Treasury,
Perth, 2nd April, 1912.

HIS Excellency the Governor in Executive Council has been pleased to approve of the cancellation of Treasury Regulations 71 to 75, and the substitution of the following in lieu thereof; to take effect from the 1st July, 1911.

L. S. ELIOT,
Under Treasurer.

REGULATIONS.

Cancellation of Regulations 71 to 75, and substitution of the following in lieu thereof; to take effect from 1st July, 1911.

71. Whenever a Permanent Head ascertains that it is impossible to keep the expenditure of departments under the control of his Minister within the Votes provided for in the Appropriations from the Consolidated Revenue Fund, he shall transmit a requisition, as per Form No. 34, to his Minister, who will submit the same for the approval of the Treasurer.

72. Whenever a Minister considers it necessary that services or works shall be undertaken, which have not been provided for in the appropriation from the Consolidated Revenue Fund, the Permanent Head of the Department for which the money is to be provided is to furnish a requisition, as per Form No. 35, to his Minister, who will submit the same for the consideration of the Treasurer; and, if approved, the said requisition shall be submitted for the approval of the Governor in Council.

73. Whenever a Permanent Head ascertains that any amount provided on the General Loan Fund Estimates is insufficient to meet the expenditure for the financial year, but will not exceed the amount provided on the Loan Act Schedules, he shall transmit a requisition, as per Form No. 36, to his Minister, who will submit the same for the approval of the Treasurer.

74. Expenditure incurred under the preceding Regulations shall be deemed to be expenditure under the Parliamentary appropriation for "Advance to Treasurer," and shall be charged in the public accounts to the respective Votes on the Consolidated Revenue Fund or General Loan Fund Estimates monthly, and submitted in detail for Parliamentary appropriation in the Appropriation Act for the next ensuing year.

75. Whenever a Minister considers it necessary that services or works shall be undertaken, for which provision has not been made in a Loan Act, the Permanent Head of his Department shall furnish a requisition, as per Form No. 37, to the Minister, who will submit the same for the consideration of the Treasurer; and, if approved, the said requisition shall be submitted for the approval of the Governor in Council. Expenditure on such services or works shall be charged to the Appropriation for Advance to Treasurer as expense of an unforeseen nature under the Head Loan Suspense Account, and shall be included in a Loan Bill subsequently submitted to Parliament.

76. In order that Departments may be enabled to pay wages of employees, and the claims of public creditors, and to provide means for officers to travel on duty or for any other purpose, the Treasurer may make such advances from the Appropriation for Advance to Treasurer as he considers necessary, and in such manner as he shall determine in writing on requisition being made to him on one or other of the Forms Nos. 38, 39, and 40.

77. Whenever another Government is desirous of having payments made by this State on its behalf, the Treasurer may advance the amount under the authority of the appropriation for "Advance to Treasurer," and take necessary action for reimbursement; and in the meantime the said advances shall be debited in the Treasury books to such accounts as the Treasurer may determine in writing.

78. The appropriation for "Advance to Treasurer" shall lapse in regard to advances made under the two preceding regulations on 30th June following the financial year for which the appropriation was made, and any balances not adjusted at the expiration of that period shall be deemed to be advances under a subsequent appropriation for Advance to Treasurer, and must be covered by fresh authorities in the manner prescribed above.

**CAUTION WHEN APPROACHING AUSTRALIAN
 PORTS.**

*To be substituted for the Notice to Mariners issued by
 the Naval Board on 20th March, 1909.*

1514/12.

IN connection with the periodical exercises or manœuvres,
 or in the event of relations becoming strained between
 Great Britain and any Naval Power, an Examination
 Service may come into force at the ports or localities
 mentioned at the end of this notice.

Masters are warned that before attempting to enter
 any of these ports they must, in their own interests,
 strictly obey all instructions given to them by the vessels
 which will be charged with the duty of examining ships
 desiring to enter the ports, and allotting positions in
 which the ships shall anchor. In case of fog, they should
 on no account attempt to enter before receiving per-
 mission from the Examination Officer.

The institution of an Examination Service at any
 port will never be publicly advertised, but at all times
 when the relations of Great Britain with foreign Powers
 are known to be in a state of tension, especial care should
 be taken in approaching the ports, by day or by night,
 to keep a sharp look-out for the Examination Steamer,
 and to be ready to "bring to" at once when hailed
 by her or warned by the firing of a gun.

*If the entrance to a port is closed, three red vertical
 lights by night, or three red balls by day, will be
 exhibited in some conspicuous position, in or near to
 its approach, and as far as possible notice of this fact
 will be given by look-out vessels in the offing.*

If the Examination Service is in force the Examina-
 tion Steamer will be distinguished at night—

- (a.) When the port is closed, by three red vertical
 lights.
- (b.) When the port is open, by three white vertical
 lights.

The pilots attached to the ports will be acquainted with
 the regulations to be followed.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Under Secretary for Lands.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys.

IT is hereby notified, for general information, that the lands described hereunder will be available for selection on the days as hereinafter shown, under Parts V. and VIII. of the Land Act and its amendments, and the Regulations framed thereunder.

The lands marked with an asterisk are also available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance is available subject to the special condition that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

The areas which are open under Part V. are open under Section 55 (Residential Conditions) and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.
