## ROYAL COMMISSION

WESTERN AUSTRALIA, } By His Excellency Sir Gerald Strickland,  
TO WIT. } Count della Catena, Knight Commander of  
G. STRICKLAND, } the Most Distinguished Order of St.  
Governor. } Michael and St. George, Governor in and  
[L.s.] } over the State of Western Australia and  
its Dependencies, etc., etc., etc.

5078/10.

To the Honourable Robert Furse McMillan, a Judge of the Supreme Court of Western Australia, Greeting:

WHEREAS on the 12th day of October, 1910, allegations or implications were made in the Legislative Assembly of the existence of corruption in the administration of the Department of Lands and Surveys, and particularly that a Government advertisement was inserted in the *Sunday Times* to prevent adverse criticism of the said Department in connection with the grant of block 73 on the Stirling Estate to Mr. Dunkley: And whereas it is desirable that a Royal Commission be appointed to examine into and report upon the said charge, and to invite persons to bring forward charges of corruption in the administration of the said Department, and to inquire into any charges that may be brought forward pursuant to such invitation: Now therefore I, the said Governor, do hereby appoint you, the Honourable Robert Furse McMillan, to be a Royal Commissioner within the meaning of "The Royal Commissioners' Powers Act, 1902," sitting alone for the purpose of examining into and reporting upon the said charge, and of inviting persons to bring forward charges of corruption in the administration of the said Department, and of inquiring into and reporting upon any charges that may be brought forward pursuant to such invitation: And I do hereby desire and request that you do, as soon as the same can conveniently be done (using all diligence), report to me in writing your proceedings in virtue of this Commission.

Given under my hand and the Public Seal of the said State, at Perth, this 1st day of November, 1910.

By His Excellency's Command,

FRANK WILSON,  
Premier.

*The Land Act, 1898.*

## PROCLAMATION

(Resumption)

WESTERN AUSTRALIA, } By His Excellency Sir Gerald Strickland,  
TO WIT. } Count della Catena, Knight Commander of

## FREMANTLE HARBOUR TRUST.

Colonial Secretary's Office,  
5339/10. Perth, 25th November, 1910.

HIS Excellency the Governor in Council has been pleased to approve the following amendment to Regulation No. 118, made by the Fremantle Harbour Trust Commissioners on the 15th November, 1910.

F. D. NORTH,  
Under Secretary.

## FREMANTLE HARBOUR TRUST.

*Amendment of Regulation No. 118.*

The amendment, entitled "Wheat for Export," and dated 30th September, 1909, of No. 118 of the Regulations made by the Fremantle Harbour Trust Commissioners on the 6th day of September, 1907, is hereby repealed, and the following amendment of Regulation No. 118, aforesaid, enacted in lieu thereof:—

## REGULATION No. 118.

*Wheat for Export.*

Regulation No. 118 is hereby amended by adding thereto the following:—

Wheat in bags brought to the Port of Fremantle for export will be handled by the Commissioners on the following terms:—

1. *Weighing, Marking, etc.*—All weighing which is required to be done on the premises of the Trust will be carried out by the Trust, as requested from time to time, and in the following manner. At the North Quay shed all weighing will be of truck loads, by truck weighbridges. The loaded trucks (where such trucks are unloaded through the conveyor shed, whether the wheat is stacked in the shed or worked direct from the trucks into the vessels' holds), after having the sheets removed and before the doors are lowered, will be weighed for their "gross" weight, and after the accepted bags have been removed from the trucks and the doors locked up again, the trucks will be again weighed on the same weighbridge (they not having been moved in the meantime) for their "tare" weight.

In the absence of instructions to the contrary, all trucks at North Quay will be weighed.

Wheat can be worked direct from the trucks into ship's holds from either side of the new conveyor shed; in cases where it is so dealt with, trucks standing on the land side, the shed conveyors will be used, and the weighing will be the same as though the bags were stacked, *i.e.*, the truck will be weighed and tared without moving from the weighbridge. When trucks are put alongside the ship for the wheat to be taken on board by means of portable elevators, cranes or ship's gear, the weighing will still be in truck loads, but the trucks may not be tared on the same weighbridge, as it may not be convenient to work the empties back over the same bridge that the fulls were weighed upon, though this will be done wherever possible.

At the Victoria Quay sheds the system of weighing will be by individual bags, where requested, and in such cases the weights will, where requested, be marked on the bags as they are weighed.

On the North Quay no weights will be marked on the bags at all.

Where requested, the Trust will supply a list or note of the weights arrived at, as stated above, for record purposes only, but this list or note of weights will in no sense constitute a receipt for weights, nor be deemed as qualifying or embodying any condition of any receipt.

