ROYAL COMMISSION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, over the State of Western Australia
Lieutenant-Governor. and its Dependencies in the Common
[L.S.] wealth of Australia.

To Frank Shaw, William Henry Taylor, and Francis Charles Edmondson, all of Perth, Western Australia, Chairman and Members of the Electricity Advisory Committee as established and constituted under and for the purposes of the Electricity Act, 1937.

WHEREAS the Minister of the Crown charged with the administration of the Electricity Act, 1937, acting in accordance with the provisions of that Act has referred to you Frank Shaw, William Henry Taylor, and Francis Charles Edmondson, Chairman and Members of the Electricity Advisory Committee as established and constituted under and for the purposes of the said Act as such Committee the matter of examining and reporting upon the establishment of a national power scheme at Collie in this State to serve the South-West portion of the State with particular reference to the practicability, the demand, the estimated cost and any other relative financial, commercial and economic factors: And whereas it is deemed expedient that in relation to and for the purposes of the examination and report aforesaid you should have and be able to exercise the powers of a Royal Commission: Now, therefore I, the said Lieutenant-Governor, acting with the advice and consent of the Executive Council, do hereby appoint you, the said Frank Shaw, William Henry Taylor, and Francis Charles Edmondson, being the Chairman and Members of the Electricity Advisory Committee aforesaid and acting in such capacity to be a Royal Commission without payment of remuneration other than the remuneration payable to you respectively under the Electricity Act, 1937, as the Chairman and Members of the Electricity Advisory Committee aforesaid to do the following things, namely:—

1. Inquire into, examine, consider and report—
 - (a) generally upon the matter of the establishment of a national power scheme at Collie in this State to serve the South-West portion of this State; and
 - (b) particularly upon the practicability of, the demand for, the estimated cost of, and any other financial, commercial and economic factors relative and material to, the establishment of a national power scheme as aforesaid.

2. To consider and make any recommendations which in the opinion of the Commission are justified or warranted by the inquiries and investigations made under paragraph 1 hereof.

And I appoint you the said Frank Shaw to be Chairman of the said Commission.

And I declare that you shall by virtue of this Commission be a Royal Commission within the Royal Commissioners' Powers Act, 1902, as reprinted in the Appendix to the Sessional Volume of the Statutes for the year 1928 and that you shall have the powers of a Royal Commission or the Chairman thereof under that Act.

And I hereby request you, as soon as reasonably may be, to report to me in writing the result of this your Commission.

Given under my hand and the Public Seal of the said State, at Perth, this Third day of November, One thousand nine hundred and thirty-eight.

By His Excellency's Command,

(Sgd.) J. C. WILLCOCK,
Premier.

Commissioner of Public Health.

THE HEALTH ACT, 1911-37.

Resolution.

WHEREAS under the provisions of the Health Act, 1911-37, a Local Health Authority may make By-laws, and may amend, repeal, or alter any By-laws so made: Now, therefore, the Kalgoorlie Municipal Council, being a Local Health Authority, doth hereby make the following By-laws re sewerage under section 115 of the Health Act, 1911-37, and section 41 of the Health Act Amendment Act, No. 38 of 1933.—

SEWERAGE—PLUMBING AND HOUSE CONNECTIONS.

1.—Procedure for Connections to Sewer.

When a sewer is completed and ready for use, action shall be taken under sections 29 and 30 of the Health Act Amendment Act, No. 38 of 1933.

2.—Proof of Connections having been made.

The certificate of such officer as the Local Authority may appoint in writing shall be prima facie evidence that water-closet or water-closets, or drains, appliances, apparatus, and connections have been provided, or the works, matters, and things may have been performed, as the case may be, and prima facie evidence as to the amount of costs, expenses, and interest recoverable in respect thereof.

3.—Work carried out under System of Deferred Payment.

If any owner wishes to avail himself of the provisions of the Act regarding deferred payments and the Local Authority has approved of his doing so, he shall sign an agreement to pay the costs incurred by the Local Authority in relation to such works, in not more than sixty quarterly instalments, with interest at the prescribed rate per annum on the amount remaining to be paid added to each instalment. But the said owner may at any time pay to the Local Authority such portion as then remains unpaid of such costs and expenses, together with interest thereon, at the said rate, to the date of such payment. In the event of any of the instalments or interest not being paid within fourteen days after the due date thereof, the whole amount then unpaid shall, if the Local Authority so desires, become due, payable, and recoverable with interest as prescribed by the said principal or any amending Act.

4.—Maintenance by Local Authority.

In the event of the Local Authority carrying out the work of providing such water-closet or water-closets and such drains, appliances, apparatus, and connections, the owner or occupier is legally liable for the cost of repairs and maintenance, but the Local Authority will, for a period of twelve months from the date of completion of the said work, and without charging the owner or occupier therefor, carry out any work of maintenance and repair which in the opinion of the Local Authority is necessary, and which is not in the opinion of the Local Authority occasioned by any neglect or wilful act of the owner or occupier.

5.—Fees for Plans of Drainage.

Drainage plans will be furnished by the Local Authority upon application and payment for the same, as follows:—

Plan of drainage, including survey, etc., for every house or building, a minimum charge of 7s. 6d. and an additional charge of 7s. 6d. for every water-closet more than one, and of ten shillings for each urinal stall in or appurtenant to such house or building.

Plan of any alteration or addition to original plan, 5s.

Plan of alteration or addition to water-closet, urinal stall, or lavatory (for each such alteration or addition), 5s.

Copy of drainage plan, 2s. 6d.

The charge for amendment of plan is to be taken as meaning a charge of 5s. for plan only and not per number of closets.

6.—Plan to remain the Property of Owner.

The plan supplied by the Local Authority shall be produced by the licensed water supply and sanitary plumber whenever required during the progress of the work, to the inspector or other officer of the Local Authority, and on completion of the work the plan shall be handed to the proprietor or his agent. Any special instructions which may be written on the plan shall be strictly adhered to.

7.—Notice and Plan of intended New Building or Additions, etc., to existing Building.

Every person intending to erect a building, or rebuild, or to make any addition or alteration to any building adjacent to the Local Authority's sewers shall give to the Local Authority seven days' notice of such intention, which notice shall be accompanied by plans and sections of such intended building, or addition or alteration, drawn to a scale of not less than one inch to every sixteen feet, showing the position of proposed fittings. Provided that, when required by the Local Authority, enlarged details to such scale as instructed shall be supplied.

8.—When House Drains shall be Trapped from Sewer.

The owner or occupier of every house or tenement shall, where an internal closet is installed, or where ordered, cause every house-drain of such house or tenement to be provided with a suitable interceptor trap at a point as distant as may be practicable from such house or tenement, and as near as may be practicable to the point at which such drain may be connected with the public sewer or other means of drainage, but, if possible, within the boundaries of the property.

An internal closet is a closet which forms a part of the house premises and is entered from the main building of the house, factory, workshop, or work-place.

9.—Drains—Material for, etc.

Pipes—Specifications.

Every person who shall construct, alter, or repair any sewer or drain shall comply with the following conditions:—

- (a) The pipes shall be good and sound, and shall be formed of glazed stoneware, concrete, iron, or of other suitable material approved by the Local Authority.

Size and Fall.

- (b) Every such sewer or drain shall be of adequate size; and no such sewer or drain shall be used for conveying sewage unless the internal diameter thereof be not less than four inches, and (when directed by the Local Authority) the drain shall be laid in a bed of concrete, or other equally suitable material, with a proper fall, and with water-tight socketed or other suitable joints.

Drains under Buildings.

- (c) Every sewer or drain shall be so constructed as not to pass under any building, except in any case where any other mode of construction is impracticable; and, if in any case a sewer or drain shall be so constructed as to pass under any building, such sewer or drain shall be so laid in a direct line for the whole distance beneath such building and of such depth that there shall be distance equal at least to a full diameter thereof between the top of such drain

at its highest point and the surface of the ground under such building. The drain pipe used in such case shall be of cast-iron, jointed with lead as is usual with water-pipes, or of stoneware bedded in and surrounded with good cement concrete at least six inches thick. All drains carried through walls shall have a space of three inches left over the pipe.

Drains near Tree Roots.

- (d) Every sewer or drain which is likely to be damaged or blocked by the roots of trees shall be surrounded by concrete six inches thick, or if in the opinion of the Local Authority it is necessary, cast-iron sewer and drain pipes shall be substituted for earthenware pipes for such distance as the Local Authority may direct, or the trees adjacent to the drain or sewer shall be removed for such a distance as the Local Authority may direct.

Drains exposed to Vehicular Traffic.

- (e) Where drains are in rights-of-way or other open spaces where there is vehicular traffic and are less than two feet in depth, or in yards where vehicles are kept, are less than one foot six inches in depth, or when they are in any case less than one foot in depth, they shall be surrounded with concrete six inches in thickness, or the surface of the right-of-way, yard, etc., shall be covered with at least six inches of concrete or granolithic pavement.

Drains shall be Ventilated.

- (f) Every such drain shall be ventilated in a manner hereinafter provided by these by-laws and regulations.

Inlets shall be Trapped.

- (g) Every inlet to any sewer or drain (not being an inlet provided in pursuance of the by-law and regulation in that behalf as an opening for the ventilation of such drain) shall be properly trapped.

Drains and Pipe Lines shall be in Straight Lines.

- (h) Every sewer or drain shall be laid in straight lines, and where changes of direction occur junctions shall be made with "Y" junctions of the required angle, or bend pipes, in such manner as the Local Authority may previously approve of; right angle junctions shall not be used.

Grades of Sewers and Drains.

- (i) All pipes and house-drains shall be laid with true gradients, and the inclination of the same shall be as steep as the circumstances will permit, but shall in no case be less than 1 foot in 40 feet for 4-inch pipes or 1 foot in 60 feet for 6-inch pipes, or shall not be laid with a grade of more than one foot in 15 feet, unless by special permission of the Local Authority, and approved provision shall be made for regular and efficient flushing.

