SCALE OF RATES.—The following charges shall be payable for parcels and luggage deposited in the cloak rooms:—

A charge of 2d. is made upon each article deposited in one of the Railway Department's cloak rooms for three days, except for bicycles, tricycles, bath chairs, sociables, etc., when the charge will be 4d. each for three days or part thereof.

For articles left in a cloak room over three days an additional charge of 3d. each per day or part of a day will be made on boxes, etc., and 6d. each on bicycles, etc.; but the Commissioner will not be responsible for loss of articles after the expiration of one month from date of deposit.

Cloak room and left luggage charges must be paid to the officer in charge of the cloak room, from whom persons, on depositing parcels, will obtain a ticket, which must indicate the number of parcels deposited, the name of depositor, and the amount paid. These tickets are printed in triplicate, bound up in book form, and numbered consecutively. In computing the charges Sunday is considered a *dies non*, unless it be the day on which the articles are deposited or taken out, in which case it must be reckoned the same as any other day.

SPECIAL CLOAK ROOM.—Special cloak room tickets, printed in triplicate form, may be issued to store-keepers, drapers, and others for use in connection with Perth Station on application to the Station Master. One part of the ticket is to be affixed to the parcel, the duplicate handed to the owner for presentation at the cloak room when demanding his parcel, and the triplicate portion sent with the parcel to the cloak room to be there signed by the officer in charge as evidence of the parcel having been deposited.

The delivery of a parcel on presentation of the duplicate ticket issued to the owner shall release the Commissioner of all liability in connection therewith, and the possession of the duplicate ticket by the officer in charge of the cloak room shall be *prima facie* evidence that the parcel or parcels mentioned therein have been correctly delivered.

Articles deposited in the Railway Department's cloak rooms must not be delivered up to the depositor for any purpose whatever, unless the ticket be first returned to the department.

When passengers who have deposited their luggage in cloak rooms require to remove one or more of the articles so left (leaving the remainder until a future day) the cloak room ticket held by the passenger must be handed in and storage charges up to date collected thereon, and articles remaining should be re-booked.

When a cloak room ticket is lost, the claimant is required to give satisfactory proof of ownership and sign a declaration indemnifying the Department against loss, etc., in the event of ticket being found and presented; such declaration to be made in the usual manner before a Resident Magistrate or Justice of the Peace.

On and after the 1st February, 1897, articles left in cloak rooms, and unclaimed at the expiration of six months, will be sold by auction.

HIS Excellency the Governor in Executive Council has been pleased to approve of the issue of Free School Tickets, to enable any child to travel to the nearest State School, provided that such school is the one nearest to the residence of the parents or guardians of such child. The tickets are issued free, and no liability attaches to the Commissioner of Railways in regard to any journeys made upon them. They are available between the stations named thereon for the purpose of attending school for one journey each way, on school days only, and the holders are subject to the Commissioner's By-laws and Regulations for passengers.

Free tickets will only be issued to children living outside the school radius of two miles. Distances are measured by the nearest road.

The tickets must be given up on date of expiry.

Should the train service to the nearest school not be convenient, tickets may be issued to the school most suitably served by the trains running.

Where the children reside at unauthorised stopping places, special application must be made for the trains to stop. If there are no passenger trains by which the children can travel, they are to be allowed to travel in the brake-van of goods trains, provided that no girl be permitted to travel alone with the guard in such brake-van.
