## ROYAL MINT—PERTH BRANCH.

Treasury No. 22/38.

IT is hereby published, for general information, that the following regulations, under which gold may be received and coined at the branch of the Royal Mint, at Perth, Western Australia, have been approved by His Excellency the Lieutenant-Governor in Executive Council as from the 12th January, 1938.

The Treasury,  
Perth, 17th January, 1938.

1. Gold in deposits of not less than one ounce will be received at the Mint daily (Saturdays and holidays excepted) between the hours of 11 a.m. and 3 p.m.

2. Each parcel requiring a separate assay will be treated as a separate deposit.

3. The value of each deposit will be determined upon the report of the Assay Department, which report shall be final.

4. The value of each deposit will be calculated as follows:—Standard gold at £3 17s. 10½d. per ounce troy, and a proportion of the silver at a rate per ounce to be fixed by the Deputy Master from time to time. The proportion of silver paid for will be as follows:—

In deposits under 5,000 ozs.—all silver in excess of 6 per cent. of the weight of the deposit after melting.

In deposits from 5,000 ozs. to 10,000 ozs.—all silver in excess of 5 per cent. of the weight of the deposit after melting.

In deposits from 10,000 ozs. and upwards—all silver in excess of 4 per cent. of the weight of the deposit after melting.

Provided that payment in the case of deposits of 5,000 ozs. or over containing 10 per cent. or more of silver shall be based on 94 per cent. of the silver content at the London price on the day of lodgment, plus exchange.

In the case of deposits of old gold, the provisions relating to silver shall not apply, and no assay for silver need be made. The expression "old gold" includes jewellery and trade waste containing gold and manufactured gold.

In the case of deposits requiring partial refining the weight after such partial refining is the basis of calculation for determining the gold and silver content and not the weight after melting.

5. *Charges.*—For assaying, refining, and coinage. The charges for assaying and refining will be those shown in the Schedule attached to the regulations.

Provided, in the case of gold required to be coined, that of these charges 1½d. per ounce standard, where the amount brought at one time does not exceed five hundred ounces, and a penny in any other case, shall be considered to be the coinage charges fixed by the Royal Proclamation of the 13th October, 1897; and provided that, where deposits of British gold coin are refined, the charge for refining will be 2½d. an ounce standard.

6. Additional charges, to be fixed by the Deputy Master, will also be made when—

- (a) a deposit contains base metal in excess of two per cent. of its weight after melting;
- (b) it is necessary to subject the metal to any special treatment.

7. (1) The value of the deposit less the Mint charges will be paid to the Depositor—

- (a) by cheque, in the case of deposits of less than 1,000 ounces gross weight;
- (b) in all other cases in coin for the even pounds, and by cheque for the balance; or wholly in cheque if desired by the depositor.

(2) As far as possible, payments will be made not later than ten days from the date of the deposit.

(3) Settlements with depositors, unless otherwise especially arranged in writing, will be made at the Mint.

8. The Deputy Master may make special arrangements for the receipt of gold from and settlements with depositors at a distance.

9. The Deputy Master may refuse any deposit which he may deem unsuitable.

10. It shall be in the discretion of the Deputy Master to make exceptional arrangements in cases in which he may consider it desirable to do so for the advantage of the public service.

## AWARD.

## 1.—Area.

This Award shall have effect over that portion of the State of Western Australia comprised within the South-West Land Division thereof, except such portion of the said Division as is comprised within a radius of twenty-five (25) miles of the General Post Office, Perth: Provided, however, that nothing herein contained shall prejudice or affect the rights and responsibilities of employers and workers whose conditions of employment are already regulated by any other existing Award or Industrial Agreement, and this Award shall not apply to the places in which such workers are for the time being employed.

## 2.—Term.

The currency of this Award shall be three (3) years from Monday, the 10th day of January, 1938: Provided that, at any time after the expiration of twelve (12) months from the date hereof, the Court may alter or amend same on the application of any party or person affected by its provisions.

## 3.—Hours of Duty.

Forty-four (44) hours shall constitute a week's work, to be worked on six (6) days, between the hours of 8 a.m. and 6 p.m. for five (5) days and 8 a.m. and 1 p.m. on the day upon which the half holiday is observed in any town or district. The ordinary day's work for any day shall not exceed eight (8) hours on any of the five (5) days of the week on which the spread of hours is between 8 a.m. and 6 p.m., such working hours to be consecutive, except for an interval not exceeding one (1) hour for lunch, and shall not exceed four (4) hours to be worked consecutively on the day on which the spread of hours is between 8 a.m. and 1 p.m.

