## MUNICIPALITY OF LEONORA.

A By-law of the Municipality of Leonora, made under Section 179 of "The Municipal Corporation Act, 1906," and numbered 10, for regulating movable or temporarily fixed stalls for the sale of articles of merchandise or any meat, fish, fruit, vegetables, or eatables of any description whatever; for regulating the hawking of articles of merchandise or fruit, meat, fish, vegetables, poultry, game, or other eatables, and for enforcing the obligation of hawkers to carry scales. This By-law repeals By-law No. 10, dated 22nd January, 1901. In pursuance of the powers conferred by the said Act the Mayor and Councillors of the Municipality of Leonora order as follows:—

(1.) No person shall keep, manage, or conduct at any movable or temporarily fixed stall in or near any street for the sale of articles of merchandise, or fruit, meat, fish, vegetables, poultry, game, or eatables of any kind unless such person be licensed by the Town Clerk.

(2.) Licenses in the form of the schedule hereto may, in the discretion of the Town Clerk, be issued to any person applying to be licensed as the holder of a stall for the sale of articles of merchandise, fruit, meat, fish, vegetables, or eatables of any kind on payment of the sum of 10s. (ten shillings sterling), and every license so issued shall be in force until the last day of the month in which the license was issued. The Town Clerk may, under the discretionary power hereby given him, refuse to grant a license to any applicant for same, and it shall not be necessary under this By-law for him to assign any reason for such refusal.

(3.) Any structure other than a permanent building, any movable stall, or any vehicle, whether drawn by animal power or otherwise, or any hand-barrow or hand-cart with which any person occupies any stand in or near any street on any land fronting or abutting on any street or way, shall be deemed a stall within the meaning of, and under this By-law.

(4.) Every person licensed to keep a stall shall, in a conspicuous place thereon, have painted in legible letters at least one inch in length, his name and the words "licensed stall." No licensed stall shall be placed in or near any street or on any land fronting or abutting on any street or way other than that mentioned in the license, or between the hours of 8 a.m. or 6 p.m., except on Saturdays, when the hours shall be 8 a.m. to 10 p.m. No stalls other than pie or coffee stalls shall be allowed to trade on Sundays.

(5.) Every licensed person shall at all times obey the lawful directions of the Council or Police officers. Every person applying for a license for a stall shall submit such stall for the approval of the Town Clerk, and keep same in a clean condition and in good repair to his satisfaction.

(6.) Any person keeping, managing, or conducting a stall without being licensed, or fails to produce on demand the necessary license, or fails to paint on the stall his name and the words "licensed stall," and generally every person offending against this By-law shall, on conviction for each offence, forfeit and pay a penalty not exceeding £10 sterling.

(7.) It shall not be lawful for any person not being licensed, to hawk for the purpose of trading or carrying about for sale, within the Municipality of Leonora, any articles of merchandise, fruit, fish, meat, poultry, game, or other eatables in any cart, dray, wagon, barrow, truck, or on any beast of burden, or in any vehicle whether drawn or pushed, or in any pack, tray, or basket.

(8.) Licenses in the form of the schedule hereto may, in the discretion of the Town Clerk, be issued to any person applying to be licensed to hawk (a) with any vehicle drawn

by animal power, on payment of a fee of ten shilling sterling (10s.), (b) with a barrow, truck, or other vehicle pushed or drawn by hand, or pack, or basket on payment of the sum of five shillings sterling per month. Every license so issued shall remain in force until the last day of the month of issue, unless suspended by the Town Clerk, and it shall not be necessary for him to assign any reason for any refusal to issue or for any suspension.

(9.) Every person applying for a license to hawk shall first submit for approval of the Town Clerk the vehicle or tray, etc., proposed to be used for such hawking purposes, and obtain the approval, in writing, from the Town Clerk for the use thereof, and it must be kept in repair to the satisfaction of the Town Clerk at all times when licensed.

