3376/37.

HIS Excellency the Lieutenant-Governor in Executive Council has approved of the undermentioned regulations under the provisions of the Money Lenders Act, 1912-1937.

W. S. BOWN,  
Acting Under Secretary for Law.

#### MONEY LENDERS ACT, 1912-1937.

##### *Regulations.*

1. These regulations may be cited as the Money Lenders Act Regulations.
2. All regulations heretofore made under and for the purposes of the Money Lenders Act, 1912 (as amended), are hereby repealed.

##### Form of Application for Registration and Renewal.

3. (1) Every application for registration or renewal of registration as a money lender shall be made in the Form No. 1 in the Appendix to these regulations and shall be signed by the applicant and lodged in triplicate with the Clerk of the Court of Petty Sessions where the application is to be heard at least 14 days prior to the hearing of the application.

(2) Such application shall be accompanied by the fee prescribed by subsection (3) of section 6 of the Act, together with a lodgment fee of 5s.

4. An application for registration or renewal of registration may be signed, in the case of a firm, by any partner or other person duly authorised on behalf of such firm and, in the case of a society or corporate body, by the person responsible for its management, and sealed with the seal of such society or corporate body.

##### Applications to be Numbered.

5. Every application shall be numbered consecutively in the numerical order in which it is lodged with the Clerk of Petty Sessions commencing in each year with the numeral one.

##### Certificate of Character of Applicant.

6. Every application for registration shall be accompanied by a certificate in the Form No. 2 in the Appendix to these regulations as to the character of the applicant, and such certificate shall be signed by three reputable persons, who shall have no interest in the application but who shall possess a personal knowledge of the applicant.

7. Where application is made by or on behalf of a firm, such application shall be accompanied by a certificate as aforesaid in respect of the character of each partner, and where application is made by or on behalf of a society or corporate body, such application shall be accompanied by a certificate as aforesaid of the character of the person responsible for its management.

##### License to be lodged on Application.

8. (a) An applicant for renewal of registration shall lodge his current license with the Clerk of Petty Sessions at the time of application.

(b) An applicant for registration other than renewal shall, if he has at any time been registered as a money lender, lodge with his application the license, or a certified copy thereof, which was last held by him.

##### Certified Copy of License.

9. Whenever any license or certified copy is lost or destroyed, the licensee may apply to the Clerk of Petty Sessions at the Court from which the original license was issued, and on being satisfied that such license has not been cancelled or suspended, and on the payment of a fee of one pound (£1), the Clerk of Petty Sessions shall deliver a certified copy of the license to the licensee or some person authorised by him.

The copy shall contain all indorsements appearing on the original, and the words "certified copy" shall be stamped or written across the face thereof.

##### Copies of Application to be Posted.

10. The Clerk of Petty Sessions shall on receipt of an application for registration or renewal of registration forthwith post in a conspicuous place on the outside of the court house a copy of such application, and shall keep such copy posted for seven clear days before the day of the hearing of the application.

## Application for Registration to be Advertised.

11. (1) An applicant for registration other than for renewal shall advertise his intention to apply for registration in at least one issue of a newspaper circulating in the district wherein his proposed place of business is situate.

(2) If the application is in respect of more than one place of business, a similar advertisement shall be inserted in local newspapers circulating in the district in which the additional places of business are respectively located.

(3) Evidence that this regulation has been complied with shall be lodged with the Clerk of Petty Sessions at least three clear days before the hearing.

## Hearing.

12. No application for registration shall be heard by the Court unless a period of fourteen clear days has elapsed from the date of the issue of the newspaper containing a copy of such application.

## Clerk to keep a Register.

13. The Clerk of Petty Sessions shall keep a register, called the "Register of Money Lenders," in the Form No. 3 in the Appendix to these regulations, and on receipt of an application shall forthwith record such particulars prescribed therein as shall then be available.

## Objections.

14. Any person may object to the granting of registration or renewal of registration by lodging with the Clerk of Petty Sessions a notice signed by him in the Form No. 4 in the Appendix to these regulations.

15. Notice of objection shall be lodged at least three clear days before the date of hearing.

16. On receipt of any such notice the Clerk of Petty Sessions shall forthwith post a copy of such notice to the applicant.