Foundations.

- (j) In all cases where the Local Authority or its officers shall so direct, all pipes shall be supported on piles and timber foundations, or shall be bedded on concrete. Drops or bends in a vertical position shall have a concrete support placed thereunder as directed. The concrete for this purpose shall be of the proportions of one of cement, two of clean sand, and five of stone, broken to 1½-inch gauge, or gravel approved by such officer.

Junction Pits or Manholes.

- (k) Junction pits or manholes shall not be installed, except with the special permission of the Local Authority.

Reflux Valves.

- (l) Whenever there is a danger of the sewage backing up a house-drain, all pipes shall be fitted with reflux valves, and such valves shall be of brass or gun-metal.

Jointing of Stoneware Pipes.

- (m) All pipes shall be carefully bedded on the barrel on the solid ground, and all joints shall be made with cement mortar, mixed in the proportion of one of cement and two of sand. All joints shall be completely filled with mortar and splayed off on the outside to an angle of 45 degrees. Jointing of the following description shall be carried out as circumstances require, viz.:—In dry sand the joints shall be made with cement mortar as described in by-laws and regulations. After the jointing is done the pipe shall be wiped clean of surplus mortar and left perfectly clean on the inside before another pipe is laid. In water charged ground the pipes shall be supported, as described in part (j) of this by-law, on concrete or timber foundations, as may be directed. Every precaution shall be taken to prevent the entrance of sand or silt into the pipes. All pipe lines are to be inspected, tested, and approved before the trenches are filled in, and no drain shall be used before being passed by the Local Authority or its officer.

Testing of Pipes and Fittings.

- (n) All pipes, bends, and other apparatus necessary for any such house-drain shall be submitted to the Local Authority for the test and shall be approved and passed by the inspector before being used.

The following charges shall be made for testing and branding fittings and pipes:—

Lead pipe, per length of six feet—3in. to 4in., 2d.; 1½in. to 2½in., 1d.

Lead traps—1½in. to 4in., 1d. each.

Galvanised wrought iron pipe, per length of 6 feet—1½in. to 2in., 1d.; 2½in. to 3in., 2d.

Metal flush pipes for w.c.'s and hoppers—1d. each. Springs and bends—1d. each.

Cast iron 6in. soil pipes—3d. per 6ft. length; 4d. per 9ft. length. 6in. soil pipes (special)—3d. each; 3in. and 4in. soil pipes—2d. per 6ft. lengths; 3d. per 9ft. lengths. 3in. and 4in. soil pipes (special)—2d. each.

Reflux traps or valves—6d. each.

Gully and "P" traps, grates, and inspection shaft covers—1d. each.

Silt traps—3d. each.

Galvanised cast iron mica flap inlets—4in., 2d. each; 2in., 1d. each.

Kitchen sink and lavatory basin—3d. each.

Flushing cisterns, including ball valves—6d. each.

Silent flusher of the press button or lever type—2s. 6d. each.

Earthenware pedestal pans and slop hopper—6d. each; metallic joints when tested separately—6d. each; 4in., 6in., and 9in. stoneware pipes, bends, and junctions—1d. each.

"P" and "S" traps, yard gullies—3d. each, when tested at Department's testing yards. When material is tested at manufacturer's or merchant's premises, an additional sum of three shillings (3s.) per diem will be charged as travelling expenses for the testing officer for each day or portion thereof the officer is employed at the premises of the person requiring such tests.

Brass fittings—Fittings for all wastes—1d. each.

Bib, stop, and ball cocks—2d. each; straight ferrule unions, plumbers' unions—2d. each; straight connections, caps, and linings for water—2d. each.

Galvanised sheet iron, 4in. vent pipe—1d. per length of 6ft. or less; 1½in. to 2in. pipes—1d. per length of 3ft. or less; 6in. offsets and bends—2d. each; 2in. and 4in. offsets—1d. each; 2in. and 4in. bends—1d. each; 6in. vent cowls—3d. each; 4in. vent cowls—2d. each; 1½in. and 2in. vent cowls—1d. each.

Urinals—Fireclay urinals, including flush pipe—2s. 6d. each.

The fittings and material which require to be approved of but not stamped are as follows:—

Baths, washtroughs, etc. (outlet connections must be stamped); lead caps and tacks or lugs for lead pipe; galvanised wire strainers for vent

pipes; wrought iron bolted clips for cast and sheet iron pipes; galvanised clips and vent stays; valves and couplings for cisterns.

All pipes and fittings shall be brought to places indicated by the Local Authority, and all fees shall be paid before the material is removed after testing.

Fees shall be payable on all material tested, whether rejected or passed.

All material which has been tested and passed by the Metropolitan Water Supply, Sewerage, and Drainage Department may be passed by the Local Authority without further test or charge.

10.—Specification of Waste, Vent, and Soil Pipes.

Every person who shall construct any lead soil pipe, or other pipe whatsoever in connection with drainage or sewerage shall comply with the following conditions:—

Material, Sizes and Weights.

(a) All material and fittings shall be of the best quality and of the following weights and dimensions:—

Fitting.	Diameter of Waste or Soil Pipe.	Minimum Weight of Lead per Square Foot.	Diameter of Vent Pipe.	Minimum Weight of Lead per Square Foot.
	inches.	lbs.	inches.	lbs.
One lavatory basin ...	1½	6	1½	6
Row of three or more lavatory basins ...	2	6	2	6
Lavatory basin overflow ...	1½	6
One bath ...	2	6	2	6
Combined waste for baths ...	2	6	2	6
Bath overflows ...	1½	6
Wash tub ...	2	6	2	6
Set of tubs ...	2	6	2	6
Kitchen sink ...	2	6	2	6
Pantry sink ...	2	6	2	6
Slop sink ...	4	7	4	7
One urinal ...	2	7	2	7
Row urinals ...	2	7	2	7
Soil pipes ...	4	7	4	7

Joints.

(b) All joints of lead soil pipes and waste pipes shall be of the kind known as wiped joints, excepting where in the opinion of the Local Authority expansion joints are necessary.

Cast Iron Pipes.

(c) Cast iron pipes may be used for soil pipes, and shall be of uniform thickness throughout of ¼-inch, or equal in weight to not less than 37 lbs. per lineal yard. The socket of pipes shall be not less than 3in. in depth, and joints shall be made with gasket and lead. Lead should be run in hot and well caulked with proper tools. All cast iron pipes shall be sound, free from holes and cracks, and coated with tar, asphaltum, or other approved mixture.

Lead Pipes.

(d) Lead pipes shall be supported by tacks or lugs wiped on in pairs to the pipes. Such tacks shall not be more than the following distances from centre to centre:—

- 4in. vertical pipe—2ft. 6in. centres.
- 4in. horizontal pipes—2ft. centres.

For pipe less than 4in. diameter the distance between the centres of tacks or lugs shall be not more than three feet and two feet three inches respectively.

The dimensions of the tacks or lugs shall be as follows:—

- Diameter of pipe:—
- 4 inches—8 inches by ¼ inch.
- 3 inches—6 inches by 3/16th inch.
- 2 inches—4 inches by 1/8 inch.
- 1½ inches—3 inches by 1/8 inch.

11.—Waste Pipes.

Every person constructing, repairing, or altering waste pipes shall comply with the following conditions:—

Trapping and Venting.

(a) All waste pipes from urinals, housemaid's slop sinks, kitchen sinks, lavatory basins, wash tubs,

and baths shall be trapped and properly vented, provided that, where the length of the waste pipe from lavatory basins, baths, and wash tubs does not exceed 10 feet in length, or the seal of trap is not reduced by discharge from fitting, and where wash tubs are in open sheds detached from a dwelling, the vent may be omitted.

(b) The traps in each case shall be placed, unless otherwise directed, as near to outlet of fittings as possible.

Cleaning Eyes.

(c) Cleaning eyes shall be fixed where necessary and in positions approved of by the Local Authority.

Grading.

(d) The grades of all waste pipes shall be as steep as circumstances will permit, but shall not be less than 1 in 30 for 3-inch, 1 in 20 for 2-inch, and 1 in 15 for 1½-inch pipes.

Wrought Iron Tubes.

(e) Wrought iron tubes may be used for waste or vent pipes from lavatory basins, sinks, baths, and wash tubs, and such tubes shall be of the weight and quality approved by the Local Authority. The tubes shall be secured in an approved manner every six feet, or such less distance as the Local Authority may require.

Fittings.

(f) All fittings shall be of brass or malleable iron of approved quality.

12.—Baths, Sinks, etc.

Baths, Sinks, Tubs, and Basins.

Sinks, tubs, basins, or other fittings provided with an outlet shall not, without the written approval of the Local Authority, be fixed or used unless connected to the Local Authority's sewers in conformity with the by-laws and supported in such manner as to be entirely open for inspection. Galvanised iron baths, if not self-supporting, shall be supported with a wooded frame. All fittings shall be graded with a fall to the outlet, so that when the plug is out no water will remain in the fitting. Kitchen sinks, wash tubs, and drainage boards shall be flashed with not less than 5 lb. lead when ordered by the Local Authority.

13.—Water Closets and Latrines.

Position and Ventilation.

There shall be one closet provided for each tenement, and every person who shall construct a water closet in a building shall comply with the following conditions:—

(a) One of its sides at least shall be an external wall of such building, abutting on to a street, lane, or an open space of an area of not less than 50 square feet the property of the owner of the building, and, if ordered, the owner shall provide a window or louvre opening directly into the external air, and such opening shall be of not less dimensions than one foot three inches by one foot.

(b) It shall not be entered directly from any room or building used for the manufacture, preparation, or storage of food for man, or used as a factory, workshop, or work place.

