4. Every Prospecting Area shall be, as nearly as possible, in the form of a rectangular parallelogram, the length of which shall, in no case, exceed twice the width, and shall be marked at each corner by a substantial post or a cairn of stones projecting above the surface of the ground not less than three feet, and set in the angle of an "L" trench, the arms of which shall not be less than four feet in length and six inches in depth, cut in the general direction of the boundary lines. When the nature of the ground will not permit of trenches being cut, rows of stones of similar dimensions shall be substituted. The boundary lines shall be cleared from post to post. On one of such posts shall be firmly affixed at the time of marking a notice, in writing, under the hand of the miner, setting forth the name of such miner, the number and date of his Miner's Right, and the date on which the area was marked off. Such marking off and notice shall be deemed a sufficient title to such Prospecting Area for ten days if the same is situated within twenty miles of the nearest Warden's Office, and for fourteen days in any other case, and at the expiration of either of such periods, as the case may be, every Prospecting Area shall be registered as provided in Regulation 5.

Registration of Prospecting Area.

5. Any miner desirous of registering any Prospecting Area shall, before the expiration of the period in any case provided, make application for registration thereof in duplicate, in the form of Schedule 9, by lodging the same at the Mining Registrar's Office, and at the same time shall deposit the fee for registration at the rate prescribed; and on receipt thereof the Mining Registrar shall deliver to the applicant a Certificate of Application, in duplicate, in the form of Schedule 10, one of which shall forthwith be posted by the applicant on the Notice Board at the Mining Registrar's Office; and the other shall, as soon as conveniently may be, be posted on one of the posts of the area. Provided that the Mining Registrar may, if no prior right or public interest is thereby affected, register such Prospecting Area upon receipt of the application therefor, and the fees for registration thereof, without issue of Schedule 10 or posting thereof. And provided, further, that the Mining Registrar may require the applicant to comply with the provisions hereof with regard to posting of such notice; and in such case such notice shall be posted as provided and kept legible and intact for a period of six clear days; and if, at the expiration of such period, no objection shall have been lodged, he may register such area, subject to the provisions of Regulation 3, or he may refer the application to the Warden, and in that case shall be guided by his decision. If any objection shall have been lodged, the Mining Registrar shall defer registration until such objection has been heard and determined by the Warden, and shall be guided by the decision thereon.
