All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of Clause 18 of the Regulations.

THE ROAD DISTRICTS ACT, 1919-34.

Gnowangerup Road Board.

Loan No. 6 (£800)—Notice of Intention to Borrow.

NOTICE is hereby given that the Gnowangerup Road Board proposes to borrow the sum of £800 to be expended on the purchase of land and the construction of a Golf Course thereon within the Gnowangerup Road District.

It is proposed to raise this sum by the sale of Debentures repayable with interest by 40 equal half-yearly instalments over a period of 20 years after the date of issue thereof in lieu of the formation of a Sinking Fund.

The Debentures shall bear interest at the rate of £5 per centum per annum, payable half-yearly.

The amount of the said Debentures and interest thereon are to be paid at the National Bank of Australasia, Limited, Gnowangerup.

The plans and specifications and an estimate of the cost of such works and a statement showing the proposed expenditure of the money to be borrowed including the cost of the supervision and initial expenditure in connection with the raising of the Loan are open for inspection at the office of the Road Board at Gnowangerup for one month after the publication of this notice between the hours of 9 a.m. and 5 p.m. on Mondays to Fridays and 9 a.m. to 12 noon on Saturdays.

The works and undertakings for which the Loan is proposed to be raised will, in the opinion of the Board, be of a special benefit to that portion of the Gnowangerup Road District, namely, the West, Central and Town Wards as defined in the *Government Gazettes* of the 26th September, 1913, 4th October, 1923, 27th September, 1929, 3rd April, 1925, 20th February, 1925, 12th October, 1923, and any Loan Rate applicable to such Loan will be levied on the rateable land within such West, Central and Town Wards of the said District.

Dated this 14th day of October, 1938.

F. J. GROCOCK,
Chairman.

W. J. CUNEO,
Secretary.

THE ROAD DISTRICTS ACT, 1919-1934.

Merredin District Road Board—Building By-laws.

P.W. 89/38.

WHEREAS by the Road Districts Act, 1919-1934, the Road Board of any district is empowered to make by-laws for all or any of the purposes mentioned in the said Act; and whereas the Merredin Road Board, in pursuance of the powers vested in the said Board, under and by virtue of the said Act and of every other authority enabling it in that behalf, doth hereby make and publish the following by-laws.

Buildings.

Part 1.—Operation and Definitions.

1.—Application.

This by-law shall apply to all Townsites within the Merredin Road District.

2.—Commencement.

This by-law shall commence operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

3.—Definitions.

“Act” means the Road Districts Act, 1919-1934

“Basement” means a storey or portion of a storey partly below the level of the ground, the ceiling of which is not less than three feet above the adjoining ground (irrespective of any excavation made to comply with this by-law).

“Board” means the Merredin Road Board.

“Build” means and includes erect, build, or construct or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed or intended or adapted to be roofed and whether enclosed by a roof or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Cellar” means a storey or portion of a storey below the ground level, the ceiling of which is less than three feet above the adjoining ground.

“Cement Mortar” means a mortar composed of one part cement to three or fewer than three parts of sand.

“Commercial Building” means a building used, or constructed or adapted to be used wholly or in part for commercial purposes.

“Dwelling-House” means a building used, constructed, or adapted to be used wholly or in part for human habitation, but does not include other than the dwelling-house portion (if any) of a commercial building.

“District” means the Merredin Road District.

“Flat” means a room or suite of rooms occupied or designed, intended or adapted to be occupied as a separate domicile, or rented or let as such.

“Habitable Room” means any living room and includes all rooms intended or adapted to be used for the purpose of sleeping or eating or the cooking of food.

“Hoarding” includes any erection or structure erected, built, constructed, or used or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter, or any erection or structure being of a height greater than six feet from the level of the adjoining street, but shall not apply to a hoarding erected in a street for the purpose of carrying on building operations only, or to any dwelling-house or shop, or any fence seven feet or under in height, or “To Let” or “For Sale” boards not exceeding twenty square feet in area.

“Residential Flat Building” means a building containing two or more flats, but does not include a row of two or more dwellings attached to each other such as are commonly known as semi-detached or terraced buildings.

“Surveyor” means the building surveyor or acting building surveyor for the time being of the Board or other officer having for the time being the administration of this by-law.

“Wall,” “Divisional Wall” means a wall (other than an external or party wall) which subdivides any floor of a building, and which carries any load in addition to its dead weight.

“External Wall” means an outer wall of a building, not being a party wall, even though adjoining a wall of another building.

“Partition Wall” means a wall subdividing any floor and not carrying any load other than its dead weight.

“Square” applied to the measurements of any area means the space of 100 square feet.

“Wood or Wooden Buildings” mean buildings of wood or having wooden frames.

Part 2.—Notice of intention to build or demolish and lodging of plans.

4.—Notice to be given.

No builder shall commence any building, or any addition or alteration to any building without first delivering at the Office of the Board a written application in the form of the first Schedule hereto, before so commencing, and delivering to the surveyor—

(a) Plans and Specifications.—Properly prepared plans and specifications in duplicate of such building, addition or alteration and also details of dimensions, sizes, and qualities of all materials, and enumerating any old materials proposed to be used in the construction of same.

(b) Block Plan.—A block plan showing the relation of the building to adjoining buildings and boundaries.

