Eastern Goldfields declared as Mining Districts.

Department of Mines,

High School Entrance Scholarships.

THESE Scholarships were established in order to enable boys of superior merit in the Elementary Schools of the Colony to continue their studies in a Higher Grade School. Unfortunately of late years these Scholarships have seemed to fail in their original object, the failure being instanced in the very meagre competition resulting at the annual examination. It has been thought that this apparent backwardness on the part of parents to obtain for their sons a superior education may have resulted from their inability to afford the extra expenses (school fees, travelling expenses, &c.) attendant on the residence of the boys at the High School.

With a view to remedy this difficulty, the Government has decided to try the experiment of increasing the Scholarships offered for competition in 1895 from £50 to £75.

The Minister hopes that this action on the part of the Government to try and popularise these Scholarships will meet with increased competition and emulation on the part of the youth of the Colony.

Minister of Education.

*Department of Mines,**Perth, April 3rd, 1895.*

HIS Excellency the Administrator in Executive Council has been pleased to make the following additional Regulations under the provisions of "The Goldfields Act, 1886," for the Coolgardie, East Coolgardie, and Dundas Goldfields.

A. R. RICHARDSON,

Acting for Minister of Mines.

W A T E R R I G H T S .

1. Any person or company intending to search for and procure subterranean water for any purpose, either by boring or shaft-sinking, shall give notice in writing to the Warden, in the form of Schedule No. 1, hereto annexed, and such notice shall describe, with sufficient accuracy, the site at which it is proposed to put down such bore or shaft, and also the depth to which it is proposed to bore or sink; and a copy of such notice shall be kept posted for seven clear working days at the Warden's office, and on the site of the proposed bore or shaft; and if no valid objection be lodged at the expiration of seven clear working days, the Warden may, with the approval of the Governor, on payment of the fee of ten shillings, grant the required permission, in the form of Schedule No. 2 hereto annexed, and the surface of land which the permission covers shall vary with the depth, and shall be as set forth in the following Schedule:—

For a bore or shaft 100 feet from the surface...	5 acres.
" " 300 " " " ...	15 "
" " 600 " " " ...	36 "
" " 1,000 " " " ...	100 "
" " 1,500 " " " ...	225 "
" " 2,000 " " " ...	400 "
" " 2,500 " " " ...	640 "
" " 3,000 " " " ...	900 "
" " 4,000 " " " ...	1,600 "
" " 5,000 " " " ...	2,500 "

2. The area shall be surveyed, at the expense of the applicant, from the centre of the bore or shaft, in the form of a circumscribed square of the area allowed by the foregoing Schedule; provided always, that such circumscribing square shall not encroach on any existing private property, whether freehold or leasehold.

3. In case such circumscribed square does so encroach or overlap any private property, whether freehold or leasehold, the Warden may, on application, direct that the full area of ground specified by the Schedule be surveyed (provided that there be sufficient Crown lands not held under lease in the vicinity to allow of the specified area being included in the one continuous boundary). If there be not sufficient Crown lands available then only as much as may be available can be granted as a Water Right.

4. The permission given to search for and procure subterranean water shall prevent any other person or company from boring or sinking shafts within the area covered by the permission (or water right); always provided that the work of boring or sinking is carried on in such a manner as will, in the opinion of the Warden, enable the required depth to be reached in the time specified in the Schedule following, the time to be calculated from date of Water Right being granted:—

A bore or shaft	100 ft. deep to be completed in	2 months.
" " 300 " " " "	" " " "	6 "
" " 600 " " " "	" " " "	12 "
" " 1,000 " " " "	" " " "	24 "
" " 1,500 " " " "	" " " "	30 "
" " 2,000 " " " "	" " " "	36 "
" " 3,000 " " " "	" " " "	42 "
" " 3,500 " " " "	" " " "	48 "
" " 4,000 " " " "	" " " "	54 "
" " 5,000 " " " "	" " " "	60 "

5. Should the work of boring or sinking not be proceeded with continuously, or at such a rate of progress as will, in the opinion of the Warden, enable 500 feet at least to be completed in each year, in cases where the time for completion extends beyond one year, or should the required depth not be reached within the time specified, the Water Right may be declared forfeited by the Warden, and any person or company may then bore or sink within such area as heretofore was secured to the holder of the Water Right, such person or company having previously made application to the Warden for the forfeiture of the Water Right, and obtained the issue of the Water Right in his own name.

6. Upon completing the bore or shaft to the depth specified on the application notice, the holder of the Water Right may apply to the Warden, who, if he be satisfied that the bore or shaft has been put down to the depth specified, and that a supply of water has been struck, shall recommend the granting of a lease covering the surface area specified in the Water Right. The lease shall be for a period of ten years, at the annual rent of £2 per annum.