17. Upon hearing the objection, if the Court is of opinion that the objection is frivolous, the Court shall have power to order that the objector pay the applicant his costs incurred in sustaining his application.

## License to be Issued.

18. On the granting of registration or renewal of registration by the Court, the Clerk of Petty Sessions shall forthwith record such fact in the Register of Money Lenders, and shall issue to the applicant a license in the Form No. 5 in the Appendix to these regulations.

19. The license shall be printed in triplicate and the duplicate shall be forwarded by the Clerk, upon the granting of the license, to the Registrar of Bills of Sale, Supreme Court, Perth.

If through an error it is necessary to cancel a form of license made out or issued, the three copies shall be marked "cancelled" by the Clerk of Petty Sessions, and the original and triplicate copies shall be retained by the Clerk of Petty Sessions. The duplicate copy shall be forwarded to the Registrar of Bills of Sale, and on no account shall the license be destroyed.

20. Every registered money lender, upon ceasing to carry on business, or upon changing his place of business, shall immediately notify the Clerk of Petty Sessions, who shall forthwith record such facts in the Register of Money Lenders kept by him.

## Returns.

21. Upon the cancellation or suspension of registration by order of any Court, the Clerk shall forthwith send to the Registrar of Bills of Sale notice thereof in the Form No. 6 in the Appendix to these regulations. Every such notice shall be numbered, commencing in each year with the numeral one.

## The General Register.

22. The Registrar of Bills of Sale shall keep a register called "The General Register of Money Lenders," in the Form No. 7 in the Appendix to these regulations, and shall enter therein in alphabetical order the name of every person licensed as a money lender by any Court of Petty Sessions in the State, together with the particulars prescribed therein.

The register shall be compiled from the information contained in the duplicate copies of the licenses and such other returns as shall be furnished by the Clerk of Petty Sessions.

The duplicate copies of the licenses and the returns shall be filed in numerical order under the respective districts, and it shall be the duty of the Registrar to see that all such copies and returns issued by the Clerk of Petty Sessions are received and are duly registered.

23. The General Register of Money Lenders shall be open to the public for the purpose of search at all times, during office hours, on payment of a fee of one shilling.

24. Every Clerk of Petty Sessions shall on the 1st day of July in each year send to the nearest officer in charge of police a list of the names of every registered money lender who has failed to lodge an application for renewal of registration for the current year.

(c) Casual workers shall not be engaged for less than three (3) hours.

(d) Fares to and from the place of engagement and the job shall be paid by the employer.

(e) The wages payable to a casual worker shall be handed to the worker immediately on completion of the engagement.

## 20.—Higher Duties.

Any worker engaged for one hour or more in any day in any work carrying a higher rate of wage shall receive such higher rate for the actual time worked.

## 21.—Under-Rate Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed in writing between the Union and the employer, and in default of such agreement within twenty-four (24) hours after such worker shall have applied in writing to the secretary of the Union stating his desire that such wage shall be agreed upon, such wages as shall be fixed by the most convenient Resident or Police Magistrate, upon the application of such worker after twenty-four (24) hours' notice in writing shall have been given by him to the said secretary, who shall, if he so desires, be heard by the Magistrate upon such application. After having given notice to the secretary, and after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six (6) calendar months from the date thereof and after the expiration of the said period until the wage shall have again been fixed at the instance of the said secretary in the manner prescribed. The secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

## 22.—Payment for Sickness.

On production of an adequate medical certificate or other evidence satisfactory to the Department, a worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

## 23.—Board of Reference.

(a) The Court appoints for the purposes of this Award a Board or Boards of Reference. Each Board shall consist of a Chairman, who shall be a person elected by the representatives of the parties, if such may be agreed upon, or, failing such agreement, appointed by the Court, and two (2) other representatives, one to be nominated by the employer and the other to be nominated by the Union. Either party may at any time by notification to the other party and the Registrar of the Court change such representative.

(b) There shall be assigned to such Board or Boards the functions of:—

- (i) deciding matters specifically referred to in the Award as being the subject-matter of a decision of the Board;

- (iii) deciding all matters and questions referred to in the Award as being the subject of mutual agreement, if not agreed upon;
- (iv) deciding any other matter that the Court may refer to such Board or Boards from time to time.
- (v) An appeal shall lie from any decision of a Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1935, which for this purpose are embodied in and form part of this Award (regulation 92).
- (vi) There shall be no cessation of work pending the reference to and the settlement of any dispute by a Board.

