### Parliamentary.

THE following Certificate, referring to the North Province Election, is published for general information, and in accordance with Section 58 of "The Electoral Act, 1889."

C. LEE STEERE,

Legislative Council Chamber,  
28th August, 1894.

CERTIFICATE MADE UNDER 58TH SECTION OF "THE  
ELECTORAL ACT, 1889" (53 VIC., No. 23).

*The Clerk Legislative Council.*

I, the undersigned, being the Returning Officer for the North Province, hereby certify that at the Election held on the 16th day of July, 1894, for the Election of three Members to serve in the Legislative Council for the said Province, the number of persons who voted at the several Polling Places appears to have been as follows:—

|                |     |     |     |    |
|----------------|-----|-----|-----|----|
| At Roebourne   | ... | ... | ... | 26 |
| „ Cossack      | ... | ... | ... | 7  |
| „ Onslow       | ... | ... | ... | 8  |
| „ Wyndham      | ... | ... | ... | 5  |
| „ Hall's Creek | ... | ... | ... | 4  |
| „ Broome       | ... | ... | ... | 2  |
| Total          | ... | ... | ... | 52 |

No person appears to have voted more than once at such Election. Six of the above votes under the 52nd Section were rejected, owing to their names not appearing on the Roll.

Seven other votes under the 52nd Section were not taken into account or opened, owing to their having been received too late, viz:—

4 Proxies on the 18th July.  
3 Do. 4th August.

Seven persons appear to have been ticked off on the Wyndham Electoral Roll as having voted, only five votes being in the ballot box, evidently the electors who had voted under Section 52 having had their names marked off, and the votes of whom were received too late to be taken into account by me.

W. D. COWAN,  
Returning Officer,

# Amendment of Clause 60 of the Regulations for the Management of Goldfields (re Applications and Survey, Gold-mining Leases).

Department of Mines,

Perth, 30th August, 1894.

HIS Excellency the Governor in Executive Council, under the powers conferred upon him by Section 79 of the Goldfields Act (50 Vic., No. 18), has been pleased to amend Clause 60 of the Regulations thereunder, as shown below; to come into force on the 1st October, 1894.

W. E. MARMION,  
Commissioner of Crown Lands.

That Sub-section 4 read as follows:—

The applicant shall, previously to making application for a lease, mark the land intended to be applied for, at each corner, by a post standing three feet out of the ground, and four inches in diameter, such post to be kept uncovered, and set in L trenches three feet long and six inches deep along each boundary line; and shall at the same time post a notice in the form of No. 20A, hereto annexed, on a conspicuous part of the land intended to be applied for; and shall, at the time of lodging his application at the Warden's Office, post a notice thereat in the form of Schedule 20. Applications for leases shall be heard by the Warden not less than thirty days after the date of lodging of the application at the Warden's Office.

That Sub-section 5 read as follows:—

Each application must be signed by the party or parties applying for a lease, or by his or their accredited agent or agents, and must be accompanied by a sketch plan of the land intended to be applied for, showing its position and one boundary line thereof, which line shall be considered as the datum line.

That Sub-section 6 read as follows:—

The applicant shall, within three months after lodging the application, or within such other extended period of time as the Warden may see fit to allow, furnish to the Warden a plan in duplicate and description showing the boundaries of the land as actually surveyed and marked. Such surveying and marking shall be performed by a licensed surveyor specially appointed by the Minister to perform mining surveys. The plan and description of a gold-mining lease shall be executed in accordance with the general directions issued by the Minister, provided that the Minister may at any time cancel the special appointment of any such licensed surveyor.

That Sub-section 7 read as follows:—

In all cases where the land is so available, the mean length of the area applied for shall not exceed twice its mean breadth, but when, owing to the positions of adjoining boundaries or natural features, this is impossible, any irregularly shaped or intervening piece of land may be applied for, and a lease of such piece may be granted.

That Sub-section 8 read as follows:—

All leases shall be marked by the surveyor according to the applicant's posts. Provided that should the area of the land marked by the applicant's posts be in excess of the area applied for, the applicant may either amend his application to include the excess area (provided that the total area of the land applied for does not exceed twenty-five acres), or in the event of the area of the land marked by his posts exceeding twenty-five acres, he may amend his application and retain twenty-five acres extending from the line shown in his application as the datum line; and should the area of the land marked by the applicant's posts be less than the area applied for, such less area only shall be granted. Should the applicant, however, show that by increasing the area to the quantity applied for there would be no interference with adjoining rights, the surveyor may make the required alteration.