(c) Purpose.—A statement in writing of the purpose for which the building is intended to be used and estimated cost of work to be done.

(d) Drainage and Water Supply.—Particulars of the proposed method of drainage and water supply.

(e) Further Particulars.—Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

5. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications, when approved, shall be returned to the owner or his agent. Such approval shall be evidenced by writing endorsed on the plans and specifications and signed by the surveyor.

6. Where it is desired to make some minor alterations to a building not materially affecting its stability, lighting, ventilation, or the size of the rooms, the application may, in the first place, be made without submitting plans and specifications, which shall, however, be submitted if the Board so require. The Board may if it sees fit, dispense with the necessity for the submission of plans and specifications, and reduce or dispense with the payment of a fee in case of an application for approval to make minor alterations in an existing building.

7.—Plans, etc., to be kept at building.

Such plans and specifications shall be kept at the building therein referred to and shall be available for inspection by the surveyor or the accredited officer of the Board at all reasonable times on demand during the construction or erection or alteration or addition, as the case may be, and for fourteen days after the completion thereof.

8.—Permits and fees.

No person shall commence any building, or any alteration or addition to any building or demolish any building without having first obtained from the surveyor a written permit for the commencement of same, and without having first paid to the Board fees in accordance with the scale set out in the second schedule hereto, and the fee for the use of the portion of the street abutting on the building during building operations and deposit a security for the reinstatement and repairs of such street, also the charge of the local health authority for providing the necessary pans and lids for the sanitary conveniences.

9.—Area of new building.

The decision of the surveyor as to the area of a new building or value of an addition shall be final and conclusive.

10.—Permits shall lapse after six months.

A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within twelve months from the date of such permit.

11.—Surveyor may enter and inspect.

The surveyor at all reasonable times during the progress and after the completion of any building, or addition or alteration to any building affected by this by-law, may enter and inspect such building or addition or alteration.

12.—Surveyor may stop work if contrary to by-law.

The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under this by-law in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues or builds or erects or works on the site after notice from the surveyor to desist shall be guilty of an offence against this by-law.

Part 3.—General Provisions.

13. Each building in a terrace of buildings or in a pair of semi-detached buildings, shall be deemed to be a separate building for the purpose of this by-law.

14. Every building shall be provided with one or more proper manholes in the ceiling so as to give access for electrical or other fittings.

15. The Board may reject any plans or specifications which in its opinion are not in keeping with the size and character of the adjacent buildings.

16. If required by the surveyor forty-eight hours notice shall be given prior to the covering of any or all of the following works, in order that they may be inspected, that is to say:—trenches, before foundations are laid, foundations before trenches are filled in and drains before they are filled in.

Part 4.—Site, healthiness of.

17. Every person who shall erect a building shall cause the subsoil of the site of such building to be effectually drained, wherever in the opinion of the surveyor the dampness of the site renders such a precaution necessary.

18. If the Board so directs in any particular case, the whole or part of the ground surface or site of the building shall be covered with a layer of good cement, concrete or tarred metal, rammed solid, and at least 4 in. thick.

19. The Board may refuse or postpone approval to build upon a site which is unhealthy, by reason of its liability to dampness, unless and until the site has been rendered dry, sound, and well drained to the satisfaction of the Board.

Part 5.—Position of building on site.

20. No building which is intended to be used as a dwelling house, and no addition to any such building or outbuilding shall be built within a distance of twenty feet measured horizontally, from the road the building fronts or is intended to front, if special circumstances arise the Board may waive the provision of this clause.

21. No building and no addition to any such building shall be built within a distance of three feet measured horizontally from the outer edge of overhang, from any street, road, land, or right-of-way and the side of any such building.

22. No brick, stone, cement or concrete wall shall be erected nearer than two feet to the boundary of the block of land on which it stands, unless it is a parapet wall rising to a height of not less than one foot above the roof gutter, and the Board will not approve of the subdivision of land which would have the effect of leaving an existing wall in conflict with this provision.

23. No building shall be erected in such a position that it shall lie between another building or any part thereof and street, unless such other building has a direct and unobstructed access to some other street at least sixteen feet wide.

24. No two buildings which are intended to be used or which shall be used as dwelling houses or residential flats shall be built or erected or constructed on the one allotment if of wood, within a distance of twelve feet; if of brick, stone, or concrete, within a distance of six feet of each other, provided that this does not prohibit the erection of semi-detached buildings.

25.—Minimum Area of Land.

No person shall build or cause to be built any building which is intended to be used as a dwelling house, unless the site or curtilage of such building has a superficial area of at least 10,890 square feet, and after the adoption of this by-law, all subdivisions or resubdivisions of allotments must be such as to have a frontage to a street or road of not less than 66 lineal feet and a depth of not less than 165 lineal feet, or with such measurements, to equal one quarter of an acre in area.

Provided that when any allotment of land smaller in area than that hereinbefore prescribed was owned by any person prior to the coming into operation of this by-law, and not part of an allotment of which a portion has been alienated or existed since the coming into operation of this by-law, or such allotment is shown on any plan or subdivision heretofore approved by the Board or by the Town Planning Board, the Board may permit a dwelling house, which shall in all other respects comply with this by-law to be erected upon such land. Before permission be so granted for the erection of any building, the land must be subdivided so that each building is located on a separate and distinct allotment. A plan of such subdivision shall be lodged with the application, and there shall be shown on such plan all buildings located or to be located thereon, and no building shall be proceeded with unless and until the subdivisional scheme of such land be approved by the Board.