I certify, pursuant to section 63 of the Industrial Arbitration Act, 1912-1935, that the foregoing is a copy of the Agreement arrived at between the parties mentioned above.

Dated at Perth this 18th day of February, 1938.

This allowance shall also apply to pieceworkers.

##### 4.—Hours for Day Workers.

Forty-four (44) hours shall constitute a week's work, to be worked as follows:—Eight (8) hours on each day from Monday to Friday inclusive and four (4) hours on Saturday: Provided, however, that by agreement between the union and the employer the forty-four (44) hours may be worked in five (5) days, Monday to Friday inclusive, of eight (8) hours forty-eight (48) minutes each.

##### 5.—Overtime.

All work performed beyond the specified hours of duty on any ordinary day shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter. Except for the service referred to in clause 26 work done on Sundays and holidays shall be paid for at the rate of double time.

When computing overtime the district allowance shall not be computed as an addition to the day's pay.

##### 6.—Subcontracting.

(a) All the terms and conditions hereinafter set forth as far as applicable to them respectively shall be observed and carried out by the Company themselves, and by their subcontractors and also by the workers, anything which herein may be read to the contrary notwithstanding.

(b) For the more effectively securing the due observance and performance of the last preceding clause, and the carrying out of the terms and conditions hereinafter mentioned, the Company, so far as concerns their own acts, and so far as permitted by law, agree that no subcontractors under them shall be allowed to operate on or use the lines, lands, and/or places under the control of the Company for the purpose of supplying firewood without such person or Company first having agreed in writing to the terms and conditions of this Award.

(c) Before any subcontractor shall be allowed to commence operations on or use any of the said lines, lands, and/or places controlled by the Company, he shall notify in writing the secretary of the Union whose members are affected that such subcontractor has agreed in writing to the terms and conditions of this Award.

## 7.—Holidays.

The following shall be holidays—Christmas Day, Labour Day, and Easter Monday.

## 8.—Annual Holidays.

Subject to the proviso herein, a fortnight's holiday on full pay shall be granted once in each year to every worker: Provided he has worked two hundred and ninety-eight (298) working days at ordinary rates of pay; should he have worked on less than two hundred and ninety-eight (298) working days, when the said holiday is taken, or at the termination of his employment, he shall be paid for or allowed a proportionate number of holidays. Payment for the said holidays shall be at the rate of pay the worker is receiving immediately before the holiday is taken or employment terminated.

Provided that, should any worker take part in a strike he shall thereupon be deemed to have forfeited any right to holidays accrued to the date of the commencement of the strike under this clause.

Pieceworkers shall be entitled to be paid when on holiday the minimum rate for their grade.

## 9.—Stores and Supplies.

The Company shall, during the currency of this Award, sell stores and supplies to the workers at Kalgoorlie cash prices, such prices to be revised from time to time by the representative of the workers and the head storekeeper on behalf of the Company on the basis of information obtained by them from the Traders' Association at Kalgoorlie and the principal business firms of Kalgoorlie. Meat prices to be similarly regulated and revised on the basis of the cash prices as obtained from the principal butchers of Kalgoorlie.

## 10.—Feeder.

(a) Where twelve (12) or more horses are in any camp a feeder shall be employed.

(b) Where the number of horses is more than two (2) and less than twelve (12) a leading driver shall be employed for the purpose at the rate of five pounds seventeen shillings (£5 17s.) per week on a daily contract of service. (Base £4 7s., margin £1 10s.)

## 11.—Water.

Good drinking water shall be supplied free to all workers, and, in the case of bush workers, shall be delivered into tanks along the line where the men are working, and in no case shall the distance between tanks be more than half a mile.

## 12.—Piecework.

(a) Where workers are employed to work at piecework, the rates shall be in accordance with the attached Schedule, but in no case shall payment be less than they would have received had they been working under a contract of daily service at the rates fixed in clauses 3 or 23 hereof (overtime, if any, not being included): Provided, however, that in the case of a worker who has not had three (3) months' experience the minimum rate shall be such as may be mutually agreed upon between the representative of the Union and the bush boss in each case, and, in the event of their disagreement, may be referred to the Resident Magistrate for the district. Each such inexperienced worker shall during his period of probation be deemed to be an apprentice. At the end of each period of six (6) months the Company shall furnish the Registrar with a return showing the number of workers employed under this proviso and the wages and/or other payments made to each.

