## ALLUVIAL CLAIMS.

*Right to Prospect.*

9. Every miner shall, subject to the provisions herein contained, be entitled to prospect for and obtain gold upon any unoccupied portion of the block not already reserved or let on lease or otherwise held under the Company's regulations for the time being, and shall be entitled to mark off and occupy, for the purpose of alluvial mining an area of the size mentioned hereunder: Provided that such area is not already reserved or occupied or disposed of by the Company in any way. The maximum area of an ordinary alluvial claim shall be:—

*Size of Claim, and Registration.*

For one miner .. ..	70ft. x 70ft.
For two miners .. ..	100ft. x 100ft.
For three miners .. ..	125ft. x 125ft.
For four miners .. ..	150ft. x 150ft.
For five miners .. ..	170ft. x 170ft.

and no alluvial claim shall be of greater area than 200 feet by 200 feet. Every such area shall, from and after twenty-four hours of marking, be efficiently and continuously worked by the number of miners taking up the same for six clear days per week (public holidays excepted). Every alluvial claim shall be marked off by erecting at each corner a substantial post or cairn of stone standing at least three feet high out of the ground and set in the angle of L trenches, the arms of which shall be at least four feet long and six inches deep and cut in the direction of the boundary lines, which shall be cleared from post to post. On one of such posts shall be fixed a notice of marking, which shall be in the Form No. 2 in the Schedule hereto or to the like effect, and such Form shall be kept legible and intact until a registration certificate is issued to the miner or miners marking off such area. Within ten days of marking off the said claim, the miner or miners so marking off shall apply at the office of the Company for registration by the Attorney of himself or themselves as the holder thereof, and on payment of a registration fee of 10s. and such survey fee and mileage as may be fixed by the Attorney (not exceeding the like fees and mileage charged in the like cases by the Crown) he or they shall be registered as the holder thereof for a period of twelve calendar months from the date of registration. Such registration of an alluvial claim may be renewed from time to time at the discretion of the Attorney.

10. If a miner or miners shall mark off an alluvial claim under Regulation 9 hereof, and shall neglect to post and keep posted the marking-off notice or shall not apply to be registered as the holder thereof within the time limited in the said Regulation, he or they shall forfeit all rights arising from such marking off, and the area so marked off shall be open to pegging and occupation by any other miner or miners on and after the expiration of the said period of ten days next ensuing after such marking off.

11. When any miner or miners shall have marked off an alluvial claim and posted a notice of such marking off as required by Regulation 9, and shall fail to make application to be registered as the holder thereof as required by the said Regulation, such miner or miners

shall not be allowed to again mark off and post a similar notice on the same land until after the expiration of a period of one month next after the expiration of ten days from the date of the first marking off, and any such second marking off made prior to the expiration of the said month shall be wholly null and void.

*Alluvial Reward Claim.*

12. So soon as alluvial gold has been discovered in payable quantity, the finder thereof shall forthwith report the fact in writing at the registered office of the Company and shall be entitled to apply on the Form No. 3 in the Schedule hereto for an alluvial reward claim, and shall be entitled to occupy and work the same, subject to the regulations of the Company for the time being—

*Reward Areas.*

If the area shall be distant over one mile from the nearest boundary of any authorised mining holding producing gold either within or without the block at the time of marking off the reward area . . . . . 400ft. x 400ft. Every such area shall, from and after the sixth day of marking, be efficiently and continuously worked by not less than two men.

*Finder to report discovery or forfeit.*

13. If the finder shall not so report within five days of his discovery, he shall forfeit his right to the alluvial reward claim and the said reward claim shall be granted to the first person who reports such discovery in writing at the Company's registered office with a sufficient description of the locality thereof. Every such finder or person so reporting shall be entitled to be registered as the holder of an alluvial reward claim in the Company's books, on payment of a registration fee of 10s., and such survey fee and mileage as would be charged by the Crown in the like case, but such reward claim shall not deprive the previous finder of his or their right to an ordinary alluvial claim.

14. Any miner or miners, upon marking out and occupying an alluvial claim in accordance with these Regulations, shall be deemed to be possessed of all alluvial gold therein as his absolute property, subject to the Company's right of resumption of the claim for the purpose of issuing gold mining leases if any gold-bearing lode or reef is discovered therein: provided that no miner shall be entitled to hold more than one alluvial area at one and the same time.

15. Every miner may, at any time when registered as the holder of an alluvial claim or a share therein, transfer such claim or share therein by executing a transfer in the Form No. 4 in the Schedule hereto, and the transferee named in such transfer shall be entitled to be registered as the holder of the share set out therein, on payment of the transfer fee of 10s. and all stamp duties.

## GOLD MINING LEASES.

16. Every miner shall, subject to the provisions herein contained, be entitled to take possession of any land forming portion of the block and not being land reserved or disposed of by the Company for the purpose of obtaining a lease for gold mining in respect of same.

*Duration, Area of Gold Mining Leases and Rent thereof.*

17. The term of every lease shall be twenty-one years computed from the first day of January next preceding the date of application therefor. The area of a lease for gold mining shall not exceed twenty-four acres, and in case of a deep lead shall not exceed two acres. The maximum length of such lease, as far as practicable, shall not exceed twice the width across the line of reef or lode, and such area shall be measured in the form of a rectangular parallelogram whenever it is practicable to measure in that form. The rent payable shall be twenty shillings per acre or any part thereof per annum, and such rent shall be due on the first day of January in each year, and shall be paid in advance. Provided that in case of leases applied for on or after the first day of May, July or September in any year, the rental for the unexpired quarters of such year

(any part of such quarter being computed as a whole quarter) shall be chargeable.