All weighbridges and bag scales will be tested each morning and adjusted where necessary, and the weigh clerks have instructions that this should be done in the presence of the merchants' representatives, who should, therefore, make a point of seeing this done, to prevent disputes afterwards. The work cannot be delayed, however, waiting for merchants' representatives to be present.

2. *Receipts.*—The Trust will give receipts, at the Trust's main office, Cliff Street, Fremantle, once daily, for all bags received for storage purposes only, on a special "Fremantle Harbour Trust Wheat Receipt" form only.

Where requested, the Trust will similarly give receipts for rejected bags on a "Fremantle Harbour Trust Rejected Wheat Receipt" form only, but this will be only in special cases where the rejected bags are allowed to remain on the premises of the Trust.

No receipts will be given for bags loaded direct from truck to ship, at any place, whether the bags are passed over the conveyors at the North Quay shed or worked into the ship from the railway lines alongside the ship, at either the North Quay or Victoria Quay.

3. *Rejected Wheat.*—As regards bags rejected at ship, or shed, or other spot where handling is done, these shall not be allowed to remain on the premises of the Trust, but shall be either left in the trucks during the course of handling out the accepted bags, or placed back in the trucks before the trucks are removed.

If, however, it is particularly requested by the shipper that these rejected bags shall remain on the premises of the Trust, they will be allowed to so remain for a period of 48 hours after being unloaded, at the termination of which period they will be loaded into railway trucks and sent to the railway yards at North Fremantle, or Fremantle, as the case may be, consigned to the merchants on whose account they were originally discharged, and at the entire risk and expense of the said merchants.

4. *Open Air Stacks.*—Should it become necessary to form open air stacks, whether at the North Quay or Victoria Quay, the Trust will not cover the bags so stacked in the open air, but will, if requested, place over such stacks such covers as the merchants see fit to provide, but without responsibility on the part of the Trust, and the charge for such services shall be the actual labour cost of the men employed to do the work.

For dunnage, the Trust will, where requested, permit the use, free of rent, of any material which they may have on hand suitable for dunnage, but the merchant must pay all cost of collecting, laying and returning such material. This special provision shall not throw upon the Trust any onus to supply any dunnage whatever, nor any responsibility in regard to such dunnage as may be supplied.

5. *Wheat received from Coastal Ports by Water.*—Where wheat is brought to the port by water for export, and has to be landed before shipment, the same conditions and charges as are herein set out for wheat brought down by land will apply.

Where such wheat is transhipped to the export vessel overside direct vessel to vessel, and not landed, the Trust will not handle it, nor will there be any Harbour Trust charges upon it, beyond the port dues chargeable on the vessels conveying it to and from the port.

6. *Responsibility.*—In no circumstances will the Trust Commissioners accept responsibility for weight, condition, value, or character of the bags or contents, nor will they accept responsibility for loss or damage to bags or contents, while on their premises, by reason of the ravages of vermin, or from dirt, or fire, or natural deterioration of bags or contents, in the case of shed stored bags, or for loss or damage to bags or contents from vermin, dirt, fire, robbery, natural deterioration or weather, in the case of open air stored bags.

In regard to all rejected bags, as these will be allowed to remain on the premises of the Trust for a limited time, and then only in specially arranged cases (as already set out herein above) for the convenience of merchants, the Trust Commissioners will accept no responsibility regarding them for shortage or loss, or damage, of any sort, from any cause whatsoever.

In regard to wheat worked direct from railway truck to ship, the Trust Commissioners will accept no responsibility for loss or damage from any cause whatsoever. The Trust will require a record of the bags so worked to be supplied by the merchants daily, such record to be in agreement as to number of bags, with the receipt obtained by the merchant from the ship.

The Trust Commissioners will accept no responsibility whatever for any demurrage charges made by the Railway Department or shipowners in respect of any delay in the work from any cause whatsoever.

*Shortages in Wagons.*—The Trust Commissioners will not accept any responsibility for any number of bags beyond the number for which they have given receipts. Should, however, any surplus bags be found in the stacks, these will become the property of the merchants in whose stacks they are found, up to the total of the shortages notified during the course of the work. All charges upon them must, however, be first paid.