26. A dwelling house together with its appurtenances, to be erected on any allotment, shall not occupy more than two-thirds the area of such allotment: Provided that, where situated on a site considered by the Board to be an established shopping locality or business area, the Board may permit a building, which is to be a shop and dwelling combined to occupy not more than four-fifths of the allotment, subject to the unbuilt upon area of the allotment being not less than 500 square feet.

27.—Brick Area.

Any building erected in that portion of the Merredin townsite fronting Barrack street from Queen street to Fifth street and fronting Mitchell street from Queen street to Fifth street and fronting Bates street from Barrack street to Coronation street shall be in accordance with the following provisions:—

No external wall shall be erected on the building line of any street or nearer than twenty-five feet to such building line, unless constructed of brick, stone, cement or concrete. Where any building is to be used wholly or in part as a shop or a warehouse, the Board may authorise the external walls of such building to be constructed of wood or iron with wooden framing except the walls referred to before in this clause, but if any such building is to be erected nearer than four feet to an existing boundary the external wall facing such existing boundary shall be constructed of brick, stone, cement or concrete. The Board shall, except on those lots fronting Barrack street from Fifth street to Queen street and Bates street from Barrack street to Coronation street permit the erection of dwelling houses the walls of which are to be constructed of wood or other approved material. The building to be of value not less than £550.

28.—Commercial Buildings.

Permission for the erection of a building for commercial purposes in any part of the Merredin townsite other than that portion fronting Barrack street from Queen street to Fifth street fronting Mitchell street from Queen street to Fifth street and fronting Bates street from Barrack street to Coronation street shall be at the discretion of the Board.

29.—Shops, Minimum Floor Area.

No shop shall have a floor area including window space of less than 200 square feet.

30.—Permit for Erection of Shop where Dwelling Not Attached.

Permission may be given for the erection of a shop where a dwelling is not attached, and where no person resides at such shop: Provided that no portion of such shop or building shall be erected within 15 feet of the rear boundary of such land (excepting in special cases where the physical configuration of the ground precludes such distance being observed) and only if the Board shall approve of the site of the proposed building.

31. The Board may at any time by resolution waive any of the provisions or restrictions of this part, where the levels of the allotment or other exceptional conditions of the site make it necessary or expedient to do so in respect of any building or part of a building.

32.—Access to Rear.

Where there is no public or convenient access to the rear of the site of any building for the removal of night-soil, the building shall be so designed as to leave outside the building a way of access, at least four feet wide, from a public road to a privy closet, and for the removal of garbage and refuse.

33.—Outbuildings.

In the case of an application to erect (as appurtenant to any building) any outbuilding from the use of which unpleasant noises, unpleasant odours, or unusual risk of fire may reasonably be expected to arise, the Board may determine in what position upon the allotment such outbuilding may be erected.

34. Every building must be provided with a sanitary convenience to comply with the provisions of the Health Act and by-laws.

No sanitary convenience shall be erected nearer than six feet to the block of land adjoining that on which it stands. Where a right-of-way adjoins such block, the convenience must abutt on such right-of-way.

35. The Board may authorise the erection of an outbuilding with the exception of wash-house, or sanitary convenience on the boundary, providing such outbuilding is 25 feet distant from the main building on the same lot or from the main building on adjoining lots.

36.—Garages.

Garages must be built of approved material and be not less than 7 feet high at the eaves, provided that the Board may require:—

(a) That any such garage be 50 feet distant from the frontage of any road or street (except in special cases where the physical configuration of the ground precludes such distance being observed).

(b) That any such garage be 5 feet distant from the frontage of any road or street.

(c) That any such garage be 10 feet distant from any building used as a dwelling house on the same allotment or any allotment adjoining.

(d) A garage may be incorporated as part of the main building when such building is of brick, stone, or concrete but must have a ceiling of fire-proof material approved by the surveyor.

(e) The doors of a garage when opened shall not encroach on any road or footpath.

(f) That the garage complies otherwise with all the conditions and limitations of this by-law in regard to buildings.

Part 6.—Materials.

37. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of or to remove at the expense of the owner any material which in his opinion is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building, alteration, or addition. No old or secondhand material may be used unless approved in writing by the surveyor.

38.—Bricks.

Bricks used in any building must be good, hard, and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used, and shall be whole, good, hard, well burnt bricks.

39.—Lime and Mortar.

Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime and not more than three parts by measure of sand. Cement mortar, consisting of one part cement to five parts sand, may be substituted for lime mortar.

40.—Cement Mortar.

Cement mortar shall be composed of good Portland cement or other cement of equal quality, approved of by the surveyor, mixed with clean sharp sand in the proportion of at least one part by measure of cement and not more than three parts by measure of sand, and shall be used before initial setting has commenced.

41.—Concrete.

Concrete for foundations shall be composed of clean broken stone or other hard material approved by the surveyor broken to a gauge not exceeding two inches, and sand well mixed on a wooden floor or in an approved concrete mixer with cement in the proportions of one part by measure of cement to not more than six parts of other materials.

