warehousing of dangerous goods. Licenses shall be in the form A annexed. No goods, except those permitted by the License, shall be stored in a Private Bonded Warehouse under a penalty not less than £50 and not exceeding £200, in addition to the forfeiture of the goods. Dangerous goods shall include gunpowder, blasting powder, dynamite, caps, fuses, kerosene, paraffine, gasoline, turpentine, mineral acids, matches, and any other goods which may from time to time be notified as dangerous in the *Government Gazette* by the Collector of Customs.

2. The holder of every Private Bonded Warehouse License shall enter into a bond with two sureties in the sum of £1,000 for the due payment of duties on all goods which may be deposited in the warehouse. The bond shall be in the form B annexed.

3. A fee of £50 for each license granted for every twelve months ending with the 30th June in each year, or at that rate for any portion of the year terminating on that date, shall be paid in advance.

4. The licensee of a Private Bonded Warehouse shall pay for the services of a Government Locker at the rate of 1s. 6d. an hour, or part of an hour, so long as he shall actually be engaged at such Bonded Warehouse.

5. Applications must be made at the Custom House at the Port not later than 10 a.m. on any day on which the services of a Locker be required at a Private Bonded Store.

6. No building shall be licensed for the purpose of a Bonded Warehouse unless built of brick or stone, and roofed with iron, slates, or shingles.

7. In cases where the whole of a building is not licensed, the bonded portion must be partitioned off and secured to the satisfaction of the Principal Officer of Customs of the Port.

8. Licenses may be issued for Private Bonded Warehouses in the city of Perth. Buildings licensed

under these Regulations in any Port shall not be more than 1000 yards from the chief office of Customs of the Port. But buildings licensed for dangerous goods shall be situated in some safe locality to be approved by the Municipality of the town.

9. To ensure the safe custody and transit of dutiable goods in course of removal from a ship or Queen's Warehouse to a Private Bonded Warehouse in the city of Perth, the owner or occupier of the warehouse shall enter into a bond for such safe custody and transit without loss to the revenue or breach of these Regulations, himself and two sureties, in the sum of One thousand pounds, in the form C annexed. The removal of such goods from the ship and their reception at the Private Bonded Warehouse shall take place in the presence of an officer of Customs, and by permit duly checked and verified by such officer on the departure and arrival of the goods; and their transit shall be subject to the instructions and oversight of the Collector of Customs.

10. Every building licensed under these Regulations must contain a sufficient number of windows to supersede, as far as possible, the necessity of any artificial light. The windows on the upper floors and skylight must be secured by stout hammered iron bars firmly fixed and secured, to the satisfaction of the Collector; and those on the ground floor, in addition to such bars, must have shutters made to open internally, with strong hinges thereon, and a cross bar. All windows opening into private yards in the occupation of other persons or over other buildings, and all superfluous windows together with the fire-places or chimneys, must be stopped with brick or stone as solid as the walls themselves. All the entrances into warehouses are to have strong doors furnished with screws, staples, and hasps, each screw to be secured by a nut and riveted on the inside to prevent the fastenings being drawn.

11. The keys of the Customs locks shall be in the custody of the Government Warehouse-keeper, and shall not be made use of without his authority. The door shall also be secured by a patent lock, the key of which will be kept by the owner or occupier of the Warehouse.

12. The owner or occupier of a Bonded Warehouse must furnish at his own cost one weighing machine; such machine is to be tested when in use by the Customs Officers as often as may be deemed necessary.

13. Sufficient space must be reserved within some well lighted portion of the warehouse for gauging, or otherwise a shed, covered with slate or iron, must be provided for the purpose.

14. No Free or Duty-paid goods will be allowed within a Bonded Warehouse; and if any such goods are found therein the license will be liable to forfeiture.

15. Goods cleared for home consumption or exportation must be removed from the warehouse immediately; or any delay in so doing must be explained to the satisfaction of the Collector.

16. No goods will be allowed to be bonded which cannot be actually placed within the warehouse. This Regulation not to apply to goods landed on Collector's special order.

17. No warehouse will be allowed to be open or remain open, except for receipt, delivery, packing, gauging, &c., of goods, and then only in the presence of the proper officer of Customs.

18. All packages of whatever description must immediately upon receipt be entered in a book ready for weighing, gauging, and examining as soon as

practicable, or under any circumstances within forty-eight hours.

19. No spirits, wines, beer, or tobacco shall be placed on any floor where the lowest part of the roof is not 14 feet clear above the floor, unless the rafters are ceiled. This is not to apply to case spirits.