*Mode of taking possession.*

18. Prior to making application for a gold mining lease, the intending applicants or some of them or some person duly authorised in that behalf in writing shall at each corner of the land intended to be applied for erect a substantial post or cairn of stones. Such post or cairn shall project not less than three feet above the ground set in the angle of L trenches, the arms of which shall not be less than four feet in length and six inches deep and cut in the general direction of the boundary lines, which shall be cleared from post to post. When the nature of the ground will not permit of trenches being cut, rows of stones shall be substituted. One of such posts or cairns shall be deemed the "datum" point from which the surveyor shall commence his survey of the land. On such post or cairn the applicant shall post legibly written or printed notice of marking off in the Form No. 5 in the Schedule hereto, which shall be kept visible and the words legible until the notice of application as provided in Regulation 20 hereunder is posted.

*One marking off only allowed.*

19. When any miner has marked out a portion of land and posted a notice of such marking off as provided in Regulation 18, and after such marking off shall fail to make application for a gold mining lease within ten days in accordance with Regulation 20 hereunder, such miner or any other miner associated with him in co-partnership or in shares in the intended gold mining lease shall not be allowed to again mark out and post a similar notice on the same land or any land comprising the same land or any part of same, until after the expiration of a period of one month next after the expiration of ten days from the date of the first marking off, and any such second marking off made prior to the expiration of the said month shall be wholly null and void.

*Applications—how and when made.*

20. Within ten days after taking possession of such land in the manner provided in Regulation 18 hereunder, the application for a gold mining lease must be lodged at the Company's office in the Form No. 6 in the Schedule hereto, together with the rent to the end of the current year, as provided in Regulation 17 hereunder, and also such survey fee and mileage as may be fixed by the Attorney not exceeding the like fees and mileage charged by the Crown. The application must state therein the number of shares or units into which the intended lease is to be divided and the name by which the intended lease is to be known, such name to be subject to the approval of the Attorney. A notice in the Form No. 7 in the Schedule hereto of every application for a gold mining lease shall be posted by the applicant outside the Company's office on the board provided for such purpose, on the same date that the application is lodged in the Company's office and also on the datum post on the land applied for as a gold mining lease, within seven days of lodging such application. Such notice shall be kept visible and legible until 10 days after survey is completed.

The applicant shall also cause a copy of such notice to be advertised once in a local newspaper, or if there is no local newspaper then in any newspaper circulating in the locality.

If the miner who has marked off the said land fails or neglects to make application for a gold mining lease, in the manner and within the time herein provided, then such marking off shall be absolutely null and void and the land so marked off shall be open to be marked off by any other miner as a gold mining lease under Regulation 18 hereunder.

*Objections against Lease.*

21. Any miner may object to the granting of a lease to any applicant, and in such case shall within thirty days after the application for such lease has been lodged in the Company's office lodge at the said office and also serve the applicant with a notice in the Form No. 8 in the Schedule. Such notice shall set out the objection intended to be taken against the issue of the lease, and the objector on lodging same at the Company's office shall also pay a filing fee of 10s. Service

of such notice on the applicant shall be sufficiently effected, if personal service is not practicable, by fixing the same on the datum post of the land marked out by such applicant.

*Procedure on hearing of Objections.*

22. Every objection against the granting of any lease applied for shall be heard on a day fixed by the Attorney or by any officer or servant duly appointed under his hand for such purpose, pursuant to the powers contained in Regulation A hereunder. Notice of such hearing shall be served on both parties by leaving same at such address as they shall have registered at the Company's office at least ten days before the hearing.

23. When the objection or any objection is not sustained, or in case no objection shall be lodged, the Attorney may, after the expiration of thirty days next after the date of the posting of the notice of application, issue a notice in the Form No. 9 in the Schedule to the applicant, informing him that his application has been granted and that the lease instrument will issue to him or his order on payment of a fee of One pound one shilling.

24. If the objection is sustained or if the Attorney notifies the applicant that the Company intends to retain the land or part of the land applied for, under its power of reservation of same as hereinafter set forth, then the applicant shall be served with a notice in the Form No. 10 in the Schedule and shall be entitled at any time thereafter to a refund of the rent deposited and also the fees paid for survey should such survey not have been executed.

25. The Attorney may refuse an application for a gold mining lease on any ground on which an objection might be taken to such application by a miner under Regulation 21 and in addition may refuse same because of the right of the Company under Regulation 26 to reserve certain of its lands for its own use and enjoyment or for public purposes or because the application if granted would interfere with existing or proposed works of the Company.

26. The Company reserves to itself the right to retain every alternate block not exceeding 24 acres, such block to adjoin the boundaries of any land applied for as a gold mining lease, or, if a line of reef is defined in the locality, then along such line of reef.

In the case of a deep lead, the Company reserves to itself the right to retain alternate blocks on any two sides of any lease applied for in respect of land containing such deep lead.

27. The ground comprised in any gold mining lease shall be efficiently worked for six clear days per week (public holidays and any period of general exemption proclaimed under the Government Goldfields regulations excepted) by one man for every twelve acres or part thereof, commencing on the tenth day next after the notice of grant of such lease has been served on the applicant under Regulation 23 hereunder.