7. Should a supply of water be struck at a higher level than the depth specified on the application for the Water Right, and the holder of the Water Right not desire to bore or sink deeper, he may apply to the Warden for a lease of such area as he would have been entitled to had he obtained a permission to bore or sink to the lesser depth at which he has obtained the supply, and on the granting of such lease he shall cease to have any right over any further area.

8. Should water not be struck at the depth originally specified on Application Form, and should the holder of the Right desire to bore or sink deeper, he should, if he desires to increase the surface area of his Right, make application to the Warden, in writing, of his intention to bore or sink deeper, and the Warden may, with the approval of the Governor, if there be sufficient Crown lands available, grant him the desired extended area, and endorse the same on the Water Right.

9. Except as to the two acres hereinafter mentioned, nothing in these Regulations shall give to the holder of a Water Right any right to the surface area covered by the Water Right, or shall prevent the granting or issue within the said area to any person or company of any claim, lease, license, area, or other mining tenement or holding under the provisions of "The Goldfields Act, 1886," or of any Act amending the same or incorporated therewith, or under any Regulations made or hereafter to be made under any such Act, or shall prevent the selling or leasing by the Governor of any lands within any such area under Section 26 of "The Mineral Lands Act, 1892," or any amendment thereof, nor the resumption or reservation by the Crown of any portion thereof for a townsite or commonage, or as a State forest, or for any public purpose, nor the sale or disposal by the Crown of any lands so resumed or reserved as aforesaid. Provided, that this Regulation shall not apply to so much of the area covered by a Water Right, not exceeding two acres in the form of a square, with the bore or shaft in the centre, as the holder of the Water Right may desire to occupy for the purposes of his pumping plant, tanks, reservoirs, buildings, or other works and appliances necessary for the working of his shaft or bore.

10. A Water Right shall not confer any right to any minerals found in the course of boring or sinking, nor shall it prevent any person from prospecting the area covered thereby.

11. Subject, as hereinafter mentioned, the whole of the subterranean water obtained below the surface area, covered by a Water Right, and within the vertical planes produced from the boundaries of such area, shall be deemed to be the property of the holder of the Water Right, and he shall be under no restrictions as to the sale of such water. Provided, however, that any lessee or holder of any claim, license, area, or other mining tenement, or other holding, and any purchaser or lessee under the provisions of Section 26 of "The Mineral Lands Act, 1892," shall be at liberty to sink, bore for, obtain, use, and enjoy, upon his lease or holding, all such water as he may require for his own purposes and workings, and not for sale; and provided, also, that nothing in these Regulations shall affect the rights of any purchaser from the Crown or his assigns (whether acquired before or after the making of these Regulations) of lands situate within a townsite or other portion of the area covered by a Water Right.

12. The holder of a Water Right shall have no claim against any person or company whose rights are saved under the provisoes to the last preceding Clause, in the event of such person or company draining the bore or shaft of such holder by the sinking of another bore or shaft on his or their own ground, within the boundaries of the Water Right; nor against the holder of any other Water Right who by boring or sinking upon his own area, shall drain the bore or shaft of such first mentioned holder. Provided, always, that the bore or shaft of the holder of one Water Right shall not come within the vertical boundary planes of the area of another holder, whatever may be the geological character of the country through which the bore or shaft is sunk.

13. The holder of a Water Right, if water has been struck in his bore or shaft, shall keep all buildings, fences, pumping gear, tanks, and bore or shaft in good order and condition, and to the satisfaction of the Warden, and on his failing to comply with this condition, the Warden may declare the Water Right to be forfeited.

14. In case of forfeiture for any reason, and upon the expiration or sooner determination of any lease if the same be not renewed, the bore or shaft, and the buildings, plant, pumping gear, and other appurtenances of the bore or shaft may, unless the same be removed within two months, be sold by auction by the Warden, and the proceeds of such sale shall be handed over to the late holder of the Water Right, after payment of all expenses and claims against him.

15. Should water not be struck when the bore or shaft has attained the specified depth, and the holder of the Water Right does not desire to bore or sink deeper, then the Water Right shall lapse.

16. If water has been struck and afterwards, at any time during the currency of the lease, the water disappears, from natural causes, or if, in the opinion of the Warden, no reasonable supply has been obtainable from the bore or shaft for a period of twelve consecutive months, then the Water Right shall lapse, and the lease, if issued, may be cancelled by the Warden, with the approval of the Governor.

