The Mayor, Town Clerk, or Ranger, or other person authorised, may, if in his opinion any animal appears to be diseased, order and cause the same to be removed from the Common, and if he thinks fit, to cause the same to be impounded and examined, and if found to be diseased, all expenses and costs incurred in connection therewith, or in relation thereto, shall be paid by the owner and constitute a debt, and until paid the Council shall have a lien over this and any other animal or animals of such owner on the Common, or in the Pound, and such lien shall authorise the Council by its officers to sell such animal or animals to defray the above expenses and costs of sale, and this procedure shall be exclusive of and in addition to the procedure for the penalty set out in paragraph (a) hereof. And it is further provided that in the event of any owner of diseased stock, which is in the opinion of the Mayor, Town Clerk, or Ranger, or other authorised person incurably diseased or injured, or in such condition as to be a nuisance or menace to other stock running on the Common, refusing or neglecting to remove such diseased or injured stock, the Council shall have power to destroy the same and recover all expenses of such destruction, and also all fees due on such stock or animal, from the owner thereof. And in the event of the owner of such diseased or injured stock not being known or not being able to be found, the Council shall have the power to destroy the same after one advertisement in a local newspaper, with like powers to recover the expenses of such advertising, destruction, and fees from the owner on his becoming known to or being found by the Council.

(c.) The owner of any stock dying on the Common shall be liable for the removal of same, failing which the Council may remove such dead stock and recover the cost of such removal from the owner by law if necessary.

25. All moneys for fees and expenses owing to the Council or the Lessee of the Common for the time being under these By-laws for the depasturing of stock on the Common, or otherwise expenses incurred in connection therewith under these By-laws, shall constitute a debt to the said Council or Lessee, recoverable by civil action, at the suit of the said Council or Lessee in any Court of competent jurisdiction.

26. The Town Clerk, Lessee, or Ranger shall at any time, with the approval of the Mayor or Council, have authority to take legal proceedings for the recovery of fees unpaid, or the recovery of any fine or penalty for any breach of the within By-laws or any of them.

INDUSTRIAL ARBITRATION ACT, 1912-25.

Industrial Agreement.

No. 52 of 1927.

THIS Agreement, made in pursuance of "The Industrial Arbitration Act, 1912-25," this third day of October, 1927, between the Australasian Society of Engineers' Industrial Union of Workers, Fremantle, of the one part, and The Honourable Alexander McCallum, M.L.A., Minister for Works, on behalf of the State Government, of the other part.

1. All full time wages employees in the service of the Government (except the Government Railways) who are not by award or agreement already entitled to long service leave, and who have served continuously for ten or more years after attaining the age of eighteen years, will be entitled under this Agreement, subject as hereinafter provided, to three months' long service leave, to be granted at the convenience of the Department concerned.

2. Such employees shall be similarly entitled to three months' long service leave for ten years' continuous service after the first period of long service leave; and to a further period of three months for seven years' continuous service after the second period of long service leave; and thereafter to a further period of three months' long service leave in respect of each seven years' subsequent continuous service. The words "continuous service" do not include the period during which an employee is on long service leave.

3. Every application for long service leave shall be made in the prescribed form.

4. Every full time wages employee who, on the 31st day of December, 1926, had been employed continuously for at least ten years shall, upon making application in the prescribed form, be entitled to a period of three months' leave, such leave to be granted in order of length of service as far as may be convenient.

5. The qualifying period for the second grant of long service leave to wages employees having more than ten years' continuous service on 1st January, 1927, will, without regard to the grant of the first period of such leave, commence as follows:—

To employees of more than twenty-eight years' service on 1st January, 1927—1st January, 1927.

To employees of more than twenty-two years' service, and of less than 28 years' service, on 1st January, 1927—1st July, 1927.

To employees of more than sixteen years' service and of less than 22 years' service on 1st January, 1927—1st July, 1928.

To employees of more than thirteen years' service and of less than sixteen years' service on 1st January, 1927—1st July, 1929.

To employees of more than ten years' service and of less than thirteen years' service on 1st January, 1927—1st January, 1930.

To employees of less than ten years' service on 1st January, 1927, but who have completed ten years' service on 1st July, 1930—1st July, 1930.

6. Any public holidays occurring during the period in which an employee is on long service leave will be calculated as portion of the long service leave, and extra days in lieu thereof will not be granted.

7. Long service leave is granted solely for recuperative purposes. No employee of the Department is to undertake during long service leave any form of employment for hire or reward without the consent of the Under Secretary for Labour. Contravention of this provision will be followed by dismissal.

8. An employee dismissed from the service shall not be entitled to payment in respect of long service leave, other than for leave that had accrued due to him prior to the date of the offence for which he was dismissed.

9. Employees may be paid their wages in advance, at their permanent classified rate of pay, for a period equivalent to the leave taken, provided such period does not extend into the next financial year. Any balance may be paid on the 1st July next ensuing.

10. Any employee who is eligible for three months' long service leave and who resigns, or is retired from the service, may be paid for such long service leave due.

11. Any employee who is retired for any reason other than misconduct or unsatisfactory service, and who has served continuously for at least twelve months next before his retirement may be paid for long service leave *pro rata* to the day of retirement.

12. If a deceased employee who has served continuously for at least twelve months next before his death leaves a widow, dependent children, mother or invalid sister, payment *pro rata* of long service leave up to the date of such employee's death shall be granted to such dependent or dependants.

13. During the period of long service leave District allowance will not be paid except where the family or dependants of the employee remain in the district.

14. An employee whose service is broken owing to the exigencies of his particular work for a period not exceeding two weeks shall in respect of such period be deemed on leave without pay.

15. So far as practicable an employee shall not be booked off for long service leave without receiving one month's notice of the date of the commencement of such leave.

16. This Agreement has effect over the premises of the State Implement Works at North Fremantle.

17. This Agreement is for the term of three years from the date thereof.

In witness whereof the said Industrial Union has hereunto set its seal, and the Honourable the Minister for Works has hereunto set his hand the day and year first above written.