28. Every gold mining lease for a lode or reef shall be in the Form No. 11 in the Schedule hereto, and every lease for a deep lead shall be in the Form No. 12 in the Schedule hereto, subject to such other covenants, conditions, reservations, and exceptions as the Company may from time to time think fit or which it may be required by law to impose on lessees.

29. The Attorney shall have the right to determine and cancel any gold mining lease or lease for working a deep lead and to re-enter and take possession of the land comprised in such lease, whenever the holder thereof has failed to comply with the covenants or any one covenant contained in the lease or with the Regulations of the Company for the time being in force and applicable to the tenure and working of gold mining leases or leases for working deep leads. Notice of intention to forfeit such gold mining lease or deep lead lease, in the Form No. 13 in the Schedule hereto, shall be served on the holder by affixing same to the datum post on the land comprised in such lease, or by posting same in a registered letter to his address appearing on the register kept by the Company of gold mining leases. Such notice shall set out that the Company intends to forfeit the title of such holder for the reason therein set out, unless within fourteen days of such notice he shows such reason to the satisfaction of the Attorney not to be true in fact.

If the holder is dissatisfied with the decision of the Attorney, on the ground that the reason alleged for forfeiture is not true in fact, he may on lodging a fee

of Ten pounds ten shillings require the Attorney, by notice served on him in the Form No. 14 in the Schedule to refer the issue as to whether the said reason is true in fact to the determination of two arbitrators and an umpire appointed as provided in Regulation B hereof. Provided that where the reason for such forfeiture is non-payment of rent, the production of the Company's books evidencing such non-payment shall be conclusive unless fraud is alleged.

30. Where the holder does not appear in answer to the notice posted as required by Regulation 29 or where he appears but does not dispute the finding of the Attorney that the reason alleged for forfeiture is a valid one, then it shall be lawful for the Attorney to cancel and determine such gold mining lease or deep lead lease and to order that such cancellation shall be entered up in the Company's register of gold mining leases and deep lead leases, and thereupon all right, title, and interest of the holder in and to any such lease shall absolutely cease.

31. Any gold mining lease or deep lead lease or any share therein may be transferred in the Form No. 15 in the Schedule, which together with a transfer fee of 20s., must be lodged at the Company's office. No transfer of any lease or of any share therein will be accepted or registered unless accompanied with a receipt for the rent payable on such lease and for any survey fee or mileage due in respect thereof, and also with a sufficient sum of money or stamps to pay any stamp duty imposed by law on such transfer or a receipt for payment of same.

32. Exemption from labour or other conditions may be obtained from the Attorney should the reasons advanced be sufficient in his sole discretion to warrant it. Such exemption shall not be for any period exceeding six months, and notice of same in the Form No. 17 in the Schedule must be posted on the datum post on the land comprised in the lease affected. All applications for exemption must be in the Form No. 16 in the Schedule and must be accompanied by a fee of 20s., and the reasons for asking for such exemption must appear on the face of such notice of application. Such notice shall be posted outside the office of the Company for fourteen days before the date of the hearing, and any miner may serve on the Attorney notice of objection to such exemption in the Form No. 18 in the Schedule, and may require the Attorney to hear his reasons in support of such objection on the date and at the time when he hears the application for such exemption.

33. No lessee of any land shall cut or cause to be cut any timber outside the boundary of his lease, except by the written permission of the Attorney.

*Discovery of new gold-bearing reef, lode, or deep lead.*

34. A miner may, upon discovery of any gold bearing reef, lode, or deep lead, on any unoccupied and not reserved portion of the block and which is also distant one mile or more from the nearest gold bearing reef, lode, or deep lead, then being worked, mark off, in the manner prescribed in Regulation 18 hereunder, an area not exceeding 24 acres for a reef or lode and two acres for a deep lead, and may at any time within ten days of such marking off apply to the Attorney in the Form No. 19 in the Schedule for a protection period in which to prospect the ground so marked off. If the Attorney is satisfied that the ground so marked off is distant one mile from any reef or lode or deep lead then being worked, whether within or without the Company's lands, and also satisfied that the applicant has discovered a gold-bearing reef, lode, or deep lead in the land marked off by him, then he may grant him a protection period of not less than one month or more than three months in which to prospect the said land, in the Form No. 20 in the Schedule. The application for a lease must be made as required by Regulation 20 hereunder before the expiry of the period of protection granted, failing which all rights of the applicant under the marking off will wholly lapse, and the land so marked off will be open for marking off by any other miners.

*Lessee's title.*

35. From the date of the granting of a lease under these Regulations, all gold (however occurring) situated therein shall be the property of the registered holder of such lease, and no other person shall have any right to enter upon the land comprised in such lease and search for or win gold thereon.

*SPECIAL LEASES.*

36. The Company reserves the right to grant special leases over any portion of the block (not being already granted under lease or deep lead area), and upon such terms and conditions as the Company may think fit.

*BUSINESS LICENSES AND AREAS.*

*Business License.*

37. The Company shall issue to any person, not being an Asiatic or African alien, whom the Attorney may approve, a business license, in the Form No. 21 in the Schedule hereto, upon the payment of a fee of Two pounds ten shillings per quarter payable in advance, and no such license shall remain in force for more than three months, and each such license shall terminate either on 31st March, 30th June, 30th September, or 31st December of the year of the issue thereof, whichever date shall first ensue after the granting of the license, provided that any such license may be renewed on the payment of the prescribed fee, at the discretion of the Attorney.

