Notes:—

- (1.) Cargo landed on wharves or jetties from a ship in distress, or for convenience of a ship and reshipped by same ship, 1s. per ton wharfage. (This rate includes 24 ordinary working hours' storage in wharf shed.) Handling charges will be made according as the said cargo is dealt with, on the same scale as other cargo.
- (2.) Transshipment cargo is cargo appearing as such upon a ship's manifest or declared in writing to the Trust before being transhipped direct ship to ship or being landed as being intended to be transhipped into a ship when landed is not removed from the premises of the Trust, but does not include cargo landed for land transport to another port.
- (3.) No wharfage dues will be charged in respect of ballast, in the shape of stone, sand, shingle, or such like material, transhipped overside vessel to ship.
- (4.) The Trust will not supply labour to handle cargo transhipped overside ship to ship.
- (5.) Cargo is allowed 16 ordinary working hours free storage in wharf sheds, except transshipment cargo, which is allowed 24 ordinary working hours.
- (6.) Wharfage dues on bulk kerosene and other like oils will be 5s. per ton of 250 gallons. Handling charges will be subject to arrangements according as the oils are dealt with.
- (7.) Where consignees or owners of motor cars or their agents desire to open, adjust, and set up for removal such cars, permission may be given by the wharf manager for this to be done if it will not in the opinion of the wharf manager interfere with the convenient

working of the wharf, and a charge of Ten shillings (10s.) per car shall be made for the use of the premises of the Commissioners in effecting the operation.

(8.) For the purpose of computing charges on specified rates, see Regulation No. 107.

(9.) *Special note re Handling Charges.*—The scale of handling charges set out in the above schedule are intended to include only normal handling and stacking and delivery of cargo, but occasions arise when the Commissioners are called upon, in order to find storage space or to deal with heavy or special cargoes, to stack cargo higher than under normal conditions. It is therefore enacted that in the case of wool, skins, gunnies or other baled goods of like or heavy or cumbersome character, as well as cased or general goods of a heavy or awkward character, the schedule charge shall apply only to a stacking of one tier high, and if it is desired by the owners or is necessary in the opinion of the wharf manager to stack the goods higher than one tier, there shall be paid in addition to the schedule charge an extra handling charge of one shilling and threepence per ton for each tier above the first.

(10.) *Harbour Improvement Rate.*—Attention is drawn to Regulation No. 113, which provides for a Harbour Improvement Rate on goods discharged in the port of Fremantle additional to wharfage dues and handling charges. This Harbour Improvement Rate is not levied on transshipment cargo, nor on coal discharged in the port of Fremantle for bunkering ships in the port only.

Department of Lands and Surveys,

Perth, 8th March, 1918.

IT is hereby notified, for general information, that the undermentioned Leases, Licenses, and Occupation Certificates have been forfeited for non-compliance with the conditions under which they were granted, and the land contained therein will be again open for selection, under "The Land Act, 1898," and its amendments, on and after the dates and at the places mentioned.

Applications must be lodged at the Local Land Office for the district in which the land is situated, and should be lodged on or before the date specified.

All applications lodged before such date will be treated as having been received on that day, and if there are more applicants than one for any lot the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board to deal with the matter, but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location available under Part VIII, must take the balance thereof, if any, under Conditional Purchase.

The lands marked with an asterisk are available under Part VI.
