1903*Colonial Secretary's Office,  
Perth, 3rd September, 1903.*

THE following Despatch, received by His Excellency the Governor from the Right Honourable the Secretary of State for the Colonies, is published for general information,

F. D. NORTH,  
Under Secretary.

Downing Street,  
18th July, 1903.

SIR,

I have the honour to transmit to you the enclosed copy of a letter from the War Office, with a copy of a Circular issued by the Commander-in-Chief relative to the restoration of family Bibles lost by the Boers. These papers are forwarded for your information and for any action which you may consider advisable in order to give publicity to Lord Roberts' letter.

I have, etc.,

(Sd.) J. CHAMBERLAIN.

Governor,

Sir F. G. Bedford, G.C.B.,  
&c. &c. &c.

[Copy.]

079/373 (A.G. 1.)

War Office, London, S.W.,  
7th July, 1903.

SIR,

I am directed by the Secretary of State for War to forward you the attached copy of a Circular letter which has been issued by this Department regarding Family Bibles lost by the Boers during the late war in South Africa.

Mr. Brodrick would be glad if the desire expressed therein might be given as much publicity as possible.

I am, etc.,

(Sgd.) GUY FLEETWOOD WILSON.

The Under Secretary of State,  
Colonial Office.

Copy.

079/373 (A.G. 1A.)

War Office, London, S.W.  
June, 1903.

Sir,

I am directed by the Commander-in-Chief to inform you that it has been brought to his notice that on the conclusion of the recent war in South Africa, a large number of Boer families found, on returning to their farms, that their family Bibles had disappeared.

It appears that the Boer inhabitants of the South African Colonies set great store by their family Bibles which often contain family records of some antiquity, and even, in some cases, are the only repository of such records, in consequence of the unavoidable destruction of church registers.

Lord Roberts feels sure that if any persons have in their possession any of these Bibles they will willingly return them, when they learn how they are valued by their former possessors, and he thinks it unnecessary to emphasise how much such a kindly act would be appreciated by our new fellow subjects.

He therefore wishes it to be known as widely as possible among all officers and soldiers who are now serving or have been retired, discharged, or relegated to the Reserve, whether they belong or belonged to the Regular Army, Auxiliary or Colonial Corps, and also among any of their friends, to whom they may have given them as relics, that Mr. W. H. Alexander, of 12 Bishopsgate Without, London, E.C., has kindly consented to receive and despatch to their owners any such Bibles which may have been taken from Boer farms.

He feels sure that the above facts, and the knowledge that it is his wish that all such relics should find their way back to their former owners, will be sufficient to ensure that their present owners, however much they value them, will readily part with them for this purpose.

I am, etc.,

(Sgd.) A. WYNNE, D.A.G.

The General Officer Commanding.

GOVERNMENT ASSAYS.

ASSAYS, Analyses, and Determinations of any Western Australia Ore or Rock will be made by the Assayer to the Geological Survey, when not unduly interfering with official work, subject to the following conditions:—

1. Each sample must weigh at least 6oz., but not more than 2lbs.
2. Each sample must be enclosed in a separate canvas bag or strong paper wrapper, with a slip of paper bearing the name and address of the sender, together with a private mark by which it may be readily identified.
3. The parcel must be forwarded prepaid to:—  
The Mineralogist and Assayer,  
Geological Survey Office,  
Perth.

4. A letter must be sent at the same time to the same address, stating for what metals the samples are to be assayed, or containing other instructions, as the case may be.

(N.B.—It is always advisable to keep duplicate samples of those submitted.)

5. Before any assay is made the prescribed fee must be paid to the Mineralogist and Assayer or sufficient reasons, in accordance with Section 7 below, be furnished for having the samples treated free of cost.

6. The following fees will be charged:—

	£	s.	d.
(a.) Determination of a Rock or Mineral	0	10	6
(b.) Assay for Lead, Iron, or Manganese, each	0	10	6
(c.) Assay for Silver, Copper, or Tin, each	0	12	6
(d.) Assay for Gold or Zinc, each	0	15	0
(e.) Dry Assay for Lead, Silver, and Gold	1	1	0
(f.) Assay for Antimony, Bismuth, Chromium, Cobalt, Mercury, or Nickel, each	1	11	6
(g.) Proximate Analysis and Calorific Valuation of Coal	1	11	6
(h.) Complete Chemical Analysis of any Mineral or Ore, according to number and nature of determinations, £2 12s. 6d. to	5	5	0
(i.) Other determinations, according to time spent, up to	2	12	6

7. With the object of encouraging bonâ fide prospecting, free assays will be made under the following circumstances:—

- (a.) The sample must have been obtained from land within the State not held under lease for mining purposes.
- (b.) The exact locality where the sample was found must be disclosed.
- (c.) The sample must be of sufficient promise to warrant an assay being made at the expense of the State.
- (d.) Free assays will not be made of samples showing free gold, or of tailings or other metallurgical products, or of unripe samples.

8. The Department reserves to itself the right of refusing to make any particular assay, and also the right of publishing at any time the results of an assay made at the public expense.

THE MINING DEVELOPMENT ACT, 1902.