*The effect of business license.*

- (a) A business license shall authorise the holder thereof, subject to the Mining Regulations of the Company for the time being, to mark out and occupy upon any portion of the block not already reserved or otherwise disposed of, and subject to payment of rent thereon during the continuance of the license, a business area not exceeding one quarter of an acre of land for the purpose of residence and carrying on any business other than such as may require a license under the Licensing Act, 1911, and any amendments thereof. Application must be made for such business area in the Form No. 22 in the Schedule hereto, and the applicant upon payment of rent and fees prescribed shall be registered as the owner thereof and be entitled to a certificate of registration therefor.
- (b) There shall be payable for such area such rent as may be agreed upon by the holder of the license and the Attorney.
- (c) The Company reserves the right to refuse to grant any business area.
- (d) Any holder of a business license may, upon application to the Attorney, exchange the area held by him for another area, at the same or such increased rent as may be agreed upon.
- (e) The holder of a business license may, with the approval of the Attorney and on payment of a fee of Twenty shillings and stamp duty, transfer the same with the right to the area occupied by virtue thereof to any other person to be approved as aforesaid. Such transfer of the license shall be by endorsement on the license to be signed by the transferor and the transferee (and attested by a witness) specifying the christian and surname of the transferee and his occupation. The transfer of the area shall be as in Form No. 23 in the Schedule hereto. All transfers must be registered before the Company will recognise them.
- (f) No person shall occupy, by virtue of a business license, more than one portion of land.

*Area, and Right of Possession.*

38. A business area shall not exceed one-quarter of an acre having a frontage or width of 66 feet by 165 feet depth, in such locality as may be approved of by the Attorney, and shall be registered upon application at the Company's office and payment of the survey fees and rent in advance. Until such registration, no business shall be carried on on such area. Every registered holder shall, during the continuance of his business license, be deemed to be possessed of the surface of the land he shall occupy by virtue of such license, providing the rent of the land occupied is paid in advance.

*Special application to carry on liquor trade.*

39. Any holder of a business license desiring a business area on which to carry on any business for which a license is required under the Licensing Act, 1911, may on payment of a fee of One pound make a special application for such area to the Attorney of the Company, in the Form No. 24 in the Schedule, who may grant the same at such rent and upon such terms and conditions as he may think fit.

*Forfeiture of business area.*

40. If any business area remains unoccupied for the space of three months, or if occupied if no legitimate business is carried on thereon for the like time, the Company may re-enter and take possession of the land comprised in such area, and thereupon all right, title, and interest of the owner of such area shall absolutely determine.

*Exemption from occupation.*

41. Any owner of a business area may apply to the Attorney, in the Form No. 25 in the Schedule, for exemption from occupation or from carrying on business on the said area, and thereupon, if the Attorney in his absolute discretion thinks fit, he may grant such owner exemption as asked for, for any term not exceeding six months.

*If license not renewed improvements removed or paid for.*

42. If a business license be not renewed by the Company at the end of the term thereof, all improvements on the area held by virtue thereof may be removed by the owner within fourteen days after his business license has lapsed or may be taken over by the Company at a valuation. Such valuation shall be ascertained by arbitration in case the parties differ. If the owner neglects to remove them within six months of the lapse of his business license, he shall be deemed to have abandoned all property in them.

*Business area not to be parted with except by consent of Company.*

43. The owner of a business area shall not sub-let any portion of such area, except with the consent of the Attorney.

## MACHINERY AREAS.

44. Any miner may, subject to the approval of the Attorney as to locality, mark off an area of unoccupied and unreserved land not exceeding five acres in one rectangular block as a site for the erection of machinery for treatment of gold-bearing ore and extraction of gold therefrom. Such marking off shall be done in the same manner as is provided herein in Regulation 18 for gold mining leases.

*Application, when made.*

45. Within seven days of such marking off, application for such area must be lodged at the Company's office, in the Form No. 26 in the Schedule. A copy of such application must be posted on the ground applied for on the datum peg within three days of same being lodged at the Company's office.

*Objection.*

46. Any miner may, within 30 days of the posting of such notice of application, object to the grant of same by lodging notice to such effect in the Form No. 27 in the Schedule, at the Company's office, and also affixing a copy of such notice of objection to the datum peg on the ground applied for. Such notice shall set out in full all grounds of objection taken.

47. The Attorney shall notify the applicant and objector of the place and time of hearing such application and objection. The Attorney may, in his absolute discretion, grant or refuse such application.

*Registration of area.*

48. If such application is granted, the applicant shall receive notice thereof in the Form No. 28 in the Schedule, and thereupon on payment of a registration fee of Ten shillings, he shall be entitled to be registered as the holder of such area in the books of the Company for a period of twelve calendar months from the date of such registration. Such registration may be renewed from year to year, at the discretion of the Attorney.

*Rent and survey fees.*

49. The rent for any machinery area shall be Five pounds per annum payable in advance, and every application for such area must be accompanied by this sum together with such sum as the Attorney may fix for survey fees and mileage, not being in excess of the amount charged by the Crown for the like.