20. No tools of any description or other instruments shall be allowed in the Bonded Warehouses, except the following, viz., bung starters, flagging iron, pump, funnel, gimlet, rimer, cooper's chisel and hammer, small bottle funnel.

21. No naked lights allowed to be used.

22. The proprietor of warehoused goods will have no claim on the Customs for any loss he may sustain, by fire in the warehouse or in any examining shed, or by accident, or by felony.

23. No spirits or wines shall be racked off but from the bung hole, with the pump or syphon, without special permission in writing from the Collector. No samples of wines or spirits to be taken without an order in the usual form in the Customs.

24. No water to be kept in the Bonded Warehouses.

25. No case or package of any kind shall be examined but in the presence of the Officer of Customs; all ullage cases shall have the number of bottles they contain marked legibly on the outside of the case, and all cases shall be carefully nailed down before stowed away.

26. Owners of unsound wine, upon the importation thereof, or after it has been bonded, upon application to the Collector, and under the superintendence of the proper Customs Officer, may be permitted to convert it into vinegar, by adding at least twenty per cent. of crude vinegar, and after such conversion it may be admitted at the duty payable on vinegar.

27. No cask or other package containing spirits of wine received into bond is, under any circumstances, to be opened or tapped, either for samples or other purposes, except in the presence and under the direction of the Gauging Officer. Wines and spirits may be bottled off into reputed quart or pint bottles without any name or label thereon or on the package in which the same are packed, and packages may be opened, but only in presence of the officer of Customs deputed by the Collector, and subject to such precautions and restrictions as the Collector may think necessary.

28. No smoking shall be allowed in any part of a bonded store.

29. Private Bonded Warehouses to be opened only during the same hours as may be in force at the Queen's Warehouses, except on special application to the Collector, and payment of the overtime allowed under the Customs Regulations.

30. All goods intended to be bonded in a Private Warehouse must be taken direct to the store, and the carrier shall deliver a cart note to the officer in charge of the store.

31. Goods shall be placed and kept in the store at the risk and expense of owner.

32. A Register Book shall be kept of all goods "Received" and "Delivered" in such form as may be prescribed by the Collector of Customs, and, on or before the last day of each month, a certified copy shall be forwarded to the Collector of Customs made up to the 25th of the month inclusive.

33. Every owner or occupier of a Private Bonded Warehouse shall, if required, within seven days after the completion of the discharge of any import vessel, issue certificates for quantities of not less than five cases or one cask of spirits, or one package of tobacco, and other goods in similar proportion.

34. Licenses under these Regulations shall not be transferable, and may at any time be revoked and cancelled by His Excellency the Governor, with the advice of the Executive Council.

35. All Licenses issued under the Regulations published in the Gazette of 21st February, 1884, shall cease and determine on 30th June next, and that portion of the Fee paid for the period commencing with 1st July next and ending with the date on which the present license was to terminate shall be returned to the owner or occupier of the Bonded Warehouse, or in the event of his making application for a new license under these Regulations shall be applied towards the fee payable therefor.

36. All goods remaining on 1st July next in any Warehouse for which the owner or occupier has not taken out a license under these Regulations shall be removed by the Collector of Customs to the Queen's Warehouse and be entered in the store ledger as if imported on that day, unless the duty be previously paid.

37. The Auditor General shall, whenever he considers it necessary, or on receipt of instructions to that effect, take stock of all goods bonded in any Warehouse for which a license has been granted under these Regulations.

A.

"The Private Bonded Warehouses Act, 1883." 47 Victoria, No. 21.

License for the Warehousing of Dutiable Goods.

I, Governor and Commander-in-Chief in and over the territory of Western Australia and its Dependencies, do hereby, under and by virtue of the powers in me vested by "The Private Bonded Warehouses Act, 1883," license the private warehouse building or place of security hereinafter described, that is to say: [describe building, its size, situation, and number of rooms]; and do appoint the same to be a Private Bonded Warehouse, in which the goods subject to Custom duties and specified in the schedule hereunder written may be kept and secured without payment of duty upon the first entry thereof; And I hereby grant this license to..... occupier [or owner] of the said warehouse, but subject in all respects to the terms and conditions of and contained in the "Regulations made by "His Excellency the Governor in Executive Council under "the provisions of "The Private Bonded Warehouses Act, "1883," published in the Government Gazette of the said Colony, on the.....day of.....One thousand eight hundred and....., and subject also to any other Regulations made or to be made in that behalf.
