High School Entrance Scholarships.

THESE Scholarships were established in order to enable boys of superior merit in the Elementary Schools of the Colony to continue their studies in a Higher Grade School.

With a view to remedy this difficulty, the Government has decided to try the experiment of increasing the Scholarships offered for competition in 1895 from £50 to £75.

The Minister hopes that this action on the part of the Government to try and popularise these Scholarships will meet with increased competition and emulation on the part of the youth of the Colony.
