GOD SAVE THE KING!!!

#### The Mining Act, 1904. ORDER IN COUNCIL.

At the Executive Council Chambers, at Perth, this 25th day of February, 1920.

Present:

His Excellency the Administrator. The Honourables—The Premier, F. E. S. Willmott, M.L.A.

Corres. No. 947/19.

WHEREAS by virtue of the powers conferred by Sec-tion 226 of "The Mining Act, 1904," it is made lawful for the Administrator by Order in Council to establish Wardens' Courts at such places as he deems necessary, and may assign to any Warden's Court such Goldfields and Mineral fields or districts as he thinks fit; and whereas it is deemed expedient that a Warden's Court

shall be established: Now therefore His Excellency the Administrator, in the exercise of the powers conferred by the said Act, doth hereby, by and with the advice and consent of the Executive Council, establish a Warder's Court at Broome for and in respect of the West Kimberley Goldfield, such court to be presided over and administered by the Warden of the said Goldfield or in his absence by the Acting Warden thereof.

BERNARD PARKER, Clerk of the Council.

This Order in Council appeared in error, in last week's issue, under date of 18th March.

#### 337/19.

IT is hereby notified, for public information, that His Excellency the Administrator in Executive Council has been pleased to approve of the annexed Order in Council declaring Explosives to be a "Necessary Commodity" for the purposes of "The Prices Regulation Act, 1919."

(Sgd.) H. P. COLEBATCH, Minister charged with the administration of "The Prices Regulation Act, 1919."

Prices Regulation Act, 1919.

ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 10th day of March, 1920.

Present:

The Honourables-The Minister for Education (Senior Member),

The Minister for Mines, The Attorney General.

WHEREAS by "The Prices Regulation Act, 1919," it is provided that the term "necessary commodities" means goods declared by the Governor, by notice in the *Gascite*, to be "necessary commodities" for the pur-poses of the said Act: Now, therefore, His Excellency the Administrator, by and with the advice of the Excen-tive Council, doth hereby declare that Explosives shall be a "necessary commodity" for the purposes of the said Act said Act.

BERNARD PARKER. Clerk of the Executive Council.

#### The Road Districts Act, 1919. Leonora-Malcolm Road District.

ORDER IN COUNCIL.

At the Executive Council Chambers, at Perth, this 18th day of March, 1920.

Present:

His Excellency the Administrator. Honourables—The Premier,

The Honourables-

The Minister for Education.

P.W. 5930/19.

WHEREAS by Section 20 of "The Road Districts Act, 1919," the Governor may by Order in Council declare the number of members that the Board of a Road District shall consist of and determine the number of mem-bers for each ward: And whereas it is desirable that the number of members shall be declared for the Board of the Leonora-Malcolm Road District, and also determine the number of members for each ward: Now, mine the number of members for each ward: Now, therefore, His Excellency the Administrator, by and with the advice of the Executive Council, under the provisions of the said Act and all other powers him in this behalf enabling, doth hereby declare that the Leonora-Malcolm Road Board shall consist of seven members, and determine the number for each ward shall be as follows:—

Leonora Ward—2 members Gwalia Ward—2 members West Ward—1 member East Ward—1 member Central Ward—1 member

To come into force as from the 31st day of March, 1920,

(Sgd.) BERNARD PARKER,

Clerk of the Council,

#### Amalgamation of the Central and Maleolm Wards.

#### ORDER IN COUNCIL.

#### At the Executive Council Chambers, at Perth, this 18th day of March, 1920.

Present:

# His Excellency the Administrator. The Honourables—The Premier, The Minister for Education.

P.W. 5930/19.

WHEREAS by Section 8 of "The Road Districts Act, 1919," His Excellency the Administrator may, by Order in Council, abolish any Ward of a District and transfer any Ward to another Ward of a District: And whereas it is desirable to abolish the Malcolm Ward of the Leonora-Malcolm Road District and include the same in the Central Ward of the said District: And whereas due notice of the intention of the Administrator in Executive Council to exercise such powers has, in ac-cordance with the provisions of "The Road Districts Act, 1919," been duly published in the *Government Gazette* and served on the Board in the manner prethe second served on the Board in the manner pre-scribed in the snid Act: Now, therefore, His Excellency the Administrator, by and with the advice and consent of the Executive Council, doth hereby, in exercise of the powers conferred by the said Act and of all other powers him in this behalf enabling, abolish the Malcolm Ward of the Leonora-Malcolm Road District and include the same in the Central Ward of the said District.

To come into force on and after the 31st day of March, 1920.

> (Sgd.) BERNARD PARKER. Clerk of the Council.

#### The Land Act, 1898. ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 24th day of March, 1920.

Present

His Excellency the Administrator.

The Honourables-The Premier, The Minister for Works, The Colonial Secretary.

Corr. No. 7617/19.

WHEREAS by Section 42 of "The Land Act, 1898," it is made lawful for the Governor to direct that any Reserve shall vest in and be held by any Municipality, Road Board, or other person or persons to be named in the order, in trust for any of the purposes set forth in Section 39 of the said Act, or for the like or other public purposes to be specified in such order: And whereas it is deemed expedient that Reserve No. 17431 should vest in and be held by the Hon. the Minister for Water Sup-In and be need by the rion, the Minister for water sup-ply, Sewerage, and Drainage, in trust for the purpose of "Water'': Now, therefore, His Excellency the Adminis-trator, by and with the advice and consent of the Execu-tive Council, doth hereby direct that the before-mentioned Reserve shall vest in and be held by the Hon. the Minister for Water Supply, Sewerage, and Drainage, in trust for the purpose aforesaid; subject, nevertheless, to the powers reserved to him by Section 41 of the said Act

BERNARD PARKER, Clerk of the Council.

Mctropolitan Water Supply, Sewerage, and Drainage Act, 1909.

#### ORDER IN COUNCIL.

At the Executive Council Chambers, at Perth, this 24th day of March, 1920.

#### Present:

His Excellency the Administrator. The Honourables

The Premier, The Minister for Works,

The Colonial Secretary.

Met. W.S. 3297/16. WHEREAS by "The Metropolitan Water Supply, Sewerage, and Drainage Act, 1909," it is provided that the Governor may, by Order in Council, alter or extend

the boundaries of the Metropolitan Water Supply, Sewerage, and Drainage Area or of any District: And whereas it is desirable that the boundaries of the Central Stormwater Districts Nos, 1 2, and 5 should be altered: Now therefore I, the Administrator, acting by and with the advice of the Executive Council, do hereby alter the boundaries of the Central Stormwater Districts Nos. 1 2, and 5, and declare that the said boundaries as shown on plans W.S., S., and D.D. Nos. 3449 and 2545 and described in Order in Council dated 18th June, 1919, and published in Government Gazette of 27th June, 1919, shall be altered in the following manner:-

By deleting the area described hereunder from Central Stormwater District No. 1, and including it in Central Stormwater District No. 5.

#### Schedule.

No. 15877.-C.S.O.

#### BROOME JETTY.

#### Schedule of Wharfage Dues and Hundling Charges.

106/20.