17. The Warden may, at any time during the sinking of any bore or shaft under a Water Right, order that the holder of such Water Right shall provide samples of strata passed through by such bore or shaft and placed in the sample case provided by the Government for such purpose. The case will be delivered free of cost to the holder of the Water Right at the site of the bore or shaft, and the said holder shall be responsible for the safety of the said case and the samples therein until the same has been removed by the Government. Upon failure or refusal to supply the samples, for one month after being directed by the Warden, he may declare the Water Right to be forfeited. And this Regulation shall be held to apply to the whole of the core from any diamond drill boring for water on a Water Right.

18. Any forfeiture under these Regulations declared by the Warden shall be subject to the approval of the Governor, and upon such confirmation the Water Right shall, subject to the application of No. 5 of these Regulations, be null and void.

19. The expression "Water Right" in these Regulations shall, unless inconsistent with the context, include the lease issued under No. 6 of these Regulations.

In the construction of these Rules Section 3 of the Act shall apply.

4. At all meetings voting shall be by show of hands, unless a ballot is called for by any member present.

UNDER the provisions contained in Section 24 of
"The Public Health Act" (50th Vic., No. 19),
and amendments thereto, the Local Board of
Health of the Municipality of York, by the powers
therein contained, do hereby make the following
By-Laws for the abatement and prevention of
Nuisances, and for securing the Healthfulness of the
Municipality of York.

General By-laws.

No. 1. Words used in these by-laws and having meanings
assigned to them by the 50th Vic., No. 19, Section 2, as
amended by 55 Vic., No. 22, shall have the same meaning
in these by-laws.

No. 2. The Local Board of Health may from time to
time appoint any place or places, within the Municipality
of York or elsewhere, for the reception of nightsoil, manure,
offal, or other offensive or refuse matter, and may at any
time cancel or vary such appointment; and the inspector of
the said Board may, at all times, have free ingress and
egress upon the said places, and such place or places shall
be registered in a book kept for that purpose by the said
Board; and it shall be lawful for the said Board to receive
compensation from the owner of such place or places for
such deposit, and the money so received shall be applied by
the said Board in carrying out the above-mentioned Act.

No. 3. No person shall deposit, place, or put any night-
soil, manure, offal, or other offensive or refuse matter
whatsoever from any house, stable, cowhouse, lane, yard, or
other premises, in the Municipality of York, in any place
within the said municipality, other than the place or places
appointed by the Local Board of Health for such purpose
under the last section, except in such box or receptacles as
the Board may from time to time authorise.

No. 4. No person shall exercise or practise, or be in any
manner concerned in the business of a nightman, or drive
any night cart within the limits of the Municipality of
York, until after and unless he shall have obtained a license
to do so from the Inspector of the Local Board of Health.

No. 5. Every person desirous of carrying on the business
of a nightman, whether as master or labourer, or otherwise,
shall make an application for a license so to do, at the
inspector's office, which application shall be in writing, and
shall be signed by two or more respectable householders,
certifying the fitness of the applicant to hold such license;
and such license he shall, upon presentation of such certifi-
cate, and registry being made of his true name and place of
abode, be entitled to receive; provided it shall be lawful for
the inspector to refuse to issue such license to any person
who shall have been convicted of any offence against the
provisions herein contained.

No. 6. Nightman's licenses shall be in the form con-
tained in the schedule hereto annexed (marked A), or to the
like effect, and shall be numbered in such manner as shall
be approved by the said Local Board.

No. 7. Nightman's licenses shall be of two kinds, namely,
masters' licenses and labourers' licenses; and every license,
of whatever description, and at whatever period of the year
the same may be granted, shall remain in force only until
the thirty-first day of December next ensuing; provided
that, apart from or in addition to any penalty which may be
inflicted under the provisions hereof, it shall be lawful for
the said Local Board, upon being satisfied of the misconduct
of any licensed nightman, whilst engaged in the business
for which he shall be so licensed, to cancel any such license,
or to suspend the operation thereof for any such time as
the said Local Board may think proper; and if such night-
man shall, after such cancellation, or during the period of
such suspension of his license exercise the duties of a
nightman, he shall be subject to and liable, upon conviction
thereof before two or more Justices of the Peace, to a
penalty not exceeding Ten pounds.

No. 8. If any person, for the purpose of securing a night-
man's license, shall use or employ, or shall cause to be
inserted in such license any false or fictitious name, or
description of his place of abode, he shall be subject to the
penalty described herein for offences against the provisions
hereof, and such license shall be cancelled.

No. 9. Whenever any licensed nightman shall change
his place of abode he shall, within two days next after such
change of abode, give notice thereof in writing to the
Inspector, specifying his new place of abode, and shall at
the same time produce his license to the Inspector, who
shall endorse thereon a memorandum specifying the
particulars of such change.

No. 10. Every licensed nightman, whenever or so long
as he shall be engaged in removing any nightsoil, or other
offensive matter or thing, or in driving any nightcart, or
otherwise in conducting the said business, shall carry with
and about him his license, and shall produce and show the
same whenever required by any person to do so; and such
license he shall on no pretence whatever lend or part with
to any person.

