 4. All documents shall be in the forms similar to the forms in the appendix where the same are applicable; and when no forms are provided parties shall use the forms in the appendix as guides.
Forms may be varied to suit any particular case.

When any person has been convicted before Justices of a breach of any proclamation made by the Governor under Section 106 of the said Act, or of a breach of Subsection (2) of the said Section 106, an inspector may then and there apply in Court to the Justices for an order declaring that any pearl-shell of dimensions below the prescribed minimum in respect of which the offence has been committed and which has been found in the possession of the person so convicted shall be forfeited to His Majesty under the said Section 106, and the Justices may thereupon make an order to that effect accordingly.
 8. In other cases application for forfeiture shall be made by notice on form No. 40, or to the like effect, with any variations that the circumstances of the case may require.
 9. Such notice shall be served on the person who was in possession of the shell, or, if no such person was in possession, then on the owner or on any person claiming to be owner.
 10. Any two Justices may dispense with notice in any case, and may make an order without notice having been given.

 15. Any person desirous of appealing to the Minister against the decision of a licensing officer refusing to grant, renew, remove, or transfer any license shall, within 30 days after such decision, lodge with such officer a notice according to Form No. 43, and no appeal shall be entertained unless such notice is lodged within the time herein prescribed; provided that the Minister may for special reasons extend the time for lodging such notice in any particular case, whether the application for the extension be made before or after the expiry of the time.
 16. The officer shall forthwith transmit such notice, together with all relevant documents and a memorandum of the reasons for his refusal, to the Minister.
 17. Any appellant desiring to be heard before the Minister shall, at the time of lodging his appeal, apply in the Form No. 43 for leave to be heard before the Minister, and the Minister shall, before deciding the appeal, give the appellant an opportunity of being so heard.

 23. No Superintendent shall attest the signature of any person who has, in contravention of Regulations 21 or 22, signed any pearling agreement, and no Superintendent shall endorse any pearling agreement to which the signature of any person is affixed in contravention to those Regulations.
 24. Any Superintendent may require any person who has signed or is desirous of signing or entering into a pearling agreement in the capacity of a diver to produce a medical certificate to the effect set out in Regulation 21 and issued to such person within the immediately preceding twelve calendar months, and in default of production of such a certificate the superintendent shall be entitled to assume that such person possesses no such certificate.
- Shark Bay Pearl Shell Area.*
25. Applications for Exclusive Licenses in waters as defined in the Second Schedule of the Act shall be made on Form No. 11 to the Inspector, as the authorised agent of the Minister. Each application shall be accompanied by an accurate description of the area applied for, together with an application fee of £1.
 26. In those parts which have been surveyed into blocks, each application must comprise one complete block as surveyed. The rental of every license covering a surveyed area shall be determined by the Minister.
 27. No Exclusive License (other than over a surveyed area) shall be granted or renewed if the length of the area exceeds twice its width, and no application for an Exclusive License covering an area of less than 10 acres shall be received by the Inspector.
 28. Upon receipt of an application for an Exclusive License the Inspector shall give notice, by affixing a notice on the notice board of his tent or office, that an application has been made. Such notice shall remain on the notice board for not less than seven clear days on Form No. 11.

29. All objections that may be raised to the granting of an Exclusive License shall be lodged with the Inspector in writing within seven clear days from the date of the application being published as prescribed. The Inspector shall receive and report upon such objection or objections to the Chief Pearling Inspector, Perth.

30. All applications for Exclusive Licenses shall ordinarily be allowed priority according to the times at which they were respectively lodged with the Inspector. In the event of two or more simultaneous applications for the same area, the priority may be determined by lot by the Minister, provided that nothing herein shall be deemed to interfere with or prejudice the discretion of the Minister as to the granting or refusal of any license.

31. The Minister shall not be bound to entertain any application for an Exclusive License, and he may invite tenders for any such license or licenses, but shall not be bound to accept the highest or any tender.

32. The rent of an Exclusive License covering an unsurveyed area shall be at the rate of not less than one shilling per acre per annum, with a minimum rental of one pound. Provided that in waters other than those described in the Second Schedule of the Act, the annual rental shall be determined by the Minister at such amount as he shall in each case deem sufficient. All rent shall be payable half-yearly in advance on or before the first day of January and the first day of July in each year.

33. The term of an Exclusive License shall be computed as from the first day of January of the year in which the application is made, and may be for any period not exceeding fourteen years.

34. The rent of an Exclusive License shall be computed as from the first day of January or the first day of July (as the case may be) immediately preceding the date of the application.

35. An applicant for an Exclusive License or his servants may, on payment of the prescribed fee of £1, and after obtaining the permission of the Inspector in writing, enter into occupation of the area applied for, for the purposes of cultivation only; but such permit shall not authorise the gathering, collection, or removal of any pearls, pearl shells, or pearl shell oysters from the area applied for.