Colonial Secretary's Office, Perth, 26th March, 1920.

H1S Excellency the Administrator in Council has been pleased to approve the following revised Schedule of Wharfage Dues and Handling Charges for Broome Jetty, to come into force on the 1st April next.

G. DIBDIN,

Acting Under Secretary.

All goods landed from or shipped into any vessel shall, except where otherwise provided, pay wharfage dues and handling charges as scheduled. Such wharfage dues and handling charges, except where otherwise provided, shall be levied on ship's measurement or weight, at the option of the Contractor or Officer in Charge. Goods which have already paid full inward wharfage at another port in the State of Western Australia shall, on prime entry, be exempt from the payment of wharfage dues, on production of certificate in prescribed form when such goods are being cleared.

Definition of "Handling Charges."—Handling charges on inwards cargo shall, except where otherwise specifically provided, include receiving from ship's slings, tallying (which tallying shall be done in conjunction with and in the presence of any tallying which may be done by the ship), and delivering to the tail or side of vehicle, but not loading the vehicle. Inwards cargo shall not, for any purpose whatever, be deemed to be in the custody of the Wharfinger until the sling is released from the ship's crane or hoisting hook, or deposited on the wharf or conveyance provided by the Wharfinger to receive same.

Outwards cargo shall be deemed to be in the custody of the ship when the ship's crane or hoisting hook is inserted in the sling.

\* The Wharfage Charges are increased by one-fifth of the above rates by an Order in Council of 26th September, 1917.

#### No. 15878.-C.S.O.

### LUNACY ACT, 1903.

#### Regulations.

186/20.

HIS Excellency the Governor in Council has been pleased to approve the following amendment of Regulation 29 made under "The Lunacy Act, 1903," and published in the *Government Gazette* of 14th May, 1915:—

Under the heading "Female Staff," for "one waterproof cloak every two years" substitute "one waterproof cloak every three years."

No. 15879.-C.S.O.

#### BUNBURY HARBOUR BOARD.

336/19.

HIS Excellency the Governor in Council has been pleased to approve the following amendment of Regulation No. 61 made by the Bunbury Harbour Board on the 24th February, 1920.

#### Amendment of Regulation.

Regulation No. 61, made by the Bunbury Harbour Board on the 26th November, 1909, is hereby repealed, and the following Regulation enacted in lieu thereof:—

#### Regulation No. 61.

"Pilotage Charges.—Pilotage charges, except where otherwise provided for by these Regulations, shall be at the rate of twopence per ton on the net registered tonnage of each vessel, to cover both inward and outward pilotage."

"The minimum charge shall be  $\pounds 4$ , and the maximum  $\pounds 16$ ."

Adopted and passed by the Bunbury Harbour Board, at a meeting of the said Board held the 24th day of February, 1920.

The Common Seal of the Board was at the same time affixed and impressed, by order and in the presence of— A. F. SPENCER.

H. G. HAMPTON,

Under Secretary for Law.

Crown Law Department.

Perth, 25th March, 1920. HIS Excellency the Administrator in Executive Council has been pleased to approve of the following Regula-tions under "The Electoral Act, 1907-1919:---

#### THE ELECTORAL ACT, 1907-1919.

Regulations relating to enforcement of law in relation to Compulsory Enrolment on the Assembly Rolls.

1. The Registrar for a District shall, when any failure to comply with the law relating to compulsory enrolment of a person qualified as an elector for the As-sembly is disclosed, make inquiries into the circumstances and consider all the facts, and if he is satisfied that the qualified person has failed to comply with the requirements of Section 44A of "The Electoral Act, 1907-1919," he shall, in accordance with Form 1 in the Sche-dule hereto, forthwith inform him of such failure, and dule hereto, forthwith inform infinited such failure, and such person may reply by statutory declaration set-ting out any facts relevant to the matter, within such time as is set out in the said notification. The time within which such declaration may be lodged with the Registrar may be varied by him so as to afford sufficient time for reply in each individual case, but shall not be less than seven clear days from the date of such notification.

Where a person to whom notification has been sent fails within the time allowed to reply thereto, or fails by his reply to satisfy the Registrar, the Registrar shall cause proceedings to be instituted against such person in a court of summary jurisdiction.

3. If, in any case in which proceedings are instituted in a court of summary jurisdiction, the Registrar has received from the person concerned a statutory declara-tion in pursuance of paragraph 1 of this regulation, he shall, so far as it is practicable and necessary for him to do so, inquire into the truth of the statements therein set out, and shall, unless he withdraws the prosecution, cause the declaration to be brought to the notice of the Court.

#### The Schedule.

Form No. 1.

State of Western Australia. (The Electoral Act, 1907-1919.)

Notification to a person alleged to have failed to comply with the requirements of Section 44A of "The Electoral Act, 1907-1919."

Το....

You are hereby notified that it appears to me that on In the said State (herein state haddre of contravention alleged), and I do therefore allege that you have con-travened the provisions of Section 44A of "The Elec-toral Act, 1907-1919." Applications are called under Section 38 of "The Public Service Act, 1904," and are to be addressed to the Public Service Commissioner, and should be made on the prescribed form, obtainable from the offices of the various Permanent Heads of Departments

Office of Public Service Commissioner, Perth, 25th March, 1920.

THE following report and decisions of the Public Service Appeal Board are published for general information.

W. SIMPSON.

Public Service Commissioner.

Public Service Appeal Board, Practice Court, Perth, 15th March, 1920.

G.

To His Excellency Sir Francis Newdigate-Newdegate, K.C.M.G., Administrator of the State of Western Australia.

Sir, In accordance with the provisions of "The Public Service Act, 1904," as amended by No. 10 of 1912, the Appeal Board appointed under the said Act has the honour to forward herewith the report of the decision of the Board upon the appeals against the proposals of the Commissioner relating to the Classification of Officers in the Agricultural Bank and Industries Assistance Board, and gazetted in the Government Gazette of the 11th July, 1919.

We have the honour to be,

Sir. Your obedient servants

JOHN ROOTH, J.,

Chairman.

W. H. HOPE, Member appointed by His Excellency the Governor.

O'C. D. O'MAHONY,

Representative of Clerical Division of Public Service.

#### PUBLIC SERVICE ACT, 1904, AND ITS AMENDMENTS.

DECISION of the Appeal Board constituted under Section 51 of "The Public Service Act, 1904," as amended by Section 6 of No. 10 of 1912, upon appeals from proposals of the Public Service Commissioner relating to classification of offices in the Agricultural Bank and Industries Assistance Board, Departments of the Public Service.

#### OPEN WEDNESDAY, 7th APRIL, 1920.

KALGOORLIE LOCAL LAND DISTRICT.

Hampton District-Eastern Division.

Corres. 7304/19. (Plan 48/80.) That portion of unsurveyed land, comprising about 32,000 acres, situate North of P.L. 2703/97 and 2670/97 and South of 2687/97 and 2669/97; being Mrs. Hilda Noble's cancelled P.L. application.

About 60 miles North of Randells.

Hampton and Buningonia District-Eastern Division.