The Court reserves leave to either party at any future date on giving seven (7) days notice to further apply regarding the subject-matter of the proviso to this sub-clause.

(b) For the purpose of ascertaining whether each pieceworker is receiving less than the minimum rate under the preceding subclause, the total earnings of such pieceworker for the period of the last preceding two (2) months shall be averaged.

## 13.—General Conditions of Piecework.

(a) Except in the case of wheel or curve blocks, the minimum frontage shall be two (2) chains for each man in any one party, with a maximum frontage of six

(6) chains, irrespective of the number of men in the party. In the case of double banking, the original cutter shall have the choice of ends.

(b) Cutting or splitting shall be left to the option of the cutters so that they shall not be idle whilst firewood is being carted from the back of their blocks.

(c) When a team or teams are carting wood for cutters who have cut out their blocks, such team or teams shall not be withdrawn until all the firewood of the cutter has been cleaned up.

(d) If two (2) or more parties of cutters require blocks at the same time, they shall draw lots for precedence, and the bush boss shall conduct the drawing and measure out the blocks and distribute them between the cutters. Subject to the order of drawing, cutters shall be supplied with new blocks as soon as they have cut out their old blocks: provided their services be required. No cutter shall take a block on his own authority.

(e) In the event of trees being unsuitable to cutters, such trees need not be felled. If a dispute arises as to what constitutes unsuitable trees, the bush boss and the workers' representative shall decide the question. If they cannot agree, the trees in dispute shall be felled and cut and loaded by the cutter at the rate of two shillings (2s.) per hour.

(f) Camps shall be placed so that cutters shall not have to walk more than a mile to the front of the block where they are working. In the case of large blocks tanks shall be placed so that the water shall be available within one and a half (1½) miles from where the cutters are working.

(g) Wood shall be trucked within five (5) weeks from the time the blocks are cleaned up and, so far as possible, in the order in which it is carted.

(h) (i) Wood burnt on the line shall be paid for at seven shillings (7s.) per load for green wood and eight shillings (8s.) per load for dry wood to the woodcutters, and at the rate of one shilling (1s.) per load for green wood and one shilling and threepence (1s. 3d.) per load for dry wood to the drivers.

(ii) Wood burnt on trucks shall be paid for at tonnage rates based on the average weight of the rake.

(i) Wood belonging to each cutter or party to be loaded into trucks separately as far as practicable, except when cleaning up the line.

(j) Cutters shall peg their blocks from a point to a line as directed by the bush boss and the Company shall clear the tip.

(k) Cutters who are desirous of leaving their blocks shall give the Company notice, and their wood shall be trucked and paid for within four (4) days after carting, and payment forwarded, when necessary, by registered letter to any address left by the worker. This shall also apply to cutters who have severed their connection with the Company.

(l) Cutters may obtain advances in cash or stores from the Company up to seventy-five per cent. (75 per cent.) of the estimated value of the sum coming to them for wood lying out on their blocks, or on the line; the value of such stores or supplies shall be taken as payment or part payment for any such firewood.

(m) (i) The wood shall be cut in accordance with the following extracts from the mine specifications, viz.—the Company shall supply firewood of locally grown timber, other than black oak, in lengths of five (5) feet with a diameter, if unsplit, of not more than ten (10) inches nor less than three (3) inches at either end, but, if the firewood exceeds ten (10) inches at both ends but does not exceed twelve (12) inches at both ends, the same shall be split in half, and, should the firewood exceed twelve (12) inches at both ends, shall be split in four (4) pieces.

(ii) All cutting shall be done in a face either from the back of the block inwards or from the front outwards. All suitable timber shall be cut into firewood lengths and sizes as specified herein.

(iii) In the event of the cutter having unsplittable logs on hand, the price for same shall be arranged between the bush boss and the workers' representative, who shall also decide, if necessary, the question of whether any log is unsplittable or not.

