THE following Notice to Mariners is published for general information.

GEORGE SHENTON,
Colonial Secretary.

NOTICE TO MARINERS.

No. 1 of 1892.

POLLARD CHANNEL, INNER ROUTE APPROACH, AND SHOAL OFF CAPE BOWLING GREEN.

LIEUTENANT-COMMANDER PIRIE, H.M.S. "Paluma," reports that "Erlangen Patch" in the Pollard Channel consists of coral and is about 550 yards in diameter. It rises abruptly from deep water and can be seen a short distance off when the sun is in a favourable position.

The least water found on it is 9 feet at low-water springs. It lies in following position:—

Summit N.E. Cockburn Island	N. 28° W.
Summit North Home Island	S. 64° W.
Summit N. Sir Charles Hardy Island	N. 78° E.
Latitude	11° 55½' S.
Longitude	143° 19' E.

The same officer reports that the Shoal off Cape Bowling Green is 1½ miles long, lying in a N.W. and S.E. direction, and about 1½ cables wide. The Shoal is composed of sand and is steep to. The depth over it at low-water springs is 3 fathoms with from 9 to 11 fathoms close to.

Vessels should not approach Cape Bowling Green within a distance of 5 miles.

From its N.W. end Cape Bowling Green Lighthouse bears S. 69° W., distant $3\frac{4}{10}$ miles.

From its S.E. end Cape Bowling Green Lighthouse bears S. 89° W., distant $4\frac{2}{10}$ miles.

All bearings are magnetic.

T. M. ALMOND,
Portmaster.

Department of Ports and Harbours,
Brisbane, 13th January, 1892.

*Department of Lands and Surveys,
Perth, 30th January, 1892.*

HIS Excellency the Administrator, by virtue of the powers given him by the Land Regulations, has been pleased to order that the Crown Lands included within the areas hereinafter particularised be classed as Town and Suburban, to form Townsites in the Katanning Agricultural Area, to be known and distinguished as Pinwernying, Moojebing, and Woodanilling.

PINWERNYING TOWNSITE.

Bounded by lines starting from the Great Southern Railway Reserve and extending East therefrom about 130 chains 65 links to a post situate 9 chains East and 39 chains 03 links North from the South-East corner of Kojonup Location 190, then South 99 chains 04 links to the North boundary of Kojonup Location 255, then West along said boundary about 64 chains 33 links to the Great Southern Railway Reserve and along its Eastern boundary northwards to the starting point.

The lots are numbered from 1 to 90, and contain from about 3 acres to 14 acres each.

Lots 4, 11, 19, 25, 51, 53, 61, 64, 75, and 80 are reserved for public purposes.

The upset price of the remaining lots will be as follows: From 1 to 33 and from 86 to 90 (inclusive), £3 per acre; and from 34 to 85 (inclusive), £2 per acre.

MOOJEBING TOWNSITE.

Bounded by lines starting from a spot situate 1 chain 3 links West and 54 chains 32 links South from the centre of the Great Southern Railway line at the 125th mile post from Albany, and extending 1 degree 13 minutes 101 chains 16 links, 91 degrees 13 minutes 102 chains, 181 degrees 13 minutes 101 chains 17 links, and 271 degrees 13 minutes 102 chains 5 links to the starting point; excluding the Great Southern Railway Reserve.

The lots are numbered 1 to 192, and contain about 1 acre each.

Lots 13, 14, 30, 31, 40, 41, 102, 103, 145, 146, 167, 168, 169, and 170 are reserved for public purposes.

The upset price of the remaining lots will be £12 each.

WOODANILLING TOWNSITE.

Bounded by lines starting from the Western side of the Great Southern Railway Reserve at a spot due West from the South-West corner of Kojonup Location 269 and extending Northwards along said reserve to the Southern boundary of Kojonup Location 144, and Westward to a spot 1 chain in prolongation thereof, then in direction 179 degrees 53 minutes 55 chains 29 links, then 135 degrees 55 minutes 18 chains 48 links, then South 77 chains 88 links, then in direction 89 degrees 26 minutes about 34 chains 50 links to the Great Southern Railway Reserve and across it in direction about 76 degrees to its Eastern side, and then East, passing along the Northern boundary of Kojonup Location 281 to a spot 1 chain East from its North-East corner, then North 35 chains 40 links to the Southern boundary of Kojonup Location 269, and West along it 41 chains 83 links to the Great Southern Railway Reserve and across it to the starting point; excluding portion of the Great Southern Railway Reserve.

The lots are numbered from 1 to 82, and from 84 to 113 (inclusive), and contain from about 1 acre to 18 acres each.

Lots 5, 6, 16, 40, 42, 45, 47, 54, 73, 75, 85, 87, 110, and 112 are reserved for public purposes.

The upset price of the remaining lots will be as follows: From 1 to 19, from 54 to 59, and from 70 to 72 (inclusive), £2 per acre; and from 20 to 53, from 60 to 69, from 73 to 82, and from 84 to 113, £10 per lot.

The lots within these three townsites are now open for selection under Clause 42 of the present Land Regulations.

Maps showing the arrangement of lots can be obtained at the above Office, at one shilling each.

W. E. MARMION,
Commissioner of Crown Lands.

*Department of Lands and Surveys,
Perth, 3rd February, 1892.*

No. 4871.—C.S.O.

Colonial Secretary's Office,
Perth, 3rd February, 1892.

THE following Report is published for general information.

GEORGE SHENTON,
Colonial Secretary.

Report of the Registrar General on the Vital Statistics of Western Australia for
the Quarter ending 31st December, 1891.

BIRTHS.

There were registered during the Quarter, 507 Births,—269 males and 238 females.

DEATHS.

There have been 330 Deaths registered during the Quarter,—226 males and 104 females.

ESTIMATED POPULATION.

Particulars.	Males.	Females.	Totals.
Estimated population on 30th September, 1891	31492	20710	52202
Increase by births during December Quarter	269	238	507
Increase by arrivals by sea for December Quarter	1424	378	1802
	Males.	Females.	Totals.
	33185	21326	54511
Decrease by deaths during December Quarter	226	104	330
Decrease by departures by sea	731	165	896
Total population on 31st December, 1891	32228	21057	53285

Tables showing estimated Population; Births and Deaths of males and females; total Deaths under 1 year and under 5 years; proportion of Deaths under 1 year to the total number of Births; the proportion of Deaths under 1 year and under 5 years to total Deaths.