Corres. 7303/19. (Plans 48/80 and 126/300.) That portion of unsurveyed land comprising about 173,000 acres, situate North of P.L. 2670/97, 2723/97,

2724/97, 2755-56/97 and South of P.L. 2764/97; being J. H. Noble's cancelled P.L. application 2838/97.

About 60 miles North of Randells.

#### Marmion and Ularring District.

Corres. 5839/19. (Plans 42/300 and 43/300, 136 and 147/80.)

That portion of unsurveyed land comprising about 50,000 acres, situate North of P.L. 1224/94, South of P.Ls. 1005/94 and 885/94, and West of P.L. 888/94; being Kennedy, Brougham, and Cropper's cancelled P.L. application. 26 miles West of Loongana.

Marmion District—Eastern Division.

Corres. 8719/19. (Plan 43/300.) That portion of unsurveyed land comprising about 34,560 acres, situate South of P.L. 1224/94 and West of P.L. 888/94; being Messrs. Kennedy, Brougham, and Cropper's cancelled P.L. application. About 30 miles West of Leonora.

PERTH LOCAL LAND DISTRICT.

Bullara District-Kimberley Division.

Corres. 6292/19. Plan 130/300. That portion of unsurveyed land comprising about 29,228 acres, situate North of P.L. 2738/102 and South of Moola Bulla, and West of P.L. 2929/102; being F. Castles' cancelled P.L. application.

East of Lubbock Range and P.L. 3424/102,

#### De Grey District-North-West Division.

Corres. 6391/19. (Plan 98/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of P.L. 1663/96, South of Reserve 12347, and West of P.L. 1664/96, and South-East of P.L. 744/102; being M. Doherty's cancelled P.L. application 3198/96.

15 miles North of Nullagine.

#### Delisser District—Eucla Division.

Corres. 5633/19. (Plan 28/300.) That portion of unsurveyed land comprising about 252,560 acres, situate North of the Great Western Rail-way and P.L. 1023/95. South of P.L. 663/95, East of P.L. 1084/95, West of P.Ls. 1028/95 and 1085/95; being F. R. Parker's cancelled P.L. application 1103/95B. About 18 miles North-west of Loongana.

#### Forrest District-North-West Division.

Corres. 7129/19. (Plans 109 and 110/300.) That portion of unsurveyed land comprising about 54,000 acres, situate North of 1464/96 and 1371/102, South of P.Ls. 1679/96, 1396/96, and 1176/96, East of P.L. 1680/96, and West of P.L. 1176/96; being R. W. Nicholson's cancelled P.L. application. About 45 miles West of Marble Bar.

## Forrest and Windell District-North West Division.

Corres. 7354/19. (Plans 91 and 98/300.) That portion of unsurveyed land comprising about 70,000 acres, situate North of P.Ls. 457/97 and 458/97, South of P.L. 2997/10<sup>2</sup>, East of P.L. 2992/102, and West of P.L. 1795/96; being W. Davies' cancelled P.L. application.

47 miles South-west of Nullagine.

#### Giles District-Eucla Division.

Corres. 6208/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, North of the Great Western Railway, South of P.L. 1076/95a, East of P.L. 1117/95a, and West of P.L. 1115/95a; being C. C. Densley's cancelled P.L. and P.C. P.L. 1115/95a; bein application 1118/95a.

About 8 miles East of Haigh Station.

#### Giles District-Eucla Division.

Corres. 6207/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, North of the Great Western Railway, Haigh Station, and P.L. 1094/95, East of P.L. 1111/95A, and West of P.L. 1118/95A; being A. B. Densley's cancelled P.L. application 1117/95Å.

#### Giles District-Eucla Division.

Corres. 6206/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of the Great Western Rail-way, South of P.Ls. 1083/95B and 1082/95B; being G. P. Densley's cancelled P.L. application 1110/95A. About 8 miles West of Haigh Station.

### Giles District-Eucla Division.

Corres. 6205/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of the Great Western Rail-way, near Haigh Station, and P.L. 1094/95, and South of P.L. 1082/95B, East of P.L. 1110/95A, and West of 1117/95A; being H. P. Densley's cancelled P.L. appli-cation cation.

#### Giles District-Eucla Division.

Corres. 6209/19. (Plan 27/300.) That portion of unsurveyed land comprising about 119,000 acres, situate North of the Great Western Railway, South of P.L. 1076/95B, East of P.L. 1082/95B, and West of P.L. 1076/95B; being Wm. C. Densley's cancelled P.L. application 116/95D. Seven miles North-East of Haigh Station.

#### Giles District-Eucla Division.

Corres. 6179/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of the Great Western Rail-way, South of P.L. 1076/95 and P.L. 1084/95, and East of Haigh; be tion 1115/95a. being F. McPhail's cancelled P.L. applica-

About 12 miles from Haigh.

### Kaluwiri District-Eastern Division.

Corres. 7633/19. (Plan 53/300.) That portion of unsurveyed laud comprising about 20,000 acres, situate about 12 miles East of Rabbit-proof Fence (265 miles), and West of P.L. 2487/102; being J. W. Atkinson's cancelled P.L. application.

#### Kaluwiri District-Eastern Division.

Corres. 7634/19. (Plan 53/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of P.L. 1220/94, West of P.Ls. 2487/102 and 1310/94; being Joseph W. Atkin-son's cancelled P.L. application.

About 15 miles East of the Rabbit-proof Fence (265 miles).

#### Mundrabilla District-Eucla Division.

Corres. 6285/19. (Plans 15 and 28/300.) That portion of unsurveyed land comprising about 138,000 acres, situate North of P.L. 1048/95, East of 1044/95, and West of 1071/95; being Mrs. Mary Hol-lins' cancelled P.L. application 1122/95B. Eleven miles South-West of Forrest Station.

### Mundrabilla District-Eucla Division.

Corres. 6286/19. (Plan 28/300.) That portion of unsurveyed land comprising about 20,000 acres, situate South of the Great Western Rail-way, North-East of P.L. 1044/95; being Mrs. M. Hollins' cancelled P.L. application 1121/95. About 15 miles East of Forrest.

#### Nuyts District-Eucla Division.

Corres. 6281/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, South of the Great Western Railway, North of P.L. 2737/97b, East of P.L. 2736/97a, West of P.L. 1055/95a; being W. de Bourges O'Donovan's cancelled P.L. 2830/97.

About 19 miles from Rawlinson.

### Nullagine District-North-West Division.

Corres. 5815/19. (Plan 98/300.) That portion of unsurveyed land comprising about That portion of unsurveyed land comprising about 22,000 acres, starting at the South-East corner of P.L. 2229/96; thence North about 730 chains; thence East to the South-East corner of Reserve 10976; thence West about 260 chains; thence South about 350 chains; thence East about 100 chains; thence South for about 400 chains to starting point. Being G. J. G. W. Miles' cancelled P.L. application. (West of Nullagine.)