7. *Handling Charges.*—The handling charges on wheat for shipment will be as follows:—

I.—Where wheat is handled at Victoria Quay or places other than at North Quay conveyor shed:

- (a) Full service, i.e., receiving and delivering, including stacking, where required, Trust giving a receipt for number of bags only, per bag, 1½d.
- (b) For each, or any additional or special handling service required, such as turning over, or sorting bags for such purposes as re-sampling, re-weighing, or otherwise; or re-stacking, trucking, etc., as requested or as necessary, per bag, ½d.
- (c) Slings, or working bags on to elevators at railway wagons at ship's side where ship loading from wagons and bags not stacked, per bag, ½d.
- (d) Conveying bags from one berth to any other berth, or from one shed to any other shed, where railway wagons not used for the purpose, all on South, or all on North side of harbour, per bag, 1d. If the service herein described does not involve the transferring of bags beyond an adjoining berth, the special charge for the service shall be ½d. per bag.
- (e) Loading up and stowing in railway wagons for transfer from one position to another position on the wharves (but not including crane or elevator hire), per bag, ¾d.
- (f) Weighing and (or) marking of weights on bags, including a list of weights, but not a receipt for weights, for each time such service is performed, per bag, ¼d.

On rejected wheat:

- (g) For each service performed such as—
  1. Handling from railway wagons to stacks, and vice versa, each way, per bag, 1d.
  2. Loading up and stowing railway wagons or other vehicles (but not including crane or elevator hire), per bag, 1d.
  3. Turning over, or sorting, or re-stacking, per bag, 1d.
  4. Handling in railway wagons, where bags not taken out of same, per bag, ½d.
- (h) Weighing and (or) marking, same as (f) above, per bag, ¼d.
- (i) Conveying from berth to berth or shed to shed, for each such service, as in (d) and (e) above.

*Note.*—In all cases of conveying wheat (either for export or rejected) from one berth, shed, or position to some other position, the methods to be pursued shall be in the entire discretion of the Wharf Manager.

II.—Where wheat is handled at the North Quay conveyor shed:

- (a) Full service, i.e., receiving and delivering, including stacking, where required, Trust giving a receipt for number of bags only, per bag, 1½d.
- (b) For each or any additional or special handling service required, such as turning over or sorting bags for such purposes as re-sampling, re-weighing, or otherwise; or re-stacking, trucking, etc., as requested or as necessary, per bag, ½d.
- (c) Slings, or working bags on to elevators at railway wagons, where ship loading from wagons, and bags not stacked, per bag, ½d.
- (d) *Weighing.*—Weighbridge weights, including tare of wagons:
  1. Four wheeled wagons, per wagon, 1s.
  2. Bogie wagons, per wagon, 1s. 6d.

(These charges include a note of weights, where requested, but not a receipt for weights.)

On rejected wheat:

- (e) For each service performed, such as—
  1. Handling from railway wagons to stack, and vice versa, each way, per bag, 1d.
  2. Loading up and stowing railway wagons (but not including crane or elevator hire), per bag, 1d.

- 3. Turning over, or sorting, or re-stacking, per bag, 1d.
- 4. Handling in railway wagons, where bags not taken out of same, per bag, ½d.
- (f) Weighing and (or) marking, same as (f) above, per bag, ¼d.

8. *Work in Overtime Hours.*—Where the performance of any service causes the work to be done in, or to extend into hours other than the regular working hours of the port, the particular charge laid down for such service will in every instance be increased by the additional amount payable to the men as overtime rates of pay. The Trust reserves to itself the right, at all times, to continue the work beyond the regular working hours of the port, if same be necessary in the opinion of the Wharf Manager, whether from any shortness of labour, or from any other reasons whatsoever, and in such cases the additional charges referred to in this paragraph will become due and payable.

All wagons commenced will be finished within each day, no carry over of part wagons to another day being permitted.

9. *Storage charges on wheat.*—The storage charges on wheat shipped will be as follows:—

- (a) For shed storage, but not to involve responsibility for damage to bags or contents by vermin, dirt, fire, or natural deterioration, per week, per bag, one-sixth of a penny.
- (b) For open air storage space, but not to involve responsibility for damage to bags or contents by vermin, dirt, fire, robbery, natural deterioration or weather, per week, per bag, one-twelfth of a penny.

10. *Storage charges on wheat not shipped.*—In all cases of wheat stored on the premises of the Trust, whether in a shed or the open air, ostensibly for shipment, but eventually not shipped, but taken away by merchants for other purposes, the storage charges will be the same, as set out in Fremantle Harbour Trust Regulation No. 163, for ordinary general cargo.

