IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 5 of 1927.

Between West Australian Locomotive Engine-drivers, Firemen's, and Cleaners' Industrial Union of Workers, Applicant, and the Commissioner of Railways, Respondent.

THE Court of Arbitration of Western Australia doth hereby make the following Award in connection with the industrial dispute between the abovenamed parties:—

Award.

1.—Term of Award.

The currency of this Award shall be three years from the 2nd day of December, 1928.

2.—Area and Scope of Award.

This Award shall apply only to workers employed by the Commissioner in and about the working of the State Railways and, subject to necessary adjustments to be agreed upon between the Commissioner and the Union, to any other railway over which the Commissioner may work traffic under an agreement giving him running powers; provided that, in the event of the parties being unable to arrive at an agreement, the matter may be referred to the Court for decision.

If electric or other power is installed as a substitute for steam haulage, members of the Union shall be employed to operate under the new power.

3.—Interpretation.

“Worker” means a member of the Union employed as driver, fireman, cleaner, washout-man, washout-man's assistant, packer, or trimmer.

“Attended Barracks” means any building attended to by a whole or part-time caretaker appointed for that purpose, which is provided with bed, clean bedding, cooking utensils, and light, lighting facilities, and water and fuel.

“Unattended Barracks” means any van used as a barracks provided with the accommodation mentioned in the previous definition, and any building which, whilst provided with the accommodation mentioned therein, is wholly unattended.

“Main Depot” means a depot where six or more locomotives are stationed.

“Married Man” includes a single man who has a parent or child solely dependent on him and resident in the State of Western Australia, but does not include a married man whose wife and family are neither resident with nor dependent upon him.

“The Union” means the West Australian Locomotive Engine-drivers, Firemen's, and Cleaners' Industrial Union of Workers.

“Suburban Area” means Fremantle to Bellevue; East Perth to Maddington; and Kalgoorlie-Kamballie, if suburban train service exists.

4.—Promotion.

Promotion from cleaner to fireman and from fireman to driver shall be made—

- (a) automatically by reason of acting work in accordance with the next succeeding clause, and
- (b) independently of acting work, as vacancies arise, according to seniority combined with proficiency and good conduct: Provided that the necessary examinations have been passed.

5.—Acting Work.

(i) A fireman or cleaner who has acted in the capacity of a driver or fireman respectively for 313 days shall be appointed to the higher grade, and the date of such appointment shall, notwithstanding subsequent regression, be taken for the purpose of determining when advancements from class to class become due. To ascertain the number of days acting work performed by a worker, all acting work heretofore or hereafter shall be counted, and the total number of hours worked by him in the higher capacity up to the 31st December, 1925, shall be divided by eight, and the total number of hours after that date divided by seven and one-third.

(ii) For the purpose of maintaining the present order of seniority amongst the workers, the following provisions shall obtain:—

- (a) The Commissioner shall, as far as practicable, arrange that firemen and cleaners shall have the benefit of acting work according to seniority, and to that end shall transfer them from one depot to another, as may be necessary.
- (b) Subject as hereinafter provided, when a fireman or cleaner has qualified by acting work, and is appointed to a higher grade under Subclause (i) of this clause, each fireman or cleaner, as the case may be, above him on the classification shall be deemed to have similarly qualified, and shall also be appointed to the higher grade: Provided, however, that the foregoing provision shall not apply to any fireman or cleaner who, during the preceding 12 months, has lost the opportunity of himself getting the benefit of acting work by reason of his failure to accept a transfer from one depot to another.

(iii) A driver or fireman may, when traffic conditions so require, be temporarily employed as fireman or cleaner, respectively, but whilst acting in the lower grade shall be paid the rate which he was receiving as driver or fireman respectively.

(iv) (a) A review of work performed in advanced capacity during the previous three months shall be made after the close of the last period in the months of March, June, September, and December. Any adjustment of the staff to date from the eighth day after the close of each review period.

(b) When the average of the advanced capacity work performed is found to be more than equal to full time for 20 firemen as drivers and/or 40 cleaners as firemen during the quarter ending March, and more than equal to 15 firemen as drivers and/or 30 cleaners as firemen during the quarters ending June, September, and December, cleaners or firemen equal to the number in excess of that specified shall be promoted to firemen and drivers, respectively.

(c) When the average of the advanced capacity work performed is found to be less than equal to full time for 20 firemen as drivers and/or 40 cleaners as firemen during the quarter ending March, and less than equal to full time for 15 firemen as drivers and/or 30 cleaners as firemen during the quarters ending June, September, and December, drivers and firemen equal to the number less than that specified shall be regressed to firemen and cleaners respectively.

(d) In the event of an abnormal decrease in the traffic to be handled in any one year, the margins provided for in paragraphs (iv) (b) and (c) may be referred to a Board of Reference for review, and the Board shall have power to amend those margins in such manner as it may deem fit.

(e) Each fortnight a return showing the acting work performed during the previous two weeks shall be supplied to the secretary of the Union.

