THE ROAD DISTRICTS ACT, 1919-33.

Mingenew Road Board.

Proposed Loan of £1,400.

NOTICE is hereby given that the Mingenew Road Board proposes to borrow the amount of Fourteen hundred pounds (£1,400).

The amount is proposed to be raised by the sale of Debentures repayable thirty years after the date of issue thereof, and bearing interest at the rate of not exceeding Five pounds per cent. (£5 per cent.) per annum, payable half-yearly. The amount of the said Debentures and the interest thereon is to be paid at the Office of the Mingenew Road Board.

A Sinking Fund is to be provided at the rate of Two pounds per cent. (£2 per cent.) per annum of the amount of the said Loan, in accordance with the provisions of "The Road Districts Act, 1919-1933."

The purpose for which the Loan is to be applied is additions and alterations to the Mingenew Agricultural Hall and Road Board Offices, as set out in the plans and specifications covering the said work.

The plans, specifications, and an estimate of the cost of such work, are open for inspection of ratepayers at the Office of the Board for one month after the last publication of this notice. The works and undertakings for which the Loan is proposed to be raised will, in the opinion of the Board, be of special benefit to a portion of the Mingenew Road District, namely, the whole of the District, with the exception of the Yandanooka Ward as defined in the *Government Gazette* of the 2nd November, 1928, page 2476, and the Loan Rate applicable to such Loan will be levied only on the rateable land within the said District not within the said Yandanooka Ward.

MUNICIPAL CORPORATIONS ACT, 1906, AND THE ROAD DISTRICTS ACT, 1919-1934.

Petition bearing date the 6th day of November, 1934, to dissolve the Municipality of Busselton and merge same into the Sussex Road District.

Department of Works,  
Perth, 20th February, 1935.

IT is hereby notified, for general information, that a Petition, the substance and prayer whereof are as follows:—1, That the Municipality of Busselton be dissolved; 2, That the District now controlled by such municipality be annexed to the District controlled by the Sussex Road Board, has been presented to His Excellency the Lieutenant-Governor, in accordance with the provisions of "The Municipal Corporations Act, 1906," and "The Road Districts Act, 1919-1934."

The reasons stated by the petitioners are as follow:—

1. The area of the Municipality (one square mile) is too small and much of this area is unrateable or exempt from rates; that its actual rateable value and the income from rates is too small for a Municipality, and that, as a consequence of the small rateable area, the financial burden of the ratepayers of the Municipality is far greater than it should be;

2. As disclosed by the last annual statement the Council has a large overdraft from the Bank of New South Wales, and this is often the position, whereas the Sussex Road Board, it is alleged by the petitioners, has or had a large credit balance at the date of the Petition;

3. Most of the building during the last ten years has taken place outside the Municipality, in an area known as "West Busselton," which is separated only from the Municipality by the width of a road called West Street. This area is served with electric light and power and, in some cases, water, by the Municipal Power House, which is situated in East Busselton;

4. Owing to the swampy nature of much of the land surrounding most of the other parts of Busselton, the Town has naturally grown towards the West, and is still growing in that direction. It is stated that instances can be quoted of persons removing their places of business and residence altogether from the Municipality and re-erecting them in West Busselton;

5. In West Busselton there are about 188 houses which, being in the Sussex Road Board, pay nothing towards the maintenance of the public utilities of the Municipality, which they enjoy equally with the Municipal ratepayers, nor do they pay any Municipal Loan Rates;

6. Owing to the small size of the Municipality and the small population, the Council only consists of six members (five of whom are at present general storekeepers) and the Mayor (who is a contractor). The remaining Councillor is a carpenter. This is too small, and renders such a Council liable to domination by one or two individuals;

7. The rates in West Busselton are pounds less than they are in the Municipality; notwithstanding this, far more developmental work can apparently be done there than seems possible within the Municipality;

8. Owing to the disparity in rating land values are falling in the residential portion of the Municipality, but the high rating continues, and in some cases has been increased. If this drop in values in the Municipality continues it may eventually affect the Loan position;