## Nullagine District-North-West Division.

Corres. 5814/19. (Plan 98/300.) That portion of unsurveyed land comprising about 30,000 acres, starting at the South-East corner of P.L. 1961/102; thence East as far as 12411; thence South to the Northern Boundary of P.L. 2291/102; thence West of the Eastern boundaries to P.L. 1447/96; thence East about 178 chains; thence North about 560 chains to the Southern boundary of P.L. 1962/102; thence East about 178 chains; thence North about 560 chains Last about 178 chains; thence North about 560 chains to the Southern boundary of P.L. 1962/102; thence East about 55 chains; thence in a Northerly direction to starting point; excluding Reserve 13689 and reserve upon which is erected a Barton Battery (15 stamps); being G. J. W. Miles' cancelled P.L. application. Ten miles East of Nullagine.

#### Nabberu District-Eastern Division. Corres. 6460/19. (Plan 61/300.)

That portion of unsurveyed land comprising about 127,000 acres, situate North of P.Ls. 1195/94 and 1356/94; being Messrs. Tweedy and Ward's cancelled P.L. application.

About 23 miles North-West of Eyre.

#### Nurina District—Eucla Division.

Corres. 6381/19. (Plan 16/300.) That portion of unsurveyed land comprising about 20,000 acres, situate South of P.L. 1104/95 and West of 1010/95; being D. M. Jackson's cancelled P.L. application 1120/95.

About 35 miles West of Mt. Eureka.

#### Nurina District—Eucla Division.

Corres. 6181/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, South of the Great Western Railway, North of P.L. 1020/95 and P.L. 1052/95, East of P.L. 1114/ 95A; being Jessie McPhail's cancelled P.L. application 1113/95A.

About 15 miles West of Haigh.

#### Nurina District-Eucla Division.

Corres. 6182/19. (Plan 27/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of P.Ls. 1036/95B and 1052/95B, South of the Great Western Railway, East of Haigh Station, and West of 300 M.P., East of Haigh; being D. McPhail's cancelled P.L. application 1114/95a.

#### Nurina District-Eucla Division.

Corres. 6180/19. (Plan 27/300.)

That portion of unsurveyed land comprising about 20,000 acres, situate South of the Great Western Railway, North of P.L. 1036/95, and East of P.L. 1094/95; being Marjory McPhail's cancelled P.L. application 1112/95.

About three miles East of Haigh.

#### Nurina District—Eucla Division.

Corres. 6358/19. (Plan 16/300.) That portion of unsurveyed land comprising about 20,000 acres, situate North of the Great Australian Bight, South of P.L. 1010/95, and West of Reserve 682a; being (adj.) West of Eyre; being Clare Nicholas' canceled P.L. application.

### Thaduna District-North-West Division.

Corres. 5371/19. (Plan 60/800.) That portion of unsurveyed land comprising about 20,000 acres, excluding Stock Route 43047, starting at the North-East corner of P.L. 1510/96, thence 480 chains North, thence about 400 chains East, thence about 480 chains South, thence 400 chains West to starting point; being Thos. Allanson's cancelled P.L. application 2172/06 being / 3172/96.

About 50 miles North-West of Wiluna.

#### Windell District-North-West Division.

Corres. 8543/19. (Plan 80/300.)

That portion of unsurveyed land comprising about 30,000 acres, starting at a point on the South-Western corner of P.L. 3129/96, running about 642 chains West, thence South about 468 chains, thence West to starting point; being W. Dunlop's cancelled P.L. application 3211/96.

Ten miles North of Ashburton River.

#### Windell District-North-West Division.

Corres, 8544/19. (Plan 80/300.) That portion of unsurveyed land comprising about 20,000 acres, starting at a point about 275 chains from the North-East corner of P.L. 3129/96, thence East 727 chains, thence South about 275 chains, thence West about 727 chains to starting point; being W. Dunlop's cancelled P.L. 3210/96.

Eighteen miles North of Ashburton River.

#### Windell District-North-West Division.

Corres. 8545/19. (Plan 91/300.) That portion of unsurveyed land comprising about That portion of unsurveyed land comprising about 50,000 acres, starting at a point about 250 chains from the Eastern boundary of P.L. 1706/96, thence North about 320 chains, thence East about 625 chains, thence South about 320 chains, thence East about 562 chains, thence North about 320 chains, thence West 937 chains, thence North about 320 chains to starting point; being W. Dunlop's cancelled P.L. application 3209/96. Five miles West of Fortescue River,

#### RAVENSTHORPE LOCAL LAND DISTRICT. Eucla Division.

#### Corres. 5955/19.

Corres. 5955/19. (Plan 421/80.) That portion of unsurveyed land comprising about That portion of unsurveyed land comprising about 20,000 acres, starting from a point on the North-East-ern boundary of P.L. 454/95, thence West to C92 of Oldfield River, thence South to the South-Western boun-dary of P.L. 454/95, thence East to the South-East corner of said lease, thence North to starting point. This land includes part of P.Ls. 454/95 and 562/95; being Messrs. J. J. and H. J. Reynolds' P.L. applica-tion tion.

#### SOUTHERN CROSS LOCAL LAND DISTRICT. Yilgarn and Jilbadji Districts.

Corr. 8000/19. (Plans 24 & 35/80, 36 & 53/80, 19 & 24/300.)

IT is hereby notified, for general information, that the area described hereunder will be available for pastoral leasing for returned soldiers only, under Part X. of 'The Land Act, 1898,' as modified by the provisions of 'The Discharged Soldiers' Settlement Act, 1918, with regard to pastoral leasing, on and after the above date. The maximum area which may be selected by one section 109a of "The Land Act, 1898":--

The unsubdivided Crown lands within 25 miles (on either side) of the Eastern Goldfields Railway, from the No. 1 Rabhit-proof Fence at Burracoppin to a North and South line 25 miles East of the Southern Cross Railway Station.

#### OPEN WEDNESDAY, 14th APRIL, 1920. KALGOORLIE LOCAL LAND DISTRICT.

Jaurdi District—Eastern Division.

Corr. 5900/19. (Plan 71/80.) That portion of unsurveyed land, comprising about 4,024 acres, situate North of Pastoral Lease 864/94, South of Pastoral Lease 3241/102, East of Balgarrie Reserve, and West of Reserve 10493; being W. H. C., E. G., and A. S. Halford's cancelled Pastoral Lease application.

G. Meares' caucelled application, and situate about 16 miles South of Mt. Nicholson.

#### THE DISCHARGED SOLDIERS' SETTLEMENT Act, 1918.

#### Open for Leasing under Section 41a. Reserve 17437 (near Birrigrin).

Corr. 3157/05.

IT is hereby notified, for general information, that the area comprised within Reserve 17437, viz., about 16,000 acres, will be available for leasing under Section 41a of "'The Land Act, 1898," for Pastoral purposes, on and after Wednesday, 14th April, 1920, at a rental of 5s. per thousand acres per annum, the lease to be renewable at the will of the Hon. the Minister for Lands, and terminable at three months' notice on either side, the

## LAND OPEN FOR SELECTION BY DISCHARGED SAILORS AND SOLDIERS.

IT is hereby notified, for general information, that IIis Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments, and "The Discharged Soldiers Settlement Act, 1918," by persons who have been on active service with His Majesty's Naval or Military Forces, and can produce a satisfactory discharge; or the dependants of those who have been killed or have died on active service. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase.

