HIS Excellency the Governor in Council has been pleased to make the following additional Regulations under the provisions of "The Mineral Lands Act, 1892."

W. E. MARMION,

Commissioner of Crown Lands.

### PART IX.—PROTECTION AREAS AND REWARD CLAIMS.

*Size of protection area.*

80. A miner desirous of prospecting may mark off and hold a protection area of the following dimensions, viz.:-

Beyond the limits of a Mining District, 400 yards by 400 yards.

Within the limits of a Mining District and more than three miles from the nearest mineral working, 300 yards by 300 yards; not more than three miles, and more than two miles from such workings, 250 yards by 250 yards; not more than two miles, and more than one mile, 200 yards by 200 yards.

*Must be marked and registered.*

81. All protection areas must be marked at each corner with a post standing three feet above ground, and four inches in diameter, such posts to be kept uncovered and set in L trenches three feet long and six inches deep along each boundary line, and such marking shall be deemed a sufficient title for thirty clear days, subject to the labour conditions; after which all protection areas within the limits of a Mining District must be registered in the manner prescribed in Clauses 9 and 54 of the regulations under the Mineral Lands Act, gazetted 4th July, 1892, and the prescribed fee of five shillings paid for such registration: the form of application is prescribed in Schedule No. 12, annexed to the said Regulations. A notice shall be posted on some conspicuous part of the area with the names of the holders, the numbers, and dates of their Mining Licenses, the date on which the area was marked, and the date of registration thereof.

Within seven clear days after the finding of minerals in apparently payable quantities within any protection area, the holder shall report the said finding at the Registrar's office, or if the protection area is outside the limits of a Mining District, at the office of the Minister or his agent, under pain of forfeiture of such area. The Registrar, Minister, or Agent shall then, if sufficient mineral has been found to warrant it, allot the prospector a reward claim in addition to the number of ordinary claims to which he would otherwise be entitled, and the protection area shall then cease and determine.

*Reward claims.*

84. The size of reward claims which shall be given for the discovery of payable minerals in any creek, river, or ordinary alluvial ground shall be in proportion to the distance from the nearest occupied workings of the same description, and as follows:—

If distant over one mile ...	Two claims of one man's ground.
„ two miles ...	Four ditto.
„ three miles ...	Six ditto.
