CONVENTION BETWEEN GREAT BRITAIN AND AUSTRIA-HUNGARY FOR THE ESTABLISHMENT OF INTERNATIONAL COPYRIGHT.

Signed at Vienna, April 24, 1893.

[Ratifications exchanged at Vienna, April 14, 1894.]

[A Hungarian version was also attached to the Convention as signed.]

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, &c., and His Majesty the Emperor of Austria, King of Bohemia, &c., and Apostolic King of Hungary, animated with the desire to secure in the most complete manner, within their respective dominions, the rights of authors, or their legal representatives, over their literary or artistic works, have resolved to conclude a Convention to that effect, and have named as their Plenipotentiaries, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, &c., the Right Honourable Sir Augustus Berkeley Paget, Knight Grand Cross of the Most Honourable Order of the Bath, a Member of Her Britannic Majesty's Most Honourable Privy Council, Her Majesty's Ambassador Extraordinary and Plenipotentiary to His Imperial and Royal Apostolic Majesty, &c., &c., &c.

His Majesty the Emperor of Austria, King of Bohemia, &c., and Apostolic King of Hungary, the Count Gustave Kálnoky de Kőröspatak, Knight of the Golden Fleece, Knight Grand Cross of the Order of St. Stephen, Knight of the Order of Leopold, His Imperial and Royal Apostolic Majesty's Privy Councillor and Chamberlain, Minister of the Imperial House and of Foreign Affairs, General of Cavalry, &c., &c., &c.;

Who, having communicated to each other their respective Full Powers, found in good and due form, have agreed upon the following Articles:—

ARTICLE I.

Authors of literary or artistic works and their legal representatives, including publishers, shall enjoy reciprocally, in the dominions of the High Contracting Parties, the advantages which are, or may be, granted by law there for the protection of works of literature or art.

Consequently, authors of literary or artistic works which have been first published in the dominions of one of the High Contracting Parties, as well as their legal representatives, shall have in the dominions of the other High Contracting Party the same protection and the same legal remedy against all infringement of their rights as if the work had been first published in the country where the infringement may have taken place.

In the same manner, the authors of literary or artistic works, and their legal representatives, who are subjects of one of the High Contracting Parties, or who reside within its dominions, shall, in the dominions of the other Contracting Party, enjoy the same protection and the same legal remedies against all infringements of their rights as though they were subjects of, or residents in the State in which the infringement may have taken place.

These advantages shall only be reciprocally guaranteed to authors and their legal representatives when the work in question is also protected by the laws of the State where the work was first published, and the duration of protection in the other country shall not exceed that which is granted to authors and their legal representatives in the country where the work was first published.

ARTICLE II.

The right of translation forming part of the copyright, the protection of the right of translation is assured under the conditions laid down by this Convention. If ten years after the expiry of the year in which a work to be protected in Her Majesty's dominions on the basis of this Convention has appeared, no translation in English has been published the right of translating the work into English shall no longer within those dominions exclusively belong to the author.

In the case of a book published in numbers, the aforesaid period of ten years shall commence at the end of the year in which each number is published.

ARTICLE III.

Authorised translations are protected as original works. They consequently enjoy the full protection granted by this Convention against the unauthorised reproduction of original works.

It is understood that in the case of a work for which the translating right has fallen into the public domain, the translator cannot oppose the translation of the same work by other writers.

ARTICLE IV.

The expression "literary or artistic works" comprehends books, pamphlets, and all other writings; dramatic or dramatico-musical works, musical compositions, with or without words; works of design, painting, sculpture, and engraving, lithographs, illustrations, geographical charts, plans, sketches, and plastic works relating to geography, topography, architecture, or science, in general; in fact, every production whatsoever in the literary, scientific, or artistic domain which can be published by any mode of impression or reproduction.

ARTICLE V.