Concrete for purposes of other than foundations shall be as specified above, except that for walls less than six inches in thickness and for reinforced work the stone used shall be broken to a gauge not exceeding three-quarters of an inch.

42.—Timber.

All timbers and wooden beams used in any building shall be good sound material, free from rot, large or loose knots, shakes or any other imperfections whereby the strength may be impaired, and shall be of such sizes, dimensions, and spaces as set forth in clause 43 of this by-law.

43.—Dimensions of Timber.

The following conditions shall apply as to the spacings and scantlings of timber:—

(a) Stumps shall not be less than 4 inches x 4 inches jarrah or other approved timber, spaced not more than 5 feet centre to centre. Stumps shall be tarred and sunk at least 18 inches below the natural surface of the ground, with tarring to extend for 6 inches above the ground level. Ant stops to be provided projecting at least 2 inches over stumps.

(b) Sole plates—jarrah not less than 18 inches x 6 inches x 1½ inches.

(c) Bottom plate and bearers—4 inches x 3 inches hardwood or jarrah.

(d) Floor joists—4 inches x 2 inches hardwood or jarrah at two feet centres supported at least every five feet, or 3 inches x 2 inches at 1 foot 6 inches centres supported at least every four feet.

(e) Vermin plate must be used in construction of all wooden buildings except sheds, and size will be according to studding.

(f) Bearers—4 inches x 3 inches not more than five feet apart.

(g) Studs—not less than 3 inches x 2 inches, spaced at not more than two feet centres, properly braced and secured. Where studs of 3 inches x 2 inches are used the angle or corner studs shall be 3 inches x 3 inches, where studs of 4 inches x 2 inches are used the angle or corner studs shall be 4 inches x 4 inches.

Ceiling joists—not less than 3 inches x 2 inches spaced not more than two feet apart centre to centre, properly braced and secured.

(h) Rafters—not less than 3 inches x 2 inches spaced not more than 3 feet centre to centre in case of iron roofs and 2 feet centre to centre in case of slate, tile, or other similar roofs. Where rafters of 4 inches x 2 inches are used they shall be spaced not more than 3 feet 6 inches centre to centre in case of iron roofs and 2 feet 6 inches centre to centre in case of slate, tile, or other similar roofs.

(i) In addition to the bearers required for the spacing specified above an additional bearer of 4 inches x 3 inches must be placed under each wall or partition.

(j) No framing timber in any building shall be notched or checked out to receive bracing or otherwise so as to reduce its cross sectional area more than one quarter.

(k) Wash-houses, E.C.s., and wood sheds not under main roof to be of not less than 3 inches x 2 inches framing.

44.—Interiors of Walls.

The interior of all walls and ceilings of every wooden building which is intended to be used or shall or may be used as a dwelling house or commercial building shall be constructed of plaster sheets, asbestos sheets, or of approved wood, or other fire resisting materials, as may be approved by the Board.

45.—Roofs.

The roof of every building shall be constructed of tiles, slates, metal or other approved material approved by the Board.

46.—Retaining walls, basements and cellars.

If in the opinion of the Board an impervious retaining wall is required in a basement or cellar then such wall shall be erected to the satisfaction of the Board.

47.—External walls, structure.

Every person who shall erect a building shall cause the external walls thereof to be constructed of brick, stone, concrete, timber, asbestos sheets, or other material approved by the Board.

48.—External walls, construction.

Every wall constructed of brick or stone or other similar materials shall be properly bonded and properly and solidly put together with mortar, and no part of such wall shall overhang any part underneath it, except to the extent of 9 inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

49.—Damp course.

Every wall or fireplace of brick, stone, or similar material shall have a damp proof course or courses of asphalt, distilled tar and hot sand, or other approved impervious materials, at least six inches above the surface of the ground below the lowest floor, and, in cases where it is not desirable to place the same throughout the building at one uniform level then the said damp proof course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than ½ in. thick.

50.—Hollow walls.

External walls may be constructed as hollow walls, if constructed in accordance with the following rules:—

(a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch.

(b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other approved materials. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically.

(c) The thickness of each part of the wall shall throughout be not less than four and one half inches.

51. Concrete or cement blocks shall contain not less than one part cement to six parts mixed aggregate and shall be kept damp for a period of not less than four days, and shall not be used green. Unless with the approval of the surveyor no block shall be used within fourteen days of the date of construction.

52.—Chimneys.

All brick or stone chimneys shall be constructed of ample flue, to be well plastered or pargetted inside for the full height and no timber of any description shall be allowed to be built in the brick work. The Board may give authority to build iron chimneys, but in erection

they shall be laid on either stone or concrete base, and lined three feet high with brick work, and free from all woodwork. Hearths of stone, brick, or cement of approved dimensions shall be placed in front of all fire-places.

53.—Footings.

Every person who shall erect a building of brick, stone, or the like shall construct every wall of such building, unless built upon a hard rock foundation to rest upon proper footings, or upon sufficient beam. The projection of the bottom of the footings on each side of such wall shall be at least equal to one half the thickness of the wall at its base, unless an adjoining wall interferes, or unless the wall is upon the boundary of the land in which case the projection may be omitted on the side of the boundary, or where the wall adjoins. The diminution of the footings shall be in regular off sets, unless constructed of concrete. The height from the bottom of such footings to the base of the wall shall be at least equal to two-thirds of the thickness of the wall at its base; provided that, when the footings are of reinforced concrete, the Board may permit the height to be less; and provided further that it shall not in any case be less than twelve inches.

