THE COAL MINES REGULATION ACT, 1902-1926.

Regulations.

Department of Mines,
Perth, 16th March, 1927.

1638/25.

HIS Excellency the Governor in Executive Council has been pleased to make the following Regulations under "The Coal Mines Regulation Act 1902-1926" (as reprinted with amendments), in lieu of the Regulations heretofore in force.

M. F. TROY,
Minister for Mines.

REGULATIONS.

These Regulations are divided into parts as follows:—

- PART I.—Accident Relief Fund.
PART II.—Certificates to Mining Managers and Under-Managers.
PART III.—Registration of Boys and Monthly Returns.
PART IV.—Survey and Plans of Mines.

PART I.—ACCIDENT RELIEF FUND.

1. The trustee to be appointed by the mine owners shall be appointed by memorandum under the hand, or, in the case of an incorporated company, the seal, of a majority of the owners, and such memorandum shall be transmitted to the Minister. Should the mine owners fail to appoint a trustee within one month after notice in writing has been forwarded to them by the Inspector of Mines, by post, advising them of the vacancy on the Trust, the Minister may appoint some person to act as the representative of the mine owners on the Trust, and such person so appointed shall have the same authority and power as if he had been appointed by the mine owners.

2. The trustee to be appointed by the miners shall be appointed in manner following:—

An Inspector of Mines, or some other person to be nominated by the Minister, shall, by seven days' notice in writing, exhibited on each mine in the district, and by an advertisement in a newspaper circulating in the district, at least five days before the meeting, convene a meeting of miners, who, at such meeting, by a majority of miners present, shall appoint a trustee, and the name of the person appointed shall be transmitted by the Inspector or such other person as aforesaid to the Minister. Should the mine-workers fail to appoint a trustee at the meeting so convened, the Minister may appoint some person to act as the representative of the mine-workers on the Trust, and such person so appointed shall have the same authority and power as if he had been appointed by the mine-workers.

3. The persons appointed as aforesaid, with the trustee appointed by the Minister, shall constitute the trustees of the fund, and their appointment shall be notified in the *Government Gazette*. Any two trustees shall constitute a quorum, and may, subject to Regulation 8, operate on the trust account.

4. The Accident Committee shall consist of five members, to be appointed by the miners at a meeting convened by an Inspector for that purpose or at a meeting convened in like manner as provided for in Regulation 2 for the appointment of a trustee, and the names of the persons appointed shall be transmitted by the Inspector of Mines or such other person as aforesaid to the Minister, and notified in the *Government Gazette*. Any three members of the Committee shall constitute a quorum.

5. Every trustee and every member of the Accident Committee shall hold office for one year from the notification of his appointment in the *Government Gazette*, but shall be eligible for re-appointment. Should any member of the Trust, or Committee, fail to attend three consecutive meetings of the Trust or Committee, as the case may be, without having furnished to the body of which he is a member a satisfactory reason, in writing, for his non-attendance, his seat may be declared vacant, and steps duly taken to fill such vacancy.

6. In the case of any vacancy in the office of any trustee or member of an Accident Committee by death, resignation, or otherwise, another trustee or member shall be appointed in manner aforesaid.

7. All contributions to the fund shall be paid to the trustees, and shall be paid by them to the credit of a trust account, to be called the Accident Relief Fund Account, to be kept in the names of the trustees at a bank approved by the Minister. The trustees may from time to time invest any moneys standing to the credit of the trust account, in securities approved by the Minister.

8. All moneys withdrawn from the trust account shall be paid by the trustees to any person injured, or to the relatives of any person killed or injured, in accordance with the recommendation and with the approval of the Accident Committee.

9. In making any recommendation the Accident Committee shall be guided by the following rules:—

(a.) Any employee who meets with an accident in or about a mine shall immediately give notice of the nature and cause of the accident to the workman nearest him, and to one or other of the overmen, and shall within five days, exclusive of Sundays, of ceasing work as a result of such accident send or cause to be sent a notice, in writing, to the Secretary of the Accident Committee giving full particulars as to the time, date of the accident, and the circumstances attending such accident, together with the certificate of a qualified medical practitioner, or the claim shall not be entertained, and the Secretary of the Accident Committee shall forthwith notify the Inspector of Mines for the district of such accident and of the nature thereof as reported to him.

