(b) For the purposes of this agreement all workers in the industry shall be classified as belonging to one of the following classes:—

- (i) Journeymen.
- (ii) Journeywomen.
- (iii) Registered apprentices.

(c) Any employer hereafter taking an apprentice shall within fourteen days after the execution of the agreement in respect thereof make application to the Clerk of the Court for the registration of such agreement.

(e) Male apprentices shall not exceed in number one to every three journeymen or journeywomen or fraction of three journeymen or journeywomen coat, vest or trouser hands, or machinists or pressers, employed by each employer or firm of employers. (f) Female apprentices shall not exceed in number one to every two journeymen or journeywomen or fraction of two journeymen or journeywomen coat, vest or trouser hands, or machinists or pressers, employed by each employer or firm of employers. Provided in reference to this and the immediately preceding clause that at the expiration of three years of the term of apprenticeship (and subject to the apprentice having qualified by examination for that period) an additional apprentice may for the purpose of computing such proportion be taken in substitution for the apprentice so completing the term of three years as aforesaid.

(g) For the purpose of ascertaining the number of apprentices allowed to be taken at any time the number of journeymen and journeywomen employed taken respectively shall be deemed to be the average number of journeymen and journeywomen employed for at least two-thirds of full time on all working days of the twelve months immediately preceding such time. Where an employer is himself actually working as a journeyman or journeywoman he or she shall be allowed to count as a journeyman or journeywoman, as the case may be, for the purpose of calculating the average number of journeymen and journeywomen under this subclause.

(h) The terms of apprenticeship shall be as follows:—

(j) The following provisions shall apply in respect of all apprenticeships:—

- (1) An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under this agreement and shall, subject to the provisions of Subclause (q), pay the apprentice the rate of wages herein provided.

(2) At the end of the period of apprenticeship the employer shall give the apprentice a certificate (Form 4 in the appendix hereto) to show that he has served his apprenticeship. Should the employer at any time before the termination of the term of apprenticeship desire to dispense with the services of the apprentice, he may, with the consent of the apprentice and in manner provided by the said Act, transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business willing to continue to teach the apprentice and to pay the rate of wages prescribed by this agreement according to the total length of time served, and generally to perform the obligations of the original employer. The employer shall in such case give to the apprentice a certificate of the time served and of the rate of wages paid. It shall not be obligatory upon the employer to find the apprentice another employer if he shall so misconduct himself as to entitle the employer to discharge him, but he shall nevertheless give him a certificate for the time actually served.

(3) An employer shall be deemed to fail in his duty towards his apprentice if he neglects to keep him constantly at work, but slackness of work may form a proper ground for transferring him to a master willing to undertake the responsibility of teaching him.

The examiners shall examine the work of and inquire into the diligence of each apprentice and as to the opportunities provided by the employer to each apprentice to learn.

(p) The examiners shall report to the Court in writing as to the result of the examination.

(q) The Clerk of the Court shall supply to each candidate a certificate showing the result of the examination and it shall be lawful for any employer to withhold the increase in wages accruing in accordance with the scale set forth in sub-clause (k) hereof from any apprentice who fails to satisfy the examiners.