Estimated population on 31st Dec., 1891.	Births.			Deaths.			Total deaths under 1 year.	Total deaths under 5 years.	Percentage of deaths under 1 year to total births.	Percentage of deaths under 5 years to total deaths.	Percentage of total births to population.	Percentage of total deaths to population.	Percentage of deaths under 1 year to total deaths.	Excess of births over deaths.
	Males.	Females.	Totals.	Males.	Females.	Totals.								
53,285	269	238	507	226	104	330	93	115	18.34	34.84	0.95	0.62	28.18	177

The following Meteorological information is taken from observations recorded at the Observatory in Perth:—

The highest temperature in the shade was 101°, on the 14th November; and the lowest 42°, on the 1st October.

The greatest range of temperature took place on the—

	Max.	Min.	Range.
6th November	95°	58°	37°

The following Table shows mean of barometer, mean shade temperature, maximum and minimum temperature in shade, mean humidity, amount of rainfall, and direction of prevailing winds:—

Months.	Mean of Barometer.	Mean shade temperature	Maximum on any one day in shade.	Minimum on any one day in shade.	Mean humidity.	RAINFALL.		Prevailing Winds.
						Inches.	Days.	
October	30.074	62	84	42	70	0.66	7	Calm, and S.W.
November	30.065	69	101	50	61	0.00	0	E., and S.W.
December	29.996	70	97	50	64	0.13	3	Calm, and S.W.
Mean	30.045	67	66	Calm, and S.W.
Sum	0.79	10	...
Extreme	101	47

The average readings of the Barometer, the Temperature, and Rainfall for the same Quarter for the last 15 years (1876 to 1890) are—

Barometer	-	-	30.001
Temperature	-	-	67°
Rainfall	-	-	4.00 inches.

The Rainfall for the same Quarter, 1890, was 10.16 inches on 28 days.

The following Table shows the causes of Death of persons of both sexes during the Quarter ending 31st December, 1891, also the proportion per cent. of the Deaths:—

Class.	Causes of Death.	Under 1 year.	1 to 5	5 to 10	10 to 15	15 to 20	20 to 30	30 to 40	40 to 60	Over 60	Total.	Proportion per cent.

In the matter of "The Patent Act, of 1888."
(52 Victoria, No. 5.)

NOTICE is hereby given that WILLIAM EATON, of York, in the Colony of Western Australia, Blacksmith, has applied for Letters Patent in respect of an Invention styled "An improved machine for pulling trees and stumps." The specifications and drawings in connection with such invention are now open for inspection at the Patent Office, Perth, and any person may, on or before the 22nd day of March next, object to the granting of Letters Patent to the said WILLIAM EATON, in respect of the said Invention, by lodging at the Patent Office a notice in writing stating his name and address, and the nature and grounds of his objection.

Dated this 19th day of January, 1892.

MALCOLM A. C. FRASER,
Registrar of Patents, &c.

NOTICE.

THOMAS DRAGE, of Northampton, do hereby notify that I have applied to the Northampton Roads Board for permission to erect two swing gates across the main road from Northampton to Geraldine—one gate at a place called "The 11-Mile Gully," and another at a place called "The 5-Mile Gully."

THOMAS DRAGE.

Dated this 14th day of January, 1892.

NOTICE.

Wandering District Roads Board.

H. C. DUNMALL having been authorised by the above Board to issue Cart and Carriage Licenses for the year 1892, owners of same are requested to pay their licenses to him on or before 31st March, 1892.

Any person using an unlicensed vehicle on the roads after that date will be dealt with according to law.

FRANK S. WATTS,
2-1-92. Chairman.

NOTICE.

Jandakot Roads Board.

At a Meeting of the Jandakot Roads Board, held on 20th January, 1892, a Resolution was passed that the following Road be declared:—

MAIN ROAD:

"One chain wide, the centre line being the mutual boundary between Canning Locations 5 and 6, from the Perth-Bunbury Road to the Canning River, thence across the Bridge and continuing through Canning Location 21 along the present road about fourteen chains in a South-Westerly direction to an angle in the present road, and thence extending South-South-Westward through Canning Locations 21 and 19 to the Western corner of Canning Location 18.

WILLIAM NICHOLSON,
Chairman.

Jandakot, 20th January, 1892.

Notice to Creditors.

Christian Arnold Farwig, deceased.

PURSUANT to an Act of the Imperial Parliament, made and passed in the 22nd and 23rd years of the reign of Her present Majesty, cap. 35, intituled "An Act to further amend the law of property and to relieve trustees" (adopted by Local Ordinance, 31st Victoria, No. 8), Notice is hereby given that all creditors and persons having any claims or demands upon or against the Estate of Christian Arnold Farwig, late of Roebourne, in the Colony of Western Australia, deceased (who died on the 31st day of August, 1891, intestate, and of whose Estate Letters of Administration were granted to Frances Florence Farwig, of Roebourne aforesaid, widow, on the 28th day of October, 1891, by the Supreme Court of Western Australia, in its Ecclesiastical Jurisdiction), are hereby required to send in the particulars of their debts or claims to the said Administratrix, at the office of Mr. A. S. Roe, Solicitor, Roebourne, on or before the 20th day of February, 1892. And Notice is hereby also given that after that day the said Administratrix will proceed to distribute the assets of the said Christian Arnold Farwig, deceased, amongst the parties entitled thereto, having regard only to the claims of which she then shall have had notice, and that she will not be

liable for the assets or any part thereof so distributed to any person of whose debt or claim she shall not then have had notice.

Dated this 20th day of January, 1892.

SHOLL & FOULKES,
Howick Street, Perth, Agents for
A. S. Roe, Solicitor, Roebourne.

Dissolution of Partnership.

