6. Every person licensed to catch fish for purposes of sale shall, upon demand at any time by any Inspector or Assistant Inspector of Fisheries, produce his license or satisfy the Inspector or Assistant Inspector that he has taken out such license, and any person failing to produce such license or failing to satisfy the Inspector or Assistant Inspector as hereinbefore set out shall be liable to prosecution. Finding and disposal of Boats, Nets, or other Gear apparently Abandoned.

10. (1) When any boat, net, line, implement, or appliance for taking fish shall be found by any Inspector in any closed waters without any person in actual possession thereof, such Inspector or another Inspector shall give notice of the finding thereof by posting for seven clear days for public information outside his office, and the nearest Police Station or the nearest Post Office, or, in the case of the said finding having occurred in closed waters near to Perth, outside the Offices of the Fisheries Department, at Perth, full particulars of the thing so found, and the locality where it was found.

(2) If the thing found as aforesaid remains unclaimed for a period of fourteen days from the date when notice of finding was first published as aforesaid, or if a claim of ownership of such thing having been made within the said period of fourteen days such claim is not established to the satisfaction of the Chief Inspector before the expiration of the said period of fourteen days, the Chief Inspector may cause the thing found as aforesaid to be sold, either at auction or by private sale.

11. No person, whether licensed as provided by the Act or unlicensed shall, in the waters of the Murray River or Serpentine River, or their tributaries, use or attempt to use for the purpose of catching fish, any line other than the ordinary handline to which not more than two (2) hooks are attached, or a rod and line.

"Meshing" or "Set" Nets.

12. No person shall cast, shoot, fix, or set any "meshing" net, or any "set" net—
- (a) in the waters of Peel's Inlet, or of Harvey Estuary within fifteen fathoms (30 yards) of any other "meshing" net or any other "set" net already cast, shot, fixed, or set in the waters aforesaid;
 - (b) in the waters of the Leschenault Estuary (Bunbury) within twenty-five fathoms (50 yards) of any other "meshing" net or any other "set" net already cast, shot, fixed, or set in the waters aforesaid;
 - (c) in the waters of the Swan River between the Railway Bridge at Guildford and the Upper Swan Bridge near Midland Junction within thirty fathoms (60 yards) of any other "meshing" net or any other "set" net already cast, shot, fixed, or set in the waters aforesaid.

Priority among Netters.

13. (1) The rights of priority in hauling nets, as between fishermen netting on the same ground, are hereby determined as follows:—

- (a) The first turn shall belong to the licensed fisherman who first arrives on the ground with a *bona fide* crew of licensed fishermen in a licensed fishing boat marked in accordance with regulation 5, with a lawful net ready for shooting and hauling.

- (b) The next turn shall belong to the licensed fisherman who next arrives as above, and so on.
- (c) A turn shall come to an end when a fisherman has shot his haul and shall in no case last more than twenty-four hours as against any other licensed fisherman who is on the ground waiting for a haul.
- (d) During his turn a fisherman shall have exclusive right to the haul; provided he remains with his crew on the haul in readiness to "shoot" with one end of his hauling line ashore.
- (e) No licensed fisherman shall have a second turn until all the other licensed fishermen on the ground have had their first turn.
- (f) No unlicensed fisherman or licensed fisherman in an unlicensed boat shall have any claim to a haul as against a licensed fisherman and crew in a licensed boat.

Provided that two or more turns may be taken at the same time if the water to be fished admits of double banking, but no net shall be shot round an inner net within a boat's length of the cork line of such net.

(2) It shall be unlawful to wilfully disturb or frighten fish on or in the vicinity of a haul so occupied, or in any manner to obstruct a licensed fisherman during his turn.

(3) When a licensed fisherman is lawfully in possession of a haul, no person shall impede him by the process known as "blocking," whereby another person sets or places his net as to prevent or attempt to prevent fish getting to such haul.

(4) The occupancy of the haul, as aforesaid, shall cover a space not exceeding the length of the net being lawfully used, measured along the shore from a point where the boat in possession is moored in the direction in which the net is laid for hauling.