Application may be made by relatives on behalf of Soldiers at the Front, subject to the condition that the applicant must receive a Qualification Certificate from the Land Qualification Board within six months from the date of his discharge, otherwise the holding will be forfeited,

Applications must be lodged at the Local Land Office for the District in which the land is situated, or at the Head Office, Perth.

The date fixed for areas being thrown open for selection does not imply that applications may not be lodged before such date and any applications so lodged will be treated as having been received on the appointed day.

Should any location be not applied for on the fixed date it will remain available for selection until it is applied for or otherwise dealt with.

There shall be an interval of at least three days between the closing of the date for applications and the date on which the Board site. All applicants will be advised of the date fixed for the meeting of the Board. He may then, if he wishes, apply to Head Office for a Certificate to the Railway Department, which on pre-sentation at the nearest Railway Station will entitle him where the Board will sit, available for seven days from date of issue.

The prices quoted hereunder (exclusive of the value of improvements, if any, and survey fees, and land acquired by the Crown under the Agricultural Lands Purchase Act, 1909, or otherwise for settlement) are reduced by one-half.

#### SCHEDULES.

### OPEN WEDNESDAY, 31st MARCH, 1920.

#### LAND OPEN FOR SELECTION.

iT is hereby notified, for general information, that the areas scheduled hereunder will be available for selection under "The Land Act, 1898," and its amendments, on and alter the dates set out in said schedule.

Applications must be lodged at the Local Land Office for the district in which the land is situated, and should be lodged on or before the date specified.

All applications lodged before such date will be treated as having been received on that day, and if there are more applicants than one for any lot the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land. Offices for a certificate to the Railway Department, which. on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location vailable under Part VIII. must take the balance thereof, if any, under Conditional Purchase.

The lands marked with an asterisk are available under Part V1.

#### WM. J. GEORGE, Minister for Works.

#### F. A. NEWDEGATE,

Administrator in Executive Council.

Dated this 24th day of March, 1920.

## WATER SUPPLY, SEWERAGE, AND DRAINAGE DEPARTMENT.

Metropolitan Water Supply, Sewerage, and Drainage Act, 1909.

Perth, 23rd March, 1920.

Met. W.S. 1120/18. NOTICE is hereby given of the intention of the Minister of Water Supply, Sewerage, and Drainage to undertake the construction of the works hereinafter described, by virtue of the powers contained under the provisions of "The Metropolitan Water Supply, Sewerage, and Drainage Act, 1909":---

Metropolitan Water Supply, Cottesloe.

Enlargement of Main in Eric Street, from Perth-Fremantle Road to West Railway Street.

Description of proposed works.—10in. diameter castiron pipes, with all valves and other apparatus connected therewith. The localities in which the proposed works will be constructed.—Commencing at the intersection of Eric Street and the Perth-Fremantle Road and proceeding Westerly along Eric Street, across the Railway Bridge to the West side of West Railway Street. Total distance, about 25 chains.

The whole of the above works are shown in blue on Plan W.S., S. & D.D. No. 3627.

The purposes for which the proposed works will be constructed.—To augment the Cottesloe Water Supply.

The times when and places at which plans, sections, and specifications may be inspected.—At the office of the Minister of Water Supply, Sewerage, and Drainage, 56 James Street, Perth, for one month on and after the twenty-sixth day of March, 1920, between the hours of 10 a.m. and 3 p.m.

#### WM. J. GEORGE.

Minister of Water Supply, Sewerage, and Drainage.

#### BROOMEHILL ROAD DISTRICT.

#### Department of Public Works and Trading Concerns. Perth, 15th March, 1920.

P.W. 1007/20.

17 is hereby notified, for general information, that the Minister for Works and Trading Concerns has approved, under the provisions of Sections 55 and 57 of "The Road Districts Act, 1919," of the time for holding the Revision Court being extended to the 20th day of March, 1920 and of the Court consisting of Messrs G. F. 1920, and of the Court consisting of Messrs. G. F. Meyers, G. A. Thompson, and S. McGuire (Chairman).

> (Sgd.) WM. J. GEORGE, Minister for Works and Trading Concerns.

#### BUNBURY WATER BOARD. Proposed Loan of £7,000.

NOTICE is hereby given that the Bunbury Water Board has determined, in accordance with the provisions of "The Water Boards Act, 1904," to borrow the sum of Seven thousand pounds for the augmentation of the Town Water Supply. For this purpose it is proposed to raise the said sum of Seven thousand pounds by the issue of debentures of One hundred pounds each, bearing interest at the rate of Six pounds per centum per annum, payable half-yearly at the National Bank of Australia, Limited, Bunbury.

Dated this 24th day of February, 1920.

J. G. BALDOCK, Chairman. W. J. NORRIE, Secretary.

#### BUNBURY WATER BOARD.

NOTICE is hereby given that the Bunbury Water Board proposes to carry out certain works for the augmentation of the Town Water Supply, the description of said works 

2. The laying of a 12-inch cast iron main from the pump station in Wittenoom Street to the reservoir on Picton Hill.

3. The laying of a 9-inch cast iron main from the intersection of Stirling and Arthur Streets to the Federal Hotel corner in Spencer Street.

The laying of a 9-inch cast iron main from Charles Street to Albert Road along Stirling Street.

The purchase of valves, fittings, etc., for carrying 5. out the aforesaid works.

6. The purchase of a suitable electric pump capable of pumping 25,000 gallors of water per hour for installing at the pump station in Wittenoom Street.

7. The purchase of a quantity of positive water meters for installing at consumers' premises.

Plans, estimates, etc., can be inspected at the Board's Office, Stephen Street, Bunbury, by any person inter-ested, at all reasonable business hours for the space of one month from the 23rd day of February, 1920.

By order of the Board,

J. G. BALDOCK, Chairman. W. J. NORRIE, Secretary.

Bunbury, 24th February, 1920.

### WESTERN AUSTRALIAN GOVERNMENT RAILWAYS.

Merchandise and Livestock Rates Book.

IT is hereby notified, for general information, that the following alterations have been made to the Merchandise and Livestock Rates Book :-

Pages 164 to 170 have been cancelled and the following substituted therefor:-JETTY REGULATIONS, WHARFAGE RATES, AND BERTHAGE DUES.

Regulations for the Working of such of the Sea Jetties of the State as are under the Control of the Commissioner of Railways.

#### BERTHING DUES. ETC.

#### Berthing Dues at the Sea Jetties.

1. All vessels using any of the Sea Jetties of the State under the control of the Commissioner of Railways for loading or discharging cargo shall pay Berthing Dues at the following rates, i.e. :-

For the first week or any part of two 1d. per ton on all cargo landed or shipped. (2) weeks, Sundays included

For any subsequent week or part of such week

All lighters . . . .