11. *Lay Days, etc.*—The scale of berthing dues and lay days in operation in the port for vessels working general cargo will not apply to vessels loading wheat, which will be dealt with on the following basis, viz.: ½d. per ton, per day of 24 hours, for each ton of the nett register of the vessel, for the first six days that she occupies a loading berth, and ¼d. per ton, per day, on the nett register for each day of 24 hours subsequent to the first six days that she occupies a loading berth. Sundays and port holidays will not be included where no work done. These charges will be calculated from the time of taking up the loading berth till departure therefrom, and will be computed in quarter days, i.e., six hours to each quarter day. This scale of charges will also apply to vessels loading part cargoes of wheat, where such part cargoes are in excess of one-fourth of the nett registered tonnage of the vessel.

To vessels loading less than one-fourth of their nett register, the scale of berthing dues in force for general cargo ships, as laid down in Regulation No. 105, will apply.

The provision of this special scale of lay days for wheat ships shall in no way affect the control of such, or of any vessels in the port, vested in the Harbour Master by the Fremantle Harbour Trust Act, or Regulations made thereunder.

12. *Use of Elevators and Conveyors loading ships.*—In all cases where the gantry loaders on the North Quay are available for use at a ship, and also where one or more of the portable elevators are available for use at a ship, at either the North Quay or Victoria Quay, the ship must use such as are available, and, in the opinion of the Wharf Manager, applicable to her loading, and the Harbour Trust charges to be paid by the shipowner for the use of such appliances will be the same charges as are in force for the hire of electric cranes, namely, for continuous work between the hours of 8 a.m. to 5 p.m., Monday to Friday, and 8 a.m. to 1 p.m. Saturday, in loading vessels, for each gantry loader, crane or conveyor, per hour, or portion of an hour, 5s., with a reduction of 20 per cent. for each full four hours worked after the first eight hours.

The cost over and above the ordinary cost of day work of all labour and supervision employed by the Trust, in connection with the working of these appliances, or any of them, during hours other than the ordinary working hours of the port, shall also be paid to the Trust

by the shipowner, in addition to the hire rates already stated herein above.

Continuous work shall be deemed to be the continuous time during which these appliances or any of them are retained at a ship, and not the time during which they are actually working.

The ship that is first ready to use these appliances, or any of them, shall be deemed to have priority of claim to same, and in the event of any such appliances being, in the opinion of the Wharf Manager, available for use, and not used by a ship, the same rates will become chargeable against the ship, as though the said appliances had been used by her.

These charges will include the use of shoots in the vessels' holds, where such are available and, in the opinion of the Wharf Manager, applicable to the ship being loaded, and the Trust will rig these shoots and will keep them rigged and adjusted, and the charge to the shipowner for such rigging service will be at the rate of 10s. per hatch worked per day.

Adopted and passed by the Fremantle Harbour Trust Commissioners at a meeting of the said Commissioners held this 15th day of November, 1910.

The Common Seal of the Fremantle Harbour Trust was at the same time affixed [SEAL.] and impressed by order, and in the presence of—

## LAND OPEN FOR SELECTION.

Department of Lands and Surveys,  
Perth, 25th November, 1910.

It is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The locations available under Part VI. are marked with an asterisk.

Applications must be lodged at the Office of the Government Land Agent for the District.

The date fixed as showing when subdivisions are available denotes that applications may be lodged before such date, but will be treated as having been received

on the appointed day, and should there be any locations not applied for after the date specified, such will continue available until applied for or otherwise dealt with.

The locations with amounts set against them in the fourth column are available subject to the special condition that an expenditure of not less than one-fourth of the amount set out in such column shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. The advance mentioned is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application from the Managing Trustee.

Applications for advance must be accompanied by a fee of one per cent. on the amount applied for.

If it becomes necessary that any application should go to the Land Board for decision, the applicant will receive a notice from Head Office informing him of the date, place, and time of the sitting of the Board.

He may then, if he wishes, apply to Head Office for a Certificate to the Railway Department, which on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates to the place where the Board will sit, available for seven days from date of issue.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,  
Perth, 10th November, 1910.

It is hereby notified, for general information, that the lands as described hereunder will be available for selection on and after Tuesday, 29th November, 1910.

Applications must be lodged with the Government Land Agent for the District in which the land is situated.

Applications may be lodged before the day specified, but will be treated as having been received on the appointed day, and if there are more than one applicant the matter will be decided by the Land Board.

If it becomes necessary that any application should go to the Land Board for decision the applicant will receive a notice from the Head Office informing him of the date, place, and time of the sitting of the Board.

He may then, if he wishes, apply to the Head Office for a certificate to the Railway Department which, on presentation at the nearest Railway Station will entitle him to a Return Ticket at Excursion Rates to the place where the Board will sit, available for seven days from the date of issue.

Open under Parts V. and VIII. of the Land Act and its Amendments