WE hereby give notice that the partnership hitherto existing between us, the undersigned, under the style or firm of "E., J., & W. Parker," is this day dissolved by mutual consent. The business of the late firm at York will in future be carried on by JAMES PARKER and JOHN WILLIAM PARKER, under the style of "J. & W. Parker," and EDWARD PARKER alone will carry on the business of Farmer and Grazier at Northbourne. All the liabilities of and all the debts due to the late firm are respectively transferred to the new firm of J. & W. Parker.

Dated 30th January, 1892.

EDWARD PARKER,
JAMES PARKER,
JOHN WILLIAM PARKER.

Supplement to Government Gazette

OF WESTERN AUSTRALIA,

OF THURSDAY, 4TH FEBRUARY, 1892.

Crown Lands' Office,
Perth, February 2nd, 1892.

HIS Excellency the Administrator in Council has been pleased to approve of the following Regulations being made and gazetted under the provisions of "The Mineral Lands Act, 1892."

W. E. MARMION,
Commissioner of Crown Lands.

WESTERN AUSTRALIA.

Regulations under "The Mineral Lands Act, 1892."

Regulations to apply to Mineral District.

1. These Regulations shall apply to all Mining Districts under the "The Mineral Lands Act, 1892," and as far as applicable to all other places in which minerals may be found.

Definition.

2. The following terms, in inverted commas, shall, for the purpose of these Regulations, unless the context otherwise indicate, bear the meanings set against them respectively—

"Miners," "Miner."—Any person being the holder of a Miner's License, or any number of persons, each being the holder of a Mining License. The singular to include the plural, and the plural the singular.

"Owners," "Owner."—Any owner, whether jointly or in severalty, and the singular shall include the plural, and the plural the singular.

"Lode."—Any vein, seam, reef, dyke, or blow containing minerals other than alluvial.

SIZE OF CLAIM.

Lode Claim.

3. The extent of ground allowed for each miner in any lode claim shall not exceed three chains by five chains. The width of all lode claims must be marked at right angles to the lode or base line, but the whole or any part of such width may be marked on either side of the lode or base line at the option of the miner.

Alluvial Claim.

The extent of ground allowed for each miner in any alluvial claim shall not exceed four chains by four chains.

Mode of taking up a claim.

4. A miner may take up and work any unoccupied Crown lands as a claim by fixing firmly in the ground, at each corner thereof, a post four inches in diameter, standing at least three feet above the surface, set in L trenches three feet long and six inches deep on each boundary line, such posts to be kept at all times uncovered. Provided that when registration is required such miner shall within

seven days after such marking, make application, in the form C hereto annexed, to the Registrar. The Registrar shall thereupon deliver to the applicant a certificate in the form D hereto annexed, who shall, within twenty-four hours from the receipt thereof, cause it to be posted on some conspicuous part of the ground applied for, and a copy thereof at the Registrar's Office, for a period of one week. If no objection be lodged against such application within such period, the applicant shall be entitled to be registered for the claim by the Registrar; should, however, any objection be lodged within the time specified, he shall defer registration until the matter has been heard and determined, and therein be guided by the evidence submitted to him.

GENERAL REGULATIONS.

One mining license sufficient.

5. Any holder of a mining license may hold any number of claims or shares therein, provided that such claims or shares are duly worked and represented by miners, and every person working in, or in connection with, a mine, must be the holder of a mining license.

Non-registration, &c., not to be deemed a breach of Regulations.

6. All lode claims must be registered, and alluvial claims may be registered after the boundaries are defined to the satisfaction of the Registrar, and the holders of all claims or other authorised mining tenements for which registration is required must apply to the Registrar for registration of the same within ten (10) working days from the date of their being entitled to such registration. Provided that non-registration within the prescribed time shall not be deemed a breach of these Regulations if cause be shown for such delay to the satisfaction of the Registrar. Nor shall any penalty be inflicted for the non-performance within the prescribed time of any act required by these Regulations to be done by the holder of any such claim or mining tenement, if such holder can prove that the non-performance, as aforesaid, was caused by any circumstance over which he had no control, or by the neglect or default of the Registrar.

Boundary posts and marks to be shown.

7. All authorised holdings must be marked at each corner with a post four (4) inches in diameter, fixed firmly in, and standing at least three (3) feet above the ground; and the owners thereof shall point out the corner posts and boundary lines of any such authorised holdings to any person requiring to see the same; and no person shall remove, injure, or obliterate any boundary posts or marks of any authorised holdings or any posted notice relating thereto.

Marking too much ground.

8. Any miner marking off more ground than he is entitled to shall be liable to have the surplus ground pegged off at either end of the claim, at the option of any other miner applying to the Registrar for the surplus.

False representation.

9. Any person who shall by false representation or fraudulent concealment of facts obtain registration of any mining or other interest, or who shall by such means obtain a certificate of exemption from work or occupation of the same, shall be liable to forfeit his share of the

property in respect of which such registration or certificate of exemption has been so obtained.

Mode of application for an occupied claim or share liable to forfeiture.

10. Whenever an occupied claim or share therein is liable to forfeiture, any miner may apply for possession of such claim or share by posting a notice in the form F hereto annexed at, or as near as possible to, the then working shaft of such claim, and at the Registrar's office for one week, and serving a copy thereof on the holder of such claim or share, or his agent.

Any person objecting to such registration must within the week hereinbefore mentioned lodge a notice of objection with the Registrar stating the grounds of such objection, upon receipt of which the Registrar shall defer registration until the matter has been heard and determined, and shall therein be guided by the evidence submitted to him.

If no objection be lodged within the time specified, the Registrar shall register the claim or share for the applicant.

Taking forcible possession a forfeiture of rights.

11. Any miner taking forcible possession of any claim or share therein, or commencing to work the same after his right to take possession thereof has been disputed, shall forfeit all right and title which he has acquired to the possession of such claim or share.

Claim not to be forfeited through absence of hired men without due notice to owner.

12. If any miner who is employed to represent a share in a mine neglects to represent such share, unknown to the owner thereof, the same shall not be forfeited unless it remain unrepresented for one week after notice of such absence or neglect has been served on the owner or his agent.

Abandonment of shares in claims.