In the British Empire, and in the Kingdoms and States represented in the Austrian Reichsrath, the enjoyment of the rights secured by the present Convention is subject only to the accomplishment of the conditions and formalities prescribed by the law of that State in which the work is first published; and no further formalities or conditions shall be required in the other country.

Consequently, it shall not be necessary that a work which has obtained legal protection in one country should be registered, or copies thereof deposited in the other country, in order that the remedies against infringement may be obtained which are granted in the other country to works first published there.

In the dominions of the Hungarian Crown the enjoyment of these rights is subject, however, to the accomplishment of the conditions and formalities prescribed by the Laws and Regulations both of Great Britain and of Hungary.

ARTICLE VI.

In order that the authors of works protected by the present Convention shall, in the absence of proof to the contrary, be considered as such, and be, consequently, admitted to institute proceedings in respect of the infringement of copyright before the Courts of the other State, it will suffice that their name be indicated on the work in the accustomed manner.

The Tribunals may, however, in cases of doubt, require the production of such further evidence as may be required by the Laws of the respective countries.

For anonymous or pseudonymous works, the publisher whose name is indicated on the work is entitled to protect the rights belonging to the author. He is, without other proof, reputed the legal representative of the anonymous or pseudonymous author, until the latter, or his legal representative, has declared and proved his rights.

ARTICLE VII.

The provisions of the present Convention cannot in any way derogate from the right of each of the High Contracting Parties to control, or to prohibit by measures of domestic legislation or police, the circulation, representation, exhibition, or sale of any work or production.

Each of the High Contracting Parties reserves also its right to prohibit the importation into its own territory of works which, according to its internal Laws, or to the stipulations of Treaties with other States, are or may be declared to be illicit reproductions.

ARTICLE VIII.

The provisions of the present Convention shall be applied to literature or artistic works produced prior to the date of its coming into effect, subject, however, to the limitations prescribed by the following Regulations:—

(a.) In the Austro-Hungarian Monarchy—

Copies completed before the coming into force of the present Convention, the production of which has been hitherto allowed, can also be circulated in future.

In the same manner, appliances for the reproduction of works, such as stereotypes, wood-blocks, and engraved plates of every description, such as lithographers' stones, if their production has not hitherto been prohibited, may continue to be used during a period of four years from the coming into force of the present Convention.

The distribution of such copies, and the use of the said appliances, is, however, only permitted if an inventory of the said copies and appliances is taken by the Government in question, in consequence of an application of the interested party, within three months from the coming into force of the present Convention, and if these copies and appliances are marked with a special stamp.

Dramatic and dramatico-musical works, or musical compositions, legally performed before the coming into force of the present Convention, can also be performed in the future.

(b.) In the United Kingdom of Great Britain and Ireland—

The author and publisher of any literary or artistic work first produced before the date at which this Convention comes into effect, shall be entitled to all legal remedies against infringement; provided that where any person has, before the date of the publication of the Order in Council putting this Convention into effect, lawfully produced any work in the United Kingdom, any rights or interests arising from, or in connection with such production, which are subsisting and valuable at the said date, shall not be diminished or prejudiced.

ARTICLE IX.

The provisions of the present Convention shall apply to all the colonies and foreign possessions of Her Britannic Majesty, excepting to those hereinafter named, that is to say, except to—

India.
The Dominion of Canada.
Newfoundland.
The Cape.
Natal.
New South Wales.
Victoria.
Queensland.
Tasmania.
South Australia.
Western Australia.
New Zealand.

Provided always that the provisions of the present Conventions shall apply to any of the above-named Colonies or foreign possessions on whose behalf notice to that effect shall have been given by Her Britannic Majesty's Representative at the Court of His Imperial and Royal Apostolic Majesty within two years from the date of the exchange of ratifications of the present Convention.

ARTICLE X.