No. 11. Every licensed nightman, before using any cart
or other carriage as a nightcart, shall register the same in
such manner as the said Local Board may direct, in the
office of the Inspector, and shall receive a memorandum of
the number assigned to such cart; provided that no such
registration of any nightcart shall be made unless and
until such cart shall have been inspected by the Inspector
or other officer appointed for that purpose by the Local
Board of Health, and certified by him to be fit and suitable
for the purpose of a nightcart.

No. 12. Every licensed nightman shall, whilst using
any cart or other carriage as a nightcart, have painted, and
kept at all times conspicuous, on the right side thereof,
white upon a black ground, his name, together with the
words "Licensed Nightman" in letters not less than two
inches in length and of proportionate breadth, and the
number assigned to such cart in figures of not less than
four inches in length, of proportionate breadth.

No. 13. Every nightcart shall be kept by the owner
thereof watertight and free from leakage, and shall be
provided with covering, so as effectually to prevent any
splashing or spilling of anything carried therein.

No. 14. Every licensed nightman shall, within twenty-four hours of demand made for that purpose by the person responsible for such cleansing, as hereinafter mentioned, or by any person authorised in that behalf by the Local Board, properly cleanse any cesspool or earth closet or bucket kept for the reception of nightsoil, dustbin, or other offensive matter, and shall be entitled to and charge therefor from the occupier of the premises the sum that shall be fixed by the Local Board from time to time, of which due notice shall be given in at least one local paper. If any licensed master nightman shall, without good, just, or lawful excuse, neglect, decline, or refuse to properly cleanse any such cesspool, earth closet, bucket, dustbin, or other offensive matter as aforesaid, he shall be guilty of a breach of these by-laws, and may be proceeded against for every such offence before two Justices of the Peace for the district.

No. 15. Any licensed master nightman, or licensed labourer, or other person who shall ask or demand, or receive from any person or persons, for work done by him, a sum greater than that fixed by the Local Board from time to time provided in section (14), shall be guilty of an offence against these by-laws.

No. 16. No privy or cesspool shall be emptied, nor any nightsoil carted away, nor any offensive liquor or matter of any kind whatever pumped out of or removed from any house or premises whatever, within the said Municipality, between the hour of 5 a.m. and the hour of 11 p.m. of any day.

No. 17. The word "nightman" shall be understood to mean any person who, for remuneration, shall remove, or assist to remove, any nightsoil or other foul or offensive matter or thing whatever, and the words "night cart" shall mean any cart or other carriage of any description whatsoever used by any nightman for the conveyance of any nightsoil, ammoniacal liquor, or other offensive liquor or substance.

No. 18. The occupier or occupiers of premises whereon earth closets, or buckets, or other receptacles above ground are kept for the reception of nightsoil, shall keep the same clean and free from offensive smell, and shall cause them to be cleaned at least once a week, and any person refusing or neglecting to do so shall be guilty of an offence against these by-laws.

No. 19. Every bucket, or pan, or other receptacle kept for the reception of nightsoil shall be first approved by the Inspector, and shall at all times be free from leaks and holes, and shall have affixed thereto a handle working on each side.

No. 20. Every closet shall be built in such a position that the same may be emptied without the contents being carried through any dwelling house or occupied building, and every person having or building a closet contrary to this by-law shall be liable to a penalty of not less than One pound nor more than Five pounds.

No. 21. No closet shall be erected except in such a position as shall be approved by the Inspector or other officer appointed by the Local Board of Health; and any person being guilty of a breach of this by-law shall be liable to a penalty of not more than Five pounds.

No. 22. Any person who shall lay, cast, or throw, or shall cause, permit, or suffer to be laid, cast, or thrown any bottle, bottles, broken glass, china, crockery, empty tins, or other rubbish or refuse in or upon any carriage way, footway, street, reserve, or other public place within the District of the said Local Board shall, upon conviction thereof before two or more Justices of the Peace for the District, forfeit and pay for the first offence a sum not exceeding Forty shillings, for the second offence a sum not exceeding Five pounds, and for the third and subsequent offence not exceeding Ten pounds for each such offence.

No. 23. No. 24. For every offence against any of the provisions of these by-laws to which no fixed penalty is attached herein, the offender shall, upon conviction before two or more Justices of the Peace, forfeit and pay a penalty not exceeding Ten pounds.

No. 25. All penalties recoverable under these by-laws shall be applied in the manner directed by Section 129 of the Ordinance 50 Vict., No. 19.

Whenever in these by-laws the word "Inspector" is used, it shall be taken to mean the Inspector for the time being of the said Local Board, or anyone acting in his place.