(c) On any side on which such water closet would abut on a room intended or used for the manufacture, preparation, or storage of food for man, or used as a factory, workshop, or work place, it shall be enclosed by an air-tight partition of brick or other approved material extending the entire height from floor to ceiling.

(d) With the permission of the Local Authority, a water closet may have direct access from a room used for sleeping or for a meeting room, but in such cases the ventilation shall be so arranged that a current of air is in circulation through the water closet independent of the room from which it opens off.

Window to Internal Closet and Bathroom.

(e) In addition to the window, the owner or occupier shall provide adequate means of constant ventilation by at least one air-brick built in an

external wall of such water closet, or by an air-shaft, or by some other effectual method or appliance for ventilation.

Provided that, where a bathroom is also used as a closet, the window shall be of such size as the Local Authority may direct.

- (f) All new and reconditioned w.c.'s must be constructed in accordance with plan and specification approved by the Local Authority.

Removal and Re-erection of Closets.

- (g) Closets or urinals already in existence shall, wherever considered necessary by the inspector, be removed where directed by the inspector, and such removal or re-erection shall be at the cost of the owner, who shall have the work completed within one calendar month from delivery by the inspector of written notice to the owner requiring this to be done, provided that the owner may appeal to the Local Authority.

Safe for Internal Closet.

- (h) Every person or occupier of any house or tenement in which an internal water closet is constructed and used shall cause such internal water closet to be provided with an approved impervious floor or a lead safe, and escape pipe $1\frac{1}{2}$ inches in diameter attached thereto. Such escape pipe shall be in a suitable position to completely drain the safe, and shall be fitted with a 2in. brass grate and a brass flap valve. The safe shall discharge in some conspicuous place. Provided that this by-law shall not apply to any water closet situated on the ground floor of any house or tenement, and where in the opinion of the Local Authority there is no likelihood of damage being caused by leakage or blockage.

Joints for Internal Closet Pan.

- (i) In tenements, factories, and other buildings permanently occupied the joint between the pan, slop hopper, soil pipe, and vent pipe of internal closets shall be of "Metallo-Keramic" type, or its approved equivalent.

Floors for External Closets.

- (j) The floor of every external water closet shall be constructed of concrete or other approved impervious material six inches thick, and shall have a slope of one-half of an inch to each foot towards the door.

Closets to have Proper Basins.

- (k) Every owner or occupier of any house, tenement, or lands in which a water closet is constructed or used shall furnish such water closet with an approved stoneware or fire-clay pedestal pan of non-absorbent material, and of such shape, of such capacity, and of such mode of construction as to receive and contain a sufficient quantity of water, and to allow all filth which may from time to time be deposited in such pan, basin, or receptacle to fall free of the sides thereof, and directly into the water received and contained in such pan.

Flushing.

- (l) Every pan, unless permission is obtained to vary the quantity of the flush, shall be of such type and construction as to be thoroughly cleaned with a flush of two gallons of water from a cistern provided in accordance with clause (n). Where a large quantity of water is necessary for the type of pan installed, the flushing arrangements shall be approved by the Local Authority.

Seats of Closets shall be Removable.

- (m) The owner or occupier of every house or tenement shall cause the seats of the water closets connected therewith to be so constructed that the same may be easily removed or attached to the pan in such a manner that every part of the closet may be inspected with facility. Seats with holes of such size as to cause fouling of the pan shall not be used.

Cisterns and Down Pipes.

- (n) Every owner or occupier of any house, tenement, or land in which a water closet is constructed or used shall cause such water closet to be supplied with a proper cistern fitted immediately over the pan, and shall also cause the following fittings to be constructed: the down pipe from such cistern shall in no case be less than $1\frac{1}{4}$ -inch internal diameter, and shall be fitted as straight as possible under the circumstances. The valve seating of every such cistern shall be at least five feet clear above the closet seat, but in cases where this distance cannot be obtained in existing buildings without structural alteration four feet will be allowed, but the internal diameter of the down pipe shall then be $1\frac{1}{2}$ inches. Every such cistern shall be made and maintained of such materials and dimensions, and of such plan of construction, and with such ball cocks, stop cocks, down and waste pipes, and other appliances as shall be deemed requisite by the Local Authority to prevent waste of water. Every cistern used in connection with a water closet or slop sink shall discharge two gallons at each flush. The supply pipe shall be adequate to fill the cistern at the rate of one gallon in 30 seconds.

Storage of Water.

- (o) The Local Authority may require the owner or occupier of every house, tenement, factory, institution, or place, public or private, to provide same with tanks or cisterns for storing water for flushing and cleansing the pipes, drains, traps, and apparatus of water closets and urinals connected therewith, in the event of a temporary stoppage of water supply or otherwise, and such tanks or cistern shall be of such capacity, dimensions, and arrangements as shall be required by the Local Authority, and the owner or occupier shall comply with such requisition.

14.—Sanitary Conveniences at Hotels, Lodging-houses, and Shops.

In hotels, offices, lodging-houses, and shops, and, if so directed by the Local Authority in any other premises, sanitary conveniences shall be provided as under and in accordance with the following conditions:—

- (a) One water closet for males and one for females, placed in suitable positions, shall be provided for every ten people who live or work on the premises, in accordance with clause (c) hereunder.
- (b) In hotels urinals shall be provided for the public frequenting the premises.
- (c) Closets for different sexes shall not adjoin each other, unless separated by a wall of brick, stone, or concrete of approved thickness; such wall may be the wall of one closet or common to both.
- (d) The door of every external closet or urinal shall be properly screened, at least 6ft. high, and reaching to the ground, and, if required, a screen shall be fixed to prevent the closet or urinal being visible from overlooking windows.
- (e) Any closet for the use of females shall have a separate entrance behind such screen, and such entrance shall not be within 12 feet from the entrance of any closet intended for the use of males.
- (f) Every school, kindergarten, college, or institution where children are trained or educated shall be provided with accommodation in the following proportion:—

For every 33 boys attending such school, kindergarten, college or institution—1 water closet.

For every 25 girls attending such school, kindergarten, college or institution—1 water closet.

For every 30 boys attending such school, kindergarten, college or institution—1 stall urinal.

Closets for school shall conform to clauses (c), (d), and (e) of this by-law.

15.—Sanitary Conveniences at Factories.

The owner of any building used for the purpose of a factory shall provide sanitary conveniences for the use of the employees at such building, in accordance with the following scale and conditions:—

Water Closets.	Proportion of Pans for Female Employees.	Proportion of Pans for Male Employees.
When the number of employees does not exceed 100	One to 20	One to 25
When the number of employees is over 100 and under 200	One to 25	One to 30
When the number of employees is over 200	One to 25	One to 40

Closets for factories shall conform to clauses (c), (d), and (e) of by-law No. 14.

16.—Urinals.

The floors of all urinals shall be tiles or paved with an approved fall towards the drain from the stalls. The walls shall be of approved non-absorbent material, and the urinals shall be of the type known as the round backed stall pattern. Other forms of urinals will only be allowed by permission of the Local Authority.

In factories urinal accommodation for male employees shall be provided in the proportion of one stall to each 30 employees.

Urinals shall be screened in a similar manner to water closets, and as approved by the Local Authority.

17.—Cisterns for Urinals.

Approved automatic flushing cisterns shall be fixed on public urinals, and shall be timed to discharge at such intervals as the Local Authority may direct. The use of automatic flushing cisterns shall be confined to railway stations and public conveniences. In all urinals the whole of the flush pipes shall be of copper, unless the approval of the Local Authority is obtained to substitute wrought iron pipes.

Pull and chain cisterns shall be used in connection with urinals in all other situations, unless by permission of the Local Authority some other type is substituted, and the discharge shall be equal to one gallon for each urinal stall, except where otherwise allowed.

In a combination of two urinals one two-gallon cistern may be used.

18.—Urinal Waste Pipe.

Urinals shall be connected direct to the soil pipe or drain in a manner similar to water closets, except that in all cases they must be back vented.

19.—Baths, Lavatory Basins, Kitchen Sinks and Wash-troughs.

Every owner or occupier of any house, tenement, or lands in which any of the above-mentioned fittings are constructed or used, shall comply with the following conditions:—

Outlets.

- (a) Baths or lavatory basins, kitchen sinks, or wash-troughs shall be provided with an outlet, the dimensions of which shall be equal to the area of the waste pipe.

Inlets.

- (b) The water supply inlet or inlets shall in all cases be placed one inch above the top water level of the fitting.

Lavatory Basins in Bedrooms.

- (c) Lavatory basins may with the permission of the Local Authority be fitted in rooms used for sleeping rooms.

Lead Flashing.

- (d) Baths, lavatory basins, kitchen sinks, etc., shall be flashed with not less than 5 lb. lead where ordered by the Local Authority.

Fixing of Troughs.

- (e) Washtroughs shall be of approved pattern and material. They shall be securely fixed and supported and drain freely towards the outlet.

Lead Safe.

- (f) Where baths, lavatory basins, washtroughs, or kitchen sinks are fixed in such positions as in the opinion of the Local Authority to require a lead or other safe, such shall be fixed; or where an existing safe is in position and is allowed to remain, such safe shall be properly graded towards the outlet or escape pipe, which shall be 1½ in. in diameter, so placed as to drain the safe and to be fitted with a 2 in. brass grate and flap valve, the outlet of which shall be in a conspicuous position.

20.—Slop sinks.

All connections to slop sinks shall be made in accordance with the following conditions:—

Connections.

- (a) A housemaid's slop sink shall be treated and connected to the soil pipe in the same way as a water closet, except that it must be properly back vented. The size of the waste and vent pipes shall be as given in by-law No. 10.

Type.

- (b) Only the pedestal type of slop sink as approved by the Local Authority shall be used.

Waste Pipe.

- (c) The waste pipe shall discharge directly into a soil pipe, or into the house-drain as directed.

Draw-off Taps.

- (d) Draw-off taps shall not be used directly over slop sinks, unless at least 18 in. above the sink.

