BORING FOR DEEP ARTESIAN WATER. $\frac{4\ 9\ 6}{9\ 3}$ *Department of Lands and Surveys,**Perth, March 20th, 1893.*

TENDERS are invited until noon on Friday, 28th April, 1893, for 5,000 feet of Boring for Deep Artesian Water on the Yilgarn Goldfield.

Tenders are to be enclosed in sealed envelopes, addressed to the undersigned, and endorsed "Tenders for Deep Boring," and they must be posted in time to reach the Under Secretary for Lands before the time stated.

Specifications and General Conditions of Contract may be seen and procured free of charge at the Department of Lands and Surveys, Perth; at the Office of the Minister of Mines, Sydney; the Office of the Minister of Mines, Melbourne; the Office of the Minister of Mines, Brisbane; and the Office of the Commissioner of Crown Lands, Adelaide; from whom further particulars can be obtained.

The lowest or any Tender not necessarily accepted.

W. E. MARMION,

Commissioner of Crown Lands.

SPECIFICATION of Work to be performed in Boring for Deep Artesian Water in Western Australia.

1. The work to be performed under this Contract consists in the sinking of 5,000 feet, as hereinafter specified, on the Yilgarn Goldfield.

2. Each bore shall be carried down perpendicularly to such depth as the Minister may from time to time direct, provided no bore shall exceed a depth of 2,500 feet from the surface, and it is to be distinctly understood that the Minister, or officer appointed by him, acting under his directions, shall have power from time to time, during the progress of the works, to order boring operations to be continued in any or all of the said bores to the maximum depth stated, or abandoned at any lesser depth, and the Contractor shall have no claim for compensation for any delay that may occur, or for any additional payment beyond the Schedule rate for the actual depth bored and cased.

3. The proposed site of each bore will be distinctly marked upon the ground and pointed out to the Contractor, but it is to be distinctly understood that the Minister, or Officer appointed by him, may, in his discretion, abandon any or all of the said bores, and substitute others that may be decided upon; provided that if the Contractor is thereby put to additional expense he shall be paid such additional expense, provided the Minister is satisfied that the charge made is a reasonable one.

4. The Minister or Officer appointed by him shall fix the exact position for each bore when required by the Contractor, and work shall be commenced within three months of the indication of the site.

5. The Contractor shall, at his own cost, furnish all boring machinery, tools, implements, tents, camp utensils, water, wood, and plant of every description, stores, skilled and other labor, horse and steam power, and everything else necessary for properly and expeditiously carrying on and completing, within the specified time, the works of this Contract, and shall, at his own cost, defray all railway and other freights, wharfage, cartage, and other charges incurred in transporting such boring machinery, &c., from the nearest port to the site of the first bore and thereafter from bore site to bore site, the Government allowing a sum of 2s. per ton per mile in all cases except where there is railway communication, in which case the actual cost will be paid.

6. Without extra charge to the Schedule rates for boring, each bore shall, where ordered, be cased to the entire satisfaction of the Minister or the Officer appointed, and in such manner as will effectually shut off all objectionable water, sand, or other matter, freely admit good fresh water, and prevent it escaping through any porous strata penetrated by the bore, or when the water is shut off from escaping or forcing its way between the castings, if more than one "string" is ordered, and between the outer casing and the earthen wall of the bore; and the Contractor alone shall be held responsible for the

complete fulfilment of these conditions, otherwise the bore will not be taken off his hands, nor shall final payment be made to him on account of the bore until, after one month's trial at the Contractor's cost, the Minister shall be satisfied that these conditions have been strictly complied with.

7. The casing shall be supplied by the Department, and upon its delivery at the bore site in good order and condition the Contractor shall give a receipt therefor, stating that he has received it in good order and condition, and the Contractor shall then become responsible for, and shall be charged with all loss or damage accruing to the casing, except such as becomes damaged in withdrawal, until the bore is complete and taken off his hands, and shall periodically render an account in writing of the casing delivered to and used by him.