(10.) Every person licensed shall pay for and affix to, and keep affixed in a conspicuous position on his licensed vehicle, a numbered plate issued by the Council, and adjoining such plate there shall be painted his name in legible letters; should the Council not issue such plates the licensee shall have painted his name and the words "licensed hawker" in conspicuous letters on his vehicle.

(11.) Every person hawking in any street or way shall keep to his left-hand side of the carriage way, and shall not occupy any fixed stand, but shall move on upon being required to by any member of the Police force or officer of the Council, or the occupier or any servant or employee of the occupier of any premises in front of which such hawker may be hawking.

(12.) Licenses granted under this By-law are transferable by endorsement in writing by the Town Clerk only; a fee of two shillings and sixpence (2s. 6d.) shall be paid for any such transfer, and the Town Clerk may refuse a transfer without assigning any reason for so doing.

(13.) The Town Clerk may for any offence against this By-law suspend any license, and the Council may revoke or cause any license granted to be cancelled, and any such suspension, revocation, or cancellation shall not affect any action under this By-law, and any licensed hawker who hawks in any street or place in which hawking is prohibited is liable to a penalty not exceeding £10 sterling and to have his license cancelled.

(14.) Every person hawking any goods or other things to be sold by weight shall carry a correct weighing beam and weights for such purpose, the beam and weights to be tested and stamped as prescribed in "The Weights and Measure Act, 1899."

(15.) The Council may from time to time, as it shall deem expedient, prohibit hawking in any street or streets or places within the Municipality of Leonora, and every licensed hawker shall immediately on demand deliver up his license for the purpose of having endorsed thereon the name of such street or streets or other places in which hawking is prohibited.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to repeal the Timber Regulations published in *Government Gazette* on the 29th day of July, 1905, and to make the following Regulations under "The Land Act, 1898," and "The Land Act Amendment Act, 1904."

R. CECIL CLIFTON,  
Under Secretary for Lands.

## LICENSES.

*Timber Licenses.*

1. Subject to the existing rights of lessees and licensees under the Land Act and its amendments (hereinafter referred to as "the Act") no person shall get, fell, cut, and remove timber on or from any State forest, timber reserve, or Crown land, unless he holds a timber cutter's license or a timber cutter and hewer's license, issued under these regulations.

2. Application for a timber cutter's license or a timber cutter and hewer's license may be made at the Forestry Department, in Perth, or to any officer of the Department duly authorised to issue licenses.

3. If the application is approved a license will be issued in the form No. 1 or No. 2 in the Schedule as the case may be.

4. Licenses will be issued for one month or any number of months not exceeding twelve, and the fee for every license shall be 2s. 6d. a month.

5. Every license shall have effect from a date to be specified therein, and shall specify the area over which it may be exercised, and, unless the license is limited to carting and removing timber, the registered brand of the licensee.

6. Every licensee shall produce his license to any officer of the Forestry Department on demand.

7. A license shall only be available by the licensee named therein, and shall not be transferable except by the special permission of the Inspector General of Forests, or an officer of the Forestry Department appointed to issue licenses.

8. Every licensee being the holder of a timber cutter's license may, subject to the Act and regulations, fell and remove timber on and from the locality specified in his license, but he shall not hew or cut up timber felled under such license.

9. Every licensee being the holder of a timber cutter and hewer's license may, subject to the Act and regulations, fell and remove timber on and from the area specified in his license, and may hew or cut up any felled timber; but no such licensee shall be entitled to claim at any one time more than three trees felled but not hewn or cut up.

10. No licensee shall fell or remove any tree under standard size, as prescribed by these or any other regulations made in lieu thereof in force for the time being, or any tree which shall have been marked by a forest ranger to signify that it is not to be felled, without the special permission of the Inspector General of Forests.

11. Every licensee, unless his license is limited to the carting and removing of timber, shall provide himself with a distinctive branding iron to be approved by and registered with the officer by whom his license is issued. All brands must be bold and distinct and not less than one inch in length.

