(a) Six shifts will constitute a week's work, except in special cases of unavoidable short runs, such special cases to be arranged between the Commissioner and the Union.

(b) If less than forty-four hours have been worked in the six shifts, the time for the six shifts will be made up to forty-four hours, and the seventh shift will be paid for at—

Each month the Head of the Branch will, on receipt of a request from the General Secretary of the Union, supply a statement showing all instances where workers have been kept on duty longer than ten hours continuously.

28.—*Permanent Staff.*

All workers over twelve months in the service shall be placed on the permanent list, and shall be entitled to all privileges of permanent workers.

29.—*Knowledge of Roads.*

Should the requirements of the service necessitate that a driver shall run over a road with which he is not fully acquainted, he shall be provided with a pilotman. Such pilotman shall be either a locomotive inspector, driver or fireman authorised to drive. In cases where a driver is removed from one depot to another he shall be given facilities to learn the road without loss of his driver's pay.

30.—*Examination.*

(a) Each driver, fireman, or cleaner who is called on for examination shall have fourteen days' notice of the date on which he will be examined, and sample questions given for each subject.

(b) Each candidate shall be allowed to try three times at intervals not exceeding four months. If he does not pass, a further trial shall be allowed at the expiration of twelve months from the previous examination. If then unsuccessful, he shall be considered to have finally failed.

(c) All questions shall be put clearly and without ambiguity, and each candidate shall be allowed all reasonable latitude in asking the examiner to make each question clear; and a driver, member of the Union, shall be present at all viva voce examinations, but he shall not in any way interfere with or interpose in the conduct of the proceedings.

(d) The candidate who fails to pass his examination shall be furnished with a copy of the questions he failed to answer correctly.

(e) A worker who has lost his seniority through failing to pass the examination shall, on subsequently passing, be classified next to the worker who passed examination previously to him.

(f) The examiner shall be appointed by the Head of the Branch, to whom he shall report fully the result of such examination, and the decision of the Head of the Branch shall be final.

(c) When a fireman has to raise steam in a boiler at a foreign depot he shall be allowed two hours in addition to ordinary preparing time in case of a cold boiler, and one and a-half hours in case of a warm boiler. A boiler which has been out of traffic for twenty-four hours shall be regarded as a cold boiler.

(d) Provided that the Commissioner may relieve drivers and firemen from duties of preparation and stabling and employ other workers who are qualified drivers and firemen to carry out such duties.

32.—*Special Shed Duty.*

The banking of fire shall be done by the fireman, whose duties shall be to keep all cab fittings, etc., on the footplate in a clean condition from the time of leaving shed until return thereto.

(c) At sheds where less than six engines are stabled, the duties of cleaners shall be to clean engines, light-up, attend to water and steam. Cleaners may also be used for fueling and other work, subject to the conditions of clause 9 (a).

(e) At sheds where less than six engines are stabled, the duties of the fireman will be to clean out smoke-boxes and ash-pans, scour fronts, and keep all fittings, etc., on the footplate clean, take coal and water, bank fires. (f) At sheds where less than six engines are stabled, the duties of the drivers will be to turn engines, examine engines over pits, put engines in position to take coal and water, and stable engines.

(g) In addition to the foregoing, drivers and firemen, when stabling engines, may, provided they have not been on duty in excess of eight hours, be called upon to perform any other duty appertaining to their respective grades, and time allowance shall be made for so much of such work as cannot be performed in the period allowed for stabling.

(h) The work of cleaning fires and ash-pans of engines going into locomotive depots shall be done by the shed staff, where such labour is now available.

33.—*Discipline.*

The Head of the Branch shall have power to reprimand, fine, suspend from duty, reduce in grade, or dismiss any worker, and to remove any driver or fireman from a locomotive footplate: Provided always that the notification to a worker of any such action shall be in writing, and shall state the reason of same being taken.

34.—*Charges against Workers.*

(a) Each worker shall himself provide, when called upon, with the least possible delay, any report or statement which may be required by the officer-in-charge.

(b) When a worker against whom a charge is pending has made a statement to an officer-in-charge, and which statement the officer-in-charge has taken down in writing, such worker shall either be furnished with a copy of such statement or be allowed to take a copy of it.

(c) If in the opinion of the foreman the action of any worker should be reported to the Head of the Branch, it shall be done—

(1) Where a worker is stationed at a main depot, within seven days of the foreman's first knowledge of the occurrence.

(2) Where the worker is stationed at a sub-depot, within ten days of the person's-in-charge first knowledge of the occurrence.

The worker shall at the same time be notified by the foreman that he is reported, otherwise such report shall be null and void: Provided that when a worker reports on his daily running sheet an irregularity or other occurrence in which he is concerned to the Department, it shall not be necessary for the foreman to notify such worker that he has been reported to the Head of the Branch. When a charge has been made against any worker, he shall be supplied with a copy of such charge and any reports upon which it is based.

(d) If a final decision in any case in which a charge has been made against a worker be not given within three calendar months of the occurrence of the offence, the charge in question shall lapse.

35.—*Secretary's Leave and Pass.*

The Commissioner will grant leave on full pay for a continuous period, or otherwise, of thirty days in each year to the Secretary (should such Secretary be a railway servant) to enable him to attend exclusively to the Union work, and a free pass will be issued to the Secretary, whether a railway servant or not, for that period, but may be withdrawn at the Commissioner's discretion, such pass to be used exclusively for Union work and not for political purposes.