8. The Department will bear the cost of transporting the casing to the site of the bore.

9. The Department will not be responsible for any delay that may occur from floods, drought, or any unforeseen cause in the delivery of the said casing, nor will it be responsible for wages of the Contractor's men during such unforeseen delay. The Contractor shall give in writing at least three months' notice in advance of the casing required.

10. The diameter of the bores shall be made to suit the casing, commencing with 10 inches; and in every case the bore shall be carried to the required depth of a diameter that will admit of a 6-inch casing being inserted. If the Contractor, however, considers it advisable to commence bore at a larger diameter than 10 inches, as specified, he may do so, but shall supply himself with any casing he may require of larger diameter than that specified.

11. Upon completion of the work of boring, the Minister or Officer appointed by him shall decide what casing shall be left in the bore, and shall order the same to be left in the bore; and the Contractor shall, without extra cost, remove from the bore all casing not so ordered to be left in the bore before the boring machinery is removed therefrom. The Contractor shall provide all appliances for the withdrawal of the casing, and shall make every endeavor to the satisfaction of the Officer appointed to withdraw such casing as may be ordered to be withdrawn; or, failing therein, he shall have no claim for compensation for any delays or stoppage occurring in the progress or completion of any bore to be put down under this contract by reason of the want of casing.

12. The casing shall be put in tight, and in no case shall the diameter of the bit exceed the outer diameter of casing to be inserted by more than three-quarters of an inch, except by the special sanction of the Minister.

13. The Contractor shall not, unless he is ordered to abandon any bore before reaching 200 feet, be entitled to make any charge in respect of any bore until it is 200 feet deep, after which, subject to the conditions set forth in the General Conditions of Contract, he will be entitled to 75 per cent. of the value, at Schedule rates, for boring each 200 feet; and upon having satisfied the Officer appointed that such casing as may be ordered to be withdrawn cannot be so withdrawn, and upon accounting to the satisfaction of the Officer appointed for the casing delivered to him, and subject to the provisions of clause 6 of this specification, the Contractor shall, upon the certificate of the Officer appointed, be entitled to the full value of the bore at Schedule rates.

14. The General Conditions of Contract annexed hereto must be strictly observed so far as they are applicable to this Contract; and should any questions or dispute arise as to whether the said General Conditions are applicable, the decision thereon of the Minister shall in every such case be final.

15. The Contractor shall, when required by the Minister or the Officer appointed, furnish, without extra charge, such returns to the Minister, or the Officer appointed, made in such form as he may require, showing the depths, diameters, and such other particulars of the bore, and the kind and the thickness of the strata pierced; and he shall also, in like manner as aforesaid, make such test as the Minister or the Officer appointed deems necessary for the purpose of ascertaining the volume of water each bore will yield. All shells, bones, fossils, minerals, stones, gems, petrifications, and a sample of each stratum passed through, shall be carefully preserved and transmitted to the Department, and shall be the property of the Government. Two gallons of the water struck in each bore must be furnished, in accordance with instructions, to the Department when required.

16. Upon the completion of each bore the Contractor shall remove all sludge, rubbish, and other accumulations from the ground at the bore site, and for a radius at least one chain round the bore hole.

17. During the time occupied in transporting the boring machinery and other things referred to in this Specification, to the site of the first bore, and thereafter from bore site to bore site, as shown on Plan, the Contractor shall have no claim against the Government for compensation of any kind, nor upon any ground whatsoever.

18. The Contractor shall place in position at the top of the casings any plug or valve that may be directed by the Minister or Officer appointed, for the purpose of cutting off entirely or regulating the flow of water from any bore.

WESTERN AUSTRALIA.

DEPARTMENT OF LANDS AND SURVEYS.

GENERAL CONDITIONS OF CONTRACT.

Tender.

1. The Contractor must send in his Tender, with Schedule of Prices, for the whole of the works of this Contract, to be executed according to the Specification and these General Conditions of Contract, all the provisions of which he shall be deemed to have fully considered before making his Tender.