12. Every licensee shall distinctly brand with his registered brand the stump of every tree felled by him immediately after the tree is felled, and the head before any timber is removed.

13. A timber cutter's license shall be held by every person engaged in carting or removing timber, and it shall not be lawful for any person to engage in carting or removing timber from any Crown lands, State forest, or timber reserve or in the area of any saw-milling permit without such license; but the holder of a license restricted to carting and removing timber will not be required to have a registered brand.

14. Every licensee shall pay royalties in accordance with the scale prescribed by these regulations or any other regulations made in lieu thereof in force for the time being, except in the case of timber cutters employed solely in felling, carting, or removing timber within or from the area of a sawmilling permit for the holder thereof.

15. All royalties shall be paid in full before the timber is removed from where it is felled, unless special arrangements are made with the Inspector General of Forests for payment for large and continuous purchases by approved contractors or purchasers at intervals not exceeding one calendar month.

*Other Licenses.*

16. A woodcutter's (firewood) and charcoal burner's license may be issued in the form No. 3 in the Schedule for one month or any number of months, at a fee of one shilling per month per man, and such license shall entitle the holder to cut and remove on and from the locality to be therein specified, for fuel or charcoal burning, such green timber as may be authorised by a forest ranger or other officer of the Department, and any dead timber not worked to a marketable size and shape. A similar license must be obtained by every person engaged only in removing the wood dealt with under a woodcutter's and charcoal burner's license.

17. A sandalwood license may be issued in the form No. 3 in the Schedule for one month or any number of months, at a fee of five shillings per month per man, and shall authorise the licensee to fell, cut, and remove sandalwood on and from the locality to be therein specified.

A similar license must be obtained by any person engaged only in removing the bark and gum dealt with under such license.

## SAW-MILLING PERMITS.

20. Every application for a saw-milling permit shall be made in the form No. 4 in the Schedule, and shall be delivered or sent by post to the Inspector General of Forests, at his office in Perth, accompanied by a deposit of £20.

21. If the application is approved the deposit will be retained until the mill is erected, when it will be returned to the applicant; but if the application is refused the deposit will be returned to the applicant forthwith.

22. On the approval by the Governor of the application, a permit in the form of No. 5 in the Schedule will be granted to the applicant for a term not exceeding ten years, to date from the first day of the then current quarter.

23. The boundaries of the area, where not already clearly delineated, over which the right of cutting timber is conferred by a permit shall be surveyed at the expense of the applicant, in accordance with the scale of fees prescribed by the regulations under the Land Act, 1898.

24. A saw-milling permit may be held by any person or Company not interested as owner, manager, or director of, or in any way directly or indirectly except as an ordinary shareholder of a Company in any timber lease or concession taken up prior to these regulations being enforced subject to the Act, and these or any other regulations made in lieu thereof in force for the time being, and shall entitle the holder to the sole and exclusive right to cut and remove timber on and from the area described in such permit, which shall contain approximately sufficient forest to provide ten years' cutting, if available in the vicinity, proportionate to the horse power of the mill proposed to be erected, based on the estimated daily output shown in the application for permit.

25. The holder of a saw-milling permit shall, within six months from the date of approval of his permit, erect within the area to which the permit relates, or on such other site as the Inspector General of Forests may approve, a fully-equipped saw-milling plant of the capacity provided for in his application, and shall thereafter maintain such plant in working order.

26. Within six months of the approval of the permit the holder shall proceed with the felling and removal of the timber in accordance with the Act and regulations.

27. No saw-milling permit holder shall, by himself or any licensed timber cutter acting for him, fell or remove any tree under standard size as prescribed by these regulations or any other regulations in lieu thereof in force for the time being, or any tree marked by a forest ranger to signify that it is not to be felled, without the special permission of the Inspector General of Forests.

28. Every holder of a saw-milling permit shall pay, for all timber felled and removed on and from the area to which his permit relates, the royalties prescribed by these regulations or any other regulations made in lieu thereof in force for the time being, and the timber cutter's license fee of 2s. 6d. a month for every man employed in felling and hauling timber within such area.

