PUBLIC SERVICE ACT, 1904.

Proposals of the Public Service Commissioner relating to Classification of the General Division.

INTRODUCTION.

1. The Commissioner has personally interviewed the majority of the officers now classified.

2. The position, not the officer who for the time being occupies it, has been classified. All salaries are fixed at Perth rates. On the goldfields and in the tropics a district allowance as set out in paragraph 7 is paid in addition to the salary.

3. If an officer is not, for any reason, properly fulfilling the duties of his position, an obligation under the Act and Regulations rests on his superior officer to see that he does, or report him to the Commissioner. The names placed against the respective positions do not necessarily entitle those officers to the positions.

4. The value of a position is not enhanced by reason of the officer occupying such position being capable of performing more important work than the position demands. Such capacity must look for reward to promotion to a position carrying a higher classification. Seniority only counts when there is equality of efficiency.

5. As there is no scale of salaries prescribed in the Public Service Act the Commissioner has adopted the Clerical Division scale as prescribed in the second schedule of the Act for the purpose of classifying the General Division. The classes are indicated by different letters in order to avoid the two Divisions clashing.

The following is the scale of salaries alluded to:—

Class.	Salary of Grade.			
	First Grade.	Second Grade.	Third Grade.	Fourth Grade.
H	£ 450	£ 435	£ 420	£ 405
I	380	365	350	335

M	150	140	130	120
N	100	{ 90	70	50
		{ 80	60	40

6. The following tabulations will enable the classification of the Matrons of Hospitals and Public Institutions and of the Lighthouse keepers employed by the State, under the Public Service Act, to be more clearly realised.

7. The scale of district allowances payable to officers (in addition to the salaries provided) stationed on the goldfields or in the tropics, and distinguished by the letter (a) in the classification, except in the cases of Matrons of Hospitals and Public Institutions and Lightkeepers, in which cases special allowances are provided (*vide* paragraph 6), is as follows:—

	All Districts in the State except those within the S.W. Land Division of the State which lie West of Longitude 119° E., and also all places N. of Latitude 25° South.						North of Latitude 25° South.	
	Within 5 miles radius of the Post Offices at Kalgoorlie, Coolgardie, and Southern Cross.		Within 5 miles "as the crow flies" of any Railway Station or Public Sidings.		Beyond the 5 miles limit from any Railway Station or Public Sidings.

£450 (and over) from £381 ...	The last allowance plus 3% on Salary.		The last allowance plus 4% on Salary.		The last allowance plus 5% on Salary.		The last allowance plus 7½% on Salary.	

8. The proposals of the Public Service Commissioner relating to classification are subject to the approval of the Governor.

9. Attention is drawn to the two following Regulations:—

256. Appeals shall only be considered if made within one month of the date on which the report or recommendation affecting an officer is communicated to him directly, or made known by public advertisement.

257. An officer, in his appeal, shall set out concisely the grounds of his dissatisfaction with the action appealed against, and shall forward the same to the Head of Sub-department, who shall forthwith transmit it, through the Permanent Head, to the Commissioner.

10. From the appeals heard from the Professional and Clerical Divisions it is clear that in some instances a misconception has prevailed regarding the meaning of the classification. Officers have been placed *pro*

formâ in the grade nearest to their present salary; such grade, however, does not represent the Commissioner's classification. The classification is set out in the column headed "Value of position," and, subject to good behaviour and efficiency, the Commissioner anticipates that each officer will eventually receive the value of the position he occupies, as the Government of the day is from year to year able to provide funds.

11. In special cases the Commissioner will (under Regulation 144) extend the time within which ap-

peals can be lodged, provided application for extension is made to him by telegram stating the reasons for such application and the further time required.

12. The classifications of the Professional, Clerical, and General Divisions have now been issued, and are based on lists supplied by the various Departments. Any officer whose name has been inadvertently omitted is requested to at once communicate with the Commissioner.

22nd July, 1908.

M. E. JULL,
Public Service Commissioner.

* The Commissioner is of opinion that Section 55 of the Public Service Act gives the right to free quarters to those officers who at the commencement of the Act were in possession of free quarters, and that Parliament therefore intended that such officers should receive the salary attached to their positions, without deduction being made in respect of such quarters. In future officers who do not now occupy free quarters when appointed to these positions will pay rent.

This officer, when the vessel is engaged on inspection trips, receives free rations.