21.—Yard Gullies.

(a) Every owner or occupier of any house or tenement shall cause such house or tenement to be provided with a yard gully for kitchen or house slops, and of such design as approved by the Local Authority, wherever practicable, or, unless approval is given otherwise by the Local Authority, such gully shall be within 10 feet of the back door or kitchen door of the house or tenement.

(b) Yard gullies shall be fitted with traps and connected with the drains of such house or tenement, and all inlets of such yard gullies shall be protected with suitable gratings, which shall be raised to such a height above the surface of the ground as will prevent the ingress of surface water to the Local Authority's sewers.

Rainwater Pipes.

- (c) Rainwater pipes shall not be connected to or discharge into any gully connected with the Local Authority's sewers.

Separate Gullies.

- (d) Each house shall have a separate yard gully, over which a water tap shall be placed, except where otherwise allowed by the Local Authority.

Gullies shall not be inside Buildings.

- (e) Gullies shall not be constructed or be allowed to remain inside any buildings unless with the approval of the Local Authority.

Grease Traps.

- (f) Grease intercepting traps of approved design shall be provided where directed.

22.—Soil Pipes.

Shall be outside Building.

(1) Any person who shall erect a new building shall not construct any drain of such building in any such manner as to allow any inlet to such drain (except inlet as may be necessary from the apparatus of any water closet) to be made within such building, if any other method be possible, and shall not permit any soil pipe from water closet or urinal to be fixed or to be within any house or tenement.

Connections.

(2) The owner or occupier of any house or tenement shall cause the connection of every soil pipe with any closet, urinal, lavatory, or other sanitary fitting inside such house or tenement to be made as short and straight as possible, and to comply with the following conditions:—

Ventilation.

- (a) Every soil pipe shall be ventilated by being carried up above the roof of such house or tenement in such a manner as the Local Authority shall in each case direct.

Dimensions of Pipes.

- (b) Soil pipes which shall be less than four inches internal diameter shall not be fixed or used or permitted to be fixed or used, nor shall any continuation thereof for ventilation be less than four inches internal diameter.

Material for Soil Pipes.

- (c) Soil pipes shall be of cast-iron or lead and shall be connected with the sewer or drain in such a manner as the Local Authority shall in each case approve of.

Traps on Soil Pipes.

- (d) Soil pipes shall be so constructed and maintained that there shall not be any trap between such soil pipe and the drains, or any trap (other than such as may necessarily form part of the apparatus of any water closet) in any part of such soil pipe.

23.—Ventilation.

Every owner or occupier of any house, tenement, or lands where an internal closet has been installed shall comply with the following requirements, viz.:—

Untrapped Openings.

- (a) At least two untrapped openings to the drains of such house, tenement, or lands shall be provided, and in the provisions of such openings such one of the two arrangements hereinafter specified shall be adopted as the circumstances of the case may render the more suitable and effectual, that is to say—

Inlet and Outlet.

- (b) One opening, being at or near the level of the surface of the ground adjoining such opening, shall communicate with the drains by means of a suitable pipe, shaft, or disconnecting chamber, and shall be situated as near as may be practicable to the trap which, in pursuance of the by-law or regulation in that behalf, shall be provided between the main drain or other drain of the building and the sewer or other means of drainage with which such drain may lawfully communicate. Such opening shall also in every case be situated on that side of the trap which is nearer to the building. The second opening shall be obtained by carrying up from a point in the drains, as far distant as may be practicable from the point at which the first-mentioned opening shall be situated, a pipe or shaft vertically to such a height and in such a manner as effectually to prevent any escape of foul air from such pipe or shaft into any building in the vicinity thereof.

Reversal of Ventilation.

- (c) If drains cannot be ventilated as provided for in clause (b) of this by-law, the system of ventilation may be reversed by authority from the Local Authority.

Ventilation for Connection.

- (d) In addition to the ventilators specified in clause (b) of this by-law, a further ventilating opening shall, if ordered, be provided on the down stream side of the interceptor trap in the position and of the size and height ordered by the Local Authority.

Direct Ventilation.

- (e) Where an interceptor trap is not provided the ventilators specified in clauses (a), (b), (c), and (d) of this by-law need not be installed, but from the highest of such other points of the house drains as the Local Authority may direct exhaust or induct ventilators of the sizes and heights ordered shall be erected.

Gratings over Ventilators.

- (f) Every opening provided in accordance with either of the arrangements before-mentioned, or for any other purpose in accordance with these by-laws or regulations, shall be furnished with a suitable grating or other suitable cover for the purpose of preventing any obstruction in or injury to any pipe or drain by the introduction of any substance through any such opening, and such grating or cover shall be constructed and fitted so as to secure the free passage of air through such grating or cover by means of a sufficient number of apertures of which the aggregate extent shall not be less than the sectional area of the pipe or drain to which such grating may be fitted.

Size of Ventilators.

- (g) Every pipe or shaft which may be used in connection with either of the arrangements hereinbefore specified shall be of a sectional area not less than that of the drain with which such pipe or shaft may communicate, and not less in any case than the sectional area of a pipe or shaft of the diameter of four inches. Such ventilator shall be secured with stays as directed by the Local Authority.

Bends in Vents.

- (h) Bends, angles, or horizontal lengths shall not (except by the special authority and permission of the Local Authority) be formed in any pipe or shaft used in connection with either of the arrangements hereinbefore specified.

Cows.

- (i) Every shaft used as a ventilating pipe shall be provided with an approved cowl.

Soil Pipe as Vent.

- (j) Provided always, that for the purpose of either of the arrangements hereinbefore specified, the soil pipe of any water closet, in every case where the situation, sectional area, height, and mode of construction of such soil pipe shall be in accordance with the requirements applicable to the pipe or shaft to be carried up from the drains, may be deemed to provide the necessary opening for ventilation which would otherwise be obtained by means of such last-mentioned pipe shaft.

24.—Material for and Support for Vent Pipes.

Material for and the erection of vent pipes shall comply with the following conditions:—

- (a) Pipes used solely as ventilating pipes and situated wholly outside buildings may be of cast-iron, galvanised iron, or lead, and of stoneware beneath the surface of the ground. Galvanised iron pipe of less thickness than 24-gauge shall not be used; joints shall be thoroughly airtight. The first six feet of vent pipe shall be of cast-iron or 18-gauge galvanised iron. The internal diameter of the pipe shall be not less than that of the drain, and in no case less than four inches. Ventilation pipes shall be painted on the inside with patent asphaltum or other approved composition paints, and on the outside with two coats of best paint of approved tints. As far as possible all ventilating pipes shall be fixed outside buildings; rainwater pipes shall not be used as ventilators.
- (b) Vent pipes shall be supported by means of clips fastened to plugs in brick, stone, or concrete walls, or by screws to wooden buildings; there shall be one clip to each six feet and the top clip shall in all cases be bolted through or into the wall.
- (c) Where vent pipes are within 30 feet of any window they shall be carried up at least six feet above such window. Vent pipes shall be two feet above any adjoining parapet or ridge, and if within 10 feet of any chimney are to be two feet below the chimney opening or of the height directed.
- (d) Vent pipes of 24-gauge without any offset shall not remain unsupported if more than 12 feet above the top clip; if there is an offset the unsupported length shall not exceed nine feet;

but in the event of the gauge being increased to 18-gauge the respective heights may be 20 and 15 feet. Where the heights given are exceeded, the vent pipe shall be supported by galvanised bolted clips with galvanised pipe stays.

25.—Ventilating Opening shall be kept Free.

The owner or occupier of every house or tenement shall cause all openings for ventilation or other purposes made in accordance with the by-laws or regulations to be kept open and perfectly free from obstruction, and shall at all times keep all openings to the drains upon his premises, whether for ventilation or otherwise, and all traps and other fittings in good order, clean, and free from obstruction.

26.—Lowest Storey of Building shall be at level above Sewer.

Every person who shall erect a new building shall construct the lower storey of such building at such level as will allow of the construction of a drain sufficient for the effectual drainage of such building, and of the provision of the requisite communication with any sewer into which such drain may lawfully empty, at a point in the upper diameter of such sewer, or with any other means of drainage with which such drains may lawfully communicate. The Local Authority may in any case in which it thinks proper exempt any person from the provisions of this by-law or regulation, upon application by the owner and an undertaking providing that it is solely at the owner's risk.

27.—Fittings in Basement.

Fittings shall not be placed in a cellar or basement, except with the permission of the Local Authority, and where necessary approved reflux traps shall be fixed.

28.—Rainwater Pipes and Street Gullies shall not be Connected to Sewer.

Gullies or pits for the disposal of road drainage, or for the disposal of stormwater from any roof, yard, or vacant land shall not be connected with any sewer or drain under the control of the Local Authority.

29.—Deposit of Refuse in Sewers and House-drains Explosives.

Ashes, house refuse, animal, or any other solid matter shall not be deposited in any sewer, drain, or apparatus connected therewith so as to endanger the efficiency of same; and suitable provision shall be made to intercept and prevent same passing into such sewers or drains. Sludge water or wastes from manufactories shall, if ordered by the Local Authority, be purified and reduced to a temperature not exceeding 100 degrees Fahrenheit before being discharged into any sewer or drain. Gaseous or acid liquids or solids of an explosive nature shall not be discharged into any sewer or drain.

30.—Infectious Disease.

Solid or liquid discharge from patients suffering from typhoid fever or any other infectious or contagious disease shall not be emptied into any sewer or drain from any hospital, institution, or other private or public building, unless such discharge has been thoroughly disinfected.

BY-LAWS FOR GENERAL PURPOSES.

31.—Sewerage work shall be done only by Licensed Plumbers.

(a) No person shall do or cause to be done any work in connection with sewerage on any premises, or in connection with any fitting or apparatus connected therewith, unless he shall have been licensed by the Metropolitan Water Supply, Sewerage and Drainage Department as a "Sanitary Plumber," and be in possession of a permit from the Local Authority.