(b.) Subject to the approval of the trustees first obtained, the Accident Committee may, in the case of an accident of so serious a nature that the employee injured has been unable to comply with the provisions of Subsection (a) hereof, investigate such accident and recommend accordingly.

(c.) The allowance that may be paid from the funds shall be as follows:—

(1.) Where disablement results from an accident, a weekly sum of twenty-four shillings, or the rate of four shillings for every working day from the date of the accident, for a period of fifty-two weeks, should disablement so long continue. If disablement shall continue beyond the term of fifty-two weeks, the employee shall be paid an allowance at the rate of three shillings and twopence per day, for a further period of fifty-two weeks should the disablement so long continue, and after that, during the continuance of the disablement, an allowance at the rate of two shillings and fourpence per day, for every working day. Such payment shall only be made and continued on the certificate of a qualified medical practitioner that the employee is unable to work. In the event of an employee being permanently disabled he shall, on the certificate of a qualified medical practitioner, be granted a fixed sum not exceeding Fifty pounds in satisfaction of all claims. A person shall be deemed to be disabled when he is wholly incapacitated from attending to his ordinary occupation. The period during which an employee has been in receipt of relief prior to the coming into operation of this regulation shall not be taken into account in assessing the rate of allowance payable to him.

(2.) Where death results from the accident—

(a.) If deceased was married—

(i.) A weekly sum of fifteen shillings, payable to the widow, if any, while unmarried and of good conduct.

(ii.) A weekly sum of five shillings in respect of each child, if any, of the deceased until such child attains the age of fifteen years or dies, payable to the widow, if any, during her life, or if there is no widow, or the widow dies while any such sum is payable, to the guardian or person having the care of such child.

(b.) If the deceased was unmarried—

(i.) A weekly sum of ten shillings, payable to the father of the deceased during his life, if, in the opinion of the Committee, the father was at the time of his son's death dependent on the deceased for support; or

(ii.) A weekly sum of three shillings payable to the mother of the deceased if a widow, during her life and while she continues a widow, if, in the opinion of the Committee, she was at the time of her son's death dependent on the deceased for support.

(iii.) If the father and mother of the deceased are dead, or are not entitled to an allowance, a weekly sum of five shillings in respect of each brother or sister, if any, of the deceased until such brother or sister attains the age of fifteen years, payable to the legal guardian of such brother or sister, if, in the opinion of the Committee, he or she was at the time of death dependent on the deceased for support.

(iv.) A weekly sum of five shillings for each child of the mother of the deceased, or of the sister or sisters of the deceased, payable to the mother or legal guardian, or to the sister or brother or sisters or brothers as the case may be, until such child attains the age of fifteen years, if, in the opinion of the Committee, such mother or such sister or brother, or sisters or brothers was or were at the time of his death dependent on the deceased for support.

(d.) If the Committee considers that any allowance payable to any person for or in respect of a child would not be or is not being properly expended or used by the said person for the benefit of the child, it may recommend the payment of such allowance to such other person as it may think fit for the sole benefit of the child or children.

10. (a) No payment to any employee shall be recommended unless accompanied by a certificate signed by the manager or some other responsible official of the mine or by the Inspector of Mines that the deceased, or the person disabled, was at the time of the accident employed in or about such mine, and that the accident occurred in or about the workings of such mine; and

(b.) A certificate signed by a legally qualified medical practitioner or the local Coroner that the disablement or death was caused primarily by the accident referred to. In the case of disablement, the nature and effects thereof shall be stated in such certificate.

11. When any accident resulting in the disablement of an employee occurs in any mine situate in a locality remote from settlement, where the services of a duly qualified medical practitioner are not procurable, payment at the prescribed rate may be made for any period not exceeding thirty days from the date of the accident, on the certificate of the Inspector of Mines for the district, or in his absence, or if there be no Inspector, on the certificate of the mine manager.