*Transfer of area.*

50. The holder of any registered machinery area may transfer same or any part of same, on payment of a transfer fee of Twenty shillings, in the Form No. 29 in the Schedule: Provided that no transfer will be received unless the area is registered and unless all rent, stamp duty, survey fees, or charges have been discharged.

51. If the holder of a machinery area shall not erect machinery thereon to crush ore and recover the gold contents thereof for a space of six months next after the date of the grant of same, then the Company may re-enter on the land comprised in such area and thereupon all right and title of such holder in and to such area shall absolutely determine. If the holder of machinery area shall dismantle machinery erected on the said area to such an extent that what remains erected is not sufficient to effectually crush ore and recover the gold contents thereof, and if the same continues for any period of or exceeding three months, then the Company may re-enter upon the land comprised in such area, and thereupon all right and title of such holder in and to such area shall absolutely determine.

52. If a machinery area is not renewed by the Company at the end of any term of registration thereof, all improvements on such area may be removed by the holder within two months of the date of non-renewal. Any machinery remaining on the land after the expiration of the said term of two months shall be deemed to be abandoned by the holder.

*Residence area.*

53. Any miner may, subject to approval of the Attorney as to locality, mark off and occupy, in the Form No. 30 in the Schedule an area of unoccupied and unreserved land not exceeding one quarter of an acre, having a frontage or width of 66 feet and a depth of 165 feet, for the purpose of residence.

54. Within seven days of such marking off, such miner must lodge at the Company's office an application for such area, in the Form No. 31 in the Schedule, and must post such application notice outside the Company's office and on the datum post on the ground applied for within three days of lodging same.

55. Any miner may, within thirty days of the posting of such application notice, object to the grant of same by lodging notice to such effect in the Form No. 32 in the Schedule, at the Company's office, and also affixing a copy of such notice of objection on the datum post on the ground applied for. Such notice shall set out in full all grounds of objection taken.

56. The Attorney shall notify the applicant and objector of the place and time of hearing such application and objection. The Attorney may, in his absolute discretion, grant or refuse such application.

57. The rent for any residence area shall not exceed ten pounds ten shillings per annum payable in advance, and every application for such area must be accompanied by this sum together with such sum as the Attorney may fix for survey fees and mileage, not being in excess of the amount charged by the Crown for the like.

58. If such application is granted, the applicant shall receive notice thereof in the Form No. 33 in the Schedule, and thereupon on payment of a registration fee of ten shillings he shall be entitled to be registered as the holder of such area in the books of the Company for a period of twelve calendar months next after the date of such registration. Such registration may be renewed from year to year at the discretion of the Attorney.

59. The holder of any residence area may transfer the whole of same, in one parcel, on payment of a transfer fee of ten shillings in the Form No. 34 in the Schedule. Provided that no transfer will be received unless the area is registered and unless all rent, stamp duty, and survey fees or charges have been discharged.

60. If the holder of a residence area shall conduct any business thereon or shall not personally reside thereon for a period of at least six months in each year, or shall sub-let same or shall fail to observe the Regulation hereunder appearing and dealing with the suppression of nuisances or any other Regulations from time to time made and dealing with the use and enjoyment of residence areas, or if the holder shall not within three months of the grant of a residence area cause to be erected thereon a substantial tent or frames or hessian house or structure of more permanent character, together with all such outbuildings as may be required for sani-

tary purposes, then and in any such event the Company may re-enter and take possession of the land comprised in such area, and thereupon all right, title, and interest of the holder therein and thereto shall absolutely determine.

*Arcas may be mined upon subject to compensation.*

61. The holder of a business, residence, or machinery area shall not, by virtue of his title thereto, be entitled to mine for gold thereon or thereunder. Any holder of a mining license may enter upon such land to mine, on payment to the lawful occupants of such amount by way of compensation as may be mutually determined. In case of any dispute as to the amount to be paid, the dispute shall be referred to and dealt with by the Company's Attorney, whose decision shall be final and conclusive and from which no appeal shall lie.

62. All persons after acquiring any alluvial claim, gold-mining lease, deep lead lease, special lease, machinery area, or residential area under these Regulations shall keep them or each of them, as the case may be, in a proper state of cleanliness, and on complaint being made that any such area is not so kept the Attorney by notice under his hand may require the offending party to carry out all such acts and steps as he may consider advisable for the observance of decency and the protection of public health. Any person not obeying such notice shall be guilty of a breach of these Regulations.

*Mortgages and Caveats.*

63. An alluvial claim, a gold mining lease, a deep lead lease, a machinery area, a business area, and a residential area may be separately or any two or more jointly charged or made security for repayment of any sum of money advanced or agreed to be advanced to the holder. When it is intended to be so charged, the holder shall execute a memorandum of mortgage in the Form No. 35 in the Schedule, with such variations and additions as the circumstances require, but no such mortgage shall be effective until registered as hereinafter provided.

64. A mortgage of an alluvial claim, gold mining lease, deep lead lease, or machinery area shall not be registered without the sanction and approval of the Attorney endorsed on same. The Attorney, in his absolute discretion, may refuse such sanction.

65. No mortgage shall be registered unless the mortgagee is the holder of a mining license.

66. A mortgage shall be registered by entering same in the register of mortgages at the office of the Company. A filing fee of one pound one shilling shall be payable on such registration. In the case of two or more mortgages affecting the same property, that mortgage shall have priority which is first registered.