(b) The fee for the permit issued by the Local Authority shall be ten shillings per annum and such permit may be withdrawn or cancelled at the discretion of the Local Authority.

(c) Permits issued by the Local Authority shall be current only from 1st January to 31st December of the year of issue.

32.—Breaches of By-laws by Plumbers.

Any licensed water supply and sanitary plumber or water supply plumber offending against any by-law or regulation of the Local Authority, or who shall refuse to give any needful or proper information required by an officer of the Local Authority, either by himself or those employed by him, or who, within seven days from date tenders close, withdraws or varies any tender he may have lodged, or fails to complete any contract with the Local Authority, or with a private owner within the time specified, shall be liable to a fine not exceeding Twenty pounds, and he shall also show cause why his license shall not be suspended or cancelled. Any person who has been removed from the list shall not be re-admitted as a licensed water supply and sanitary plumber until the term of his suspension has expired or the Local Authority has directed his reinstatement.

33.—Authority to enter Premises.

Any officer of the Local Authority may at all reasonable times enter any house or premises connected, or intended to be connected with the sewers, in order to examine whether the pipes, drains, and other fittings in such house or premises are in proper order. Any person refusing such admission or in any way hindering such officer in the execution of his duty shall be guilty of an offence and liable to a penalty, as hereinafter prescribed.

34.—Standard Fittings and Drawings

Approved standard fittings and type drawings will be exhibited at the office of the Local Authority. Due consideration will be given by the Local Authority to the claims of any other fittings which may be presented for approval, and, if considered satisfactory, the same may be placed among and become one of the approved standard fittings. The Local Authority may from time to time amend, alter, or cancel any or all of the standard fittings or type drawings, and replace them by such other approved fittings or drawings.

35.—Junctions or interference with Pipes, Sewers, or Fittings.

No person shall make any connection or interfere with any pipe, sewer, or fitting of the Local Authority, or with any pipe, sewer, or drain communicating therewith, at any other place than shall be approved by the Local Authority, and the mains shall only be tapped by the workmen of the Local Authority, at the cost of the owner or occupier of the property concerned.

36.—Issue of Permits for and Inspection of Works.

Work shall not be undertaken in connection with sewerage or drainage, or in the extension or alteration thereof, until such time as the necessary printed permit is obtained. One week's notice shall in all cases be given by the licensed plumber before work is intended to be commenced, unless the officer of the Local Authority duly appointed to issue permits expressly accepts shorter notice. In no case shall any pipes, drains, or apparatus in connection with sewerage be used until the said work shall have been inspected, and, if necessary, tested by the said officer, and certified by him on the prescribed form. No underground or enclosed work shall be covered up or concealed from view until the same shall have been duly inspected and passed by the inspector, and for this purpose the person to whom the permit has been issued shall immediately report any work which is ready for inspection or test, and every facility shall be afforded to such officer for making such inspection or test.

37.—Owner or Occupier responsible for Cleaning Private Drains.

(a) All drains and fittings connected with any sewer shall from time to time be repaired and cleansed under the inspection or direction of the Local Authority, at the expense of the owner or occupier of the land in respect of which the said drain shall be constructed, and in case any such owner or occupier shall neglect to repair or cleanse any such drain according to the direction of the Local Authority, he shall on conviction for every such offence forfeit and pay a penalty not exceeding Ten pounds.

(b) Subject to any agreement between the owner and occupier of any premises, the cost of repairing drains and fittings shall, as between the owner and occupier, be payable by the owner, and the cost of cleansing drains shall, as between the owner and occupier, be payable by the occupier.

The drainage of each house is to be arranged for separately, unless in cases of properties belonging to the

same owner, or where in the Local Authority's opinion special reasons exist for draining by a combined operation.

Owners desiring to have the drainage of their properties combined must sign a request for a combined drain; and in such cases the cost of maintenance due to stoppages in drains shall be apportioned by the Local Authority.

39.—Obstruction of Pipes, Sewers, Drains, or Fittings.

(1) Any person who without the written consent of the Local Authority erects or maintains any building or structure, or causes any building or structure to be erected or maintained or places or keeps any material or thing, or causes any material or thing to be placed or kept over any pipe, sewer, drain, or fitting which is the property of the Local Authority and thereby—

(a) trespasses on or injures such pipe, sewer, drain, or fitting; or

(b) prevents or in any way impedes or obstructs the inspection, maintenance, cleansing, repair, management, or use of such pipe, sewer, drain, or fitting,

shall be guilty of an offence and punishable on summary conviction by a penalty not exceeding Twenty pounds, and in the case of a continuing breach of this by-law, the offender shall be liable to a further penalty not exceeding Five pounds for each day the offence continues after notice thereof has been given by or on behalf of the Local Authority to the offender.

(2) The Local Authority may cause any building, structure, material or thing erected, placed, maintained, or kept over any such pipe, sewer, drain, or fitting in contravention of this by-law to be altered, pulled down, removed, or otherwise dealt with, as it shall think fit.

(3) Any person committing any breach of this by-law shall in addition to any penalty imposed on him pay any expense incurred by the Local Authority in consequence of such breach.

(4) This by-law shall extend and apply to buildings, structures, materials, or things maintained or kept as aforesaid, whether they were erected or placed over the pipe, sewer, drain, or fitting before or after the passing of this by-law.

40.—Sewerage Services and Fees—Non-rateable Properties.

Applications for sewerage services to non-rateable properties shall be made in the prescribed form, and the Local Authority may provide a service on payment of an annual fee, as may be determined by it from year to year.

The minimum annual fee shall take the place of a sewerage rate, and the general provisions of these by-laws shall apply to such services.

41.—Penalties.

Any person committing a breach of any of the foregoing by-laws to which no specific penalty is attached, or who shall refuse or neglect to obey any injunction in any such by-law, or to comply with any requirements therein contained, shall upon conviction be liable to a penalty not exceeding Twenty pounds, and, in case of continuing offence, a further penalty not exceeding Five pounds for each day after notice of such offence shall have been given by or on behalf of the Local Authority to such offender, and the offender may be ordered to pay (in addition to any penalty imposed) the expense incurred by the Local Authority in consequence of the breach of the by-law.

Corres. No. 1587/38.

HIS Excellency the Lieutenant-Governor in Executive Council has been pleased to approve of the dedication, under the provisions of section 7 of the Workers' Homes Act, 1911, of Cockburn Sound Location 872 (late Lot 778 of Swan Location 70) to the purposes of the said Act.

G. L. NEEDHAM,
Under Secretary for Lands.

THE CEMETERIES ACT, 1897.

Balbarrup Public Cemetery By-laws.

Department of Lands and Surveys,
Perth, 9th November, 1938.

Corres. No. 7922/05.

HIS Excellency the Lieutenant-Governor in Executive Council has been pleased to approve, under the provisions of the above Act, of the following By-laws for the Control and Management of the Balbarrup Public Cemetery (Reserves 864 and 10572).

G. L. NEEDHAM,
Under Secretary for Lands.

PUBLIC CEMETERY, BALBARRUP, BY-LAWS.

By virtue of all powers in that behalf vested in the Board of the Public Cemetery, Balbarrup, the said Board make the following By-laws:—

1. All fees and charges payable to the Board as set forth in the Schedule A shall be paid at the times and manner therein stated.

2. Any person desiring to inter any dead body in the cemetery shall make application to the Board. Upon such application being approved by the Board, and upon payment of the prescribed fees, they shall cause to be issued to the person so applying an Order for Burial.

3. All applications for interment shall be made at least five working hours prior to the time fixed for burial. An extra charge shall be made for application within such time. No free interment shall be allowed unless the application, together with Justice's order therefor, be handed in in such time as to allow of at least five working hours as above.

4. The Board shall cause all graves to be dug, and vaults, brick graves, or graves to be reopened as and when required.

5. Before any interment is allowed the Order for Burial shall be handed to and retained by the secretary.

6. Every coffin shall have upon the lid an approved metal plate bearing the name of the deceased stamped or otherwise indelibly inscribed in legible characters thereon. No coffin not complying with this by-law shall be admitted to or interred in the cemetery.

7. Every grave shall be at least six feet deep at the first interment, and no interment shall be allowed in any grave with a less depth than three feet from the top of the coffin to the original surface of the surrounding ground.

8. In the case of an application for interment in any private grave or vault to which the deceased had no claim during life, the written and verified consent of the grantee shall be handed in with the application.

9. No burial shall be allowed to take place in the cemetery unless a certificate from a District Registrar of Deaths that the death has been registered or a Coroner's Order for Burial is handed to the Board.

10. The hours for burial shall be as follows:—1st September to 30th April—Week days, from 8 a.m. to 6 p.m.; Sundays, from 2 p.m. to 6 p.m.; 1st May to 31st August—Week days, from 8 a.m. to 5 p.m.; Sundays, from 2 p.m. to 5 p.m., and no burial shall be allowed to take place nor any coffin allowed to enter the cemetery at any other hour, except by written permission of the Board.

11. The time fixed for any burial shall be the time at which the funeral is to arrive at the cemetery gates, and such time shall be rigidly and punctually observed.

12. No hearse, mourning coach, or other vehicle shall enter the cemetery or proceed, except at and by such

roads as directed by the officer of the Board from time to time. Any driver or other person failing or neglecting to observe such directions commits an offence against these by-laws.

13. Children under the age of ten years entering the cemetery must be in charge of some responsible person.

14. It shall be unlawful for any person to smoke within the cemetery or to discharge any fireworks therein.

15. No dogs shall be allowed within the cemetery and any person taking a dog into the cemetery commits an offence against these by-laws.

16. Any person violating the rules of propriety and decorum, or committing any nuisance or trespass, or injuring any tree, shrub, flower, border, or any erection, commits an offence against these by-laws.