12. The Committee may at any time require an employee in receipt of relief to present himself for examination to a qualified medical practitioner whom it may nominate. Such employee shall not be called upon to submit himself to further examination until after the expiration of three calendar months from the date of such examination; any expense in connection with an examination to be a charge against the Fund.

13. Where an employee has been examined by a qualified medical practitioner and has produced a medical certificate in support of his claim to be placed on the Fund, or in support of his claim for any payment from the Fund, and has been examined by a medical practitioner nominated by the Committee as provided for in Regulation 11A, then in the event of a diversity of opinion being expressed by such medical practitioners the Magistrate of the Local Court, on application being made to him, either by the Committee or the employee, may nominate a referee, being a qualified medical practitioner, to whom such employee shall submit himself for examination, and the certificate of such referee shall be accepted as conclusive evidence as to the state of health of the employee for all purposes of the Fund. The employee shall be provided with a copy of all medical certificates, or reports, other than those obtained and furnished by him, or on his behalf, within seven days of the receipt of such certificates, or reports, by the Committee. Any expense in connection with an examination by the referee shall be a charge against the Fund.

14. Should an employee be called upon by the Committee, under Regulation 12 to submit himself for examination to a medical practitioner, or to a referee duly appointed under Regulation 13, and refuses or neglects so to do, or in any way obstructs the same, his rights to payments from the Fund shall be suspended until such examination has taken place, and shall absolutely cease thereafter, unless he submits himself for such examination within one calendar month after being required so to do.

15. No employee shall be entitled to relief for an accident caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or any accident directly attributable to the serious and wilful misconduct of the employee.

16. If an employee meets with an accident which proves fatal, a sum not exceeding Fifteen pounds may be granted to any person towards defraying the funeral expenses of the deceased, and an additional sum not exceeding Fifteen pounds may be granted to the widow or any near relative of such deceased employee, if previously dependent upon the deceased for support, in full satisfaction of all claims upon the Fund.

17. Any employee, while in receipt of relief, must be in his usual place of abode by seven o'clock every evening from April to September, and eight o'clock from October to March, unless he produces, if called upon to do so, to the Committee a medical certificate certifying that such is not detrimental to his recovery nor likely to retard same, or can show reasonable cause to the Committee for being abroad after that hour. For each breach of this Regulation the Committee may call upon the employee to forfeit one day's allowance payable to him from the Fund, and in their recommendation to the Trust make provision for the deduction of same from any amount that may be due to him.

18. No member, while in receipt of relief from the Fund, shall engage in any kind of work until he is declared by a qualified medical practitioner to be sufficiently recovered to resume work. In the event of any member committing a breach of this regulation, his relief shall cease from the date of such breach.

19. An employee misconducting himself by fighting, being under the influence of intoxicating liquors, behaving in a riotous or indecent manner, or behaving in any way that constitutes a breach of the public peace, or an offence to morality or common decency while in receipt of relief on account of any accident, shall cease to receive further relief in respect of such accident from the time that he so misconducts himself.

20. In the event of any member of the Accident Committee or subscriber to the Fund obtaining, or being placed in the possession of information that an employee in receipt of relief has misconducted himself as aforesaid, it shall be incumbent upon him to make a report to the members of the Accident Committee of the said misconduct.

21. In the event of the employee concerned requiring an inquiry to be held into the nature of, or circumstances attending the misconduct with which he is charged, the Accident Committee shall hold such inquiry and receive evidence bearing upon the nature and circumstances attending the alleged misconduct, or evidence rebutting the same.

22. In the event of the Accident Committee being satisfied that the employee so charged has exonerated himself, or that a reasonable doubt exists as to his participation in the misconduct with which he is charged, the Committee shall have power to pay any arrears of relief money which have accrued since the charge was made to the employee so charged, or any portion thereof.

23. It shall not be competent for any employee so charged to be represented by any counsel or solicitor at such inquiry.

24. If the trustees are of opinion at any time that the scale of relief provided by these Regulations is inadequate, or, having regard to the state of the funds at their disposal, that the scale should be reduced, they shall make a recommendation to the Minister accordingly with the view to an amendment of Regulation 9: Provided that no recommendation shall be made to increase the rate of relief beyond Thirty shillings per week.