All Coasting Vessels (not exceeding 200 tons register)

cargo, a charge of £1 will be made. Vessels discharging or shipping 50 tons of cargo or over, per day, will be exempt from the additional  $\frac{1}{2}$ d. per ton.

Coal Hulks, each, per annum

Minimum, 2s. 6d. In the case of vessels using any of the sea jetties and not loading or discharging .. £10, payable half-yearly in advance, on the first day of January, and the first day of

11/2d. per ton on all cargo landed or

1d. per ton on all cargo landed or shipped.

1d. per ton on all cargo landed or shipped.

Minimum 30s.; maximum £12.

July in every year; provided that Coal Hulks shall not be allowed to occupy berthing accommodation when vessels with cargo or passengers require the same.

Computation of Berthing and Tonnage Dues .- In the computation of berthing and tonnage dues for cargo-carrying vessels, the Commissioner shall have the option of pro-ceeding on a weight basis of 2,000 or 2,240lbs. to the ton (according to trade usage), or a measurement basis of 40 cubic feet to the ton, for the cargo in respect of which such dues are levied, except as follows:

Timber, at per ton of 40 cubic feet.

bullock, cow, steer, heifer, or such like animal—1 ton.

3 calves or foals-1 ton.

15 sheep, pigs, dogs, goats, or such like animals—1 ton.

Caneware-

Chairs-8 to the ton.

Tables-8 to the ton.

Lounges-4 to the ton.

Articles N.O.S .--- 8 to the ton. Hides (raw), loose-24 to the ton.

Hides (raw), in bags-8 bags to the ton.

Hides in bales-5 bales to the ton. Horns and tips, in bales-5 bales to the ton.

Skins, in bales-4 bales to the ton.

Skins in bundles-8 bundles to the ton.

Wool, in bales-5 bales to the ton. Wool, in bags or pockets-10 bags or pockets to the ton.

Corn sacks and wool packs, ore bags, etc., in bales-15 cubic feet each.

Beer, in kegs or casks—

Reputed 5-gallon kegs-30 to the ton. Reputed 10-gallon kegs or firkins-15 to the ton.

Reputed kilderkins-7 to the ton.

Reputed half-hogsheads-5 to the ton. Reputed hogsheads-3 to the ton.

Tar, oil, grease, etc., in reputed 40-gallon casks-to be taken as 11 fect 11 inches each.

Bran bags, in bales-18 cubic feet each. Cement-per ton of 2,240lbs. gross.

(NOTE.-In regard to all other goods, Berthing and Tonnage Dues will be computed on the same basis as laid down in Regulation No. 6 for Wharfage and Handling Charges.)

#### Vessels transhipping cargo to pay Berthing Dues.

2. All vessels lying alongside the jetties, and transhipping cargo to or from lighters or other vessels, shall pay the like berthage dues in respect thereof as if the said cargo had been landed on or taken off the jetties, in place of being taken from or placed in such lighters or vessels as aforesaid.

#### Time during which a Vessel may occupy Berth.

3. The time during which a vessel may occupy any berth at any jetty for the purpose of discharging or loading cargo shall not exceed the following, viz :-

For	sailing	ships und	er 3(	) tons	š.				1 da <b>y</b> .
,,	,,	from	30	$\operatorname{tons}$	to 60	tons			2 days.

N.B .- The minimum wharfage due shall be 6d., and the minimum handling charge shall be 6d. per consignment.

- Notes .- A. Cargo transhipped overside from a vessel in distress to another vessel for convenience or for conveyance to destination, or temporarily, 1s. per ton wharfage.
  - B. Cargo landed on wharves or jetties from a vessel in distress or for convenience of a vessel, and reshipped by same vessel, 1s. per ton wharfage. (This rate includes three days' storage in wharf shod.) Handling charges will be made according as the said cargo is dealt with, on the same scale as other cargo.
  - C. Transhipment cargo is cargo appearing as such upon a vessel's manifest, or declared in writing to the Commissioner before being landed as intended for transhipment into a vessel, but does not include cargo landed for land transport to another port. No wharfage dues will be charged in respect of ballast in the shape of
  - D. stone, sand, shingle, or such like material transhipped overside vessel to vessel.
  - E. The Commissioner will not supply labour to handle cargo transhipped overside vessel to vessel.
  - Cargo is allowed 48 hours' free storage in wharf sheds, except tran-F. shipment cargo, which is allowed 72 hours.
  - G. Wharfage dues on bulk kerosene and other like oils will be 5s. per ton of 250 gallons. Handling charges will be subject to arrangement according as the oils are dealt with.
  - Horticultural produce (including fruit), which is the product of the H. State of Western Australia, transhipped at Albany for export beyond the State, shall be free of transhipping dues, but must pay handling charges incurred.
  - For the purpose of computing charges on specified rates, see Regula-Ľ. tion No. 1.
  - J. For extra handling and other charges on goods, see Regulations Nos. 1 and 8.

#### Outwards Cargo.

All goods shipped outwards over wharves or out of ships or lighters shall pay wharfage dues and handling charges at the same rate as inwards cargo of similar character, with the following exceptions:-

Goods wholly manufactured within the State, also grain, flour, agricultural and horticultural produce and coal (the product of the State), shall be free of wharfage dues on shipment to any port.

All other goods shipped to ports within the State of Western Australia shall pay

At Port Hedland outwards cargo of a similar character, excepting as shown above.

Bunker Coal .- Where worked out of trucks or other vehicles or off wharves into ship's bunkers or slings, wharfage nil; handling charges 1s. 9d. per ton for each handling incurred.

Timber.—Wharfage 1s. 6d. per ton of 40 cubic feet, handling charges for lots of 500 tons and over 1s. per ton for railway sleepers, and 1s. 6d. per ton for all other classes of timber, except paving and other blocks, in respect of each of the following services:—

(a) Unloading and stacking prior to shipping.

(b) Handling from stack to ship's slings.

(c) Handling in railway wagons at ship's slings.

(d) Any other distinct labour service rendered.

Where consignments are less than 500 tons, general cargo rates will apply. Paving and other blocks.—Handling charges 3s. per ton. Wheat.—Handling charge 1s. Per ton; handling charges, if loose 3s., and if crated, cased, or bagged 1s. 9d. per ton for handling out of truck or other vehicles into ship's slings.

Frozen or Chilled Meat .- Wharfage free; handling charges, as on inwards cargo of like nature.

Fruit in cases .- Wharfage free; handling charges :-

(a) Where delivered to ship's slings through shed, 3s. per ton.

(b) Where worked direct from railway wagons into ship's slings, 2s. per ton. Sandalwood.—Wharfage (same as inward cargo rates); handling charges, if loose 3s. per ton, and if crated, cased, or bagged or bundled, 2s. per ton weight for each service incurred.

Firewood .- On rough timber exported as firewood: Wharfage, 1s. per ton weight; handling charges, same as paving blocks. *Flour.*—Handling charges:—

1. Where shipped in lines of 500 tons or over-

(a) if stacked prior to shipment, 2s. per ton.

(b) if handled direct from railway wagons or other vehicles to ship's slings, 1s. per ton.