Provided that, in the case of establishments other than motor garages where the present starting time is earlier than 8 a.m., it shall be permissible for that arrangement to continue until the Association and employer mutually agree to alter such starting time to 8 a.m., or later, but in no case shall the starting time be earlier than 7.30 a.m.

## 4.—Overtime.

(a) All time worked in excess of forty-four (44) hours per week or before or after the times set out in clause 3 hereof shall be deemed to be overtime, and shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) Work done on Sunday, Christmas Day, Good Friday, Easter Monday, or Labour Day shall be paid at double rate, except in connection with repairs to the employer's machinery which has broken down and has caused a stoppage of operations, when the rate of time and a half shall apply.

(c) When a worker is recalled to work after leaving the job, he shall be paid for at least two (2) hours at overtime rate.

(d) When a worker is required to hold himself in readiness for a call to work after ordinary hours, he shall be paid at ordinary rates for the time he so holds himself in readiness.

(e) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one hour, he shall be provided with any meal required, or shall be paid one shilling and sixpence (1s. 6d.) in lieu thereof.

Holidays without deduction of pay shall be limited to twelve (12) days per annum as aforesaid.

## 7.—Contract of Service.

(a) The contract of service shall be by the day, and shall be terminable by one day's notice on either side, except in the case of a casual worker.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of Clause 8, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

#### SCHEDULE A.

##### *Apprenticeship Regulations.*

1. No person between the ages of fourteen (14) and eighteen (18) years shall be employed in the above-mentioned trades, except as a junior worker or an apprentice, including an apprentice on probation.

2. Every apprentice shall be employed on probation for a period of three (3) months, to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as is herein prescribed. In the event of his becoming an apprentice, such probationary period shall be counted as part of the term of apprenticeship. No apprenticeship agreement shall be entered into until the termination of the probationary period, but in the meantime all conditions as to terms and conditions of employment shall apply as if the apprentice were a duly registered apprentice.

3. (a) Any employer taking an apprentice on probation shall, within fourteen (14) days thereafter, register such probationer by giving notice thereof to the Registrar in the prescribed form.

(b) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

4. When an apprentice cannot be usefully employed because of a strike, the employer shall be relieved of his obligation under the apprenticeship agreement during the period of the strike.

5. Subject to regulation (6), time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court, on the application of any party, be added to the original term in the apprenticeship agreement.

6. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four (4) consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven (7) days from the date of resumption of duty, the cost, if any of such certificate or certificates, not exceeding five shillings (5s.), to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

7. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the Industrial Award for the trade, calling, craft, occupation, or industry, exceeds the amount received by the apprentice from the Department of Defence. Provided that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades. All time lost by reason of compulsory military or naval training, other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

8. When an apprentice is absent from work for any cause other than sickness, or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

9. An apprentice shall be entitled to such holidays as are provided for in this Award.

10. If the apprentice shall at any time during the term of apprenticeship be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

11. The Court may in its discretion for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, abrogate or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

12. In the event of an employer being unable to provide work for the apprentice, or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer, or to have such agreement cancelled.

13. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the Industrial Award for the trade, calling, or industry.

14. An apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of his agreement, and in the event of the Court refusing same, the wages of the apprentice, or such portion thereof as the Court may order, shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

15. (a) Every apprentice shall attend a Government Technical School, vocational classes, or classes of instruction, for instruction in such subjects as are provided for his trade: Provided, however, that attendance shall not be compulsory when the apprentice is resident outside a radius of twelve (12) miles from the place where instruction is given. Provided also, that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence at reasonable cost, to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes shall be four (4) hours in each week the classes are held, if instruction is available.

16. The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every three (3) or fraction of three (3) journeymen employed: Provided that the fraction of three (3) shall not be less than one.

17. For the purpose of ascertaining the number of apprentices to be taken at any time, the average number of journeymen employed on all working days of the six (6) months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade, he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed.

18. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, and interrogate the employer in regard to any of the above-mentioned matters.

19. The breach of any of the terms of a contract of apprenticeship shall be deemed to be a breach of these regulations, but this shall not prejudice or affect the right of any party to proceed for damages or penalties in any Court of competent jurisdiction.

20. Non-compliance by any person with the provisions of these regulations shall be deemed to be a breach thereof.

21. Any person convicted of a breach of these regulations shall be liable to a penalty not exceeding Twenty pounds (£20).

22. Proceedings in respect of breaches of these regulations shall be instituted and conducted and fines and penalties recovered in the same manner as proceedings in respect of enforcement of an Award, and the forms prescribed for such enforcement, modified or altered where necessary, may be used in the proceedings.

23. "Apprentice" means any person of any age who is apprenticed to learn or to be taught any of the industries, crafts, or callings to which these regulations apply, and, where the context so admits, includes an apprentice on probation.
