$\frac{1410}{01}$

THE Government having decided to sink a shaft at the Collie Coal Seam, is desirous of engaging the services of some qualified person, for a few months, to take charge of this work.

What will probably be required is a shaft possibly 200ft. in depth, size about 5ft. x 3ft., through sand reef and sand-stone rock. It will probably require strong timbering in places, or possibly throughout the whole depth, and there will be a good deal of water to contend with. About 20 tons of coal is intended to be raised for trial.

The Government would be glad to receive applications for the post of Supervisor from persons who have had experience of such work, and who possess all the necessary qualifications to carry it out satisfactorily. Applications to be accompanied by certificates or testimonials in evidence of qualification. They should be addressed to the Honorable the Director of Public Works, and should reach the Public Works Office, Perth, before noon on Saturday, the 22nd August proximo.