13. Any shareholder in a registered claim wishing to abandon his share therein may do so by serving on the lienee (if any) and one of the remaining shareholders, or his agent, a notice to that effect, and posting a copy thereof at the Registrar's office and on the claim; in such case the Registrar, after satisfying himself that the notices have been served and posted in manner aforesaid, shall forthwith cancel the registration by which such share has been held, and the said shareholder shall be released from any further liability in respect of such share thereafter incurred, and the lienee, if any, shall have for three (3) days after abandonment a preferent right to be registered for the abandoned share. On failure by the lienee to avail himself of such preferent right, the lien shall be cancelled and the remaining shareholders shall thereupon have jointly a preferent right, for three days, to be registered for the abandoned share. Provided that on failure of the remaining shareholders to avail themselves of such right, any applicant for such abandoned share may at once be registered for the same without process of any kind beyond his written application.

Extended claims—Lode or alluvial.

14. Where the expense of erecting mining machinery or works is likely to be great, or the poverty of the ground warrants it, or the ground has been previously worked and abandoned, the Registrar may, on application, allot to each miner an extended claim not to exceed in area four ordinary claims. And only half the number of miners to whom the ground is allotted need be employed on the claim until the preliminary work has been done, such as sinking a deep shaft, cutting a race, or erecting machinery, after which the full number must be employed. Every such applicant for an extended claim must comply with the conditions of application as mentioned in Regulation numbered 4.

Union of claims.

15. Two or more contiguous claims may, upon application being made to the Registrar, with the consent of not less than a two-thirds majority in number and interest of the shareholders of each such claim, respectively, be united. Provided that the conditions of the separate claims shall, in the aggregate, apply to the amalgamated claim; and the Registrar shall grant a certificate of union, and shall register the same upon receipt of the fee required.

Claims continuously worked—Exceptions.

16. Claims must be continuously worked by the requisite number of men within two working days after they have been marked off, otherwise any share or shares therein unworked shall be liable to forfeiture. Provided that no miner's interest in any claim shall be liable to forfeiture under this Regulation, if he be employed at any necessary work in connection with the said claim, or if his absence be caused through sickness, attendance at a court of justice, a general cessation from work through floods or rain, or on any public holidays, or on holidays proclaimed by the Registrar.

What considered a sufficient working.

17. A mine shall be considered effectively worked when eight (8) hours' *bonâ fide* work is performed thereon or in connection therewith by the complement of men required by these Regulations, on every working day except Saturday, when four hours' work is sufficient.

Exemption from work.

18. The owners of any registered claim may apply to the Registrar, after posting a copy of the application in the form marked G hereto annexed, at the Registrar's office and on the claim, one week prior to the day of hearing the application by the Registrar, to have the claim registered as exempt from work for a period not exceeding six months; and provided it has been duly registered and continuously worked for the preceding six months, the Registrar may grant the exemption applied for upon receipt of the fee required, and on proof that the claim is not payable through any cause over which the owners have no control, and such exemption may, on good cause being shown, be renewed in the same manner for a like period on payment of the prescribed fees; but the Registrar may grant exemption from work on any claim for a period not exceeding thirty days upon application by the owners thereof, of which notice must be given by posting a copy of the application at the Registrar's office and on the claim, three working days prior to the hearing of the application.

The Registrar shall hear and determine in open court all applications for exemption from work, and objections thereto, and may grant the exemption applied for upon terms as to bailing or any other conditions he may deem necessary. Any failure to comply with such terms or conditions shall be deemed a forfeiture of the exemption.

Rules and agreements to be binding.

19. All rules and agreements entered into by a majority of at least two-thirds in number and interest of the shareholders of any claim for the management and working thereof shall be binding on the shareholders of such claim, and on any person becoming a shareholder therein, provided such rules and agreements are not contrary to these Regulations. All such rules and agreements to be binding must be registered by filing a copy signed by the parties or their agents, at the Registrar's office, and payment of the fee required by schedule A I hereto annexed, and such rules or agreements may be abolished or amended at any time by a like majority of the shareholders in any such claim or leasehold.

Absentee shareholder's interest may be represented by hired miner.

20. When a shareholder in a claim or leasehold absents himself from his work without being duly exempted by the Registrar or these Regulations, and fails to provide an

efficient substitute, his partners may, if they think fit, hire a competent miner to fill his place; and such absent shareholder shall be responsible for any reasonable wages due to the person so employed, and in the event of non-payment of such wages the person so employed shall be deemed to have a lien on the share of the absentee in the claim or leasehold in which he has been employed to the amount of wages at the current rate due to him.

Interest of a defaulting shareholder to be sold by auction.

21. The non-payment by any shareholder in a claim or leasehold (when no deed of partnership exists) of calls made on him for the purpose of defraying the working expenses of such claim or leasehold shall entitle the other shareholders to a preferent lien upon the defaulting shareholder's interest in the claim or leasehold in which such expenses are owing until the calls are paid.

Whenever any calls remain unpaid upon any share in a claim or leasehold (when no deed of partnership exists) for a period of three months from the call being due, a majority, in number and interest, of the shareholders who have paid their calls may request the Registrar to inquire into the matter, and if he be satisfied that such sum is legally due on such share, he shall cause it to be sold by auction, of which sale due notice shall be given by advertisement in any local newspaper, and the proceeds shall be applied to the payment of all legal expenses incurred by the process and the calls due on such share; and the residue, if any, shall be paid to the late owner of the share, and the Registrar shall register such share without further process, in the name of the purchaser thereof.

Examination of registers by owners and others.

22. Any registered shareholder of a claim or other authorised holding may, upon application at the Registrar's office, examine the register, so far as it relates thereto; and any person may examine the registers at the Registrar's office, of any claims or other holdings, upon payment of the fee required.

Declaration of loss of mining license, certificate of registration, or transfer certificate.

23. When any miner has lost his mining license, certificate of registration, or transfer certificate, he may make a declaration of such loss in the form marked N hereto annexed before a Registrar or Justice of the Peace, and such declaration shall be received at the Registrar's office in lieu thereof for all the purposes required in making a transfer, on payment of the fee required for filing the same.

Agents to be appointed.