Every Tender must be accompanied by a deposit of 3 per cent. on the amount of the Tender which will be returned if the Tender is not accepted.

Deposit to consist of Treasury deposit receipt or a cheque on some bank in the Colony, such cheque to be specially marked by the Bank Manager as good for ten days; and the amount of such cheque shall be held as security for the due performance of the Contract. Any Tender not complying with the above conditions will be rejected.

Security—Contract to be Executed.

2. The Contractor must, within seven days after notification in writing from the Minister, or the Officer appointed, of the acceptance of his Tender, execute a Contract Deed for the performance of the work mentioned in his tender. In the event of the non-execution of the Contract within the time aforesaid, or in the event of any breach by the Contractor of the Contract, the Minister shall be entitled to declare such deposit to be absolutely forfeited, and the same shall thereupon become and be absolutely forfeited as liquidated damages. The Minister may, in his discretion, at any time previous to the completion of the Contract, return to the Contractor the whole or any portion of any such deposit, but such return of the whole or any portion thereof shall not waive, prejudice, release, or discharge any of the conditions or obligations of the Contract whatever. The acceptance of the Tender shall not be deemed to complete the Contract, and no Tenderer will be allowed to proceed with the work tendered for until he has executed the required Contract deed. It shall be lawful for the Minister, any time before the said Contract Deed has been executed, to annul the acceptance of such Tender, and to repay to the Contractor any moneys deposited by him under these General Conditions; and the Contractor shall not be entitled to claim for interest, or for any loss or damage whatsoever, caused through not being allowed to execute the Contract and proceed with the Contract works.

Contract to be at a Schedule of Prices.

3. The Contract is a Schedule of Prices Contract, and not a Contract for a bulk or lump sum, Subject to these conditions and to the Specification, the Government will only be liable to pay the Contractor for the actual quantity of work done, whether such measured quantity is less or more than the quantity stated in the Specification.

Quality of Materials and Execution of Works.

4. All the materials used are to be the best of their respective kinds, and all works throughout, of every description, are to be executed in strict accordance with the Specification, and in the best, most substantial, and workmanlike manner, and to the satisfaction of the Minister, or the Officer appointed; and should any work not be so executed it shall be immediately altered and amended at the cost of the Contractor.

Supervision of Works.

5. The whole of the works of this Contract are to be carried out under the control and to the entire satisfaction of the Minister, or the Officer appointed.

Contractor to Proceed with Works Immediately.

6. The Contractor shall, immediately after he gets possession of the ground or works or any part thereof respectively, commence the works of the Contract, and proceed with diligence and expedition to execute the same, and he shall not fail to make sufficient progress with the works, nor shall he stop the same unless required to do so by the Minister, or forced to do so by floods, accidents, or unforeseen circumstances.

Possession of Ground, &c.

7. If from any cause the Minister, or the Officer appointed, is unable to decide upon the site for any bore, or to give possession of the ground within the time mentioned in paragraph 4 of the Specification for carrying on boring operations, a commensurate extension of time for completing the works, to be settled and determined by the Minister, will be allowed the Contractor; but the Contractor shall not be entitled to claim for any loss or damage caused by the delay in giving him possession of the ground for carrying on the works nor arising therefrom.

The Contractor shall not be deemed to have exclusive possession of the ground or works, but only such limited possession as is necessary in order to enable the Contractor to perform the works of the Contract.

Contractor to be represented.

8. The Contractor, at all times during the progress of the works, when he is not personally superintending them, shall have a responsible agent or overseer stationed on them to receive instructions from the Minister, or the Officer appointed, and to represent the Contractor for all the purposes of this Contract.

Contractor not to Sublet Works or assign Moneys.