(v) Workers appointed under Subclauses (i) and (ii) hereof may be regressed: Provided the total amount of advanced capacity work performed during the two weeks preceding that in which such appointments became due is less than the margin stipulated in Subclause (iv); should the advanced capacity work performed for the same period be in excess of the margin provided in Subclause (iv), appointments equal to such excess shall be retained. Regressions under this subclause to be made within a fortnight of such appointments becoming due.

(vi) No driver or fireman in any class shall be regressed until all the drivers and firemen respectively in the classes (if any) below him shall have been similarly regressed. After such regression and whilst doing work in the lower grade, the drivers and firemen so regressed shall be paid the maximum rates provided for firemen and cleaners respectively. Notice of intention to regress to be served on the Union.

6.—Retirement and Dismissal.

(a) No worker after six months' continuous service shall leave the service of the Commissioner until the expiration of 14 days' written notice of his intention so to do, without the approval of the Commissioner.

(b) Except in the case of summary dismissal for misconduct, 14 days' written notice shall be given by the Commissioner to any worker whose services are no longer required, and the reason for his dismissal shall be included in such notice.

- (j) If the examiners report to the Court that any employer has not provided sufficient opportunity for the apprentice to learn, the employer shall be deemed *prima facie* guilty of a breach of this award. Upon any proceeding against him in respect of such breach, the report may be received in evidence.
- (k) Any apprentice claiming to have cause for complaint regarding instruction, either in Technical School or in workshop, shall have the right to appeal to the Apprenticeship Board.
- (37) Such fees shall be paid by the Clerk to the Examiners as the Court shall allow.

(38) The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount (if any) by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

(39) All time lost by reason of compulsory military or naval training, other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

(40) When an apprentice attends a Technical School during his ordinary working hours, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

(41) If the Apprenticeship Board makes representations to the Court that the facilities provided by the Technical School or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School or other such place as it deems necessary.

(42) The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

(43) Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the cancellation of the apprenticeship agreement, or other such remedial measure as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

(44) The maximum number of apprentices allowed to any employer shall be—in the Hand Composing Branch, in the proportion of one to every three or fraction of three, and in the other branches—one to every four or fraction of four (not being less than one) journeymen employed by him.

(45) For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where an employer is himself a journeyman working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed.

(46) The minimum wage payable to an apprentice shall be:—

(b) If a worker absents herself from duty without leave, except through ill-health, the proof of which shall lie upon the worker, a sum proportionate to her time of absence may be deducted from her pay.

17.—Overtime.

Overtime shall be paid at the rate of time and one-third. Any female required to work overtime for more than half an hour shall be entitled to one shilling and ninepence (1/9d.) for meal money.

Work done on Saturday afternoon or Sunday shall be paid for at double time.

Work done on Christmas Day, Good Friday, Anzac Day, and Labour Day shall be paid for at double time, but if these days are not worked they shall not be paid for.

An employer shall not require or permit any female employee to work overtime after 6 p.m. unless at least one other female is present.

18.—Juniors.

The term "Junior" shall mean a female who has had less than four years' experience or has not attained the age of 21 years, but shall not include any female in receipt of the adult wage.

The number of juniors in any establishment, other than bag-making, shall not exceed the number of seniors.

19.—Females as Feeders.

Subject to the provisions of Clause 24, females may be employed as feeders.

20.

No female shall be permitted to do bronzing or dusting-off work or be required to wash-up, clean, or adjust printing machines.

General Clauses.

21.—Holidays.

Each worker shall be entitled to twelve consecutive working days annual leave each year on full pay, or should the period of continuous employment be less than one year but not less than three months, the worker shall be paid holiday pay in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer.

The amount to be paid under this clause shall be calculated at the rate prevailing at the time the payment is made.

22.—Under-rate Workers.

A worker who, by reason of old age or infirmity, is unable to earn the minimum rate of wage herein prescribed may be employed at a lower rate, which shall be agreed upon in writing between the worker and the Secretary of the Union. If within seven days after being notified in writing of the worker's desire to work at a lower rate of wage than that prescribed, the said Secretary and worker are unable to agree upon a

lower rate, then the worker may apply in writing to the Resident or Police Magistrate within whose Magisterial District the proposed employment will take place, to fix such lower rate of wage. The worker shall give such Secretary two days' notice in writing of his intention to apply to the Magistrate, and the said Secretary or his agent may attend and oppose the application. The Magistrate may fix the rate of wage, and his decision shall be final. Any worker whose wage shall have been so fixed may work for and be employed by any employer within the district to which this award applies for such lower wage for the period of six calendar months thereafter, and, after the expiration of the said period, until fourteen days' notice in writing shall have been given him by the Secretary of the Union, requiring his wage to be again fixed in the manner prescribed by this Clause.

23.—Record Book.

Each employer shall keep at his office, or at each of them if more than one, a book containing a record of:—

(a) the names of all workers employed by him at such office and to whom his Award applies; and

(b) The class of work performed, the hours worked (including overtime) and the wages paid to each such worker.

Such book may be inspected at any time during ordinary business hours by the Secretary for the time being of the workers and/or employers' Union, and these two secretaries may conjointly visit and inspect the various factories to ascertain whether the provisions of this Award are being carried out.

The employer and the worker shall be severally responsible for the keeping of this book.
