Failing such nomination or nominations, the Court may appoint such person or persons as it may deem fit. When the final examination has been passed the certificate shall be signed by the examiners.

(p) The examiners shall each be entitled to the following fees, namely:—

For every five or fraction of five (5) apprentices examined: one guinea, with a minimum fee of two (2) guineas.

In addition to the foregoing fees, where examiners in the performance of their duties as such are required to travel, they will be entitled to reimbursement of all fares and necessary expenses actually incurred, particulars of which must be submitted to and approved by the Registrar before payment is made.

(q) Whenever it is possible so to do, the examiners, before entering upon the examination following the issue of these Regulations, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

(r) In lieu of the Board of Examiners above referred to the Court may appoint in substitution thereof, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction.

(s) Apprentices shall be allowed to the following trades:— (i) Fitter and turner; (ii) machinist; (iii) blacksmith; (iv) electrical fitter; (v) millwright.

(t) The employer shall pay the apprentice for all time lost through sickness, or the holidays prescribed by this Award, provided:—

(i) payment for such sickness shall not exceed a total of one (1) month in each year;

(ii) where the time lost through sickness exceeds four (4) consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven (7) days from the date of resumption of duty, the cost, if any, of such certificate or certificates not exceeding five shillings (5s.) to be borne by the employer;

(iii) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident, not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

(u) In the event of, and whilst work is not available, for an apprentice in the calling to which he is bound, he may be employed in some other occupation connected with this Award during such period: Provided, however, that this provision shall not be deemed to authorise any action on the part of the employer that might jeopardise the training of the apprentice in his proper calling.

In witness whereof this Award has been signed by the President of the Court and the seal of the Court has been hereto affixed this 14th day of May, 1935.