54.—Windows and ventilators.

All rooms in a building intended to be used as a dwelling shall have at least one vertical window opening directly into the external air, the area of such window to be equivalent to at least one-tenth of the floor area, and shall be ventilated by ventilators communicating directly with the outside air placed near the ceiling of each room, and of an area satisfactory to the surveyor. One half at least of the window shall be constructed to open to its full extent, and so that the opening shall extend to the top of the window provided that in a pantry any other system of ventilation may be substituted for windows, if the surveyor is satisfied that such system is equally efficient.

55. Application to shops.

The provisions of this part of this by-law relating to the height, lighting and ventilation of main rooms in dwellings shall, as far as applicable apply to all shops, save that the windows need not be constructed so as to open if other approved provision or ventilation remains and that the minimum height of walls in shops shall be twelve feet.

56.—Laundries and kitchens.

A dwelling house of any kind shall not be erected with the kitchen and laundry combined in one room.

Part 7.—Rooms, Size, Cubic Space.

57.

Every person who shall erect a building shall provide that:—

(a) The areas of the floors of all the habitable rooms in such building shall, taken together, average not less than 120 square feet per habitable room.

(b) A habitable room shall not in any case have a cubic space of less than 800 cubic feet; provided that, in each dwelling house and in each flat of a residential flat building there should be at least one habitable room the cubic space of which shall not be less than 1,296 cubic feet.

(c) No main room in any building shall be less than 10 feet in height from floor to ceiling.

(d) Where a skillion is erected, height at lowest side shall not be less than 8 feet.

(e) All shops shall have a clear space of 12 feet from floor to ceiling.

58.

Every dwelling house shall be provided with a completely enclosed bathroom, or combined bathroom and laundry, and with wash tubs and copper or other means of washing clothes and with water laid thereto. The floor surfaces of the bathrooms on any floor, and of laundries when above the ground floor, shall be of impervious material, properly graded and drained. The wash tubs, copper, and bath shall not be placed in the kitchen. One bathroom in each dwelling house shall have at least 30 square feet of floor area and a combined bathroom and laundry shall have at least 56 square feet of floor area: Provided that the Board may in any case where it con-

siders that a bathroom and laundry could be dispensed with, exempt any building from the above provision, but such exemption shall be given by resolution of the Board.

Part 8.—Verandahs, Projections, Signs, Hoardings, and Fences.

59.—Awnings and verandahs.

The Board may require that any or all awnings or verandahs proposed to be erected over a public space shall be of cantilever type, to an approved design. No verandah shall be enclosed for living or sleeping purposes without the Board's written consent.

No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing. The lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than eight feet above the level of the outer edge of the footway.

60.—Shop Windows.

Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass, jointed and fixed in metal or approved timber frames, the level of the sill of such frames to be not higher than 30 inches nor within twelve inches of the level of the footpath immediately adjoining the same.

61.—Signboard, Hanging Lamp, etc.

No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any road unless the permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture, shall be of material, construction, and design approved by the surveyor, and shall be in no part less than 8 feet 6 inches above the level of the footpath or road. No signboard shall exceed in depth 3 feet, nor, unless attached to a verandah, project over the footpath or road.

62.—Unightly or Dangerous Fence.

When any fence abutting on or within 10 feet of any road or public place within the district is in a dangerous or unsightly state, the board may by notice in writing, to be served on the owner of such fence, require such owner within fourteen days from the receipt of such notice to take down or repair such fence, as the case may require, and such owner shall comply with such notice.

Part 9.—Drainage Levels.

63. Every person who shall erect a building shall construct the lowest storey of such building at such a level that in the opinion of the Board it may be practicable to construct a drain sufficient for the effectual drainage of such buildings.

64. No person shall build or erect or cause or permit to be built or erected any building, erection, tent, or addition to any building, erection, tent, on any land unless and until such building, erection, tent, or addition and the site and curtilage thereof can be properly drained, and the Board may refuse permission to build and erect any building, erection, tent, or addition unless and until it is satisfied that the proposed building, erection, tent, or addition and the site and curtilage thereof can be properly drained.

65. No water is to be discharged on to the surface of any footpath.

66. The plans for a building shall include provision for carrying of rainwater from the roof thereof without causing dampness in the walls or foundations.

Part 10.—Existing Buildings.

67. If in the opinion of the Board any building has been allowed to fall into an unsafe or an insanitary condition, either by faulty construction or any other cause, the Board may give notice in writing to the owner or occupier to repair said building, and in the event of no action being taken within seven days by the said owner or occupier to remedy any defect complained of in the said notice, the said owner or occupier shall be liable to a fine, as hereinafter provided, until such time as the building shall be placed in a safe and sanitary condition and the owner or occupier, shall be liable for all charges incurred in

doing the necessary works, and moreover, if in the opinion of the Board any building does not warrant the expense of repairing, the owner, after receiving notice, shall remove the building within seven days; failing this he will be liable to a fine, as hereinafter mentioned, for not removing building after receiving notice. The Board may remove same and charge the owners with the cost of so doing, and recover the same in any court of competent jurisdiction, and/or sell the material to cover the cost of taking down.