24. Any person holding a share in any mining tenement or other authorised holding shall, in the event of being absent for a longer period than fourteen days from the mining district in which such share is held, appoint an agent in the form marked S hereto annexed, whose acts shall be held as those of the principal, and the name and address of such agent shall be registered at the Registrar's office. In the event of such registration not being so made, any notice, legal process, or document required by these Regulations to be served shall be deemed to have been sufficiently served upon such absent person, provided a copy of such notice, process, or document be posted for the period required at the Registrar's office, and on some conspicuous part of the mining tenement or other holding to which the same refers.

Transfers.

25. The holder of any registered holding, other than a mineral lease, may transfer the same, or any part thereof, after posting a notice of his intention so to do at the Registrar's office and on the registered holding aforesaid, for three working days; and upon production at the Registrar's office of his certificate of registration, transfer certificate (or declaration of loss thereof), and upon payment of the fee required, the Registrar shall issue to the transferee a transfer certificate, provided no valid objection

be lodged against the same; and the transferee shall be liable for all incumbrances, agreements, and conditions registered against the property so transferred.

Liens, &c., how effected.

26. The holder of any authorised holding whatsoever, or share or interest therein, may give a lien upon the same as security for the due payment of any debt; and upon the production to the Registrar of the mining licenses of the lienor and lienee, and upon the execution by the lienor of a lien ticket duly attested in the form marked P hereto annexed, the Registrar shall register a lien on the claim, or other authorised holding or share, or interest therein, and shall then issue to the lienee a duplicate of the lien ticket; and every such lien registered as aforesaid shall be a specific charge upon such claim, or other authorised holding or share or interest therein, until the debt has been paid in full; and if more than one lien be effected on any claim, or other authorised holding or share or interest therein, such liens shall take precedence according to the date of their respective registrations. Provided that, upon the delivery to the Registrar by the lienor of a certificate duly signed by the lienee, and attested, that the debt or liability for which such lien was held has been fully discharged, the Registrar shall forthwith cancel such lien. In the event of such lienor failing to redeem such authorised holding, or share or interest therein, at the time appointed, the lienee may cause the same to be sold by auction, after having advertised his intention of so doing in a local newspaper and posted a copy of such advertisement on a conspicuous part of the claim, not less than one week before the day of sale. And the lienee shall stand possessed of the proceeds of such sale, upon trust, to pay all costs consequent on such default, then to pay the debt secured by the lien, and to pay the balance, if any, to the lienor. The lienor shall be entitled to redeem at any time before sale, upon payment of debt and expenses incurred; but in case of any sale under the powers herein contained, the Registrar shall, upon production of the lien ticket, accompanied with a statutory declaration of default having been made of the money secured thereby, and the mining license of the purchaser, register such purchaser as the holder of such authorised holding, or share or interest therein, in lieu of the lienor. A lienee shall not, by virtue of the lien, be held to be a copartner in any authorised holding, or any share therein in which he holds a lien. The fee for registration of any lien shall be as provided by schedule A I hereto annexed, exclusive of stamp duty, if any.

Mining plant not to be forfeited with claim or leasehold.

27. The tools, appliances, and mining plant on or in connection with any forfeited claim or leasehold shall not be forfeited therewith: provided always they are removed from the claim or leasehold within one week from the declaration of the forfeiture, or within such reasonable time as the Registrar may direct.

Within three days after the declaration of the forfeiture of a share in a claim or leasehold, the Registrar shall assess and declare the value of the forfeiting shareholder's interest in the tools, mining plant, and appliances used in or in connection with the said claim or leasehold, and within one week after the declaration of such forfeiture the incoming shareholder shall pay into the Registrar's court the full amount of such value for the use of the owner of such share; in default thereof, the share may be granted to any other miner applying for the same, and paying into the Registrar's court the assessed value of the forfeiting shareholder's interest in the tools, &c.

Unauthorised shafts, &c.

28. No person shall sink any shaft, or disturb the surface of the ground, or erect works, or deposit earth or other material in any place so as to interfere with the supply of water used by the public, or so as to obstruct a public thoroughfare; and no person shall undermine any road in such a manner as to endanger the public safety.

Compensation.

29. Any authorised holding may be mined upon: provided the miners intending to mine thereon, before commencing work, compensate the owner thereof for any loss, damage, or injury to the improvements thereon that may be sustained by him in consequence thereof. The amount of such compensation shall be determined by the Registrar.

Stacking earth.

30. Any miner having forfeited or abandoned his claim, or share in a claim, may retain possession of any earth—the produce of such claim or share—that may have been raised at the time of the forfeiture or abandonment, provided such earth is stacked on ground not interfering with the working of the claim. And the Registrar shall, upon application being made to him, and upon receipt of the fee required, register the same as the property of such miner for any period not exceeding twelve months. A copy of such registration, in the form marked O, shall be affixed on the stack; and no person during the period of such registration shall remove the said stack of earth without the permission of the owner thereof.

Machine area.

31. Applications for machine areas, with particulars of machinery proposed to be erected, must be made in writing to the Registrar after the ground has been marked, accompanied with a sketch plan thereof; and a copy of such application must be posted on the ground on which it is proposed to erect the machinery, as well as at the Registrar's office, for one week before the hearing of the application. If no valid objection be lodged, the Registrar may grant permission to occupy an area not exceeding five acres and register the same, upon receipt of twelve months' rent in advance. Provided the Registrar may before doing so demand a plan and description of the ground as actually surveyed and marked. Any such permission to occupy may be cancelled, should the holder thereof fail to commence the erection of machinery thereof within four (4) months from the date of permission to occupy, or should the machinery thereon be removed, or the annual rent not be paid yearly in advance; and provided, further, that under the same conditions as to rent, mode of application, and occupation, the Registrar may grant an area not exceeding ten acres for the erection of furnaces.

Area for stacking tailings.

32. Application may be made to the Registrar, after the ground has been marked, for an area not exceeding five (5) acres, for the purpose of stacking tailings, by posting a notice of application on the ground and at the Registrar's office, with a description of the ground applied for, one week before the hearing. The Registrar may, if no valid objection be lodged, grant the application and register the same upon receipt of twelve months' rent in advance. Provided that the Registrar may cancel such registration, should the holder not use the area in a *bonâ fide* manner for stacking tailings for six months, or the annual rent not be paid yearly in advance.