17. No person shall promote or advertise or carry on within the cemetery any trade, business, or calling, either by solicitation, distribution of circular, by cards or otherwise, or by any other system of advertisement whatsoever.

18. No person employed by or under the Board shall accept any gratuity whatever, nor shall he be pecuniarily interested in any work in the cemetery other than the remuneration he receives from the Board, and any such person proved guilty of accepting such gratuity or being pecuniarily interested in any such work shall be liable to summary dismissal.

19. Any person requiring an Exclusive Right of Burial in any part of the cemetery shall apply to the Board in writing, specifying the location of the grave, and whether it is proposed to erect a brick grave or vault, and in such case submitting plans and specifications of the proposed work. Such application shall also state the names of any already deceased persons whose remains it is proposed to inter therein.

20. Subject to the by-laws the secretary shall exercise a general supervision and control over all matters pertaining to the cemetery, including the conduct of all funerals and interments within the cemetery.

21. Upon being satisfied of the matters aforesaid, and of the suitability of the said work, plans, and specifications, the Board may authorise the construction and erection thereof; or, if no work is to be done, may issue a Grant in the prescribed form in the Schedule.

22. Upon the completion of the work aforesaid, the Board may, if and when such work is done to their complete satisfaction, issue a Grant in the prescribed form in the Schedule.

23. Every Grant shall be subject to the by-laws for the time being, and no interment in any grave or vault shall be allowed, unless upon production of the Order for Right of Burial aforesaid, nor shall any such grave or vault be opened, unless with the written consent of the Board.

24. Every coffin placed within any such bricked grave or vault shall be bricked in or cemented and covered with a slab of stone, slate, or iron, unless special written exemption be obtained from the Board.

25. If application be made for an Order for Right of Burial in any grave or vault of the remains of any person other than to whom the Grant was issued, or his registered assign, the written and verified consent of such grantee or assignee shall be produced.

26. Should the grantee be unable to produce the Grant of Right of Burial on making application for a grave to be reopened for the purpose of interment through having lost same, the said grantee shall make a sworn declaration to this effect, and shall pay the fee for a copy of such Grant of Right of Burial, as prescribed in Schedule A, before an Order for Burial shall be issued by the Board.

27. Any person desiring to place or erect any monument, tombstone, or enclosure in any part of the cemetery must first obtain the written consent and approval of the Board, and otherwise comply with Section 23 of the Cemeteries Act, 1897.

28. Every tombstone, monument, or enclosure shall be placed on proper and substantial foundations, which, if required by the Board, shall extend to the bottom of the grave.

29. The materials used in every such erection shall be subject to the approval of the Board, and any material rejected shall be immediately removed from the cemetery by the contractor for the erection.

30. All refuse and other rubbish remaining after any work is completed shall be immediately removed from the cemetery by the person causing same.

31. Monumental masons and other tradesmen shall, before commencing any work within the Cemetery, deposit with the secretary to the Board the sum of ten shillings, which shall be forfeited if either of the two last preceding by-laws is not complied with to the satisfaction of the Board.

32. All materials required in the erection and completion of any work shall as far as possible be prepared before being taken to the cemetery, and all materials required by the tradesmen shall be admitted by such entrance as the Board shall direct, and no vehicle conveying any such material with wheels less than four inches broad shall be permitted to enter the cemetery.

33. No catacomb shall be allowed.

34. Subject to the approval of the Board each applicant for an Order for Right of Burial shall within three months from the date of the application enclose the grave mentioned in such application with a kerbing of tiles, slate, or stone, and shall cause to be placed thereon a number plate bearing the number of the grave or vault. Every grave, vault, monument, tombstone, kerbing, or any other erection shall be maintained and kept in thorough repair and proper condition by and at the expense of the grantee. Should the grantee's residence not be known or be out of the State, the Board shall have power to do the work and keep an account against the grantee. No mounds shall be allowed.

35. No wooden fence, railing, cross, or other wooden erection shall be allowed on or around any grave or vault.

36. No trees or shrubs shall be planted on any grave, except such as shall be approved by the Board.

37. All workmen, whether employed by the Board or by any other person, shall at all times whilst within the boundaries of the cemetery be subject to the supervision of the Board, and shall obey such directions as they shall find it necessary to give; and any workmen permitting any breach of these regulations and by-laws, or refusing or neglecting to comply with any directions of the Board, commits an offence against these by-laws.

38. Any person taking part in dressing or attending to any grave shall comply with the following rules:—

(a) No rubbish, soil, sand, or other material removed in dressing a grave shall be placed on any other grave, and, if placed on any adjoining ground, shall be removed immediately the work is completed.

(b) No sand, soil, or loam shall be taken from any portion of the cemetery for the purpose of dressing any grave, except with the permission of the Board.

(c) The dressing of all graves and the wheeling and carting of all material shall be subject to the supervision of the Board.

(d) Work in all cases shall be carried on with due despatch and only during regulation hours.

39. Prior to the conducting of any interment within the cemetery, or making use of the cemetery for any purpose connected with interments, every undertaker shall pay to the Board an annual fee of 10s. 6d., and shall at the time of making such payment give his assent in writing to such conditions as the Board may deem fit to impose. Upon such assent being given and payment of the fee made, he shall receive a permit, to hold good during good behaviour and until the first day of July following, and unless in the possession of such a permit no undertaker shall be allowed to engage in or carry out any duty or work within the cemetery.

40. The Board may decorate graves from time to time, when desired by the grantees to do so. If the grantees do not desire the Board to carry out this work, the grantees may either do it themselves or employ any person licensed by the Board for that purpose.

41. No person, except the relatives of the deceased, the Board, or those licensed by the Board, shall be permitted to decorate any grave.

42. Any person committing any breach of these by-laws and regulations, or of any other rules, regulations, or by-laws lawfully made under authority of any Act relating to cemeteries, shall for every such offence be liable to a penalty not exceeding £5, and, in case of a continuing breach, a further sum not exceeding £1 for every day during which such breach continues, and shall forthwith be removeable from the cemetery by the Board, the secretary, or other officer of the Board, and

shall be treated as a trespasser, and may be proceeded against accordingly.

43. A plan of the cemetery, showing the distribution of the land, compartments, sections, situations, and number of grave and a register of all Certificates of Right of Burial shall be kept at the office.

Additional By-laws.

44. Notwithstanding anything contained in the existing by-laws to the contrary, permission may be granted to the Defence Department of the Commonwealth to erect headstones on the graves of deceased soldiers without payment of any fee.

45. Free ground may be granted, if it is proved to the satisfaction of the Board—

- (a) that the deceased was a returned soldier and that he died as a result of injuries or disease received in the late war;
- (b) and that the relatives of the deceased are in necessitous circumstances: provided that such Grant shall be made subject to the condition that only the remains of deceased soldiers shall be interred in the grave.

46. The Board may maintain the graves of deceased soldiers free of cost for a term of seven years.

The foregoing by-laws, with the accompanying Schedules, were duly framed and presented to a meeting of the Balbarrup Cemetery Board held in the Board Room on the 10th day of October 1938.

(Sgd.) J. SMITH,
Secretary.

LAND OPEN FOR SELECTION.

IT is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1937, and the Regulations appertaining thereto, subject to the provisions of the said Act.

Applications must be lodged at the Land Agency Office as specified hereunder not later than the date specified, but may be lodged before such date if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of Clause 18 of the Regulations.

(c) "Minister" shall mean the Minister for Water Supply, Sewerage, and Drainage, acting in pursuance of the Water Boards Act, 1904-1937, and the Water Supply, Sewerage, and Drainage Act, 1912.

(d) "Inspector" and "Local Officer" respectively shall mean a person appointed by the Minister for the purposes of these by-laws, or to administer the said by-laws.

(e) "Domestic supply": A supply of water for domestic purposes shall not include a supply for cattle or for horses, or for any steam engine, or for washing carriages, or motor vehicles where such horses or carriages or motor vehicles are kept for hire or are the property of any dealer, or for any hotel, inn, trade, manufacturer, or business whatever, or for watering gardens, or for fountains, or for any ornamental purposes.

(f) "Private service": For the purpose of these by-laws "Private service" includes all the pipes and fittings, and all connections and apparatus, of whatsoever nature or kind, and whether used temporarily or otherwise, on any part of the premises of the owner or occupier of any premises supplied with water, whether by meter or otherwise, and includes any pipes or fittings, the property of the consumer, which are used for conveying water from the mains of the Minister, whether situated on the premises of the consumer or otherwise.

Division 2.

Preventing Pollution of the Water and Protecting the Works.

2. No person shall bathe or wash clothes or other articles in any reservoir or other waterworks within the water area, or wash, throw, or cause to enter therein any dog or other animal; or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing or otherwise cause any pollution of water within the Water Area.

No Trespassing.

3. No person shall, without proper authority, enter any machinery house, valve house, or other portion of the works not open to the public, or enter any enclosure within the water area containing a tank, reservoir, meter, house, store, office, or other waterworks.

No Advertising.

4. No person shall post any bills, advertisements, or other notices on any portion of any waterworks or grounds in the vicinity thereof.

Division 3.

Licensing of Plumbers.

Plumbing work shall be done by Licensed Plumbers.

5. No person shall do or cause to be done any work within the water area in connection with the water supply of any premises, or in connection with any fitting or apparatus connected therewith, unless he shall have first been duly admitted by the Minister as a "Licensed Water Plumber."

Description and Scope of Licenses.

6. The conditions upon which licenses will be issued by the Minister are:—(a) The Minister will grant Water Supply Plumbers' Licenses, operative only in the area to which these by-laws apply, to water supply plumbers, upon the applicants satisfying the Minister that they are competent water supply plumbers, and that they are fit and proper persons to hold such licenses, and the applicants may be required to submit to an examination in the theory and practice of plumbing work.

Annual Fee for License.