65.—Removal of buildings.

No building or erection shall be removed into and erected or re-erected in the district or removed from one part of the district to and erected or re-erected in another part thereof unless the owner or person carrying out removal first obtains written permission from the Board to do so. Before such permission shall be granted not less than seven clear days' notice in writing shall be given to the Board or surveyor of the desire to remove and erect or re-erect such building or erection; such notice shall contain or be accompanied by the following:—

- (a) particulars of the situation of the building which it is proposed to remove;
- (b) particulars of the situation of and plan of the land upon which it is proposed to erect or re-erect or place such building thereon, and a tracing copy of such plan, to be retained by the Board;
- (c) a plan giving the dimensions of the building, and any proposed alterations or additions thereto, and a tracing copy of such plan, to be retained by the Board.
- (d) a specification giving the construction of the existing building, and of the alterations and additions (if any) which it is intended to make when the building is erected or re-erected;
- (e) evidence satisfactory to the Board that such house has not been condemned as dilapidated, insanitary, or unfit for human habitation, and a certificate from the health officer of the district from which the building is proposed to be removed that within a reasonable time prior to the date of proposed removal no case of disease of an infectious or contagious nature has occurred therein;
- (f) such further particulars in writing regarding the same as shall be sufficient to enable the Board or its surveyor to determine if all the provisions of any Act of Parliament, by-law, or regulation applicable thereto are or will be complied with.

No written permission shall be given unless such removed building, when erected or re-erected, shall comply with the provisions of this by-law as applicable to new buildings.

No building or erection that has been condemned as dilapidated, insanitary, or unfit for human habitation shall be removed into or re-erected within the district. No removed building shall be occupied until the surveyor shall have certified in writing that all the provisions of the by-law have been observed and complied with in respect to such building.

Nothing herein contained shall prevent the alteration of the position of any building within the boundaries of the land on which the same stands: Provided that, in its altered position, it shall comply in all respects with this by-law and that in the progress of such removal the building be not taken on to any street, road, or public place.

69.—Tents, canvas buildings.

The Board may grant, subject to conditions, or refuse permission to erect, a structure of calico, canvas, or other textile material, and if such structure is erected without the Board's permission, may order its demolition.

70. The Board may order the opening or cutting into or pulling down of any work where the Board has reason to believe or suspect that anything has been done in contravention of the Act or of any by-law, and in the event of the work being found to have been done in contravention of the Act or by-laws, the person doing the work shall be required to comply with the Act or this By-law, and shall bear the full cost of

such pulling down, opening, or cutting into and of compliance with the Act or By-laws. In the event of the work being found to have been done in accordance with the requirements of the Act and the by-laws, the cost of such pulling down, opening, or cutting into, as well as the cost of reinstatement, shall be borne by the Board.

Part 11.—Enforcement of By-laws and Penalties.

71. No person shall erect, build or construct, remove or make any alteration or addition to, or cause to be erected, built, constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

72.—Penalty for breach.

Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than One pound, and not exceeding Twenty pounds.

THE MUNICIPAL CORPORATIONS ACT, 1906.

Midland Junction Municipality.

By-law No. 10—Hawkers and Stall-keepers.

P.W. 1102/38.

IN pursuance of the powers in that behalf contained in the Municipal Corporations Act, 1906, the Mayor and Councillors of the Midland Junction Municipality do hereby order that By-law No. 10 be repealed and the following substituted in lieu thereof:—

By-law No. 10—Hawkers and Stall-keepers.

(1) In the construction of this by-law—

The word "Hawker" has the same meaning as in section 1 of the Hawkers and Pedlars Act, 1892, provided that it shall not include a baker delivering bread to regular customers.

The word "Stall" means a moveable or temporarily fixed stall for the sale of any meat, fish, poultry, game, fruit, vegetables, drinks, eatables or other articles of merchandise.

The word "Stall-keeper" means any person who keeps or conducts a stall whether on his own behalf or on behalf of another person.

(2) No person shall hawk any meat, fish, poultry, game, fruit, vegetables, drinks, eatables, or other articles of merchandise in any part of the Municipality unless and until he shall have obtained from the Council a

license so to do, subject, however, to the provisions of section 181 (h) of the Municipal Corporations Act, 1906.

(3) No person shall keep or conduct any stall in or near any street or way within any part of the Municipality unless and until he shall have obtained from the Council a license so to do.

(4) Every person who wishes to obtain a Hawker's or Stall-keeper's License shall apply to the Town Clerk therefor stating the term, place and kind of merchandise for which he desires to be licensed. The granting or refusing of a license shall be in the absolute discretion of the Council and, when granted, shall not be transferable. Licenses shall be in such one of the forms set out in Schedule A hereto as shall be applicable, and shall be issued on payment of such fees as are set forth in Schedule B hereto.

(5) Every stall-keeper taking up a position on any street, shall take up such position thereon as is allotted to him by an officer of the Council.

(6) No stall-keeper shall take up a position or allow his stall to be or remain upon any street, except between the hours of 7 a.m. and 11.30 p.m.