Market Garden Area.

33. Any person requiring land for the purpose of growing garden produce, may apply to the Registrar for an area not exceeding five acres for such purpose, by posting an application, with a description of the ground, at the Registrar's office and on some conspicuous part of the ground, fourteen days before the hearing by the Registrar. Should no valid objection be lodged, and no public interest be likely to suffer thereby, the Registrar may grant permission to the applicant to occupy the land, and register him therefor on receipt of twelve months' rent in advance. The Registrar may, before such registration, demand from the applicant a proper survey and plan of the ground. Provided that the applicant or some other person resides on the area and keeps constantly in cultiva-

tion at least one-half thereof, such cultivated portion to be securely fenced, and any garden area not so cultivated and fenced, and on which the condition of residence is not fulfilled, or for which the rent is not paid yearly in advance, shall be liable to forfeiture.

Business and residence area.

34. The holder of a business or mining license may, with the consent of the Registrar as to the locality, occupy in any mining district, for the purpose of business or residence, an area of land not exceeding one quarter of an acre, the frontage of which to any main thoroughfare, creek, or waterhole does not exceed sixty-six (66) feet by a depth not exceeding one hundred and sixty-five (165) feet, and every such area must be registered at the Registrar's office. Provided such registration may be cancelled should the holder cease to occupy such area without first registering the same as exempt from the condition of occupation.

Business and residence areas may be registered as exempt from occupation.

35. The holder of any business or residence area upon which there are substantial improvements of the value of not less than five pounds (£5) may, upon application to the Registrar and payment of the fee required, have such area registered as exempt from the condition of occupation for any period not exceeding twelve months. The holder of a mining license shall not hold more than one residence area in any one mining district.

In absence of Registrar he may appoint a Deputy to grant and register claims, exemptions, &c.

36. In the absence of the Registrar from any mining district, he may appoint a Deputy temporarily to grant and register protection areas, claims, or shares therein, business and residence areas, exemptions from work or occupation, in the same manner as the Registrar.

Roads across claims, &c.

37. When requisite for the efficient working of any claim, leasehold, or machine, the Registrar may authorise the making of a road over any authorised holding, within any mining district, in such manner and under such conditions as he may determine. Provided that compensation be paid by the person or persons benefited thereby for the removal of, or injury caused to, any improvements thereon.

No injury permitted to claims or roads.

38. No person shall cause or permit sludge, tailings, or water to accumulate in or flow from his authorised holding, so as to cause danger, injury, or obstruction to any public road, or any danger, inconvenience, or damage to any public or private interest.

Bailing compulsory.

39. The owners of any claim or leasehold in which water has accumulated to the injury of any adjoining claim or leasehold shall, on receipt of complaint to that effect from the party injured, or his agent, bail their claim or leasehold, or in some other manner effectually remedy the injury; or the party injured may at once lodge a complaint with the Registrar, who may order the owners of such claim or leasehold causing the injury to bail their claim or leasehold and keep it continuously free from any injurious accumulation of water whilst occupied by him.

And the Registrar may assess and determine the amount of damage or injury suffered from such accumulation of water by any person complaining, and may order the owner of such claim or leasehold causing the damage or injury to pay the amount thereof.

Drainage

40. When the owner of any claim or leasehold, by the erection and working of any appliance for drainage, can prove that a saving of labor is effected thereby in the

working of adjoining claims or leaseholds, the owners thereof shall be liable to pay in respect of such saving any reasonable sum of money, and at such times, as may be ordered by the Registrar. Provided that the Registrar may subsequently, on application being made by either party and a re-hearing of the case, cancel or vary such order so as to meet any altered circumstances.

Shafts and holes near roads to be secured.

41. Any miner having a shaft within twenty (20) feet of a public road, in ordinary use, shall securely fence or log the same, and any miner abandoning any such shaft or hole shall first either fill up or securely fence or log the same, or in some other way make it safe in a permanent manner; and no person shall throw down or remove therefrom any fence or timber, or other material placed for such purpose, or at any time wilfully injure or destroy any shaft, drive, or other workings in any mine so as to prevent or impede the further working of such mine or any adjacent ground.

Liability to penalty for allowing work in insecure shafts, &c.

42. Whenever the Registrar has reason to believe, or upon report being made to him, that the shaft or underground workings of any claim or leasehold are unsafe through insufficient timbering or any other cause, so that loss of life or bodily injury may be occasioned thereby, he shall cause an examination of such shaft or workings to be made by two competent miners, and upon their report the Registrar may order the owner of such claim or leasehold to do within a specified time whatever may be considered necessary to remove the cause of danger, and may prohibit any other work being done in such claim or leasehold until the same is made safe as ordered.

Accidents to be reported.

43. In the case of any accident in a mine, whereby loss of life or serious bodily injury has been occasioned, the mining manager or person in charge of the mine, or one of the shareholders, shall immediately report at the Registrar's office the nature of the accident, and the Registrar shall cause an inspection to be made of the mine where the accident occurred by two competent persons, and proceed to hold an inquiry into the nature and cause of the accident, and shall forward a copy of the evidence taken at such inquiry, with his report thereon, to the Minister.

Props or timber not to be removed or ventilation obstructed without consent.

44. The owners of any claim or leasehold shall not remove any props or timber therein, the removal of which may endanger the workings of any other claims or leaseholds; and whenever the underground workings of two or more claims or leaseholds, or of a claim and leasehold, communicate with each other, so as to afford the means of ventilation, such ventilation shall not be obstructed by the owner of any claim or leasehold without the consent of the owner of any claim or leasehold affected thereby.

Mode of application.

45. Any miners intending to divert and use water for mining or general purposes, or to cut a race, or construct dams or reservoirs in connection therewith, shall give notice in writing thereof to the Registrar, and such notice shall set forth the source from which the water is to be obtained, and describe with sufficient accuracy the point at which it is to be diverted or used, the quantity in sluice-heads required, the number of dams (if any) in which such water is to be stored and their situation, the probable length of the race, its intended course and termination, and the names of the applicants; and copies of such notice shall be kept posted for one week at the Registrar's office, at the source from which the water is to be obtained, at the proposed termination of the race, and on the site of any proposed dam or reservoir; and if no valid objection be lodged at the expiration of one week, the Registrar shall grant the required permission.