(n). (i) Drays shall be supplied to clean up blocks as soon as possible after they have been cut out. If cutters are idle for more than one day whilst waiting

for drays, or to shift camp, the Company shall find work for such cutters, for which they shall be paid at the rate of sixteen shillings ten and ten-elevenths pence (16 10-10/11d.) per day of eight (8) hours. In the event of the Company being unable to find work for such cutters, the cutters shall nevertheless be entitled to receive sixteen shillings ten and ten-elevenths pence (16s. 10-10/11d.) per day of eight (8) hours for each day thus kept waiting for drays or to shift camp after the expiry of the first twenty-four (24) hours.

(ii) Cutters shall be supplied with two (2) teams if carting beyond a mile, provided the block is cut out satisfactorily.

(iii) In the event of cutters being required to walk more than three (3) miles to load wood they shall receive an extra one shilling and twopence (1s. 2d.) per day for each additional mile or part of a mile over three (3). If called out to load on Sundays, cutters shall be allowed wages at double the ordinary rates.

(iv) (a) The term "culled bush" shall be deemed to mean a block from which firewood or mining timber has previously been removed to such an extent as to leave the block so deficient in firewood as to militate against the average firewood cutter's ability to produce approximately his normal output. Any dispute on the question whether the block is culled bush shall be referred to a Forestry Inspector, whose decision shall be final.

(b) A firewood cutter required to work in culled bush shall be paid at the rate of not less than threepence (3d.) per ton extra. Any dispute arising out of the application of this portion of the subclause (iv)(b)) shall be deemed a minor dispute and shall be determined in accordance with the provisions of clause 20 of this Award.

(c) Engine wood cutters shall have their blocks cleaned up at least once per month.

(p) Horsedriers' camp shall be so situated that the drivers shall not have to travel more than one mile from the camp to the front of the block.

(q) (i) Facilities shall be provided for watering horses at crib time on the job.

(ii) If drivers are required to travel more than a quarter of a mile from the front of the block to water their horses at crib time, travelling time to be paid both ways at the rate of twenty (20) minutes to the mile.

(r) The cutter shall place his wood in heaps convenient for the driver.

(s) Horses shall be supplied to the drivers in a fit condition to do the work.

(t) Tips to be cleared and levelled by the Company.

(u) The Company shall provide a sufficient number of trucks for loaders. For any time lost owing to an insufficiency of trucks, loaders shall be paid waiting time at the rate of two shillings and six-elevenths of a penny (2s. 0-6/11d.) per hour, and the check clerk shall keep an account of the time so lost, but this clause shall not apply in the case of a breakdown or for any other cause beyond the control of the Company.

(v) A van or truck shall be attached to trains to bring loaders home from work.

(w) Loaders prevented from loading by wet weather shall be returned to the home camp as early as possible.

(x) Loaders shall not travel more than six (6) miles from the camp to the place of working.

(y) The Company shall deliver all stores required three (3) times per week. Present arrangements for delivery to camps shall continue. In any place where stores are left at or near the railway line to be taken delivery of by the workers, a suitable safe or other receptacle protected from weather and sun shall be provided by the Company for the reception and protection of such stores.

In the case of goods delivered from the Company's bush stores other than by train, the Company shall provide some person to distribute the goods to the men's camps.

(z) Loads shall be tipped not closer to the nearest rail than three (3) feet and not further away from the said nearest rail than eighteen (18) feet.

#### 14.—Mixed Functions.

Any worker carrying out work classified at a higher minimum than his ordinary rate shall be paid at the rate of such work for the whole of that shift.

#### 15.—Casuals.

All men not employed for the full working week shall be considered casuals and shall receive ten per cent. (10%) in addition to the rate specified. This clause shall not apply to pieceworkers.

#### 16.—Full Payment for Shift.

(a) After beginning a shift a worker shall not be paid for less than a full shift, unless he leaves work of his own accord, or is dismissed for misconduct.

(b) If before an employee leaves the works at the end of his shift he is not informed that his services are not required, and because he is not so informed he attends at the next shift willing to work it, and there is not suitable work which he is allowed to perform, he shall be paid the wages he would have been entitled to as if he had worked the shift he was willing to work. This shall not apply in matters beyond the control of the management.

#### 17.—Payment of Wages.

Pay day for day workers shall be at least once every month, not later than the twelfth (12th). Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour from the time of his application at the Company's office during office hours.