(5) Any licensed fisherman who suffers any loss from a breach of this regulation may be authorised by the Minister to take legal proceedings at his own expense.

Testing the Length, Depth, or Mesh of Nets.

14. For the purpose of testing the length of any fishing net, such net shall be measured along the cork line upon which the net is hung. The depth of any net shall be ascertained by counting the number of meshes situated between opposite points upon the cork and leadlines. The size of the mesh shall be determined by measuring from knot to knot on the inside of the mesh when wetted ready for use and stretched so that the opposite knots on the alternate corners are in contact. In cases of dispute a half-pound weight shall be slung or attached to one knot of the mesh to be measured and the space between that and the opposite knot shall be measured. In the event of the net being dry, the part to be measured shall be soaked either in fresh or salt water for not less than ten minutes, and the dimensions of a mesh or meshes of the portion so soaked shall thereupon be determined.

Ova-bearing Crayfish.

15. No person shall at any period of the year remove or attempt to remove from the abdominal appendages of the fish known as or called the "crayfish" any ova or "spawn" attached thereto.

Destruction of Fish by Use of Firearms.

16. No person shall capture, kill, or destroy, or attempt to capture, kill, or destroy any fish in any Western Australian waters by the discharge or use of any gun, rifle, or other firearm whatsoever, or by the use of any explosive howsoever ignited or exploded. Provided that this regulation shall not apply to the capture, killing, or destruction or the attempted capture, killing, or destruction of fish which do not belong to any species mentioned in the Second Schedule to the Act.

Deposit of Refuse.

17. No person shall deposit any filth, refuse, or other deleterious matter in any tidal or inland waters or into any watercourse, whether dry or not, leading into any tidal or inland waters where fish are or are likely to be.

18. No person shall deposit any filth, refuse, or other deleterious matter, or discharge any matter from mining works, sawmills, gasworks or other manufactories or boiling-down or wool-washing establishments in any place in a manner which will cause or be likely to cause the destruction of fish in waters near or adjacent to the place in which the matter aforesaid is deposited or discharged or injury to any fishing grounds.

Landing Place for Fish.

19. (1) The Fish Market Jetty situated in South Bay, Fremantle, is hereby appointed as the place at which fish intended for sale in Fremantle shall be landed by the person taking or capturing the same; and the landing of such fish at any place in Fremantle elsewhere than the Fish Market Jetty aforesaid is hereby prohibited.

(2) Any person who contravenes this regulation shall be guilty of a breach of these regulations.

Exclusive Licenses.

20. Every application to the Governor for the grant of an Exclusive License under section 30 of the Act shall be in accordance with Form C in the Appendix to these regulations, shall be signed by the Applicant, and be lodged with or sent to the Chief Inspector of Fisheries at the Fisheries Department, Perth.

21. Upon receipt of an application for an Exclusive License made in accordance with regulation 20 hereof, the Chief Inspector shall furnish to the Governor in writing a report thereon concerning all matters which in his opinion are material to the consideration of the application, and in such report shall state whether or not there is more than the one applicant for an exclusive license in respect of the same marine animal life or product of the sea for the same area. In such report the Chief Inspector

of Fisheries may make to the Governor, in relation to the application to which his report relates, any recommendations which in his opinion may assist the Governor in his decision, whether the application shall be granted or refused.

22. An Exclusive License shall be in accordance with Form D in the Appendix to these regulations, with such variations as may be required by the circumstances of the case.

23. When an Exclusive License is granted the name of the licensee, with the material particulars of the license, shall be published in the *Government Gazette*.

24. Every Exclusive License shall be granted and shall be held by the licensee upon and subject to the conditions hereinafter mentioned and also to such other special conditions which the Governor may think fit to impose, that is to say:—

(a) The rent reserved by the license shall be payable by the licensee at the Fisheries Department in Perth in equal half-yearly instalments on the first day of January and the first day of July in each and every year, or within twenty-one days after the said dates respectively: Provided that the first instalment of rent shall be paid on or before the issue of the license, and that such instalment and also the last instalment of rent shall be apportioned if necessary to the date of the commencement and of the termination of the license.