7. A fee of ten shillings shall be payable for every license, except when a license is granted after the tenth day of July in any year, in which case the fee shall be five shillings.

Renewal of License.

8. Licenses issued by the Minister under the by-laws and regulations shall be current only from the 1st January to the 31st December of the year of issue, and water supply plumbers shall apply for a renewal, and pay the necessary fee before the expiry of the year for which their existing license is current.

List of Licensed Plumbers shall be Published.

9. A list of licensed water supply plumbers shall, from time to time, be published at the Office of the Minister.

Breaches of By-laws by Plumbers.

10. Any licensed water supply plumber offending against any by-law or regulation, or who shall refuse to give any needful or proper information required by an officer of the Minister, either by himself or those employed by him, or who fails to complete any contract with the Minister, or with a private owner, within the time specified, shall be liable to a fine not exceeding Twenty pounds, and he shall also show cause why his license shall not be suspended or cancelled. Any person who has been removed from the list shall not be readmitted as a licensed water supply plumber until he shall have served the suspension order, or paid such fine, not exceeding Twenty pounds, as the Minister may determine.

Delay in Work.

11. Plumbers shall execute any work they undertake with reasonable despatch, and any inconvenience to the public caused by licensed water supply plumbers by unnecessary delay in carrying out work will be rigorously dealt with by the Minister.

Accidents to Pipes shall be Reported.

12. Accidents caused by licensed water supply plumbers to water, gas, or other pipes shall be at once reported and immediate steps taken to have repairs effected, and the cost of same shall be defrayed by such plumber.

Deposit and Declaration.

13. Prior to issue of the license, the person to whom the same is to be issued shall deposit with the Minister a sum of Five pounds, which shall be retained during the currency of the license as a security for the proper performance of all work done by him, and shall sign a declaration that he accepts such license, subject to and in conformity with the conditions thereof and with the regulations of the Minister, and that he will conform thereto and comply therewith.

Deductions from Deposit.

14. The Minister may deduct from such deposit any fine inflicted, or the expense of making good any bad work of the licensed water supply plumber or his workmen, and, as often as any amount is so deducted, the licensed water supply plumber shall make good the deposit to the sum of Five pounds, and, in default, his license will be cancelled.

Change of Address to be Notified.

15. Every licensed water supply plumber shall, within forty-eight hours of any change in his address, give notice in writing thereof to the Minister.

*Division 4.**Water Supply Plumbing.*

16. In connection with the laying down, maintenance, alteration, or repair of every private service, the following regulations shall be observed by the owner or occupier of the premises whereon such service is:—

- (a) all pipes and fittings shall be of lead or galvanised wrought or malleable iron, of a standard approved of by the Minister for use in country water supplies under his control;
- (b) no service pipe shall communicate directly with any cistern, tank, or vessel intended or used for the reception of rainwater, or made or used below the surface of the ground;
- (c) no part of any service shall communicate directly with the water in any steam boiler or other apparatus used for the generation of steam, but the feed water shall be supplied in such a manner that none of the water in the boiler or such other apparatus can return into the main or service pipe;
- (d) Every water closet fitting shall be approved of by the Minister, and shall be supplied from the service pertaining to the tenement through a proper cistern or service box fitted with approved waste-preventing apparatus; no service pipe shall communicate directly with a basin or trap, or otherwise than with the cistern of a water closet.
- (e) In every bath the outlet shall be distinct from and unconnected with the inlet or inlets, and the inlet or inlets shall be placed at least one inch above the highest water-level of the bath; the outlet of every bath shall be provided with a perfectly water-tight plug.
- (f) Every urinal shall be supplied only through a cistern or service box, fitted with approved waste-preventing apparatus; no service pipe shall communicate directly with any urinal.

Maintenance of Private Services.

17. (a) The owner or occupier for the time being of any premises supplied with water shall, at his own risk and expense, and, subject to the provisions of these by-laws, arrange with a licensed plumber to lay down his private service, and keep it in good order and repair, and so that the same shall at all times be in accordance with the by-laws for the time being.

(b) The service pipe, being the property of the owner or occupier of the land supplied by such service pipes, the occupier (if any) and, if none, the owner shall, upon receiving notice that his service pipe requires repairing, immediately arrange with a licensed plumber to repair the same, subject to the provisions of these by-laws, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service pipe being leaky, or otherwise out of repair or broken, and, in default, be liable to a penalty not exceeding Ten pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after receipt of such notice, and the Minister may stop the water from flowing into such premises, either by cutting off the service pipe, or otherwise, as the Minister may see fit, until the necessary repairs shall have been effected.

(c) Without prejudice to the right of the Minister to proceed for any penalty for the breach or non-observance of any of the provisions of these by-laws, the Minister may cut off the supply of water to any premises whereon the private service or any part thereof is not at all times laid, fixed, used, or maintained in all respects in accordance with the provisions of the said by-law, and may keep the same cut off until such provisions have been fully observed.

Interference within Three Feet of Meter.

18. Licensed plumbers or other persons shall not, under any circumstances, disconnect the joints from the meter, or, after a meter has once been fixed on a service and water has been turned on, disconnect or interfere with any piping within three feet of such meter. Such work shall be done only by the servants of the Minister.

19. The mains shall be tapped only by the workmen of the Minister.

20. No licensed plumber or operative plumber shall interfere with any pipe or fitting belonging to the waterworks without the permission, in writing, of a local officer first obtained.

Inspection of Works.

21. Work shall not be undertaken in connection with water supply, or in the extension or alteration thereof, until such time as the necessary printed permit is obtained. Two days' notice shall in all cases be given by the licensed plumber before work is intended to be commenced, unless the officer of the Minister duly appointed to issue permits expressly accepts shorter notice. In no case shall any water pipe or apparatus in connection with water supply be used until the said work shall have been inspected, and, if necessary, tested by the said officer and certified by him on the prescribed form. No underground or enclosed work shall be covered up or concealed from view until the same shall have been duly inspected and passed by the inspector, and for this purpose the person to whom the permit has been issued shall immediately report any work which is ready for inspection or test, and every facility shall be afforded to such officer for making such inspection or tests.

*Division 5.**General Purposes.**Application for Services.*

22. Application for services shall be made on the printed form procurable at the Head or Branch office, and shall be lodged not less than two weeks before the service is required.

23. Application will not be entertained unless full information, as indicated on the printed form, is supplied, and the full amount of rates due on the premises to which a service is required is paid.

Supply to non-rated Premises.

24. Any person or persons requiring a water service to any non-rated property may be supplied, on payment of a minimum charge, which shall be fixed by the Minister in each case. The minimum charge shall then take the place of a water rate, and the general provisions of these by-laws, as applying to ratepaying consumers, shall apply to minimum-charge-paying consumers.

Supply of Water not Compulsory.

25. It shall be at the discretion of the Minister to supply water to any individual consumer or to any land, whether rated or not.

Separate Services Required.

26. Except with the written permission of the Minister, not more than one house or tenement shall be supplied from a single water service. The Minister may, in special cases, consent to two or more tenements being supplied from one water service, but in such cases the subservices shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses and controlled by a stopcock on such subservice.

Sizes of Service Pipes.

27. The size of the service pipe shall in each case be fixed at the discretion of the Minister.

Notice of intention to Build.

28. The owner or occupier of any land supplied with water within a water area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, before the commencement of same, give notice in writing thereof to the Minister.

Locking of Taps, etc.

29. The occupier of any premises to which the water has been laid on or, in the event of there being no occupier, the owner, shall cause proper means to be taken, by locks or otherwise, subject to the approval of the Minister, to prevent the use of the water from the main by persons not connected with the said premises.

30. No service pipe shall communicate directly with any cistern, tank, or vessel intended or used for the reception of water other than water obtained from the Minister's mains.

Misuse of Water.

31. Any person entitled to a supply of water for domestic purposes only, or entitled only to a supply of water for any other specified purposes, shall not use such water for any other purposes, except that specified.

Illegal taking or selling of Water.

32. Any person, whether entitled to receive water from the Minister or not, shall not, without the written permission of the Minister, take, carry away, or allow to be taken or carried away, such water from his premises, or sell the same to any other person.

Turning off when Repairing or Tapping.

33. The Minister may, from time to time, when necessary for the purpose of tapping and repairing the main or otherwise, cut off the supply of water from any part or parts of a water area.

Waste of Water.

34. Any person supplied with water by the Minister, whether by meter or otherwise, shall not allow the same to run to waste.

Fixing of Meters.

35. Any officer appointed by the Minister for the purpose may fix a meter on any service, and shall determine the size and class of meter in each case. Meters will be supplied by the Minister and may be opened or encased, at the discretion of the Minister.

Repairs and Maintenance of Meters.

36. Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damages to such meter whilst on his land and in his charge. Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall on demand be paid by the owner or occupier of the land, and if not paid on demand shall be recoverable in the same manner as water rates.

Notice of Damage or Non-registration of Meter shall be Given.

37. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged or not registering, immediately give notice of the fact to the Local Water Supply Office.

Interference with Meters.

38. No person shall break or in any way interfere with the seal fixed on the meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or any pipes or fittings attached thereto.

Period for Reading.

39. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

Averaging of Consumptions.

40. During the time any meter is undergoing repairs, or should it cease to properly register the consumption of water, the Minister, or any officer appointed by the Minister, may at his option estimate the quantity of water consumed by taking an average of the quantity used during such previous period as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

Testing of Meters.

41. If any consumer shall at any time be dissatisfied with any particular reading of a meter, and be desirous of having the meter tested, he shall give written notice thereof to the Minister or his officer, within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water, and if upon such testing of water it shall appear to the satisfaction of the Minister or his officer that the meter registered more than five per cent. in excess of the quantity that shall actually pass through it at such testing, then the Minister shall bear the expense of and incidental to such testing, and shall also adjust the charge to the said consumer; but if the meter upon such testing shall not register more than five per cent. in excess of the quantity that shall actually pass through it, then the consumer shall pay to the Minister all the expenses of and incidental to such testing; pro-

viding that the expense of every test shall be fixed by the Minister, subject to a minimum charge of ten shillings for each test: provided, also, that the consumer shall not be at liberty to avail himself of the right to test the registration of the meter for any period other than the period of registration next preceding the date of reading in respect of which he shall have given notice as aforesaid.