2. Where shipped in lines of less than 500 tens, same as on inwards general cargo similarly handled.

Discharging from Railway Wagons .- In all cases where the Commissioner provides labour to discharge cargo from trucks into sheds or stacks for subsequent shipment, a charge of 6d. per ton will be made on goods handled additional to all other charges applicable at schedule rates.

Stores for consumption by the vessel by which shipped, including water, are free of wharfage dues.

The minimum wharfage due shall be 6d.; and the minimum handling charge shall be 6d. per consignment.

#### HOPETOUN JETTY.

Copper Matte and Slag .-- Wharfage, 2s. 3d. per ton; handling 2s. per ton.

#### WAR SURTAX OF 20 PER CENT.

Owing to conditions brought about by the European War, all wharfages, berthing dues, and storage charges are subject to a special War Surtax of 20 per cent. upon the amount of the dues or charges which may become payable under the headings mentioned.

GENERAL. Passengers' Luggage.-Passengers' luggage, not appearing on the manifest of the ship, shall, except where carried by passengers, pay a fixed sum of twopence per package to cover all wharfage and handling charges, but all luggage appearing on the manifest shall pay whar fage dues at the rate of 1s. per ton weight or measurement and handling charges as ordinary cargo. The term luggage shall not include commercial travellers' sample packages, theatrical companies' scenery and properties, furniture or merchandise. The same charges shall apply to outwards bound luggage. Free storage will be given for 48 hours after luggage is landed, but if luggage is left on the premises of the Commissioner for a longer time than 48 hours the same storage rates as for ordinary cargo shall be charged.

8. Haulage (a.)-In all cases where wharfage dues are not levied, 6d. per ton haulage (minimum 2s. per wagon) will be charged in addition to handling charges. (b.) Where goods are loaded from ships' slings into railway wagons for consign-

ment direct to destination station or siding, or are received from station or siding for shipment direct from wagon, a charge of 6d, per ton haulage will be levied in addition to wharfage dues.

9. Computation of Dues.---Wharfage dues shall be computed in accordance with the schedule under Regulation No. 1, headed "Computation of Berthing and Tonnage Dues.'

#### GENERAL REGULATIONS.

10. Wharfage and other charges on all goods must be prepuid to the Pier Master or officer in charge, unless the consignee or consignor has a duly authorised ledger account with the Railway Department.

11. Before commencing to discharge or tranship inward cargoes, or prior to the clearance of any ship in the case of outward cargoes, ship masters or their agents shall hand to the Pier Master or officer in charge a certified co y of the manifest of the cargo. which shall include mark-number, shipper, consignee, weight, or measurement.

12. Inward cargoes shall be delivered into railway trucks or trollies, and, as far as it is practicable, ship n asters shall deliver cargoes according to the entries on bills of lading or manifests.

To insure prompt and correct deliveries to consignees, special efforts shall be 13. made by ship masters to deliver goods of the same nature and branded together. i.e., where bag stuffs are available they shall be delivered together, where cases are available they shall be delivered together, etc.

14. Outward cargoes to be delivered in the same order as inward cargoes. Goods for different ports to be kept separately.

15. No coods shall be landed or placed on the jetties without the written authority of the Pier Master or officer in charge. 16. If it shall appear that goods are being landed and cannot, in the opinion of

the Pier Master or officer in charge, be removed in time to prevent a "block," the Pier

Master or officer in charge may give notice, in writing, to the masters or persons in charge of vessels or lighters from which goods are being discharged to stop discharging cargo, and, upon such notice being given, no further cargo shall be discharged until such time

as the Pier Master or officer in charge may direct. 17. The official hours for trucking will be from 8 a.m. to 5 p.m., with an interval of one hour for dinner. On Saturday the hours will be from 8 a.m. to 12 noon.

18. On all goods trucked after hours, on holidays, or on Sundays, at the request of shipping agents or others, the Pier Master or officer in charge will levy, in addition to the ordinary rate, 4d. per ton on all goods landed or shipped, and the amount of over-time charges incurred. The charge of 4d. per ton will not be levied in cases where the thine charges incurred. The charge of 40, per ton win not be review in cases where the shipping agents, or other persons wishing to work after hours, indemnify the Commis-sioner against all claims arising from such working. The indemnity must be signed before the work begins, otherwise the 4d. per ton will be charged. A charge of 10s. per hour (min. 5s.) will be levied in all cases for use of engine after hours, on holidays, or on Sundays, and, in addition, on Sundays, the shipping agents or others are to be debited with the actual wages of enginemen and shunters engaged. When only one ship is working, that ship must bear the actual cost of engine hire incurred. When two or more ships are working, the engine hire incurred is to be borne proportionately by each ship, according to the work done for each. At Port Hedland the charge for use of engine will be 15s. per hour, minimum 7s. 6d., but when a horse is used in place of an engine for shunt-At Port Hedland the charge for use of engine will be ing purposes during overtime a charge of 2s. 6d. per hour will be levied. 19. Delays caused by ships to be paid for.—The loss in wages paid by the Com-

missioner due to delays caused by ships during the course of handling cargo, owing to breakdown of gear, or the time occupied in the rigging of gear, or more than average

time occupied in handling cargo to the Commissioner, shall be paid to the Commissioner by the master or owners of the said ship. 20. Cargoes which are partly free and partly for bond shall be taken to the receiv-ing warehouses, where they will be tallied by officers representing respectively the Customs and Railway Departments.

21. If free goods are not removed from the receiving warehouses within 48 hours from the time they are placed therein, a storage charge of 6d. per ton or 2d. per package day will be made.  $\mathbf{per}$ 

22. Storage charges on goods waiting shipment will be 6d, per ton per week or part of a week.

23. Storage Charges on overlanded Cargo,-Overlanded cargo stored at ports until picked up by the next boat is to be charged at 6d. per ton per week, calculated at dead weight or measurement, at the option of the Commissioner.

Goods not cleared at the Customs House will be kept in the receiving warehouses for 48 consecutive hours after delivery ex ship, to enable the consignees to clear same or enter them for bond. If at the end of 48 hours goods are uncleared they will be delivered to Customs, and a charge of 1s. per ton (minimum 3d.) per consignment will be made for haulage from the receiving warehouses to Customs. When cargo is placed in bond shed direct from ship's side, haulage charge will not be raised. 25. The railway officer shall, if requested, give receipts for all deliveries ex ship

during official working hours. 26. The Railway Department will deliver bonded goods to Customs between 8 a.m.

and 5 p.m. On Saturdays, work shall cease at noon. 27. *Hire of Cranes.*—10-ton steam eranes, 10s. per hour, minimum £2; 5-ton steam

cranes, winch, or elevator, 5s. per hour, minimum ±1; donkey engines, 4s. per hour, minimum ±1; hand cranes, 2s. 6d. per hour. The foregoing charges are for the use of cranes at hirer's risk only, but the Commissioner of Railways will take the risk on payment of 5 per cent. on value of goods to be lifted, in addition to ordinary crane charges.