67. A mortgage shall have effect only as a security for repayment of the money intended to be secured thereby, and shall not operate as an assignment of the property charged. A mortgage may cover all buildings, machinery, and appliances on the property charged, whether fixed to the soil or not.

68. A mortgage may contain such covenants, provisions, stipulations, and powers as may be agreed between the parties and approved of by the Attorney.

69. A mortgage may be transferred by a transfer in the Form No. 36 in the Schedule. No transfer shall be effective until registered at the office of the Company. Such registration shall be effected by entering up such transfer in the Register of Mortgages on payment of a transfer fee of one pound one shilling.

70. The transferee of a mortgage must be the holder of a mining license, and such transferee on registration of the transfer shall have and enjoy all the rights of the transferor.

71. When property comprised in a mortgage is sold under the powers contained in such security, the mortgagee shall execute a transfer of the property so sold to the purchaser in the Form No. 37 in the Schedule. Such transfer, on being approved by the Attorney and on payment of the transfer fee of one pound one shilling and any stamp duty chargeable, shall effectually transfer the property to such buyer, if such buyer is a person duly qualified under the Regulations to hold such property.

72. The mortgagor may at any time before the sale redeem the property charged, by paying the amount for which it stands as security and all costs and charges of the mortgagee.

73. If the mortgagor redeems the property charged, the mortgagee shall sign and execute a memo. of satis-

faction in the Form No. 38 in the Schedule, and on the mortgagor presenting such memo. at the office of the Company and paying a filing fee of One pound one shilling, the same will be noted in the Register of Mortgages and the mortgage discharged.

74. Every person being a holder of a mining license may enter a caveat, in the Form No. 39 in the Schedule, forbidding any dealing with the property set out in such caveat on the ground that he holds a legal or equitable interest in such property.

75. A caveat shall be entered by filing the Form No. 39 at the office of the Company duly filled in with all required particulars and by paying a fee of One pound one shilling.

76. The effect of a caveat shall be that all dealing with the property the subject of such caveat shall be absolutely barred: Provided that if any instrument affecting such property is lodged at the Company's office notice thereof shall be given to the caveator by registered letter addressed to such place as he may have given notice of when filing his caveat. If the caveator does not, within ten days after the posting of such notice, appear to oppose the registration of such instrument, the Attorney may register same as if no such caveat had been filed.

77. If the caveator appears to oppose the registration of such instrument, the Attorney shall fix a day on which to hear the application for such registration and the opposition of the caveator, and shall proceed therein as provided in Regulation A hereunder.

78. A caveat may be by consent, in which case it shall be in the Form No. 40 in the Schedule. A caveat by consent shall ensure for the benefit of the caveator during the full period set out therein, unless previously thereto discharged by a memo. in writing signed by the caveator.

79. A caveat by consent shall only be effective when registered at the office of the Company. Such registration shall be subject to the approval of the Attorney and on payment of the prescribed fee.

*APPOINTMENT OF ATTORNEY.*

80. Any miner may at any time appoint some person to act as his attorney for him in respect of the management and disposal of all his interests under any of the Regulations of the Company and to serve and accept service of all notices required to be served under these Regulations. Any miner who is absent from the State of Western Australia for any period exceeding one month must appoint some person for such purpose, and failing such appointment all notices to be served on him may be effectually served by leaving same at his last known place of residence or business or on the land (if any) held by him under the Company. Such appointment of an attorney shall be in Form No. 41 in the Schedule and must be registered at the Company's office within one month of execution of same. A filing fee of One pound one shilling shall be charged on such registration together with all proper stamp duties.

*REVOCAION OF POWER OF ATTORNEY.*

81. Any miner who has executed and registered an appointment of some one or more persons as his attorney or attorneys may at any time revoke such appointment: Provided that such revocation shall not affect any act done by such attorney or attorneys before registration of such revocation. A revocation may be in the Form No. 42 in the Schedule.

*LIEN FOR WAGES.*

82. A manager, clerk, or any workman or labourer to whom wages are due and owing by any person registered as the holder of any gold mining lease, deep lead lease, or machinery area, for any term not exceeding eight weeks, may, within ten days of ceasing to work, or if still working for such person at any time after more than three weeks are due, register a lien against the said gold mining lease, deep lead lease, business area, or machinery area and all machinery thereon. Such lien shall be registered in the following manner, that is to say:—A declaration in the Form No. 43 in the Schedule shall be filed at the office of the Company, setting forth all the particulars therein required, together with a filing fee of ten shillings and sixpence. Thereupon the Attorney of the Company shall register such lien and notify the person who is the holder of the land and machinery charged, by notice in the Form No. 44 in the Schedule, which may be effectually served

on such person by leaving same addressed to such person on such land.

83. If the person on whom such notice is served desires to contest such lien, he shall notify the Attorney accordingly, who thereupon shall fix a day to hear both parties and shall after hearing such parties as appear, decide the matter pursuant to Regulation A hereof.

84. No lien shall have any force or effect until registered, and when registered and so long as it continues registered it shall constitute a first charge on all the chattels and interest in, to, and upon any such gold mining lease, deep lead lease, business area, or machinery area as the case may be.