9. The Contractor shall not sublet any portion of the works, or enter into any subcontract for the execution thereof, or any portion thereof, or assign the deposit moneys, or any part thereof, or all or any of the moneys payable or to become payable under the Contract, or all or any part of any other benefit whatsoever arising or which may arise under the Contract, without the written consent of the Minister; and such subletting, subcontract, or assignment, made without such consent as aforesaid, or any agreement, contract, or covenant for the same, or any irrevocable power of attorney coupled with an interest to receive any such deposit or contract money, or any part thereof respectively, shall not have any effect or be recognised by the Government, and the same respectively shall be void to all intents and purposes.

Measurement.

10. All measurements are to be net, notwithstanding any custom to the contrary, and to be determined by the most approved and accurate methods. The final measurements are to be made immediately after each bore is completed, and the Contractor or his representative must be present at all progress and final measurements, assist free of charge in making same if required, and must before any progress or final certificate is given render to the Minister or the Officer appointed full and detailed particulars, in

writing, of the strata pierced, as far as practicable, and also of work actually done under his Contract. If the Contractor or his representative fails to attend when any measurement is made, the measurement made by the Minister or the Officer appointed shall bind the Contractor and be accepted by him as the correct measurement.

Payments.

11. Payments, subject to all deductions herein provided for, and subject to the provisions of the Specification, will be made, if possible, within thirty days after the voucher claiming payment has been rendered, on the certificate in writing of the Minister, or the Officer appointed; and the balance, together with the amount deposited as cash security if not previously refunded to the Contractor, on the expiration of thirty days after the Minister, or the Officer appointed, has certified under his hand that all the works of the Contract have been finally and satisfactorily completed, and that such balance, together with the cash security, is due to the Contractor. Provided always, that no sum or sums of money shall be considered to be due or owing to the Contractor, nor shall the Contractor make any claim for or on account of any work executed or maintained by him, whether work mentioned in the Specification, Schedule of Prices, or General Conditions of Contract, or any extras, additions, enlargements, deviations, or alterations thereto or therein, unless such certificate as aforesaid shall have been given by the Minister, or the Officer appointed as aforesaid; nor shall any sum or sums of money so certified be considered to be payable to the Contractor until the expiration of thirty days after the date on which the voucher claiming payment has been rendered; nor shall any omission to pay the amount of such certificate at the time the same shall be payable be held or deemed to be a breach of, or to vitiate or avoid, the Contract; but in case of such omission the Contractor shall be entitled to interest on the amount certified for, at the rate of five per centum per annum for such time as such omission shall continue.

Progress Payments without prejudice, &c.

12. No certificate given to the Contractor for the purpose of any progress payment shall prevent the Minister, or the Officer appointed, at any future time, before the termination of the Contract, from rejecting improper materials or workmanship, and, notwithstanding the giving of any certificate that portions of the whole of the works have been satisfactorily performed, the Minister, or the Officer appointed, may require the Contractor to remove or amend at any future time, previously to the final payment on account of the Contract, any work that may be found not to have been performed in accordance with the Contract, and the Contractor must remove or amend, at his own cost, all such work when so required, notwithstanding any approval made or given by the Minister, or the Officer appointed. The Minister shall have full power, on the report of the Officer appointed that the work approved of as aforesaid is not, in his opinion, in accordance with the Contract, to deduct from any moneys that may be due or that may become due to the Contractor the whole amount that has been paid on account of such work.

If, in the opinion of the Minister, or the Officer appointed, further inquiry is necessary or desirable before any certificate is paid, the Minister shall have full power to suspend the payment of all or any part of the amount mentioned in any such certificate for a period not exceeding three months from the date at which in the ordinary course the money would have been paid.

Power to pay Workmen's Wages in certain cases.

13. Before the payment of any money to the Contractor, the Minister, or the Officer appointed acting under his instructions, may require from him a statutory declaration that the workmen and laborers of every kind employed on the Works to which these General Conditions refer have been paid their wages and claims of every kind in full in money, the current coin of the Colony, and to the latest date to which such wages or claims are due; and the Minister may withhold the payment of any money that may be due, or may become due, to the Contractor, till such declaration has been delivered.