The present Convention shall remain in force for ten years from the day on which the ratifications are exchanged; and in case neither of the two High Contracting Parties shall have given notice twelve months before the expiration of the said period of ten years of their intention of terminating the present Convention it shall remain in force until the expiration of one year from the day on which either of the High Contracting Parties shall have given such notice.

Her Britannic Majesty's Government shall also have the right to denounce the Convention in the same manner, on behalf of any of the Colonies or foreign possessions mentioned in Article IX., separately.

ARTICLE XI.

The present Convention shall be ratified, and the ratifications shall be exchanged at Vienna as soon as possible. It shall come into effect ten days after its publication in conformity with the forms prescribed by the Laws of the High Contracting Parties respectively.

In witness whereof, the respective Plenipotentiaries have signed this Convention, and have hereunto affixed their seals.

Done at Vienna, the 24th day of April, in the year of our Lord one thousand eight hundred and ninety-three.

Amendment of Clause 60 of the Regulations for the Management of Goldfields (re Applications and Survey, Gold-mining Leases).

Department of Mines,

Perth, 30th August, 1894.

HIS Excellency the Governor in Executive Council, under the powers conferred upon him by Section 79 of the Goldfields Act (50 Vic., No. 18), has been pleased to amend Clause 60 of the Regulations thereunder, as shown below; to come into force on the 1st October, 1894.

W. E. MARMION,

Commissioner of Crown Lands.

That Sub-section (4.) read as follows:—

The applicant shall, previously to making application for a lease, mark the land intended to be applied for, at each corner, by a post standing three feet out of the ground, and four inches in diameter, such post to be kept uncovered, and set in L trenches three feet long and six inches deep along each boundary line; and shall at the same time post a notice in the form of No. 20A, hereto annexed, on a conspicuous part of the land intended to be applied for; and shall, at the time of lodging his application at the Warden's Office, post a notice thereat in the form of Schedule 20. Applications for leases shall be heard by the Warden not less than thirty days after the date of lodging of the application at the Warden's Office.

That Sub-section (5.) read as follows:—

Each application must be signed by the party or parties applying for a lease, or by his or their accredited agent or agents, and must be accompanied by a sketch plan of the land intended to be applied for, showing its position and one boundary line thereof, which line shall be considered as the datum line.

That Sub-section (6.) read as follows:—

The applicant shall, within three months after lodging the application, or within such other extended period of time as the Warden may see fit to allow, furnish to the Warden a plan in duplicate and description showing the boundaries of the land as actually surveyed and marked. Such surveying and marking shall be performed by a licensed surveyor specially appointed by the Minister to perform mining surveys. The plan and description of a gold-mining lease shall be executed in accordance with the general directions issued by the Minister, provided that the Minister may at any time cancel the special appointment of any such licensed surveyor.

That Sub-section (7.) read as follows:—

In all cases where the land is so available, the mean length of the area applied for shall not exceed twice its mean breadth, but when, owing to the positions of adjoining boundaries or natural features, this is impossible, any irregularly shaped or intervening piece of land may be applied for, and a lease of such piece may be granted.

That Sub-section (8.) read as follows:—

All leases shall be marked by the surveyor according to the applicant's posts. Provided that should the area of the land marked by the applicant's posts be in excess of the area applied for, the applicant may either amend his application to include the excess area (provided that the total area of the land applied for does not exceed twenty-five acres), or in the event of the area of the land marked by his posts exceeding twenty-five acres, he may amend his application and retain twenty-five acres extending from the line shown in his application as the datum line; and should the area of the land marked by the applicant's posts be less than the area applied for, such less area only shall be granted. Should the applicant, however, show that by increasing the area to the quantity applied for there would be no interference with adjoining rights, the surveyor may make the required alteration.

SCHEDULE No. 20A.

Notice of Marking for Gold-mining Lease.

Notice is hereby given that the undersigned this day marked off this land, for which intend making application for a lease under the Goldfields Regulations, and that it contains about acres, and that the datum line lies to the of this point.

As witness hand this day of 18 .