(b) The royalty (if any) payable by the licensee under the license shall be paid at the Fisheries Department in Perth in such manner in such instalments or in such amounts as are specifically provided for in the license.

(c) A licensee shall not transfer or assign his license or grant any sublicense without the express consent in writing of the Minister first had and obtained.

(d) A licensee shall during the term of his license keep continuously employed in collecting or removing the marine animal life or other product of the sea in respect of which his license has been granted from the area of his license or in treating such marine animal life or other product of the sea aforesaid not less than one man for every square mile included in the said area, and in any case shall keep so employed not less than two men, and shall furnish the Minister, when so required by him, with evidence to his satisfaction that men to the number aforesaid have been and are being so employed.

(e) If any rent or royalty payable by the licensee is unpaid for twenty-one days after the same has become due, or if there is any breach, non-observance, or non-performance by the licensee of any of these conditions or of any other conditions to which the licensee is subject, or if for any public work or in the public interest it is, in the opinion of the Governor, necessary or desirable so to do, the Governor may revoke the license, and upon publication in the *Government Gazette* of notice of such revocation, all the interest of the licensee and any person claiming under him in such license shall cease and determine, and the production of the *Government Gazette* containing a notice as aforesaid shall be conclusive evidence of a cause sufficient to authorise such revocation, and that all the interests in the license of the licensee or any person claiming under him have been lawfully determined.

(4) An instrument of transfer or assignment may be in accordance with Form F in the Appendix to these regulations.

26. Where members employed in an orchestra are ready and prepared to start playing at the time when the members are notified by the employer to be ready to start playing, such time shall be the starting time. In cases where no such notification is given it shall be deemed that such members were notified to be ready to start playing at the advertised time for starting the performance. Where members are not ready and prepared to start at the time notified, or at the advertised time of the performance or rehearsal, the starting time shall be the time when the orchestra actually starts playing.

6.—Duration of Performance and Rehearsals.

Except where otherwise provided, the duration of the performance for which the rates are prescribed by this Agreement for weekly, intermittent weekly, or casual employees are as follows:—

The provisions of this Agreement as to duration of performance or rehearsal, time of performance or rehearsal, and overtime, apply to all employees, whether casual or otherwise.

9.—The Contract of Employment.

(a) Where an employee is not expressly engaged as a casual employee he shall be deemed to be engaged as a weekly employee, or an intermittent weekly employee (as the case may be). A casual employee may at any time enter into an agreement with his employer to become a weekly employee, but such agreement shall not affect any casual rates payable by the employer to employee before such agreement is entered into; provided that, if a casual employee is employed as a weekly employee within three days of his employment as a casual employee, his employment as a weekly employee shall in such case date from the beginning of his employment.

(b) An employee, to become entitled to the payment of the wage prescribed for a weekly employee, or for an intermittent weekly employee, is to perform such of the prescribed work as the employer shall from time to time require, on the days and during the hours usually worked by the class of employees affected.

(c) An employee not attending for duty will lose his pay (at the employer's option) for the actual time of such non-attendance.

(d) The weekly wage prescribed by this Agreement shall be paid to each weekly employee and intermittent employee who is ready and willing to perform his stipulated work during any week, whether he is required to perform such work or not, and this provision is to apply to all engagements, whether for open-air performance or otherwise.

(e) The employment of a weekly employee or of an intermittent weekly employee shall be terminated only by a week's notice on either side, but such notice may be given at any time during the week. This shall not affect the right of the employer to dismiss any employee without notice for malingering, inefficiency, neglect of duty or misconduct, and in such cases wages are to be paid up to the time of dismissal.

(f) Where an employee is engaged other than as a weekly employee such engagement shall not be altered to a weekly engagement, except on a week's notice to the employee.