(7) No stall-keeper shall deposit or store any box or basket under his stall, or upon the footpath, roadway or ground.

(8) No stall-keeper shall shout his wares or make any violent outcry, noise, or disturbance to the annoyance of the inhabitants of the Municipality or of persons passing by.

(9) Every stall-keeper taking up a position on any street shall keep his stall parallel to the kerb and in such a position that the distance between the kerb and his stall shall not exceed one foot.

(10) No stall-keeper whilst upon any stall shall place or allow to remain on his stall any flag or streamer.

(11) Every hawker and stall-keeper whilst plying his trade shall have his name, the number of his license, and the words "Licensed Hawker" or "Licensed Stall-keeper," as the case may be, legibly painted on some conspicuous part of his cart, barrow, basket, bundle, vehicle, bag, package, tray or stall.

(12) Every hawker and stall-keeper whilst plying his trade shall carry with him his license and shall at all times produce the same on demand to any officer of the Council.

(13) Should any officer of the Council be at any time of the opinion that it is necessary to move any stall-keeper from his appointed place, it shall be lawful for him to direct the said stall-keeper to move to any other place he shall deem fit and any stall-keeper who shall refuse to obey such directions shall be guilty of an offence against this by-law.

(14) Every stall-keeper shall at all times act under the direction of any officer of the Council, and any stall-keeper who refuses to obey such instructions shall be guilty of an offence against this by-law.

(15) Where anything by this by-law is directed to be done or forbidden to be done or where authority is given to any officer to direct anything to be done or forbid anything to be done and such act so directed to be done remains undone or such act forbidden to be done is done, in every such case the person making such default as to such direction and prohibition respectively shall be guilty of a breach of this by-law; and every person guilty of a breach of this by-law shall be liable for every such offence, besides any cost that may be incurred in the taking of proceedings, against such person guilty of such offence, to a penalty of not less than 10s. and not exceeding £20.

Dated this 6th day of June, 1938.

Schedule "A."

No. of is hereby licensed to hawk within the Municipality of Midland Junction with a during the period from 19 to 19 , subject to the provisions of the by-laws for the time being in force in the Midland Junction Municipality in respect to hawkers.

Dated this day of 19

MUNICIPALITY OF KALGOORLIE.

Notice of Intention to Borrow Proposed Loan of £15,500.

NOTICE is hereby given that the Council of the Municipality of Kalgoorlie proposes to raise a special loan of Fifteen thousand five hundred pounds (£15,500), pursuant to the powers conferred by the Health Act Amendment Act, 1933 (No. 2), for the purpose of providing moneys for the installation on those lands which the sewers now under construction within the district of the said Municipality are designed or intended to serve of all such drains, fittings, ventilating shafts, pipes and tubes and appliances and connections as may be necessary effectually to enable noxious or waste matter on the said lands to be discharged into such sewers.

The plans and specifications and the estimates of the cost of the said works and undertakings and the statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the loan, are open for inspection at the office of the Council situate in Hannan street, Kalgoorlie, for one month from the date of publication hereof between the hours of 10 a.m. and 5 p.m. on week days (excepting public holidays) and 10 a.m. and 12 noon on Saturdays.

The said amount of £15,500 is proposed to be raised by the sale of Debentures, repayable with interest by 30 half-yearly instalments over a period of 15 years after the date of issue thereof, in lieu of the formation of a sinking fund.

The Debentures shall be interest at a rate not exceeding Four pounds ten shillings (£4 10s.) per centum per annum, payable half-yearly. The amount of the said Debentures and interest thereon is to be paid at the Commonwealth Bank of Australia, Kalgoorlie.

The works and undertakings for which the loan is required will, in the opinion of the Council, be of special benefit to a portion of the District of the said Municipality, namely, the portion of the said district bounded by the western side of Outridge terrace, the south side of Forrest street, the eastern sides of Congdon and Charles streets and the north side of Macdonald street, and any loan rate applicable to such loan will be imposed on the rateable land situate within such portion of the said district.

Dated the 24th day of October, 1938.

(6).—Grindery, etc.

The employer shall find all grindery, workshops and light and shall serve out all colours and materials used in connection with the trade.

(7).—Weekly Payments and Contract of Service.

(a) One hour's notice on either side shall be required to terminate the contract of service. Wages shall be paid at least once in every week. Not more than one day's pay shall be held in hand by the employer: Provided that any worker working for portion of a week only shall be paid all wages due to him before ceasing work for that week.

(b) Payment of wages shall be made during working hours.

(8).—Posting Notices.

Every employer may allow such shop and Union notices as he shall consider unobjectionable to be posted up in a place approved by the employer.

(9).—Hot Water.

The employer shall provide the workers with hot water free of charge for use at lunch time.

(10).—Sub-Letting.

No sub-letting of piecework shall be allowed.

(11).—Record Book.

Each employer shall keep and enter up or cause to be kept and entered up a record containing the following particulars:—

- Name of each worker to whom this Agreement applies.
- Nature of work performed by him.
- The hours worked each day.
- The wages (and overtime if any) received.
- The ages of junior workers.
- The details of any piecework performed.
- The amount paid for such piecework.

Such record shall be open to inspection by a duly accredited representative of the Union during working hours and he shall be permitted to take extracts therefrom.

(12).—Under-Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for or be employed at the proposed lesser rate.