Authority to Enter Premises.

42. Any officer acting under the Minister's authority may at all reasonable times enter any house or premises connected or intended to be connected with the water mains, in order to examine whether the water pipes and fittings in such house or premises are in proper order. Any person refusing such admission or in any way hindering such officer in the execution of his duty shall be liable to a penalty as hereinafter prescribed.

Gratuities Prohibited.

43. No officer, workman, or agent of the Minister shall solicit or receive any fee or gratuity whatever.

Division 6.

Rates and Charges.

Rating.

44. Within the Big Bell Water Area the water rate shall be at a rate not exceeding Three shillings in the pound per annum upon the net annual value of all rateable land: provided that a minimum rate of not exceeding One pound per annum shall be payable on each separately assessed piece of land.

Rates—How Payable.

45. Water rates shall become due and payable yearly, in advance, on each first day of January: Provided that in all cases where a water rate is made after the first day of January in any year, the notice of the order for the making and levying of such rate, published in the *Government Gazette* and a newspaper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rate shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

Allowance for Rate.

46. Every ratepayer will be entitled to consume on each separately assessed property for which he is rated that quantity of water which, if calculated at the price specified in the schedule hereto as being that at which water is supplied in return for the rate would amount to the equivalent of the water rate paid on such property: provided that such water be taken during the period for which the rate is struck.

Payment for Excess Water.

47. Every ratepaying consumer taking water in excess of the quantity to which he is entitled in respect of the rate shall pay for the excess in accordance with prices set forth in the Schedule 1 hereto.

Fees—State or Commonwealth Government Departments.

48. For each water service for purposes of any State or Commonwealth Department there shall be payable, as a minimum annual fee in lieu of water rate, the sum of not less than One pound (£1), when the service is metered, and not less than One pound ten shillings (£1 10s.) when the service is non-metered. It shall be at the discretion of the Minister as to whether or not a meter shall be fixed in each case.

Fees for Additional Services.

49. In any case where the owner or occupier of any separately rated piece of land requires more than one service to be installed for supplying water to such land, such additional service or services shall, at the discretion of the Minister, be installed, on such occupier or owner paying in advance the cost of installation and a fee of not less than One pound per annum, in addition to meter rent, for each additional service. In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

Meter Rents.

50. Meters will be supplied by the Minister, and may, in the discretion of the Minister, be open or encased, and every person supplied with water by measure to other than rateable premises or private residences shall pay meter rent in advance, according to the following scale:—

Size of Meter.	Annual Rent.			
	Inferential.		Positive.	
	Open.	Encased.	Open.	Encased.
1-inch	s. 10	s. 20	s. 10	s. 20

2 3/4 " " " " " "	25	50	60	120
3 " " " " " "	30	60	100	200
4 " " " " " "	40	80	130	260

Reconnection Fee.

51. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when in the opinion of the Minister or local officer necessary to prevent waste of water or for other reasons, a minimum fee of five shillings shall be charged for disconnection and reconnection; provided that, where the cost exceeds the minimum fee, the actual cost of the disconnection and reconnection, as determined by the Minister, shall be charged, and shall be payable by the owner or occupier for the time being, on demand. The service shall not be restored until such fee has been paid.

Private Fire Service.

52. Private fire services will be allowed, but every such service shall be sealed, except in cases where the Minister may decide that sealing is unnecessary. For each such service there shall be paid the actual cost of installation, and a fee equivalent to five per centum on cost per annum shall be paid in advance as rental, subject to a minimum fee for each service of Ten shillings per annum. No water shall be taken from any sealed portion, except for extinction of fire. In the event of the seal having been broken in case of fire or by accident, or otherwise, the occupier shall give notice, and pay the cost of resealing.

When Accounts Due and Payable.

53. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for same shall become due and payable within 14 days after due service of the account, unless otherwise agreed upon.

The Schedule.

Schedule of Prices of Water.

Purpose for which Water is supplied or Class of Water Service	Price of Water per 1,000 galls. s. d.

The above charges are subject to alteration by the Minister from year to year.
Mines, railways, and larger Government Services will be supplied under special agreement in each case.

Division 7.

Penalties—Penalty for Breaches.

54. Any person committing a breach of any of the foregoing by-laws, to which no specific penalty is attached, or who shall refuse or neglect to obey any injunction in any such by-laws, or to comply with any requirements therein contained, shall upon conviction be liable to a penalty not exceeding £20, and, in case of continuing offence, a further penalty not exceeding £5 for each day after notice of such offence shall have been given by the Minister to such offender.

COAL MINES REGULATION ACT, 1902-1926.

Department of Mines,

2955/36. Perth, 4th November, 1938.

THE Honourable the Minister for Mines has been pleased to appoint John Earl as a Member of the Accident Committee of the Collie Coal Mines Accident Relief Fund Trust, as from the 22nd day of October, 1938.

(Sgd.) A. H. TELFER,
Under Secretary for Mines.

WESTERN AUSTRALIAN GOVERNMENT RAILWAYS.

C.A./G. 9117 (9); R. 75/38.

IT is notified for general information that the following alterations and additions have been made in the Coaching Rates Book dated December 1, 1925, and in the Goods Rates Book dated March 1, 1935:—

Coaching Rates Book.

Page 16: from 15-10-38:—Reserved Seats.—Insert:—When application is made for a seat to be reserved for a child under five years (local journey) a seat ticket shall be issued at the prescribed fee 1s.

Page 61: from 22-10-38:—Sleeping car fares and regulations.—Add:—Two-berth Sleeping Compartment (1st Class)—Charge for sole use, Government Lines only.—A two-berth 1st class sleeping compartment may be reserved for the sole use of one passenger by payment of the ruling adult fare and the sleeping berth fee, plus a surcharge of one-half of the ordinary single fare and sleeping berth fee.

e.g.—Reservation Perth to Kalgoorlie:—

	£	s.	d.
One-half ordinary single fare	1	10	9
One-half sleeping berth fee	0	7	6

Surcharge 1 18 3

The foregoing method of computing the surcharge will apply from intermediate stations, i.e., if the reservation is required Northam-Kalgoorlie the surcharge must be computed as from Perth to Kalgoorlie. The Commissioner reserves the right to refuse applications for sole use of a sleeping cabin at holiday times and other busy periods.

Pages 91-92: from 1-10-38:—Lost Property. Delete:—Scale of charges, etc., and substitute:—No charges for inquiry, freight or storage are to be imposed on articles lost on Railway premises by passengers. Articles unclaimed at the expiration of six months will be sold. Applies also to Midland Railway.

Page 113: from 29-10-38:—Racehorses for Race Meetings. Insert:—Freight charges on Racehorses for Race Meetings in the Metropolitan-Suburban Area are in future to be levied on the basis of the three-horse box rate, irrespective of the number, or whether consigned by one or more owners. This rate will apply whether loaded in a horsebox or small cattle wagon.

For example:—

	s.	d.
1 horse, Rivervale to Belmont, 9 miles	8	4
2 horses, South Beach to Helena Vale, 26 miles	26	0

Where the exclusive use of a box or cattle wagon is required, the minimum charge will be 16s. 8d.

Free return will apply under the usual conditions.

Page 163: from 15-10-38:—Insert:—Reserved Seats.—When application is made for a seat to be reserved for a child under 4 years, a seat ticket shall be issued and the prescribed fee paid.

Pages 181-3: from 29-10-38:—Intersystem Through Rates for Parcels, Excess Luggage, Etc.—The following alterations are to be made to the Brisbane-Kalgoorlie and Brisbane-Perth and Fremantle Schedule:—

The following is a copy of the Memorial intended to be filed in the Supreme Court under the provisions of the said Act:—

1. Name of Institution—The Retail Traders' Association.

2. Object or purpose of the Institution—(a) To promote unanimity of purpose and co-operation amongst retail traders. (b) To promote and maintain an execu-

tive representation of all sections of retail trade so that all activities of the Association shall be controlled to the mutual advantage of the members. (c) To provide a central organisation for the Association and generally to do all such things considered necessary to advance the interests of the Association, including the taking, conducting and defending of legal proceedings in any Court or Courts on behalf of any member or members of the Association, and to indemnify the members of the Association in respect of any such action or defence. (d) To promote fair competition in retail trade. (e) To collect and disseminate information concerning and to encourage sound principles of trading. (f) To originate, consider and support amendment of and improvement in laws controlling commerce and traders and to support or oppose proposed legislation, by-laws or regulations or other matters affecting commerce and retail trade or the interests of the members of the Association. (g) To employ managers, clerks and others and to pay for their services. (h) To borrow money and for that purpose to enter into, execute and cause to be registered mortgages, bills of sale, or other charges or securities upon the whole or any part of the assets of the Association for repayment of such moneys, with interest thereon. (i) To affiliate with kindred Associations. (j) To purchase, lease, or otherwise acquire any property, real or personal, and to erect any buildings, borrow and raise money upon mortgage or charge of such property, sell, lease, exchange or otherwise deal with the same or any part thereof on such terms as the Association may think fit, issue debentures and invest and deal with the funds of the Association in furthering the objects of the Association. (k) Generally to do all such things as may be necessary for the benefit of members and in the interests of the Association.

3. Where situated or established—Atlas Buildings, Bazaar terrace, Perth.

4. The name or names of the trustee or trustees—J. W. Vivian, Robert Stowe.

5. In whom the management of the Institution is vested, and by what means (whether by deed, settlement, or otherwise)—By members in meeting, subject to Rules.