25. In the event of the demands for relief being in excess of the funds at the disposal of the trustees, relief shall abate proportionately.

26. The trustees shall keep proper books of accounts showing the various items of receipts and expenditure in relation to the said account, and such books shall at all reasonable times be open to the inspection of the Inspector of Mines or other person appointed by the Minister, who may take such extracts therefrom as he may require. After the half-yearly audit of the books and accounts of the Fund, as provided in Section 67, Subsection 7 of "The Coal Mines Regulation Act, 1902-1926," the trustees shall cause to be printed sufficient copies of the balance-sheet and statement of receipts and expenditure for distribution to contributors to the Fund.

27. Any actual and necessary disbursements attending the appointment of any trustee or members of the Committee, or incurred by the trustees or committee in the performance of their duties, or by any individual member of the Trust, or Committee, in the prosecution or defence of any action which may arise through the discharge of his duty as a trustee or a member of the Committee, and approved by the Minister, may be paid out of the Trust Funds.

28. The Committee may appoint a Secretary at a salary to be fixed annually by the Minister. Such salary shall be paid from the trust funds. Every member of the Trust or Accident Committee may receive and be paid out of the trust funds a fee of two shillings and sixpence for each ordinary fortnightly meeting of the Trust or Committee respectively he shall attend.

(d) A person who before the 31st day of October, 1916, produced satisfactory evidence of having, during not less than three years prior to that date, carried out underground surveys either as principal or as an assistant to a surveyor qualified to perform mining surveys under this regulation.

All distances measured in main lines of the survey traverses and in shafts shall be measured by means of accurately divided steel bands which have been compared with standard measured lines and found to be correct. Steel wires may be used for deep shaft measurements. Offset measurements from the main traverse lines not exceeding 100 feet in length may be measured by means of tapes of good quality.

(6.) Accurate levels shall be taken throughout the workings in sufficient quantity to enable the level of every point therein to be estimated accurately from the plans. The reduced levels shall be shown on the plans of all intersections of main travelling and working ways.

(7.) The traverses through adjoining groups of workings shall be connected with one another by direct bearings and measurements as often as is reasonably practicable, so that the whole survey may be made up of series of closed traverses linked together.

(8.) Every traverse shall be calculated to meridian and perpendicular, and shall show no closing error greater than 1 in 2,000. Copies of the traverse sheets shall be sent to the Minister together with the copies of plans and sections.

(9.) The drawings to be supplied to the Minister shall include:—

(a) An accurate plan of all the underground workings on each seam of coal worked in the mine, to a scale of not less than one inch to two chains, and having the reduced levels shown upon it in legible figures, indicating the points at which they have been taken. The plan shall show also the position, direction, and extent of every known fault, and the amount of the vertical throw thereof, and of every known washout, intrusive dyke, or other break in the continuity of the seams, and the depths of all shafts, and of all connecting passages between higher and lower seams.

(b) A tracing on tracing linen of good quality of a plan of the surface above the underground workings, drawn to the same scale as the plan of the underground workings, and showing all streets, roads, buildings, creeks, rivers, bays, swamps, navigable waters and depths of same, and limits of any tidal waters, also position and depth of any boreholes.

(c) Vertical sections of all boreholes and shafts, showing all strata passed through, drawn to a scale sufficient to show all details clearly, and vertical sections of all seams cut in shafts or boreholes drawn to a scale of one inch to one foot.

(10.) The Minister, or the officer authorised by him, may require information on any matter connected with the instruments and methods used in making the surveys, and may, if he think fit, call for a copy of all the field-notes used, and such information and copies shall be supplied to him forthwith.

(11.) The plans shall show the true shape and dimensions of all underground excavations projected upon a horizontal plane.

(12.) The drawings required under (a) and (c) of clause (9) foregoing may be tracings on tracing linen or sun prints on good paper; those under (b) of clause (9) must be tracings on tracing linen. All drawings shall be sent to the Minister rolled on suitable rollers and shall not be folded.

(13.) All copies of plans, sections, traverse sheets, and field notes shall be certified to be correct by writing on the face thereof signed by the Surveyor making the surveys.