29. Every permit holder shall from time to time confine his operations to certain defined sections of the area, marked under his directions by an officer of the Forestry Department, and not exceeding at any one time such area as is sufficient to supply the mill with two years' cutting. At the expiration of each period of two years the sections as denuded of timber shall be closed from cutting, and reserved with the object of encouraging the preservation and nurture of young timber.

30. Notwithstanding anything contained in the foregoing clause, a permit holder shall have the sole right to obtain poles, piles, and beams under the standard size from any portion of the permit area not already closed from cutting, on giving notice in writing to the District officer of his intention and advising him of the names and brands of workmen employed.

31. The holder of a saw-milling permit shall, on the first day of every calendar month, furnish the Inspector General of Forests with a return verified by statutory declaration, showing the number of logs felled, the measurements of same in the round, and their cubic contents, and the total output of the mill during the last preceding month.

32. Returns of royalties due shall be delivered or forwarded by post or otherwise by the ranger or other officer of the Forestry Department to the permit holder, as soon as practicable after the expiration of every month, and the permit holder shall pay to such officer the amount due within seven days after the date of the return, or within such extended time as may be allowed by the Minister, and no alleged inaccuracy in the return shall be an excuse for delay in such payment beyond the prescribed time; but any proved inaccuracy shall be taken into consideration in any subsequent account, or a refund may be made of any overcharge proved to the satisfaction of the Minister.

33. Should any royalties or fees payable under a permit or any part thereof be in arrear for 14 days after the due date, whether payment shall have been demanded or not, the Inspector General of Forests or any officer acting under him in his behalf may enter, and prohibit the felling, sawing, and removing of timber, and may seize all timber felled, and any machinery, horses, plant, or other effects, the property of the permit holder, that may be found upon the land comprised in the permit.

34. No permit holder shall fell and leave lying in the bush at any time more than one month's supply of logs in advance of the requirements of the mill.

35. The Minister may grant to a permit holder authority to hold an area not exceeding 20 acres on a mill site, during the currency of his permit, at a rent of £1 per annum. Application for such site, defining the position thereof, and accompanied by the first year's rent, shall be forwarded to the Inspector General of Forests in Perth.

36. The Inspector General of Forests or any officer of the Forestry Department may, in the performance of his duties under the Act and the regulations, enter upon any land the subject of a saw-milling permit, and into any saw-mill or other building, and inspect any machinery or timber, and all books containing any entries relating to the timber cut or procured under these regulations, which the permit holder shall produce for inspection on demand.

37. In the event of the permit holder failing to maintain his estimated output, as set forth in his application, he shall notwithstanding be required to pay at least 60 per cent. of the royalty computed on the amount stipulated in his original estimate, and further, if, in the opinion of the Inspector General of Forests, he fails to maintain his estimated output for what the Inspector General in his discretion considers an unreasonable period, the Minister may reduce the area of such permit proportionately.

38. All timber felled, cut, or sawn, and all buildings erected by, and all the effects of the holder of a permit, not removed from the area within 90 days from the expiration of the permit, shall become the property of the Crown, and may be taken possession of and removed by an officer of the Department or other person authorised by the Minister.

39. The Minister may from time to time set apart any portion of the area over which the sole right of cutting timber is granted by any saw-milling permit, for occupation by workmen and others employed in connection with such permit, or other persons supplying or ministering to the wants of the workmen. Such persons so desirous may obtain a 'Residence Permit' or 'Business Permit,' which will be granted per annum or per month, at the rate of one shilling per month.

40. Should it appear to the Inspector General, by personal inspection or the report of any officer of the Forestry Department, that the holder of a permit is causing unnecessary or wanton destruction of timber, the Inspector General may notify the permit holder to desist from such destruction, and if such destruction is continued it shall be deemed to be a breach of these regulations.

