The rate of salary to be paid to those not qualified as above who have been or may be appointed shall be one grade lower than the scale applicable to those with the qualification. with a married man's allowance, equivalent to the next higher rate than the salary according to age, with a maximum of £270.

If a male officer is retained on the maximum salary of the Automatic range for five years, and the Permanent Head certifies that such officer is eligible and would be recommended for promotion on the grounds of efficiency and good conduct, he may be paid, on the approval of the Commissioner, an allowance of £10 per annum, which will cease on his promotion to a higher position.

(2)—*Adult Typists (Females)*.

| Age on promotion from the Junior Range. |      |
|---|------|
| 21 years .. .. .                        | £140 |
| 22 " .. .. .                            | 150  |

The increase from £180 to £190 is subject to passing an examination in shorthand and typewriting (120 words and 50 words per minute respectively). Officers in receipt of £190 on 1st January, 1936, will not be required to take this examination.

A female officer shall not be employed on clerical work classified beyond £190 per annum without the approval of the Commissioner. Female officers already so employed on the permanent staff may be retained. When such positions become vacant they will be filled by male officers.

In the event of a female officer being promoted to a position carrying a salary above £190 and not exceeding £230, increases from £190 shall be at the rate of £10 per annum. If promoted to positions exceeding £230, increases above that sum shall be on the scale for male officers.

(3)—*Adult Machinists (Females)*.

The salaries paid to machinists on promotion to the senior range after passing the promotional examination in tabulating and summarising, bookkeeping and typewriting, in addition to a practical test in ledger posting, shall be those paid to adult typists. The increase from £180 to £190 is subject to passing an examination in bookkeeping, calculating and ledger posting machines. Officers in receipt of £190 on 1st January, 1936, will not be required to take this examination.

GENERAL.

All appointments, increments, and promotions are subject to the Public Service Regulations.

The salary to be paid to persons appointed from outside the Service or from the temporary staff to positions above the Junior range shall be that fixed by the Public Service Commissioner in each case.

BASIC WAGE.

The rates of pay of male officers throughout the State are calculated on an adult male basic wage of £3 10s. 6d. per week, or £184 per annum in the Metropolitan Area. This rate has been taken to the nearest multiple of £5, thus providing an adult male minimum rate of £185 per annum.

The rates of pay of female officers throughout the State are based on an adult female minimum rate equal to 75 per cent. (to the nearest multiple of £5) of the adult male minimum rate of £185 per annum.

The adult male minimum rate and all adult male rates above £185 per annum shall be subject to adjustment at a rate of £5 per annum for every variation of 1s. 11d. per week from the current male basic wage rate of £3 10s. 6d. per week in the Metropolitan Area.

The adult female minimum rate and all female rates above £140 per annum shall be subject to an adjustment of 75 per cent. (to the nearest £1) of any adjustment applicable to the adult male minimum rate of £185 per annum.

The rates of pay of junior male and junior female officers shall be varied pro rata with the adult male minimum rate of £185 per annum.

Officers who are located in areas where the male basic wage as declared by the State Arbitration Court is higher than the male basic wage for the Metropolitan Area shall be entitled to receive the difference by way of a basic wage allowance. Such basic wage allowance shall be equal to the adjustment which would be made to the salary scale if the higher basic wage rate had application to the Metropolitan Area.

For the purpose of this memorandum the Treasury method of adjustment of salaries and allowances to meet variations in male basic wage declarations of the State Arbitration Court is printed as an appendix to this classification.

GEO. W. SIMPSON,  
Public Service Commissioner.

## APPENDIX.

*Treasury method of Adjustment of Salary rates and basic wage allowances to basic wage variations.*

1. Adjustments are to be made in the following manner:—

3. As the classifications of all officers throughout the State are assessed on the basic wage applicable to the Metropolitan Area, those officers who are located in areas where the male basic wage rate is higher than the male basic wage declared by the State Arbitration Court for the Metropolitan Area shall be entitled to receive the difference between the two rates by way of a basic wage allowance. Such basic wage allowance shall be equal to the amount of the annual salary increment that would be payable to officers located in the Metropolitan Area if the higher basic wage rate had application to them.

*E.G.*, the basic wage for the Goldfields Area at present is £4 4s. 4d. per week. Such a rate for the Metropolitan Area would entitle a male officer to an increase in salary of £35 per annum, the basic wage allowance payable to Goldfields officers is, therefore, £35 per annum for males and £26 for females. The amounts payable to Junior male and female officers would be calculated on a *pro rata* basis.

4. No difference between the basic wage of the Metropolitan Area and the basic wage of any other area will be adjusted by way of a basic wage allowance, unless the amount to be adjusted according to the scale set out herein is at the rate of £5 per annum or multiple of £5 per annum for an adult male officer.

5. If the basic wage rate for an area is reduced below the basic wage rate for the Metropolitan Area, salary rates will not be altered to adjust the difference.