WATER RIGHTS.

Dam may be constructed.

46. Any holder of a river or creek claim, or of a leasehold, may construct dams within his boundaries for the purpose of turning water into his flood-race, on the condition that his dams are only of such a height and at such a distance, according to the natural fall of the water, from his upper boundary as in no way to interfere with the natural level of the stream above his claim or leasehold, to the injury of any other claim or leasehold, and he may extend his flood-race or tail-race for such distance beyond his claim or leasehold, as may be necessary for the effectual working of the same, provided that no other claim or leasehold be injured thereby. In cases of dispute, in all running streams the level of running water at the upper boundary shall be considered the natural level, and the Registrar may order any dam to be lowered or altogether removed if he deems it necessary for the purposes of this clause.

Heads of water—how gauged.

47. A box sluice-head shall be a body of water one inch by twelve inches; a ground sluice-head shall be a body of water three inches by twelve inches, and shall be gauged in the following manner:—A box six feet long and twelve inches in width, with a scale of inches marked on the inner side at the lower end, shall be placed at the head of the race, having a fall not exceeding six inches in the entire length of it, and the gauge of water shall be taken at the mouth of the box where the water is discharged. When the length of the race exceeds one mile, the width of the box may be increased half-an-inch for each mile.

Quantity of water taken and left running.

48. The quantity of water allowed under one water-right for sluicing purposes shall not exceed two ground sluice-heads; and in all running rivers and creeks from which water is diverted for mining purposes, there shall be left running at least one ground sluice-head for general use when required.

Priority of water-rights.

49. The priority of water-rights derived from a common source shall be determined by the date of grant and registration; and in case of failure of water supply, the person last registered shall forego his rights during such failure of water as against the person previously registered, and so on in rotation as the supply diminishes. Provided always that the holder of a water-right in the bed of a stream has a preference over the holder of a water-right whereby the water of such stream is diverted from its natural course.

Right to cut race anywhere.

50. Any party of miners may cut a race or drain for mining purposes through any claim, or over or under any race or drain belonging to any other party of miners, provided that no injury be done to such claim, race, or drain, through or over or under which the first-mentioned race is cut; and the original line of any race may be altered or deviated from by the consent of the Registrar, if no prior right be injured thereby.

Right of original owner to hired water.

51. The holder of any water-right, when not using the water held under such right, shall, if required by the Registrar so to do, turn off the water at the head of his race into its natural channel. No person hiring water from the owner of a water-right shall have any claim to such water after it has passed his works, but such water shall revert to the original owner.

Registrar may compel repair of race.

52. When from imperfect construction or neglect any race is in such a state as to cause a waste of water, or to be a nuisance to the public, the Registrar may order the water at the head of such race to be turned off until the defective portion is made good.

Protection to race.

53. No miner shall be permitted to sink, drive, or cut timber within ten feet of any occupied race, without the consent of the owner of such race, or as otherwise provided for by these Regulations.

Exemption from use of race,

54. The holder of any water-right, desirous of retaining the same unused for any longer period than fourteen days, must post notices to that effect, in writing, at the Registrar's office for one week; and on good cause shown, and if no valid objection be lodged, the Registrar may issue a certificate of exemption from use for a period not longer than six months, and register the same on receipt of the fee required.

Water diverted for sale or hire.

55. Any miners who construct a race for the conveyance of water to any mining district for sale or hire, for mining purposes or general use, shall not be restricted in the quantity of water they may divert. Provided that no prior right be prejudiced, or any injury of a private or public nature caused thereby: and provided further that the entire quantity of water so diverted is being actually sold and disposed of in a *bonâ fide* manner; and any water conveyed in excess of the quantity that is being so sold and disposed of shall, when the Registrar directs, be allowed to flow in its natural channel.

Right to sell water.

56. The holder of a water-right may sell or dispose of the right to the whole or any portion of such water; and the property and interest in any race, dam, or reservoir, and in the water contained or flowing therein, or through any race, shall be deemed to be a chattel interest, and the owner may recover in a summary way any sum of money due in respect of any water supplied from any such race, dam, or reservoir.

Water not to be taken or polluted.

57. No person shall take water from any race, dam, or reservoir, without the consent of the owner, nor permit sludge or other noxious matter to flow into or otherwise pollute the water in the same, nor injure the banks thereof, nor the works connected therewith; but the right to any water under any water-right shall terminate whenever the water so held is discharged into any natural stream or watercourse.

Penalties for breach of Regulations.

58. Any person committing a breach of these Regulations, or disobeying a lawful order of the Registrar or Registrar's court, shall for every such offence for which a penalty is not otherwise specially provided by "*The Mineral Lands Act of 1892*" or these Regulations, be liable to a penalty not exceeding Ten pounds, and in default of payment may be imprisoned by order of the Registrar for any period not exceeding one month.

MINERAL LEASES.

How applied for.

59. Miners desirous of obtaining leases under "*The Mineral Lands Act of 1892*" shall apply for the same in the form contained in Schedule No. 3 hereto annexed, and subject to the following regulations:—

- (1.) The area applied for to work tin, silver, or antimony, within the limits of any proclaimed gold-field or mining district specially notified by proclamation in the *Gazette*, shall not exceed forty (40) acres; beyond such limits the area shall not exceed eighty (80) acres.
- (2.) The area applied for to work minerals, other than tin, silver, and antimony, shall not exceed one hundred and sixty (160) acres, except in the case of coal, the area for which shall not exceed 640 acres.