REGULATIONS UNDER WHICH STONE WILL BE CRUSHED AND TAILINGS TREATED AT THE STATE BATTERIES AFTER 1ST JULY, 1903.

11353

Department of Mines,  
Perth, 15th August, 1903.

HIS Excellency the Governor in Executive Council, under the powers conferred upon him by Section 29 of "The Mining Development Act, 1902," has been pleased to make the following Regulations under which Stone will be crushed and Tailings treated at the State Batteries after 1st July, 1903.

H. GREGORY,  
Minister for Mines.

1. All stone accepted for treatment at the State batteries shall be estimated at 21 cubic feet per ton, except where weighing machines are provided, when stone must pass over same to ascertain weight.
2. The manager of the battery may refuse any stone considered too poor to pay crushing charges, unless a deposit is paid in advance.
3. The charge for crushing, as determined from time to time by the Hon. the Minister for Mines, shall be posted up at each battery and strictly adhered to while in force.
4. A minimum charge will be made for all parcels of less tonnage than will return £5 on the rate charged per ton.

5. Payment for crushing shall be made to the manager on completion of treatment, or sufficient gold will be retained to pay for the amount due.

6. Where no cyanide plant has been erected at a battery, any person desirous of claiming tailings, the proceeds of his crushing, shall remove them from the battery site immediately the crushing is completed, otherwise they will be treated as abandoned tailings.

7. Where a cyanide plant has been erected at a battery, tailings resulting from stone crushed at that battery will be treated, but the manager may, in his discretion, refuse to treat any tailings should he consider them unsuitable for treatment by cyanide.

8. The number of tons of tailings suitable for cyanide treatment by the ordinary leaching vat plant installed at the battery shall be determined by the manager, whose decision shall be final; provided that in no case shall such tonnage exceed eighty per cent. of the number of tons milled. Where a slimes plant is working in conjunction with the ordinary vat system, the combined tonnage of sand and slimes shall not exceed 90 per cent. of the tons milled.

9. The manager shall take samples of the tailings as they pass through the battery, or from the pit into which the tailings may be deposited. The tailings collected shall be thoroughly mixed and divided into three samples, one for assay by the manager, one for the owner, and one sealed and kept by the manager for reference. The assay of the manager's sample will be available on application within fourteen days from the completion of any crushing, and should the owner dispute such assay, he shall within six weeks of the completion of the crushing notify the manager to that effect, in writing, and shall at the same time forward a certificate from a competent assayer. On receipt of such certificate the results of the two assays will be averaged, provided that the difference between them does not exceed six grains; but should the difference in the assay exceed six grains, and should the owner still refuse to accept the manager's assay, the manager shall forward the sealed sample previously referred to, to the Government assayer, Perth, and the result of the assay as furnished by him shall be considered as final. The cost of such assay (fifteen shillings) shall be borne by the party whose assay differs most widely from the referee assay.

10. A clean-up will be made about every two months, when the Department will make a *pro rata* distribution, based upon the original assay value of the tailings, the estimated extraction therefrom, and the actual extraction. After the deduction of ten shillings per ton for cost of treatment, the owners of tailings treated will receive the amount due to them within 14 days after the value of the bullion has been ascertained.

11. All tailings assaying less than 3dwts. 3grs. per ton shall become the property of the Government.

12. A charge of ten shillings per ton for treatment shall be the first charge on all tailings treated, and the gold contents of tailings will be paid for at the rate of Four pounds per ounce.

13. All tailings collected for treatment by the owner will be treated at the rate of 27 cubic feet per ton.

14. The Department reserves the right to suspend operations from any cause whatsoever, and will accept no responsibility for delays in treatment.

15. At every battery there will be kept a book in which shall be recorded the number of tons in each parcel lodged for treatment, the name, locality and number of the lease or holding from which it was obtained, and the name of the person for whom the stone is to be crushed.

A copy of the foregoing rules shall be inserted in the said book, and every person sending stone for treatment shall sign opposite the entry relating to the stone lodged by him, and such signature shall be sufficient evidence that he is cognisant of the foregoing rules, and agrees to be bound by them.

##### FREE ASSAYS AT THE SCHOOL OF MINES, COOLGARDIE.

WITH the object of encouraging *bona fide* prospectors, free assays for gold, silver, copper, etc., and determinations of mineral samples and rocks will be made at the School of Mines, Coolgardie, under the following circumstances:—

- (a.) The sender must satisfy the Director that he is a *bona fide* prospector, or acting on behalf of such, and that the sample forwarded is one genuinely complying with the following conditions under which free assays will be made.
- (b.) The sample must have been obtained from land within the State not held under lease for mining purposes.

(c.) The exact locality where the sample was found must be disclosed.

(d.) The sample must be of sufficient promise to warrant an assay being made at the expense of the State.

(e.) Free assays will not be made of samples showing free gold, or of tailings or other metallurgical products, or of umpire samples.

(f.) Samples to be assayed for gold should weigh about 1 or 2lbs. Other samples should be as large as circumstances will permit, up to 2lbs.

(g.) Each sample must be properly marked, and securely fastened in a separate bag, along with the name and address of the sender.

(h.) The parcel must be forwarded, prepaid, to