(13).—Piecework.

(a) An employer may make a contract with any worker or group of workers for payment by results by piecework.

(b) A worker working under any system of payment by results shall receive at least the time rate of pay as prescribed in Clause (5) hereof.

(14).—Holidays.

Each worker shall be entitled to twelve paid holidays for each year of service or should the period of continuous service be less than twelve months the worker shall be entitled to paid holidays in proportion as his length of service bears to the full year's employment: Provided that this clause shall be deemed to have been complied with if such holidays are paid for in cash with the worker's hourly or daily or weekly earnings.

(15).—Suspension of Work.

One hour's notice shall be given of suspension of work or that a worker will not be wanted to attend at the factory or workshop and the employer shall be liable only for payment of wages up to the time of the expiration of such notice.

(16).—Junior Workers.

(a) Junior workers in the proportion of one junior to every four (4) journeymen shall be allowed. For the purpose of this sub-clause the employer shall be counted as a journeyman.

(b) The employer shall take on one apprentice before being allowed to engage junior workers.

(17).—Apprentices.

(a) The provisions of the Schedule marked "Apprenticeship Regulations" are hereby embodied and form part of this Agreement.

(b) The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every three (3) or fraction of three (3) journeymen employed by him.

(c) The term of apprenticeship shall be for a period of four (4) years.

(d) Apprentices shall be taught the trade of boot and shoe repairing by hand and/or machining method according to the practice of the shop in which the apprenticeship is served.

In witness whereof the parties hereto have hereunto set their hands the day and year first before written.

SCHEDULE.

Apprenticeship Regulations.

Definitions.

1. (1) "Act" means "The Industrial Arbitration Act, 1912-1935," and any alteration or amendment thereof for the time being in force.

(2) "Apprentice" means any person of either sex of any age who is apprenticed to learn or to be taught any industry, trade, craft, or calling to which these Regulations apply, and includes an apprentice on probation.

(3) "Award" includes Industrial Agreement.

(4) "Court" means the Court of Arbitration.

(5) "Employer" includes any firm, company or corporation.

(6) "Minor" means a person not less than fourteen years of age and not more than eighteen years of age who customarily works under the direction of or in association with an employer, master, or journeyman upon the material and with the tools or implements used in the industry.

(7) "Registrar" means the Registrar of the Court.

Employment—Probation.

2. No minor shall (except where provision is otherwise made in this Award) be employed or engaged in the industry, except subject to the conditions of apprenticeship or probationership herein contained.

3. (1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

7. A Board to be called "The Advisory Committee" may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

(a) Some person appointed by the Court who shall act as Chairman.

(b) Two representatives appointed by the employers.

(c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (i.) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii.) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian, or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of four years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

(a) The names and addresses of the parties to the agreement.

(b) The date of birth of the apprentice.

(c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.

(d) The date at which the apprenticeship is to commence and the period of apprenticeship.

- (e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice.
- (f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.
- (g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.
- (h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

- (i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or
- (ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court, and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

- (a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.
- (b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him. Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot con-

veniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiner, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1935," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

himself from the employer's service without leave, and will comply with the provisions of the Regulations and of all Awards and Agreements made under "The Industrial Arbitration Act, 1912-1935," or any other Act in force so far as the same shall relate to his apprenticeship.

(b) That the apprentice will not do or knowingly suffer any damage to be done to the property of the employer.

3. The employer for himself, his heirs, executors, administrators and assigns HEREBY COVENANTS with the apprentice as follows:—

(a) That the employer will accept the apprentice as his apprentice during the said term, and will during the said term, by the best means in his power, cause him to be instructed in the trade of..... and will provide facilities for the practical training of the apprentice in the said trade.

(b) That the technical instruction of the apprentice, when available, shall be at the expense of the employer and shall be in the employer's time, except in places when such instruction is given after the ordinary working hours.

(c) In the event of the apprentice, in the opinion of the examiner or examiners appointed by the Arbitration Court, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable the apprentice to reach the necessary standard.

(d) That the employer will observe and perform all the conditions and stipulations of "The Industrial Arbitration Act, 1912-1935," or any Act or Acts amending the same and any Regulations made thereunder, as far as the same concern the apprentice, AND ALSO the conditions and stipulations of any relative Award or Industrial Agreement for the time being in force.

4. IT IS FURTHER AGREED BETWEEN THE PARTIES HERETO:—

(a) That the apprentice shall not be responsible for any faulty work or for any damage or injury done to materials, work, or machinery, tools, or plant other than wilful damage or injury during the course of his work.

(b) That the apprentice shall not be required to work overtime without his consent.

(c) This Agreement may, subject to the approval of the Court, be cancelled by mutual consent by the employer and parent (or guardian) giving one month's notice in writing to the Court and to the parties concerned that this Agreement shall be terminated, and on such mutual consent being given the apprenticeship shall be terminated without prejudice to the rights of any of the parties hereto in respect of any antecedent breach of the provisions of this Agreement.

(d) Other conditions.

5. This Agreement is subject to amendment, variation, or cancellation by the Court pursuant to the powers to that effect contained in or implied by the provisions relating to apprentices contained in the Award.

In witness whereof the said parties hereto have hereunto set their hands and seals the day and year first hereinbefore written.