#### 18.—New Classes of Labour.

Should men be employed on a class of labour not specified in the Schedule, the amount of wages to be paid for that class of work shall be mutually arranged between the Company and the Union.

#### 19.—Existing Customs.

All existing customs and conditions prevailing at the time of this Award and not altered by this Award shall not be varied unless by mutual consent of the parties thereto, and the workers and the Company shall not be deprived of any privileges or rights hitherto enjoyed, nor shall any new conditions detrimental to the interests of either of the parties be imposed unless specifically mentioned herein.

#### 20.—Settlement of Disputes.

Any minor dispute arising as to the working of any portion of this Award, same to be referred to a Board consisting of a representative of the Australian Workers' Union and the Company. Should they be unable to agree they shall refer the matter to an independent Chairman for settlement, such person to have a practical working knowledge of the work in dispute. In the event of the parties being unable to agree as to the Chairman to be appointed, the Industrial Magistrate at Kalgoorlie shall be the Chairman.

#### 21.—Weighing of Wood.

The Company shall cart the wood to the railway line and load it into wagons. Wagons shall be taken across the weighbridge and weighed in the presence of the workers' representative. The weight then ascertained shall be taken as final. Delivery between the cutters and the Company shall be completed when the wood has passed the weighbridge and the weight has been ascertained, unless otherwise agreed to.

#### 22.—Spark Arresters.

In order to safeguard the wood from being burnt, the Company shall employ men as spark arresters.

#### 23.—Under-rate Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum rate prescribed by this Award may be paid such lesser rate as may from time to time be agreed upon in writing between the employer and the secretary of the Union, or, failing such agreement within twenty-four (24) hours after such worker shall have applied in writing to the secretary of the Union stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient Resident or Police Magistrate, upon the application of such worker after twenty-four (24) hours' notice in writing shall have been given by him to the said secretary who shall, if he so desires, be

heard by the Magistrate upon such application. After having given notice to the secretary, and after lodging the application mentioned and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six (6) calendar months from the date thereof and after the expiration of the said period until the wage shall have been again fixed at the instance of the said secretary in the manner prescribed. The secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

#### 24.—First Aid.

The Company shall provide at each of its stores, including branch stores and on its railway trains, first-aid equipment, and keep same fully and efficiently supplied. The Company shall also, wherever it may be done without loss or expense or undue interference with its operations, facilitate the efforts of its workers to acquire a knowledge of first aid and ambulance work.

If no person possessed of recognised first aid qualifications is at present employed at each camp at or in the vicinity of which upwards of fifty (50) of the Company's workers are engaged, the Company shall, when engaging workers, give preference to at least one worker so qualified, if he is competent to perform the service required by the Company.

#### 25.—Mining and Sawmill Timber.

Cutting of mining or sawmill timber may be done by day workers at a margin rate of thirteen shillings (13s.) per week; if done by piecework, the piecework rate shall be such as may be mutually agreed upon. Should a difference arise on this question the matter shall be deemed a minor dispute and may be determined as provided by clause 20 of this Award.

Provided always that the piecework rate shall be such as will enable a worker of average capacity using reasonable effort during the whole of the prescribed working day or week to earn the time worker's rate plus at least ten per centum (10%), in addition to a tool allowance at the rate of six shillings (6s.) per week.

#### 26.—Shifting Camps.

When for the purposes of the Company's operations workers are required to shift their own camps, they shall be entitled to an allowance for the time necessarily occupied in dismantling, loading, travelling, unloading, and re-erecting their camps, not exceeding one half day's pay at their prescribed ordinary day work rates. If required to shift camps and/or equipment other than their own, they shall be entitled to payment at their prescribed ordinary time rate for such time as they are so engaged.

#### 27.—Sanitary Arrangements.

The Company shall provide reasonable facilities in the nature of sanitary arrangements for persons carried on its trains, either by the erection and maintenance in proper order of adequate structures alongside the line at intervals not exceeding ten (10) miles, at which the train shall stop as and when required; or alternatively, it shall make some provision ensuring privacy on a suitable part of the train itself.

In witness whereof this Award has been signed by the Acting President of the Court and the Seal of the Court has been hereto affixed this 18th day of February, 1938.

By the Court,

T. F. DAVIES,  
Acting President.