If the Contractor fails or omits to pay the wages of any workman or laborer employed on the works in the current coin of the Colony, it shall be lawful for the Minister, as often as the same shall happen, upon complaint of such failure or omission made by any such workman or laborer, and upon satisfactory evidence that he has obtained a judgment or order of a Court of Petty Sessions or of any other Court of competent jurisdiction for the amount of such wages or any part thereof, to pay the amount mentioned in such judgment or order to such workman, and to deduct the same amount from any money then due or owing or thereafter to become due or owing to the Contractor under this Contract; and all wages and claims due to men engaged under sub-contractors shall be considered, as far as the purposes of this clause are concerned, to have been employed under the direct orders of the Contractor himself, who shall be held responsible by the Minister for the payment of all their wages and claims; and all such wages and claims shall be included in the above statutory declaration.

Progress of Works.

14. If, in the opinion of the Minister, or the Officer appointed, the Contractor fails to make such progress with the works as the Minister, or the Officer appointed, deems necessary to ensure their completion within the specified time, or after such specified time has elapsed has not made proper progress with the work; or if the Contractor executes any work in an imperfect manner, and fails or neglects to rectify any such cause of complaint for sixty days after being thereunto required in writing by the Minister, or the Officer appointed; or if, in the judgment of the Minister, or of the Officer appointed, the Contractor commits a breach of his Contract, then and in any such case it shall be lawful for the Minister, by notice in writing delivered to the Contractor, or his representative on the works, or left at the Contractor's usual or last-known place of abode or business, calling upon the Contractor to show cause why the Contract should not be determined; and in the event of such determination happening, the moneys which have been previously paid to the Contractor under this Contract shall be deemed to be the full value of the work executed, and shall be taken and accepted by the Contractor in full payment and satisfaction of all claims and demands under the Contract, and the deposit and percentages, or retention money shall remain the absolute property of the Government, and may be disposed of as the Government shall think fit.

Power to Assess Damage.

15. If, in the judgment of the Minister, or the Officer appointed, the Contractor commits any breach of the Contract, or fails to comply with any of these General Conditions or the Specification on the part of the said Contractor to be observed or performed, it shall be lawful for the Minister either to pursue the remedy provided herein for such breach, or to enter into another Contract or other Contracts, or to take such steps as he may deem necessary for their completion; and it shall in such case be lawful for the Minister to estimate and assess the damage and loss that may have arisen or occurred, and the Minister may deduct the same from any money that may be due or owing, or may thereafter become due or owing, to the Contractor under his Contract; and the Contractor shall also be liable to pay such sum assessed as if he had expressly covenanted to pay the same.

Suspension of Works, &c.

16. The Contractor, on receiving a written notice from the Minister, or the Officer appointed, shall from time to time suspend the whole or any portion of the works as may be directed, and the Contractor shall have no claim for loss or damage on this account until from and after the expiration of 14 working days from the date of such suspension, and such suspension shall in nowise vitiate the Contract.

Time of Completion.

17. The Contractor shall complete and deliver the whole of the works of this Contract within the period of eighteen months from the date of signing the Contract Deed, and for every day's delay in the completion of the works after that date the Minister shall be entitled to deduct or set off as and by way of ascertained and liquidated damages, and not as or in the nature of a penalty, the sum of £5 sterling per working day; and if from any cause, whether arising on the part of the Government, or any Officer or servant of the Minister, or otherwise howsoever, the Contractor shall be delayed or impeded in the execution of his Contract, the Contractor shall apply, in writing, to the Minister, who shall from time to time if he thinks the cause sufficient, but not otherwise, allow by writing under his hand such an extension of time as he thinks adequate, and at the expiration of the time so allowed the deductions or sets off for delay shall come into operation, and unless and until the Minister allows such extension, by writing as aforesaid, the Contractor shall not be relieved from his liability, nor shall the Minister be deprived of his right to deduct or set off the said sum under this condition.