41. The holder of a saw-milling permit shall not cut or remove timber from any freehold, leasehold, or Crown lands while he is operating upon the land held under permit, without the permission, in writing, of the Inspector General of Forests.

42. The rights conferred upon a permit holder by the Act and these regulations shall not affect the right of the Inspector General or any person claiming under him to occupy or use the land therein comprised for any purpose consistently with the rights conferred by the permit.

43. The right is reserved to the Crown at any time during the continuance of a saw-mill permit to sell, lease, or otherwise dispose of any Crown land within such permit which, in the opinion of the Minister, has been denuded of marketable timber or timbers likely to develop into marketable timber, or which is not required by the permit holder for roads, tramways, mill sites, etc.

48. Provided that timber not included in the foregoing scale shall be charged for at the rates proportionate to the general scale of charges, and provided further, that the Inspector General may, where small quantities of timber are required by settlers for *bonâ fide* use and not for sale, authorise the removal thereof from Crown lands without payment.

49. All royalties shall be paid in full before the timber is removed from where it is felled, unless special arrangements are made with the Inspector General of Forests for payment for large and continuous purchases by approved contractors or purchasers at intervals not exceeding fourteen days.

50. No timber shall be removed from where it is felled without the consent, in writing, of an officer of the Forestry Department until the royalty is paid, unless such timber is removed to a mill or dépôt approved by such officer, and subject to such condition for the production and inspection on demand of log or record books as such officer may think fit to impose.

51. With the approval, in writing, of the Minister, timber subject to royalty may be removed to and stored for a specified time in an authorised depôt, if such timber is marked with a distinctive brand registered with an officer of the Forestry Department; but such timber shall at all times be open to inspection by any officer of the Forestry Department, who shall have power to seize such timber should it be removed, or detain it should he have reason to suspect there is an intention to remove it from the depôt before payment of royalty, or in case of any breach by the permit holder of these regulations with respect to such timber.

52. Upon payment being satisfactorily arranged for, an officer of the Forestry Department shall inspect the timber felled and hewn at the stump, and brand all such timber as he may consider suitable for market purposes, and such brand shall be deemed a certificate from the Forestry Department that the timber is passed as of first-class quality and true to name. If any timber on inspection does not come up to the required standard it shall be branded with a distinctive brand to indicate that such timber is not deemed to be of first-class quality.

53. All hewn timber shall be, so far as it is practicable, inspected at the stump and any that may have been obtained from private property and timber lease or concessions on which inspection is required shall be charged for by the Woods and Forests Department at the rate of 1s. per load. All sawn timber on which inspection is required shall be charged at the rate of 9d. per load. If required, inspection of hewn timber will be made at siding or depot, but in all cases timber must be tallied for royalty purposes at the stump by forest officers.

54. If required so to do, such officer may also give a certificate that the timber inspected, in addition to being of first-class quality and true to name, is up to size in accordance with the specification; but no such certificate shall be deemed a guarantee, nor shall the Government be responsible for any error or misstatement therein.

55. All unbranded logs, or logs branded with an unregistered brand or mark, may be seized by any officer of the Forestry Department and shall be forfeited to the Crown.

56. Should it appear to the Inspector General of Forests, or any officer of the Forestry Department, that a licensee or permit holder is causing unnecessary or wanton destruction of growing timber, or is not utilising timber felled to the best advantage, the Inspector General or such officer, in addition to requiring payment by the licensee or permit holder of one shilling per load for such logs felled, may notify the licensee or permit holder to desist from so doing; and if the licensee or permit holder thereafter continues so to do he shall be guilty of a breach of these regulations.

57. No tree shall be felled so as to obstruct any railway, tramway, road, track, or watercourse, and if any tree is felled in a manner contrary to this regulation, in addition to the penalty thereby incurred for a breach of this regulation, any officer of the Forestry Department may cause the obstruction to be removed at the cost of the person offending against the regulation, and the same shall be recoverable from such person in any court of competent jurisdiction.