- (3.) The term shall not exceed twenty-one years.
- (4.) The rental shall be at the rate of five shillings per acre, or for any part of an acre, payable yearly in advance, except in the case of coal leases, which shall be at the rate of sixpence an acre and a royalty of threepence per ton on the coal raised.
- (5.) The applicants shall, thirty days prior to their application being heard by the Registrar, post a notice, in the form of the Schedule No. 4 hereto annexed, on a conspicuous part of the ground applied for and at the Registrar's office, and advertise the same in any local newspaper.
- (6.) Each application must be signed by the party or parties applying for the lease, or by accredited agents, and must be accompanied with a sketch plan defining the position of the land applied for.
- (7.) In mining districts, where a mining surveyor has been appointed by the Government, he shall, within six months after such application is lodged, furnish to the Registrar a plan in duplicate and description showing the boundaries of the land as actually surveyed and marked, but, upon good cause being shown, the Registrar may recommend further necessary extensions of time. The plan and description of a mineral lease shall be executed in accordance with the general directions issued by the Government.
- (8.) Where no mining surveyor has been appointed, a survey made by a licensed surveyor may be accepted; such survey must be lodged within nine (9) months after application, otherwise such application shall be liable to be cancelled.
- (9.) In all cases where the land is so available the area applied for shall be rectangular, and its length shall not exceed twice its breadth; but when, owing to the positions of adjoining boundaries or natural features, regular rectangular areas are not available, any intervening or irregularly-shaped pieces of land may be applied for, and leases of such pieces may be granted by the Government.
- (10.) Each application must be accompanied with a deposit of the required rent, together with the survey fees prescribed by Schedule No. 2 which deposit of rent and survey fees shall be forfeited should the lease, when approved, not be taken out. In the event of the application being refused after survey, the deposit of rent only will be returned. If the application be withdrawn before survey, the survey fee only will be returned.
- (11.) All mineral leases granted under these Regulations shall be computed from the 1st of January preceding the date of the approval by the Minister. All rents of mineral leases shall be calculated, as from the 1st of January to the 31st December, and shall be paid to the Minister at the Land and Survey Office, Perth, or to his Agents at the various Resident Magistrate's Courts in the Colony, or to the Registrar of the Mining District, on or before the 1st of March in each year. Leases applied for during the year will be charged rent from the beginning of the quarter previous to the date of application, viz., from the 1st day of April, the 1st day of July, and the 1st day of October, as the case may be.

Registrar to report.

60. The Registrar shall report on each application whether the lease should be granted or not. If any objection to the granting of the lease be made, the evidence taken at the hearing of the objection shall be forwarded with the report immediately after the case has been heard.

To be worked half-handed pending decision.

61. In all cases where no objections have been lodged against the issue of any lease within thirty days from the date of the application being lodged with the Registrar, the ground applied for shall be worked half-handed; but when intimation has been given that the lease has been granted, the ground shall within one month be effectually worked full-handed. A failure to comply with this clause will entail forfeiture.

Labor conditions.

62. All ground held under a mineral lease shall be worked by not less than one man for every five (5) acres or fraction of five (5) acres, unless exemption or partial exemption from work has been granted.

Exemption from work for one month.

63. Lessees or applicants for leases may apply to the Registrar, after posting a notice on the ground and at the Registrar's office of their intention, three working days before the hearing, to have their leasehold or application exempted or partially exempted from work for a period not exceeding one month; and provided no valid objection be lodged the Registrar may, upon good cause being shown, grant such exemption or partial exemption from work upon the receipt of the fee required, and upon such conditions as to bailing or other requirements as he may deem necessary, and any failure on the part of the lessees to fulfil such conditions shall be deemed to be a forfeiture of such exemption.

Exemption from work for six months.

64. Lessees or applicants for leases may apply through the Registrar to the Minister, after posting a notice on the ground and at the Registrar's office, stating the grounds on which such application is made, one week before the hearing thereof by the Registrar, for exemption or partial exemption from work for a period not exceeding six months. If any objections be lodged against the granting of the exemption, the Registrar shall take evidence thereof in writing, and shall, upon receipt of the fee required, forward the evidence, together with his report recommending the Minister to grant, or grant on conditions as to bailing or other requirements, or refuse the exemption applied for, such report to be read in open court to the applicants and objectors, if any; and the Minister may grant the exemption upon such conditions as he may deem necessary. Any failure on the part of the lessees or applicants to comply with the conditions shall be deemed to be a forfeiture of such exemption. Any exemption obtained under this clause may, on good cause being shown, be renewed in the same manner for a like period by the Minister on payment to the Registrar of the prescribed fees.

Miner giving notice of leasehold being liable to forfeiture to have preferent right.

65. Any miner giving notice to the Registrar that a leasehold or ground held under application for lease is not being worked in accordance with these Regulations, and applying for the forfeiture thereof, shall, in the event of such leasehold or application being forfeited, have a preferent right for seven days after such forfeiture to take possession of the ground so forfeited, or any portion thereof, as a claim, or to apply for the same as a leasehold.

Transfer.

66. Leases or shares therein, or any interest in applications for leases, may be transferred in the form prescribed by Schedule No. 5, which must be deposited at the Registrar's office with the instrument of lease, if issued, and the fee required for registration.

Application Book.

67. Every Registrar shall keep a register in which he shall enter all applications for mineral leases in the consecutive order of their receipt and the day and hour

on which they were lodged, and such register shall be open to public inspection during office hours.

Date and register of mineral leases.

68. Every mineral lease shall commence from the day of the hearing of the application by the Registrar, and a book shall be kept at the Registrar's office in all mining districts where ground is held under lease, to be called a Register of Mineral Leaseholds; in which book shall be entered the names of all lessees, the share each lessee holds, all transfers made, and all liens upon lessees' shares.

The lessee of any mineral lease shall furnish the Registrar with a monthly statement of the working and proceeds of such mine; such return must be lodged with the Registrar not later than the 7th of each month. Failure to furnish this return will subject the lessee to a fine not exceeding £10.

Prospecting Licenses for Coal.

How applied for.

69. Persons desirous of obtaining a license to prospect Crown lands for Coal under "The Mineral Lands Act of 1892" shall apply for the same in the form U hereto annexed. Each application must be signed by the party or parties applying for the license, or by his or their accredited agent, and must be accompanied with a sketch plan defining the position of the land applied for. Every Registrar shall keep a register, in which he shall enter all applications for prospecting licenses in the consecutive order of their receipt, and the day and hour on which they were lodged, and such register shall be open to public inspection during office hours.

Schedule No. 1.

SCALE OF FEES AND RENTS.