Bankruptcy or Insolvency.

18. If the Contractor shall become insolvent or enter into a liquidation by arrangement with his creditors, or make any assignment of his estate for the benefit of his Creditors, it shall be lawful for the Minister to determine the Contract by notice in writing, and to recontract with any other person or persons to proceed with and complete the same, upon such terms, stipulations, and conditions as shall be deemed expedient; and all the then remaining materials, implements, and plant aforesaid may be used in and applied for the purposes of the works, and on the final completion of the works the surplus of such materials, implements, and plant shall cease to belong to the Government and shall become the property of the said assignees or trustees, but without any allowance for any loss or diminution, wear, tear, or injury they may have sustained in the meantime, and the Minister shall be at liberty to deduct from the deposit money and balance retained after the payment of progress payments as aforesaid, any losses, damages, costs, or expenses which shall in the opinion of the Minister, or the Officer appointed, have been sustained by reason of the premises; and the residue of such deposit money and percentages (if any), but without any interest thereon, shall belong to the said assignees or trustees; and if there should be no residue but a deficiency, the Minister may prove on the estate of the Contractor for any such deficiency.

Liabilities of Contractor notwithstanding Exercise of Powers of Government.

19. The exercise by the Minister, or the Officer appointed, of any of their respective powers, shall not relieve the Contractor from any liability to which he may be subject for any breach of the Contract.

Settlement of Disputes.

20. In the event of any dispute as to any matter in which the Minister has no power under these Conditions to decide, it shall be referred to arbitration.

Decision of Minister to be Final.

21. The decision of the Minister shall be final, binding, and conclusive on the parties to this Contract, notwithstanding any attempted revocation by either of them.

Costs.

22. The costs and charges (if any) attending the determination of any such matter or question as aforesaid shall be in the discretion of the Minister, and shall be paid according to the order, decision, or certificate made or given.

Variation of Provisions.

23. None of the clauses or provisions of the Specification, or of these General Conditions of Contract, or any other part of the Contract shall be varied, waived, discharged, or released, either in law or in equity, unless by the express consent, in writing, of the Minister.

Interpretation Clause.

24. In these General Conditions and in the Contract Deed and Specification annexed hereto, the words "the Minister" shall mean the Commissioner of Crown Lands for the time being; the words "the Officer appointed" shall mean any person or persons who may, from time to time, be appointed by the Minister to supervise the works or any part thereof; the word "Government" shall refer to the Governor and Executive Council of the Colony of Western Australia as represented by the Minister; the word "Specified" shall mean contained in the Specification, or in these General Conditions.

Words importing the singular number only shall include the plural number; and words importing the plural number shall include the singular number. The words "the Contractor" shall extend to and include all the parties to the Contract of the first part.

Maintenance Clause.

25. The Contractor shall maintain at his own expense any work in proper repair and order for one month after completion, and before final payment is made.

Power to Determine Contract.

26. It shall be lawful for the Minister at any time absolutely to determine this Contract, upon giving notice in writing to the Contractor or his representative upon the works, or to be left at the Contractor's usual or last-known place of abode, that after the expiration of thirty days from the date of such notice it is the intention of the Minister that this Contract shall be determined; and when a final certificate in writing shall have been certified under the hand of the Minister, or the Officer appointed acting under his instructions, as to the total amount of work then done by the Contractor under this Contract, payment shall be made to the Contractor by the Minister of the amount due under that certificate, and the payment thus made shall be taken and accepted by the Contractor in full payment and satisfaction of all claims and demands under this Contract.

Bonus for Deep Sinking.

^{1/2}
M Department of Lands and Surveys,
Perth, 11th January, 1893.

NOTICE is hereby given that the Government offers a Bonus to any person or company who, during the year 1893, shall sink on any of the declared Goldfields of the Colony a Shaft as hereinafter mentioned, and according to the following conditions, from a depth previously attained of not less than 100 feet:—

For a shaft to be sunk from below the depth of 100 feet to a depth of 200 feet, @ £2 10s. per foot.