The Minister in refusing any such application shall not be held responsible for any osteicultural or other improvements that may have been effected on such area; but the Crown shall be entitled to the benefit thereof.

36. Exclusive Licenses shall not be issued to minors, and if misrepresentation is made in this respect the license or licenses may be forfeited by the Minister on the recommendation of the Chief Pearling Inspector.

37. All holders of Exclusive Licenses shall cultivate their areas in a *bona fide* manner, to the satisfaction of the Inspector, by planting or protecting the pearl shell oysters on the area. The Inspector shall report to the Chief Pearling Inspector at the expiration of one year from the date of the issue of every license what steps the licensee has taken to cultivate his or her licensed areas and to carry out the conditions of the license, and in all cases where no cultivation has been carried out such license shall be liable to forfeiture by the Minister, on the recommendation of the Chief Pearling Inspector.

38. The Inspector shall report to the Chief Pearling Inspector when, in his opinion, any pearl shell oyster-bearing area, whether held under Exclusive License or not, has, by over-dredging, or from any other cause, been reduced to such a state that the further taking of pearl shell should be suspended. The Minister may, on the recommendation of the Chief Pearling Inspector, close any such area and prohibit the gathering, collection, or removal by any means whatever of pearls or pearl shell within or from the portion so closed for a specific period.

39. When, in the opinion of the Inspector, it is desirable that the use of dredges should be discontinued in any specific portion of a pearl shell area, the Inspector shall furnish a report to that effect to the Chief Pearling Inspector, who may prohibit the use of dredges in such portion of the waters for a specific period.

40. The boundaries of each area held under Exclusive License shall be marked and kept marked by the licensee by posts or stakes at such places and in such a manner as to define with reasonable accuracy the

length, width, and shape of the area held under such license. Such posts or stakes shall show above the line of high-water mark at least four feet, and shall not be less in diameter than four inches. Buoys of wood or iron may be substituted for posts or stakes, if the water be deeper than two fathoms or if the bottom shall be of rock or otherwise incapable of holding a post.

41. No licensee or other person shall, without lawful authority, destroy or damage any post, stake, or buoy defining the position of any area held under Exclusive License or of any area closed against the taking, collection, or removal, of pearls or pearl shell.

42. All mature pearl shell gathered or collected on, or from, any area, whether held under Exclusive License or not, shall, as far as practicable, be cleaned on the area from which it was gathered or collected, and all immature pearl shell shall be returned to the water within reasonable time, but in no case shall such immature pearl shell be allowed to perish.

43. The Inspector or other person authorised by the Minister may seize and remove any young or immature pearl shell found in the possession of any person, and no person shall retain or have in his possession any immature pearl shell unless such shell is required for planting areas held under Exclusive License, in which case the permission of the Inspector in writing must be obtained for the collection or removal of the pearl shell, and no person shall open any pearl shells except at such places as shall have been approved by the Chief Pearling Inspector.

44. The fee for a General License shall be payable in advance on the date of application, and the term shall be for any period not less than three months computed as from the 1st day of January, April, July, or October in each year.

45. Applications for General Licenses shall be made to the Inspector, as the authorised agent of the Minister, and the applicant shall give the name of the owner and the name and registered number of the ship, provided that the Inspector may, in any case in which any ship is disabled or undergoing repairs, allow another to be substituted for the boat so disabled or being repaired.

46. A General License shall authorise the employment of not more than two men to each ship employed, provided that the Inspector may, in writing, grant permission to the employment of additional men, in which case a supplementary fee of 5s. per month shall be paid in advance for every man so employed.

47. Application for the Registration of a Ship under Section 48 of the Act shall be made personally or by agent to the Pearling Inspector, who on receipt of the prescribed fee shall allocate the number and letter or letters to be displayed by such ship and issue a certificate of Registration in the prescribed form and duly record such in the prescribed Register.

48. The owner or master of every ship registered as in Section 48 of the Act shall cause the registered number of such ship, preceded by the initial letter or letters of the name of the port where the license was granted, to be conspicuously and legibly painted and displayed on each bow of the ship above the water line, in dark letters and figures on a light ground, or light letters and figures on a dark ground, such letters and figures being not less than twelve-inches in length, and shall keep and maintain such letters and figures legible and conspicuous during the whole time that the ship is used or employed in pearling.

49. All applications for ship's registration shall be made to the Inspector, who shall enter in his register the name of the owner and the name and the registered number of the ship.

50. The owner or the master of every ship used or employed in pearling as in Section 47 shall, before proceeding to work on any area over which the authority of his license extends, bring the crew of such ship before the Inspector, who shall explain to such crew the Regulations under which they are to work.

51. No person shall have or carry on board any ship on any pearl shell area, or use from any ship, a dredge, without having first obtained the permission of the Inspector, and the Inspector or other officer authorised in writing by the Minister may go on board any such ship and seize and remove any dredge being carried or used in contravention of this Regulation.