Application for the use of granes, etc., must be made on the prescribed forms. 28. Springs and Winches.—Storage, etc.—Springs and winches may be allowed on the wharves and jetties at owner's risk, but a charge of 1s. Sd. per day or part of a day will be made in the case of winches whilst working, and 1s. per day when not in use. If a truck is required to move them from one place to another, the usual haulage charges will be enforced.

29. No person shall fish from any jetty. 30. Stones, bricks, clay, sand, lime, coals, coke or other fuel shall not be landed or placed on the floor of the jetties. Firewood for the use of passenger steamers and other vessels or boats shall be taken direct from the truck to the vessel. No goods shall be handed over the rails of the jetties. 31. No person shall make fast any tackle, purchase, or other gear to any part of

the crane, or place, or use any private derrick, crane, or other lifting machine without special permission obtained from the Pier Master or officer in charge.

32. No person shall drive, ride, or impet a machine upon any jetty; provided, however, that a machine may be taken across any such jetty to or from any steamer, vessel, or boat moored thereto, for the purpose of being loaded or unloaded thereat.

The term "machine" shall include a bicycle, tricycle, velocipede, perambulator, or any motor car.

33. No bullock or horse teams, or any wheeled vehicle, other than a railway truck, drawn by any quadruped or quadrupeds, shall be driven on to, or permitted to go on, the jetties, and no riding on horseback will be permitted thereon.

34. No person shall land, or place, or cause to be landed or placed upon any jetty, or upon the approach to any jetty, any decaying or decayed vegetables, or other thing whatsoever likely to become a nuisance.

35. Live stock in limited quantities may be landed on the jetties by permission being obtained from the Commissioner of Railways, and under the terms and conditions imposed by such authority.

No person shall stack or bring or cause to be stacked or brought any timber 36. whatsoever on or on to any jetty without the written permission of the Pier Master or officer in charge.

37. Every person by or on whose behalf any timber shall be stacked or remain on any such jetty as aforesaid shall, unless he has the right to retain it thereon, forthwith after demand made by or on behalf of the Commissioner, remove such timber from the place on which the same is so stacked or remains as aforesaid.

To operate from 1st April, 1920.

Perth, 25th March, 1920.

### H. POPE,

The Treasury, Perth, 19th March, 1920. THE following Return of Material purchased by the Railways Department, for the month of February, 1920, is published for general information.

(Signed) EDGAR T. OWEN, Under Treasurer.

#### WESTERN AUSTRALIAN GOVERNMENT RAIL-WAYS AND TRAMWAYS.

#### Pig Iron.

TENDERS are invited for the purchase of approxi-mately 25 tons of "Cleator" Hard White Hematite Pig Tron, now lying at Midland Junction. Tenders must be scaled and marked on the outside

"Tender for Pig Iron," and will be received by the undersigned until noon on Thursday, 13th May, 1920.

A deposit equivalent to 10 per cent. of the amount tendered must accompany each tender. Forms of tender may be obtained on application to the Comptroller of Stores, Midland Junction. No tender will necessarily be accepted.

H. POPE,

Acting Commissioner of Railways. Central Railway Offices, Perth, 23rd March, 1920.

#### WESTERN AUSTRALIAN GOVERNMENT RAILWAYS.

IT is hereby notified, for general information, that the Railway Station at 23m. 70chs., S.W.R., known as "Beenup," will henceforth be known and styled as "Byford."

H. POPE

Acting Commissioner of Railways. Perth, 24th March, 1920.

#### DEPARTMENT OF PUBLIC HEALTH.

E.C. No. 951, M.P.H. 7/20.

E.C. No. 891, M.P.H. 487/20. HIS Excellency the Administrator in Executive Council has been pleased to approve of the following appoint-ments under Section 11 of "The Health Act, 1911-18''

John Dale to be Medical Officer of Health.

Hugh McCormick to be Honorary Inspector.

THE following appointments made by the undermen-tioned Local Health Authorities are hereby approved:---

Fremantle Municipal Council. William Gibson to be Health Inspector.

Perth Municipal Council.

Arthur Cecil Higgs to be Health Inspector. EVERITT ATKINSON Commissioner of Public Health.

24th March, 1920.

#### THE ROAD DISTRICTS ACT, 1919. Phillips River Road Board.

P.W.W.S. 1165/19.

IT is hereby notified that His Excellency the Administrator in Executive Council, in exercise of the powers conferred by Section 167 of "The Road Districts Act, 1919," has been pleased to place Elverdton Dam, situ-ated on Reserve 17368, near Desmond Townsite, under the control and management of the Phillips River Road Board.

C. A. MUNT, Under Secretary for Public Works.

#### CLAREMONT ROAD DISTRICT. Public Notice.

IT is hereby notified that portion of Lot No. 775 of Swan Locations 122, 123, and 140 (Certificate of Title, Vol. 692, Folio 69), containing 2 roads 13.6 perches, being No. 9 on P.W.D., W.A., No. 21027 (L.T.O. 4480), having been resumed by the Claremont Road Board for road purposes, as appears on page 409 of the Government Gazette of 27th February, 1920, the said Lot 775 is hereby proclaimed a Public Road, and dedicated to the public under the name of "Bessell Avenue."

R DIXON Secretary Claremont Road Board.

Claremont, 23rd March, 1920.

#### THE ROAD DISTRICTS ACT, 1919. Closure of Road.

I, H. C. PENNINGTON, being the owner of land over or along which the portion of road hereunder described passes, have applied to the Wandering Road Board to close the said portion of road, viz:--8546/19.

#### Wandering.

W. 248.-The surveyed road along the South boundary of Williams Location 6587, part of the West and the South boundary of Location 5072, and the South boundary of Location 7767; from a surveyed road at the South-West corner of the first mentioned location to a surveyed road at the South-East corner of the last mentioned location. (Plan 410/80, E4.)

#### H. C. PENNINGTON.

I, Y. W. O'Connell, on behalf of the Wandering Road Board, hereby assent to the above application to close the road therein described.

Y. W. O'CONNELL, Chairman Wandering Road Board.

17th March, 1920.

Ford, Rhodes, and Davies, Public Accountants, Chamber of Commerce Buildings, Phillimore Street, Fremantle.

#### Como School.

The Public Works Act, 1902. ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 24th . day of March, 1920.

#### Present:

His Excellency the Administrator.

The Honourables-The Premier,

The Minister for Works, The Colonial Secretary.

P.W. 3304/16; Ex. Co. No. 960. WHEREAS by Section 11 of "The Public Works Act, 1902," it is made lawful for the Governor, by Order in Council, to authorise the Minister to undertake, con-struct, or provide any public work (subject as to Rail-ways to Section 96), and such authorisation shall be deemed an authority to such Minister by and under that Act: Now, therefore, His Excellency the Administrator, by and with the advice and consent of the Executive Council and in exercise of the power conferred by the recited section of "The Public Works Act, 1902," doth hereby authorise the Honourable the Minister for Works and Trading Concerns to provide a School site at Como, as is delineated and shown coloured green on Plan P.W.D., W.A., No. 21196, which may be inspected at the office of the Minister for Works and Trading Concerns, Perth.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 1                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