For a shaft to be sunk from below the depth of 200 feet to a depth of 300 feet, @ £5 per foot.

CONDITIONS.

Each shaft to be vertical throughout, with a superficial area of not less than 27 feet in the clear when completed, and a minimum width of not less than 3 feet, to be sunk and timbered where necessary, to the satisfaction of the Warden or his Deputy.

Provided, that if any shaft has been already sunk of a less superficial area than 27 feet, the bonus shall be paid in proportion; but in no case shall any bonus be paid for a shaft having a less area than 20 feet, or less than 3 feet in width.

All measurements of depth to be taken from the surface of the ground.

Payments will be made monthly as the work progresses. No payments will be made for less than 10 feet, and all work shall be measured and passed by the Warden or his Deputy before payment, and the decision of the Warden or his Deputy shall be final.

No payment will be made in respect of the first 100 feet from the surface.

With regard to existing shafts, no payment will be made in respect of work done before the date hereof.

Any person intending to deepen any existing shaft of or exceeding the depth of 100 feet shall give notice in writing to the Warden or his Deputy of the depth of the said shaft, and of his intention to deepen the same.

The Warden or his Deputy shall ascertain and certify the depth of such shaft, and payment shall be made only in respect of the work done beyond the depth certified by the Warden or his Deputy.

Any person intending to sink a new shaft with the intention of claiming a bonus shall give notice in writing of such intention before the commencement of the work, or before the shaft is down 100 feet.

No company or person shall receive assistance for more than one shaft on the same mining property.

W. E. MARMION,
Commissioner of Crown Lands.

NOTICE.

I, HARRY WHITTALL VENN, Commissioner of Railways for Western Australia, hereby give notice that it is my intention, at the expiration of three months from the date of the publication of this notice, to close the connection of a certain Siding now existing and connected with the Eastern Railway, being at or upon Perth Town Lot Q 7, and known as the West Australian Manufacturing Company's Siding.

Dated and published at Perth, this 30th day of March, 1893.

H. W. VENN,
Commissioner of Railways.

REGULATIONS made by the Central Board of Health, under Section 38, Public Health Act, 1886, and in conformity with order by the Governor in Council dated 12th August, 1889, published in *Government Gazette Extraordinary*, 19th August, 1889:—

From and after this date, and until further notice, all passengers and luggage arriving at or within the boundaries of the Albany Local Board of Health from places within the Colony shall be disinfected at such places and times and manner as the said Local Board shall direct.

By Order of the Central Board of Health,

CHAS. D'OYLY FORBES,

Secretary.

Perth, 17th April, 1893.

Perth Local Board of Health.

By-Law.

UNDER the provisions contained in Section 24 of the Public Health Act (50 Vict., No. 19), the Health Committee for the City of Perth, by the powers therein conferred, doth hereby make the following By-Law for the further abatement and prevention of nuisances, and for securing the healthfulness of the inhabitants of the City of Perth:—

1 That on and after the 20th day of April, 1893, no night cart shall be kept or caused to be kept by the owners thereof, or by their servants, or by any person or persons acting for or on behalf of any such owner or owners, within the limits of the said City of Perth, except during such time or times as they may be actually engaged in the removal of night-soil, manure, offal, or other offensive matter or liquid. And for the purposes of this By-Law the words "Night Cart" shall be understood to mean any cart or other carriage of any description whatsoever used by any such owner or by his servant or servants, or any person or persons as aforesaid, for the removal of night-soil, manure, offal, or other offensive matter or liquid as aforesaid. Every such owner committing or allowing any servant or servants, or person or persons as aforesaid to commit a breach of this By-Law shall be liable to a penalty of any sum not exceeding £10.

ALEX. FORREST,

Chairman Local Board of Health.

Confirmed,

By order of the Central Board of Health,

CHAS. D'OYLY FORBES,

Secretary.
