3. Any person taking out a license for a boat under Section 11 of the Act shall, if such boat is destroyed, sold, or otherwise disposed of during the currency of the license, be entitled to have the registered number of the boat licensed transferred to another boat owned by him; provided, however, that no such license shall be transferred to another person.

Marking of Licensed Fishing Boats.

4. The owner or person in charge of a boat licensed under Section 11 of the Act shall paint and keep painted on both port and starboard sides of the boat, near the bow outside above the water line, white upon a dark ground and black upon a light ground, in legible letters and numerals not less than four inches in length, the registered number of the boat, preceded by or beneath the capital letters L.F.B., together with the initial letter or letters of the port or place where the license was issued.

Persons to produce Licenses on demand.

5. Every person licensed to catch fish for purposes of sale shall, upon demand at any time by any Inspector or Assistant Inspector of Fisheries, produce his license or satisfy the Inspector or Assistant Inspector that he has taken out such license, and any person failing to produce such license or failing to satisfy the Inspector or Assistant Inspector as hereinbefore set out shall be liable to prosecution. The owner or person in charge of any boat licensed under the Act failing to comply with the requirements aforesaid shall be guilty of a breach of this Regulation.

Persons to give Name and Address.

6. Any person catching fish for purposes of sale in any Western Australian waters, or any person using any fishing net, fishing line, or other appliance for the purposes of catching fish, or any person having in his possession undersized fish, or any underweight fish known as or called the "crayfish," or any "crayfish" having eggs or spawn attached to its abdominal appendages, shall, on demand of any Inspector or Assistant Inspector, give his true name and address. Any person who shall

refuse or neglect to comply with such demand, or shall give a false or fictitious name or address, shall be guilty of a breach of this Regulation.

Disposal of Forfeited Fish.

7. Fish forfeited pursuant to the provisions of Sections 6 and 22 of the Act shall be handed over to the authorities of any hospital, benevolent asylum, or charitable institution near to the place where such fish were seized; provided, however, that should, in the opinion of the Inspector, such fish be unfit for human consumption, they shall be destroyed.

Disposal of forfeited Fishing Nets, Boats, or other gear.

8. Fishing boats, fishing nets, or other appliances employed in the capture of fish ordered by any Court to be forfeited under Sections 6, 37, and 37a of the Act shall be sold or otherwise disposed of as the Minister may direct. The proceeds of all sales shall be paid into Consolidated Revenue.

Use of Long-line or "Bultows" prohibited in certain waters.

9. No person whether licensed as provided by the Act or unlicensed shall, in the waters of the Murray River or Serpentine River, or their tributaries, use or attempt to use for the purpose of catching fish, any line other than the ordinary hand line to which not more than two (2) hooks are attached, or a rod and line.

"Meshing" or "Set" Nets.

10. No person shall, in the waters of Peel's Inlet or of the Harvey Estuary east, shoot, fix, or set any "meshing" net or "set" net within fifteen (15) fathoms (30 yards) of any other "meshing" net or "set" net already cast, shot, fixed, or set in the waters aforesaid.

Setting of Nets in the Upper Waters of the Swan River.

11. No person shall, in that portion of the Swan River situated between the Railway Bridge at Guildford and the Upper Swan Bridge, near Midland, set or fix any net nearer than 30 fathoms (60 yards) to any other net that shall have been set or fixed.

Priority among Netters.

12. The rights of priority in hauling nets, as between fishermen netting on the same ground, are hereby determined as follows:—

- (a.) The first turn shall belong to the licensed fisherman who arrives on the ground with a *bona fide* crew of licensed fishermen in a licensed fishing boat marked in accordance with Regulation 4 with a lawful net ready for shooting and hauling.
- (b.) The next turn shall belong to the licensed fisherman who next arrives as above, and so on.
- (c.) A turn shall come to an end when a fisherman has shot his haul and shall in no case last more than twenty-four hours as against any other licensed fisherman who is on the ground waiting for a haul.
- (d.) During his turn a fisherman shall have exclusive right to the haul, provided he remains with his crew on the haul in readiness to "shoot" with one end of his hauling line ashore.
- (e.) No licensed fisherman shall have a second turn until all the other licensed fishermen on the ground have had their first turn.
- (f.) No unlicensed fisherman or licensed fisherman in an unlicensed boat shall have any claim to a haul as against a licensed fisherman and crew in a licensed boat.

Two or more turns may be taken at the same time if the water to be fished admits of double banking, but no net shall be shot round an inner net within a boat's length of the cork line of such net.

It shall be unlawful to wilfully disturb or frighten fish on or in the vicinity of a haul so occupied, or in any manner to obstruct a licensed fisherman during his turn.

When a licensed fisherman is lawfully in possession of a haul, no person shall impede him by the process known as "blocking," whereby another person sets or places his net as to prevent or attempt to prevent fish getting to such haul.

The occupancy of the haul, as aforesaid, shall cover a space not exceeding the length of the net being lawfully used, measured along the shore from a point where

the boat in possession is moored in the direction in which the net is laid for hauling.

Any licensed fisherman who suffers any loss from a breach of this Regulation may be authorised by the Minister to take legal proceedings at his own expense.

Testing the length, depth, or mesh of nets.

13. For the purpose of testing the length of any fishing net, such net shall be measured along the cork line upon which the net is hung. The depth of any net shall be ascertained by counting the number of meshes situated between opposite points upon the cork and lead lines. The size of the mesh shall be determined by measuring from knot to knot on the inside of the mesh when wetted ready for use and stretched so that the opposite knots on the alternate corners are in contact. In cases of dispute a half-pound weight shall be slung or attached to one knot of the mesh to be measured, and the space between that and the opposite knot shall be measured. In the event of the net being dry, the part to be measured shall be soaked either in fresh or salt water for not less than ten minutes, and the dimensions of a mesh or meshes of the portion so soaked shall thereupon be determined.

Ova-bearing Crayfish.

14. No person shall, at any period of the year, remove or attempt to remove from the abdominal appendages of the fish known as or called the "crayfish" any ova or "spawn" attached thereto.

Notice of finding.

15. When any boat, net, line, implement or appliance for taking fish shall be found by any Inspector in any closed waters without any person in actual possession thereof, then such Inspector, or another Inspector, shall give notice of the finding thereof, by posting for seven clear days for public information outside his office, and the local Police Station, or the local Post Office, or in the case of Perth, outside the offices of the Fisheries Department, Perth, full particulars of the thing so found, and the locality where it was found.

Transfer of Exclusive License issued under the provisions of Section 30 of "The Fisheries Act, 1905-13."

16. (a) No transfer of an Exclusive License issued under the provisions of Section 30 of "The Fisheries Act, 1905-13," shall be made without the express permission of the Minister first had and obtained.

(b) All applications for a transfer of an Exclusive License or licenses must be made by both the proposed transferee and transferee in the prescribed form (Form C. appended to these Regulations).

(c) All applications for a transfer of an Exclusive License shall be lodged at the office of the Chief Inspector of Fisheries, Perth, together with a fee of ten shillings.

(d) The Minister shall not be bound to entertain any application for transfer of an Exclusive License, and the granting or refusal of such application shall be in the absolute discretion of the Minister.

(e) In the event of an application for transfer being granted, such transfer shall be endorsed by the Minister and shall have the effect of vesting the license in the transferee with the rights and subject to the liabilities of the original licensee (Form D. appended to these Regulations).

(f) In the event of an application for a transfer of an Exclusive License being refused by the Minister under Regulation 4, the application fee shall be refunded.