#### WATER STRUCK IN MINING OPERATIONS.

85. If any holder of a gold mining lease, deep lead lease, or alluvial claim, in the course of carrying on mining operations in such lease or claim strikes a subterranean flow of water, then if at the time of striking such flow such holder has workings extending to the boundary of his holding and thereby created a free passage for such water to such boundary, he shall at his own sole expense erect on such boundary and within his own ground a wall or dam which shall be of sufficient strength to resist the pressure of water and which shall effectually prevent such water flowing into any neighbouring lease or claim, and the Attorney is hereby declared by every such holder to be the sole judge of the necessary strength and formation of any such dam or wall. Provided always, that where any such holder of a gold mining or deep lead lease or alluvial claim satisfies the Attorney that he has pumping plant on the mine sufficient to cope with the inflow of water and which he is in a position to keep pumping water at all times, the Attorney may exempt him from the necessity of constructing such wall or dam. Provided further, that so long as the holder remains registered as the proprietor of the gold mining or deep lead lease or alluvial claim in which the inflow of water took place, he shall be liable to be called upon to construct the water-proof dam or wall in the face of every opening carried to the boundary of his said lease or claim notwithstanding that such lease or claim may be under exemption and not working for the time being. Provided further, that where the source of water is in the opinion of the Attorney a common one for a number of leases or claims working in the same locality, he may assess each lease or claim with what in his opinion, having regard to the present and future underground workings in each lease or claim, is a fair proportion of the total expenditure incurred in keeping such inflow of water down, and provided lastly, that where a holder of a lease or claim refuses or neglects to carry out, within seven days or such extended time as the Attorney may grant in his discretion, the award of the Attorney directing the construction of a water-proof wall or dam in the face of every drive carried to the boundary of such lease or claim, the Attorney or any one duly appointed by him for such purpose may enter upon such lease or claim and may then proceed to construct such water-proof wall or dam, and shall recover the total expense of such work from such holder, and failing immediate payment thereof may register a lien against his interest in such lease or claim for the sum representing such total expense.

#### CONCENTRATION OF LABOUR.

86. Any holder of two or more gold mining leases or deep lead leases may apply for concentration of the total labour required for all such leases on any one or two of same: Provided that no such holder shall be entitled to concentration of labour in respect of any acreage exceeding seventy-two acres: And provided further, that all such leases must be either adjoining or not more than eleven chains apart. Such application shall be in the Form No. 45 in the Schedule, and the Attorney may grant same for any period not exceeding twelve months in his absolute discretion.

#### AMALGAMATION OF LEASES.

87. Where two or more old mining leases having a total acreage in all of seventy-two acres or under are held by the one and same holder, he may apply to the Attorney to amalgamate same into one holding. Such application shall be in the Form No. 46 in the Schedule and may be granted or refused by the Attorney in his

absolute discretion: Provided that if the same be granted, then the lessee will not be allowed to again subdivide the area so created with its original or any parts less than the whole.

#### TRIBUTES.

88. The holder of a gold mining lease or deep lead lease or of an alluvial claim may enter into a tribute contract for working such lease or claim, without first having obtained the consent of the Company: Provided that such tribute contracts shall be registered within fourteen days of being executed: And provided that the amount coming to the tributors if they work shall be at least the ordinary wage payable to a miner engaged in their class of work. If a lessee of a gold mining or deep lead lease grant a tribute of the whole or part of the lease and does not register same at the Company's office within fourteen days of such grant, then the Attorney or any one acting under his authority may re-enter on the land comprised in such lease or claim and may decree forfeiture of the interest of such lessee in and to the same.

#### RESERVATIONS.

89. The Company reserves the right to re-enter and resume possession of at any time the land occupied by licensees for the purposes of alluvial mining under Regulation 9 of these Regulations, and all rights thereby conferred shall be subject to the Company's right to determine the same at any time. Provided that the Company shall not resume land so occupied by licensees under Clause 9, except for breaches of these Regulations or for the purposes of issuing gold mining leases over such land: Provided further, that the Company shall not resume land so occupied until in the opinion of the Attorney the alluvial on same is worked out, except on condition that the person to whom the land is granted as a gold mining lease shall compensate the holder of such claim. If the leaseholder and the holder of the claim cannot agree as to the amount of compensation, the same is to be fixed by the Attorney.

90. The Company reserves the right of repealing, altering, or amending any or all of these Regulations, and the right to add thereto and to make and publish new Regulations either in addition hereto or in lieu thereof or of any of them, and any licensee or person accepting any holding under these Regulations shall be deemed to consent to such right remaining in the Company.

91. The Company, in addition to their powers under these Regulations, shall have the same rights to resume all business areas and put the same up for auction or let the same on lease as are possessed by the Government under the Government Goldfields Regulations with regard to Business Areas, and the holders thereof shall have the same rights as to compensation for improvements as provided in such Regulations.

92. The Company, without intending hereby to limit or derogate from their powers as owners of the fee simple, reserves the right to reserve and exempt any of their lands from occupation for mining, residence, or business purposes or for any other purpose, and no person holding a mining license shall be entitled to occupy any lands so reserved, whether reserved before or after the publication of these Regulations.