58. The Inspector General of Forests or forest rangers may revoke or withhold any license in the event of the licensee obstructing any officer of the Department in the execution of his duty or infringing any part of the Act or Regulations thereunder.

59. The Inspector General of Forests may grant a temporary permit to enter upon any State forest or timber reserve for the purpose of cutting timber for such period and subject to such conditions and royalties as to the

Inspector General of Forests may seem fit. The permit may be subject to cancellation at any time without compensation to the holder.

60. A permit holder shall be responsible for the acts of every licensed person or persons employed by him in cutting or carting or removing timber.

61. It shall be unlawful for any licensee or other person to strip the bark from any standing tree, or to fell any tree for the sole purpose of obtaining the bark.

62. The cutting or removal of Kurrajong, Quandong, Red-flowering Gum, and Christmas trees of every kind or size is absolutely prohibited throughout the State.

63. Any officer of the Forestry Department may seize and dispose of any timber unlawfully cut or removed contrary to these regulations or any regulations made in lieu thereof in force for the time being.

64. Any person who, contrary to these regulations, fells, cuts, hews, carries, or removes timber without a license, or otherwise commits a breach of, or fails to observe these regulations or any of them, shall for every offence be liable, on conviction, to a penalty not exceeding £100.

## "GOVERNMENT GAZETTE."

*The Treasury,  
Perth, 8th March, 1907.*

IT is hereby notified, for general information, that His Excellency the Governor, with the advice of the Executive Council, has approved of the following Regulations for the control and management of the printing and publication of the *Government Gazette*.

L. S. ELIOT,  
Under Treasurer.

REGULATIONS TO BE STRICTLY OBSERVED WITH A VIEW TO EFFECTING ECONOMY IN THE PRINTING AND PUBLICATION OF THE "GOVERNMENT GAZETTE."

1. The *Government Gazette* will be published once a week—on Friday, unless otherwise interfered with by Public Holidays or other unforeseen circumstances, when the alteration will be duly notified.

2. Supplements to the *Gazette* will only be published when approved by a Minister, except such as are required by statutory obligation or to meet the special requirements of the Colonial Treasurer.

3. Notices for insertion in the *Gazette* must be sent to the Government Printing Office in reasonable time—none later than 10 o'clock of the day preceding the day of publication, and when possible, several days before that time.

4. Proofs of Departmental Notices will be supplied, but must be returned not later than 3 p.m. of the day preceding the day of publication, and duly certified for issue by a responsible officer.

5. Notices or proofs delayed beyond the time mentioned will be held over for insertion in the following issue.

6. Wherever possible, in order to economise space without altering the sense, Notices shall be grouped, or tabulated with one date and signature.

7. Notices should bear the date of the *Gazette* in which they are first to be inserted, unless there are special reasons for giving any Notice a different date.

8. Every Notice forwarded for publication in the *Gazette* must show the number of insertions required, and the responsibility of indicating the requirements of the law in that respect will rest with the Department from which it issues. Unless so notified, only one insertion will be made.

9. When any Notice is marked for more than one insertion it must be stated whether such Notice should be published in full in each issue or in the first issue only. If only one insertion in full is necessary, abbreviated notice should be furnished for subsequent insertions. Nothing in this Regulation will affect the Government Printer's right to repeat a notice when required for "make-up" purposes.

10. Care must be exercised in the preparation of Departmental Notices for the *Gazette*, to save as far as possible corrections, alterations, and additions when in type. The Notices should be legibly written on one side of the paper only. Signatures and proper names must be written very plainly in the text. All documents illegibly written will be returned unpublished.

11. Demands for copies of Notices which appear in the *Gazette* should be sent in with the MS. or the returned proofs. Such demands should be as limited as possible, and not made unless necessary.

12. Private advertisements forwarded for publication in the *Gazette* must be written on one side of the paper only, and must be legible (signatures and proper names in particular), otherwise they will be returned unpublished. Such Notices must be paid for prior to insertion.