9. In the event of the Road Board at any time deciding to have their own officials (which has recently been suggested), it would be very difficult for this Council to maintain its position financially;

10. A Health Board now exists, consisting of representatives of the Road Board and Council, which has jurisdiction over the Municipality and West Busselton, and there is also a meat area over a still larger district. This fact alone shows that the affairs of the Municipality and West Busselton can be administered by one local governing body, and that the retention of the Municipality is not warranted;

11. That the Municipality has spent the public money on works which have proved to be useless for example, the seawall, now partly washed away; removal of sand hills, which formed a natural break-water against the ocean on a low lying shore;

12. The Road Districts Act would make for better government, so far as your petitioners are concerned, as the Road Districts Act is much more up to date than the Municipal Corporations Act, and stricter supervision is kept over the local governing bodies under that Act;

13. That the Council has not kept ratepayers properly posted with information dealing with its expenditure and general business. It is suggested that breaches of Sections 39 and 161 have taken place during the past five years.

The Petition, and the reasons advanced in support of the Petition, have been referred to the Council of the Municipality of Busselton, and the Council has advanced the following reasons against granting the prayer of the Petition:—

1. Neither the area nor the rateable value of the Municipality has been proved to be too small and the Council instances the progress of the Municipality since 1897. As regards property exempt from rating, the position could not be altered if the area were controlled by a Road Board; the unrateable land as such would retain its significance. The burden of rates compares fairly with that imposed by other Municipalities;

2. The statement regarding the overdraft is untrue and calculated to mislead. It is stated that, as evidenced by the latest audit report, there was a net debit of only £49 13s. 7d., whilst as at the 4th February, 1935, there was a credit balance;

3. The value of new buildings in the Municipality and alterations and extensions to existing buildings during the past ten years has increased considerably, and it is alleged that the annual increase in the value of property will bear out this contention;

4. Isolated instances of buildings being removed from the Municipal area to West Busselton are admitted. It must also be conceded that buildings have been removed from the Sussex Road Board District to the Municipal area. Swamp land is not confined to the Municipal area, but it is anticipated that drainage and filling completed, and further works authorised by the Municipality, will alleviate much flooding;

5. The Council agrees with the statement advanced in reason No. 5 in support of the Petition, but at the same time states that this is not a good ground for the dissolution of the Municipality and annexing of the district to the Sussex Road Board;

6. The Council is constituted by "The Municipal Corporations Act, 1906," and if there is any grievance as to the constitution of the Council this can be rectified under that Act;

7. The Council denies that its development works are less than those which have been carried out in West Busselton;

8. A thorough revaluation of all rateable property was made in 1933, and many anomalies rectified. Individual ratepayers have adequate remedy under the Act, if valuations are considered too high. Any abnormal drop in values will have to be met when the occasion demands. Reference to the Loan position is obscure, but repayment of all current loans is well provided for; and all present loans, with the exception of the new Electric Light Loan, should be paid off by 1937. The objective is the elimination of Loan Rates on loans raised for the Electric Lighting Undertaking;

9. The present arrangement regarding the office staff is the subject of an agreement between the two bodies and their officers, at the acquiescence of the Department, and the Council has no knowledge of any proposal to alter this arrangement. In any event, it is not agreed that the Municipality would have financial difficulty in maintaining its own separate staff;

10. The Council agrees that the combined area could be best administered by one Local Authority, but considers that if an alteration is made the Local Authority should be a Municipality;

11. It is denied that money has been wasted on works;

12. It is contended that efficient control can be exercised under "The Municipal Corporations Act, 1906";

13. The Council denies that any breaches of Sections 31 and 161 have taken place, or that there has been any unwillingness on the part of the Council to publish anything relating to the affairs of the Municipality;

Furthermore, that the financial position of the Sussex Road Board cannot be compared with that of the Municipality, and the condition of the roads in the Municipality is much better than in the Road Board.

Any ratepayer of either the Municipality or the Road District desiring to advance reasons why the prayer of the Petition should or should not be granted should forward same to the undersigned not later than the Fifteenth day of April, 1935.

Dated at Perth this 20th day of February, 1935.

Under Secretary for Works.