#### DISPUTES.

93. (1.) In all cases of dispute arising between a holder of a mining license or business license or of an alluvial claim or of a gold mining lease or of a deep lead lease or of a business or residential area or machinery area or the assignee of any such holder and any other licensee of the Company or holder of a gold mining lease or of a deep lead lease or of an alluvial claim or of a business, residential or machinery area or the assignee of any such holder, touching or concerning any rights arising out of the possession, use, occupation, or enjoyment of any lands, easements, water rights, mining rights, or other property whatsoever held under the Company, the following procedure shall apply *videlicet* either of the said parties as aforesaid shall prepare and lodge at the office of the Company a statement in triplicate setting out the matter in dispute, and the name and address of the other party to the dispute. The matter in dispute shall be fully stated as to the legal right alleged to have been invaded and the full extent of

such invasion, but shall not include any evidence in support of same, together with such statement the party complaining shall fill in a request in the Form No. 47 in the Schedule and shall lodge same together with a hearing fee of One pound one shilling, and such fee for service of notice on the other party to the dispute as the Attorney may fix, not exceeding the like charges for service of process in the Warden's Court under the Mining Act, 1904, and regulations made thereunder.

(2.) As soon as practicable after the said request and statement has been filed, the Attorney shall cause to be served on both parties a notice in the Form No. 48 in the Schedule fixing a day not less than seven days after the date of such notice on which he will sit as arbitrator to determine such dispute. A copy of the statement setting forth the matter in dispute shall be served on the party complained of, at the same time as the notice fixing the date of hearing.

(3.) Service of such notice shall be, if possible, personal, but where a party avoids personal service it shall be sufficient to affix such notice on the datum post of any claim, lease, or area he may be the holder of, or on the door of his last place of business or last place of residence, as the case may require.

(4.) Where both parties appear on the day and at the place and time set out in the notice, the Attorney shall proceed to hear all the evidence adduced by either of or both of the parties which is relevant to the matter in dispute, using all the powers and authorities conferred on him as Arbitrator by the Arbitration Act, 1895, and particularly by Section nine thereof.

(5.) If only one of the parties served with the notice set out in Regulation two hereof appears, the Attorney may proceed in the absence of the other party to inquire into the matter in dispute, and his award shall be binding on the party not appearing in the same manner and to the same extent as if such party had in fact appeared and been heard. Provided that when the Attorney is satisfied before the date of the publication of his award that the party so neglecting to appear did so because of some valid reason or because of some misunderstanding or mistake, he may fix a fresh date to hear the matter in dispute, not being less than seven days next after the issue of a notice to such effect in the Form No. 48 in the Schedule. Provided further, that the Attorney may require the party so neglecting to appear in the first instance to pay all the costs and expenses of the party who appeared as a condition precedent to any second hearing of the matter in dispute.

(6.) Either party to a dispute may obtain a writ of *subpœna ad testificandum* or a writ of *subpœna duces tecum* as provided in Section 10 of the Arbitration Act, 1895.

(7.) The Attorney may publish his award immediately on the close of the evidence or at such later date as may be convenient to him. He shall furnish both parties with a copy of such award on payment of a fee of Ten shillings and sixpence. The Attorney may, in his absolute discretion, order the unsuccessful party to pay a sum to be fixed in the award and not exceeding the costs allowed in the like proceedings in the Supreme Court to the successful party, and if a party succeeds on some issues and fails on others, he may apportion the costs.

(8.) Any party to a dispute may appear in person or by solicitor or counsel, but no agent not being admitted to practise in Western Australia as a legal practitioner shall be allowed to represent any party.

(9.) When an award is pronounced, unless the party against whom it is made proceeds with all due expedition to give effect to it, the other party may proceed under Section 14 of the Arbitration Act, 1895, to have it entered up and enforced as a judgment.

(10.) In all cases of disputes arising between the holder of a mining license or business license or of an alluvial claim or of a gold mining lease or of a deep lead lease or of a business or residential area or machinery area or the assignee of any such holder and the Company touching or concerning any rights arising out of the possession, use, occupation, or enjoyment of any lands, easements, water rights, mining rights, or other property whatsoever, the following procedure shall apply *videlicet*, either of the said parties shall prepare and lodge at the office of the Company a statement in triplicate setting out the matter in dispute and the name and address of the other party to the dispute. The matter in dispute shall be fully stated as to the legal right alleged to have been invaded and the full extent

of such invasion, but shall not include any evidence in support of same. If the complainant is the Company, it shall serve on the other party notice of the matter in dispute and also a date when same will be inquired into by the Attorney. If the complainant is not the Company, he shall fill in a request in the terms in the Form No. 49 in the Schedule to have the matter in dispute referred to arbitration, pursuant to Regulation B, and shall at the same time lodge with the Company a sum of Ten pounds ten shillings by way of security for costs of such arbitration.

(11.) Where the complainant is the Company, the decision of the Attorney shall be final, unless the other party requires the matter referred to arbitration under Regulation B hereof, in which case such party shall within seven days of the Attorney informing him of his decision by registered letter sent to or left at his registered address or if no address is registered then left at his last known place of business or residence or posted on any part of any gold mining lease, deep lead lease, machinery area, business area, alluvial claim, or residential area held by him under the Company, give notice in the Form No. 50 in the Schedule and at the same time lodge a sum of Ten pounds ten shillings at the Company's office as security for costs of each arbitration.

(12.) If the result of the arbitration is against the Company or against the decision of the Attorney for the Company, then the Arbitrator or Umpire may order the Company to pay to the other party such costs not exceeding the costs that would be allowed in the like proceedings in the Supreme Court of the State, and in any event shall order the repayment to such other party of the sum of Ten pounds ten shillings deposited by him as security for costs.
